SAUSD
Student Technology Use Policy

Educational Purpose

The District's technology is here to support your learning.

Personal Responsibility

I will use the District's technology resources in a responsible way.

Privacy

Privacy

I will…
    keep my own and other's personal account numbers, home addresses, and phone numbers private.

I will not...
    use the work or resources of others, including use of others' passwords.

Privacy

I will…

not create, post, or share photos or videos of others without permission

not create classroom recordings of any kind without teacher approval

Privacy Statement

You may be alone on the computer, but what you do can be viewed by others on the network.

The network is checked by District personnel, and parents have the right to see your computer files at any time.

Appropriate Use

Appropriate Use

I understand…
inappropriate use can be transmitted
through:
- ✓ the Internet,
- ✓ social networking sites,
- ✓ telephone,
- ✓ computer,
- ✓ any wireless/mobile device.

Appropriate Use

I understand...
  that illegal activities of any kind are forbidden.

I will…
  not use technology to advertise or sell anything, or to encourage the use of drugs, alcohol, or tobacco.

Appropriate Use

I will…

not take part in bullying activities against other students or District staff, including using online resources and/or devices to bother, laugh at, threaten or harm others.

Appropriate Use

I understand…

- ✓bullying messages or posts,
- ✓threats,
- ✓meanness,
- ✓harmful texts, sounds, or images,
- ✓using someone else's account,
- ✓assuming someone else's identity.

Appropriate Use

I will...

not access, use, post, publish, display, or send language or material to bully or laugh at others'

- ethnicity, race, color, or national origin,
- gender or sexual orientation,
- age,
- disability,
- religion.

Appropriate Use

I understand…
   I will not repair or remove any technology from a school site without written permission.

Appropriate Use

I understand…
   that damaging District resources or resources owned by others is not allowed.

   Any software intended to damage any computer and/or network system is not allowed.

Ethical Use

Ethical Use

I understand...

that copyrighted material is for personal use only and may not be placed on the network or the Internet without the author's permission.

Ethical Use

I know...

that the use of social media websites during class time is limited to instructional purposes and follows District and school policies.

Consequences

Consequences

I understand…

if I use technology in the wrong way at school or off-campus in a way that affects a school activity or attendance, I shall be subject to discipline.

Consequences

I know…

that the use of a personal mobile device is subject to all applicable District and school policies and that the District accepts no financial responsibility for damage, theft, or loss of personal technology.

Consequences

I understand…

    parents or guardians may be held financially responsible for any harm that may result from intentional misuse of technology resources.

Questions?

If you have questions about the policy, ask your teacher, principal, or school staff.
