A screenshot of the 'Class Search' form. It has four rows for 'Class #1' through 'Class #4'. Each row has a 'Class Title' dropdown menu and a search input field. The first row has 'P2 Life Science' entered in the input field. To the right of the input fields, there is a search button with two options: 'Exact Match' and 'Keyword Search'. Red arrows point to the 'Exact Match' button and the search input field of the first row. Below the form is a green bar with the text 'Quiz Search'.

3. Check the box next to my class, then click "Register."

A screenshot of the search results page. The search criteria is 'P2 Life Science'. There is a table with columns: 'Class Title', 'Instructor Name', 'Class Time', and 'Class Type'. The first row has a checked checkbox, 'P2 Life Science', 'Valerie Armstrong', '8:45', and 'Private'. The instructor name 'Valerie Armstrong' is circled in red. Below the table, there is a 'Register (to top)' link and a 'Register' button. A red arrow points to the 'Register' button. At the bottom, there is a 'New Search' button and the text 'Select the class, then click Register'.

4. If you have done everything correctly, you should see this screen:

A screenshot of the success message screen. At the top, there are three steps: 'Type in a class or a quiz to look for', 'Select the class you want to register for', and 'Find out what you have been registered for, then go to Classes'. Below this, there is a yellow box with the text 'You have successfully registered or pre-enrolled to:'. Underneath, there is a list item: 'P2 Life Science Instructor: Valerie Armstrong time: 8:45 success'.

Now just wait, and I will accept your enrollment in the class.
