## SAUSD Grade Level Curriculum Map

These curriculum maps are designed to address CCSS Literacy outcomes. The overarching focus for all curriculum maps is building student's content knowledge and literacy skills as they develop knowledge about the world.

1. Each unit provides several weeks of instruction. Each unit also includes formative and summative assessments.
2. Taken as a whole, this curriculum map is designed to give teachers recommendations and some concrete strategies to address the shifts required by CCSS.
3. **Note that the curriculum map addresses all components of ELA except for the “green section” of OCR/Language Arts.** Teachers should continue teaching the “the Green Section” as it is sequenced in Open Court Reading. Research (NRP) has shown that systematic phonics instruction produces significant benefits for students in kindergarten through 6th grade and Open Court Reading green section offers a systematic scope and sequence of phonics instruction.
4. **The selected texts in this curriculum map represent only one type of the reading that students must do to become proficient readers. A quality instructional program will include:**
  - **Complex Text for Close Reading**, both informational and narrative (as addressed in this curriculum map)
  - **Decodable Texts for Students** still building phonics skills (as addressed in OCR Green Section)
  - **Reading at student's individual level to build fluency, vocabulary, and comprehension** (as addressed through workshop strategies, intervention or Accelerated Reader, etc.)

## Components

- a. **CCSS Shifts:** reviews SAUSD's approach to the Common Core Literacy Shifts which guided the curriculum map.
- b. **Year at a Glance:** provides a quick look into each unit of study. It includes the big idea, and essential questions, core complex texts chosen through close analysis and the performance task. (see further explanation of the criteria below). The amount of time spent for each unit is also included.

# SAUSD Common Core Aligned Curriculum Map: ELA Grade 1

---

b. **Narrative Overview:** describes the purpose for the unit, the connections with previous and subsequent units, standards addressed, and the unit anchor text(s).

c. **Curriculum Map:** *The Curriculum Map is presented by trimester. Each trimester includes:*

- **Unit Title:** These are either the title of the Open Court Unit itself, or when applicable, the SAUSD Common Core Unit of Study
- **Date range and number of weeks:** Includes the approximate dates when the unit will be taught and the estimated number of weeks classrooms will spend on the unit. The flexibility offered by a range of dates allows for teachers to use formative assessment and be responsive to the needs of students. In this vein, an estimated range of dates is conducive to supporting students in developing a deep understanding which promotes transfer of knowledge and skills to other contexts.
- **Performance Task:** The performance task is a culminating activity that allows students to apply the both content knowledge and literacy skills gained throughout the unit. It is a relevant and real-life application that involves reading, writing, and often presenting is tied the big idea and essential questions for the unit. The performance task might be collaborative or independent in nature. Teachers will make decisions about the strategies and scaffolds needed to support students in the task.
- **Big Ideas and Essential Questions:** The big idea for each unit is a statement describing the universal theme of the unit. The essential questions drive the inquiry around the big idea. The texts and tasks are aligned to the big idea and essential questions that students will explore throughout the unit.
- **Complex Texts:** We look at our Open Court selections in a new way. We will spend more time on key selections and have the option to use some other selections in flexible ways based on student needs. In the curriculum maps, text selections are identified **as anchor, standard, read-aloud, or optional** based on their centrality to the unit:
  - **Anchor Text:** These selections are central to the unit. They are complex and closely aligned to the big idea and essential questions of the unit. They provide multiple opportunities for teaching the qualitative aspects of text and the CCSS standards. Teachers will want to spend an extended period of time (up to 2 weeks) in order to teach these selections in depth. With each anchor text, students will closely read for a *variety of purposes to*

# SAUSD Common Core Aligned Curriculum Map: ELA Grade 1

---

*deeply explore the text*, engage in collaborative conversations surrounding the text, and write their own texts using the selection as a source. The anchor text presents many opportunities to address the CCSS literacy shifts as students build knowledge as they read, write, and speak about a complex text using academic language.

