

October 2015

To: All Santa Ana High Schools

The Floral Park Neighborhood Association is pleased to invite your graduating high school students to apply for our annual Scholarship Award program. The purpose of this award is to recognize outstanding seniors who will be furthering their education at a college or university. Leadership and service in their community, schools and churches will be considered. Each year we award four (4) scholarships for \$1,000 each to be used by the student to further their education. Attached is the application. You can also access the application on our website at www.floral-park.com. **The applications must be postmarked no later than February 12, 2016.**

The Floral Park Neighborhood Association is a volunteer neighborhood association comprising over 600 homes located in the Floral Park neighborhood of Santa Ana, California. Since its inception, the Floral Park Neighborhood Association has remained steadfast in its charter to support local organizations. In fact, the Association's bylaws mandate that a minimum 15 percent of the net revenues generated by the annual Home & Garden Tour be directly allocated to Santa Ana charitable organizations. In addition to supporting educational and charitable organizations, the Floral Park Neighborhood Association routinely earmarks funds for a variety of neighborhood beautification projects and social events.

Young people are our finest national resource. To help develop our youth is one of our greatest challenges. These future leaders deserve encouragement and the Floral Park Neighborhood Association welcomes this challenge.

We encourage you to present this application to students that you feel meet the above criteria. If you have any questions, please feel free to contact us at giving@floralpark.com.

All applications will be read and screened by a panel of judges. The students selected to receive the scholarships will be the guests of honor, along with their families and counselor, at a neighborhood meeting early in June 2016. Please have the students submit their applications by mail no later than **February 12, 2016**.