- **Standard Texts:** These selections, while an important part of the unit, won't require the same depth of reading as the anchor texts. Teachers will want to spend about one week of instruction on these selections, to include: reading, asking and answering text dependent questions, and participating in collaborative conversations.
  - **Read-Aloud Texts:** These selections link to the unit big idea and essential questions, but based on qualitative analysis and time constraints, it is suggested that these selection are read aloud to students so as to allow more time for anchor and standard texts. Although teachers will still ask text dependent questions and have students interact during the read aloud, this might be accomplished in one sitting and other extended activities aren't required. Read-aloud texts also provide opportunities for students to further develop listening skills while (in some cases) gaining access to texts, concepts, and vocabulary that might otherwise be at their frustration reading level.
  - **Optional Texts:** Though many of these selections have merit, they are optional in order to make more time for anchor and standard texts. Teachers may choose to skip these texts or use them in other flexible ways.
- **Content Standards:** When there are connections to History Social/Science or Science standards, those standards are indicated here. Though the unit concepts connect to these standards, additional instruction might be needed to fully address the content standards
  - **CCSS Standards:** The Common Core Standards addressed in each unit for reading, writing, speaking and listening, and language are identified. These standards should be addressed through questioning and student tasks. Standards are "bundled" and not taught in isolation so they represent authentic experiences.
    - **Note:** the distinction between standards "across units" vs. "central to this unit".Standards labeled "across units" are foundational to the CCSS shifts, and therefore are taught early and reinforced through the year.Standards central for this unit are the focus for that specific unit.
  - **Cross-Content Real World Connection:** To provide relevance to students, as identified in the shifts and SAUSD Theoretical Framework, the cross-content, real world connections to the unit are indicated. The emphasis of learning is the application of knowledge to real world experiences. This gives purpose to learning, which is motivating to students.

## CCSS ELA/Literacy Instructional Shifts

<b>Building knowledge through content-rich nonfiction</b>	<p><b><i>SAUSD's approach emphasizes effective literacy instruction through the use of compelling topics that engage students in informational and literary texts. The texts are sequenced around a topic leading to the big idea and essential questions in order to provide a clear and explicit purpose for instruction.</i></b></p> <ul style="list-style-type: none"> <li>Curriculum includes a rich variety of texts, including literature, nonfiction, media, primary sources, visuals.</li> <li>Curriculum is based in part on what resources teachers likely already have, but also includes additional authentic texts needed to craft a coherent learning progression within and among grade levels.</li> </ul>
<b>Reading, writing, and speaking grounded in evidence from text, both literary and informational</b>	<p><b><i>SAUSD's approach emphasizes working with evidence, including students self-assessing, learning to ask strong text-dependent strategic questions as they read. It emphasizes performance tasks that require students to cite textual evidence, to revise and reflect on their own writing as well as their peers' writing. It emphasizes students building expertise about a topic and often sharing that expertise with classmates or a wider audience.</i></b></p> <ul style="list-style-type: none"> <li>Throughout instruction, students are asked to return to the text through sequenced, rich, and rigorous evidence based questioning, discussions, and varied, engaging tasks.</li> <li>Students write routinely, including a balance of on-demand and process writing. Students will draw evidence from texts to produce clear and coherent writing that informs, explains, or makes an argument in various written forms.</li> <li>All end-of-unit performance tasks directly build on the reading students have been doing in the unit. Many are designed to build students' engagement by asking them to do a more real-world task.</li> <li>Performance tasks may include narratives, but emphasize informative and argumentative writing.</li> </ul>
<b>Regular practice with complex text and its academic language</b>	<p><b><i>SAUSD's approach emphasizes active reading of complex texts by all students. Students will read a progression of complex texts and focus on building academic language and syntax in context.</i></b></p> <ul style="list-style-type: none"> <li>Texts are chosen to reflect a variety of factors: Lexile level, complexity of the topic/concept, the appropriateness of the text given the specific literacy standard or task.</li> <li>Texts cultivate students' interests, are relevant to their culture, and engage them in reading, writing, and speaking.</li> <li>Curriculum directly address supports for meeting the needs of a wide range of learners in order for every student to become a more proficient and independent reader.</li> <li>Curriculum emphasizes academic and domain specific vocabulary as well as other words ELLs or other struggling readers might not know</li> <li>Curriculum strongly emphasize teaching students how to figure out words in context.</li> <li>Students are expected to do regular independent reading to build on concepts and ideas in each unit. Research shows that students must read a high volume of text at their reading level in order to build a strong vocabulary.</li> </ul>

## Narrative Overview

Grade: Unit 1	<p><b>1</b></p> <p><b>Let's Read:</b></p> <p>In this Open Court Reading unit, students explore stories and the many ways stories are important to society as entertainment, vicarious learning, passing on history from one generation to the next. This unit offers students the opportunity to reflect on the function that stories play in their lives and the many ways stories can be shared. Students understand that one fundamental way that humans interact is through sharing stories. Through this unit, students will explore the Big Idea "Reading is fun and important" while also considering the essential questions, 1. Why do we read? 2. Where can we read? 3. What helps us learn to read?</p> <p><b>Key Standards:</b> RL.1.1, RL.1.2, RL.1.4, RL.1.6, RL.1.7, RL.1.10, W.1.1, SL.1-6, L.1a, e, f, h, j, L.2a, b,d,e, L.4a, L.5a, c, d, L.6, ELD Part IB.6, Part IB.7, Part IB.8, ELD Part IB.6, Part IB.7, Part IB.8, Part IIB3-5, Part III 1,2,3</p> <p>Activate prior knowledge</p> <p><b>Builds on Prior Knowledge:</b> Builds on their learning about poetry and literature in Kindergarten. The focus on poetry allows a firm foundation to the elements of poems that can be referenced throughout the year.</p> <p><b>Standard Texts (Limit each text to one day each.):</b> <i>The Purple Cow; Las Hormiguitas; If I Were A Mouse; Hey, Diddle, Diddle; There Once Was a Fish; Rain; Rhyme Stew; Rags; Twinkle, Twinkle; The Chase; Mrs. Goose's Baby; Baby Buggy</i></p>
Unit 2	<p><b>Animals:</b></p> <p>In this Open Court Reading unit, students have the opportunity to share their existing knowledge about animals and to build on that knowledge as they learn about how animals grow and learn to meet their needs. They will classify and categorize animals in ways that will be foundational to future learning. Through this unit, students will explore the Big Idea "Animals meet their needs in different ways." by considering the essential questions: 1. How does the way an animal plays help it mature? 2. How do animals resemble their parents? 3. Why do some babies not resemble their parents? 4. Why do animals eat different foods? This unit correlates with science standards and should be taught in tandem.</p> <p><b>Key Standards:</b> RI.1.1, RI.1.2, RI.1.4, RI.1.5, RI.1.6, RI.1.7, RI.1.10, W.1.2, W.1.5, W.1.7, W.1.8, LS 2a-2d, SL.1-6, L.1a,b,c,d, e, f, g, h, i, j, L.2a,b,d,e, L.4a, L.5a, b, c, d, L.6, ELD Part IB.6, Part IB.7, Part IB.8, Part IIA, Part IIB, Part III 1,2,3</p> <p><b>Builds on Prior Knowledge:</b> Builds on their learning about sea life in Kindergarten.</p>

Unit 3	<p><b>Things That Go</b>  In this Open Court Reading Unit, students will explore the Big Idea: “People travel from place to place in different ways and for different reasons.” These essential questions will be addressed: 1. Why do people choose different types of transportation. 2. What are some reasons people travel from one place to another? 3. How do the parts of a vehicle make it go or give it power? 4. How has transportation changed from long ago? Through this study they will learn about various modes of transportation around the world. They will classify modes of transportation into land, water, and air travel and consider how transportation has changed from long ago to today. This unit correlates to the social studies standards and they should be taught in tandem.  <b>Key Standards:</b> RI.1.1, RI.1.2, RI.1.4, RI.1.5, RI.1.6, RI.1.7, RI.1.10, W.1.2, W.1.5, W.1.7, W.1.8, SL1-6, H/SS 1.1.4-1.1.6, L.1a,b,c,d, e, f, g, h, i, j, L.2a, b,c ,d,e, L.4a, L.5a, b, c, d L.6, ELDPart IB.6, Part IB.7, Part IB.8, PART II B3-5, Part II C6 Part III 1,2,3  <b>Builds on Prior Knowledge:</b>Students’ life experiences (i.e. how they get to school)  <b>Anchor Texts:</b><i>On the Go</i>  <b>Standard texts:</b> <i>On the Move; I Go With My Family to Grandma’s</i>  <b>Read Aloud Text:</b><i>Song of the Train</i>  <b>Optional Text:</b><i>Trucks</i>  <b>Social Studies Connection Text:</b><i>Scott Foresman Social Studies Unit 4: Lessons 1, 2, 3</i></p>
Unit 4	<p><b>Common Core Unit: Our Neighborhood at Work</b>  In this Common Core- ELA unit of study, students explore the Big Idea that “People in a community depend on each other for services and things they need.” They will consider the essential questions: 1)What does it mean to live in a community?2)What is the difference between providing services and goods?3)Where is our community and what services and goods are provided? They learn the differences between service providers and people who produce goods. They learn about the various workers within a city and gain a deep understanding of the jobs firefighters do .As they conduct interviews with people they see every day to learn about the jobs they do they are clarifying what it means to</p>

## Unit 5

### Weather

In this Open Court Reading unit, students will focus on the Big Idea "Weather happens through predictable patterns" as they strive to answer the essential questions: 1) What are the elements of weather? 2) How do you know what the weather will be? 3) What instruments can you use to measure the weather? How does weather affect our lives?"

Through this unit student will learn about the relationship between the clouds, rain and the sun, which is foundational to understanding the water cycle. This unit correlates with the Science curriculum and should be taught in tandem with the appropriate science lessons.
