### School Description

Manuel Esqueda Elementary School (Esqueda Elementary) is located at the corner of South Main Street and West Warner Avenue.

### Vision:

Esqueda Elementary is focused on increasing student achievement to meet or exceed state standards in all academic areas including proficiency in the English language. Each staff member realizes the potential in all students and works together through collaborative efforts with students, parents and the community to maintain an environment conducive to academic and personal success. Our students will be prepared to utilize technology to ensure access to the career of their choice. Students, staff and parents understand their role and responsibility in supporting the classroom instruction, maintaining an educational focus at home and utilizing resources to ensure student success.

### Mission:

Esqueda Elementary is dedicated to high academic achievement for all students, inspiring students to reach their full potential at school and throughout life by creating an atmosphere that appreciates diversity, maintains high standards for learning and citizenship, incorporates technology and supports a partnership based on respect between school and community to reach our goals.

### Instructional Focus:

Esqueda Elementary's focus for all students, K-8, builds on the foundation of science, mathematics and music. We are committed to the implementation of the Common Core State Standards. Our goal is to have our students college and career ready.

### School Profile:

As described in the Mission and Vision statements, created jointly by Esqueda Elementary staff and parents, the school community believes that all students can learn and reach their highest personal and academic potentials. To this end, Esqueda Elementary staff will focus on student engagement through curriculum implementation, teaching methodology and pedagogy, and student data analysis.

Esqueda Elementary is committed to increasing the academic performance of all students. With great excitement Esqueda Elementary was recognized in the Orange County Register as being one of the top ten most improved schools in Orange County for the 2007-2008 school year. In a five year Academic Performance Index (API) Summary (2009-2013), Esqueda Elementary's API grew 38 points. In the area of mathematics, Esqueda Elementary students have performed consistently above the district and state averages.

In the past four years, Esqueda Elementary has experienced some major and fast paced changes in demographics. Esqueda Elementary initiated its first year as a K-3 elementary school with approximately 325 students in the 2005-2006 school year. Today Esqueda Elementary maintains a total enrollment of approximately 1270 students K-8 in general and special education. Esqueda Elementary has students in 34 regular education classes, two K-5 mild to moderate special education programs, an RSP program with approximately 28 students and a speech pathology program of approximately 60 students.

The school's action plan indicates that Esqueda Elementary staff will integrate the core curriculum adopted programs with appropriate research based strategies in teaching methodologies and pedagogy. Teachers and administrators will use the Open Court unit assessments, the Benchmark extended response assessments, MAP (Measures of Academic Progress), the ADEPT assessments, the Saxon Math assessments, the Content subjects' program assessments, the California Common Core State assessments and other assessments to review student progress and teaching practices. At Esqueda Elementary, student performance data will drive the instructional decision making. In-class interventions will be utilized to meet the individual needs of all students. Teachers will engage students in whole class, small group and one-on-one instruction. A strict adherence to the state approved curriculum with a focus on instructional pedagogy and methodology will ensure that the academic standards in each grade level are being met. Esqueda Elementary will implement the ELD Carousel of Ideas program. Moreover, Esqueda Elementary's Reading Intervention Programs will target students who are a "Far Below Basic" and "Below Basic" in English language arts.

The Esqueda Elementary Instructional Leadership Team and grade level leaders provide guidance and direction on instructional focus and practice. Both teams will continue to meet with the school administration and all teachers to further develop and enhance the instructional program for all students. All teachers will participate in modified Wednesday collaboration meetings twice a month. In addition, teachers and administration will participate in a monthly, school-wide collaboration meeting as well as a monthly staff meeting. Esqueda Elementary will conduct vertical collaboration meetings in key subject areas within our K-8 School. Teachers in grades K-8 will discuss and implement a school-wide plan to improve student achievement across all grade levels.

While the Esqueda Elementary community recognizes the hard work and the academic progress of our students, we also recognizes that we have much more work ahead of us and that we must continue to increase student achievement levels. Esqueda Elementary will commit to curriculum and instruction, strategies and interventions, parent and community involvement, staff development and professional collaboration, increased access to technology and extended learning opportunities for all students.

## About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (714) 431-1500.

### Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

All textbooks used in the core curriculum throughout Santa Ana Unified School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state's list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards based and approved by the district's Board of Trustees. On October 14, 2014, the Santa Ana Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No 14/15-3027 which certifies as required by Education Code §60119 that for the 2014-2015 school year, the Santa Ana Unified School District has provided sufficient textbooks or instructional materials, or both, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board, to each pupil enrolled in a foreign language or health course, and that sufficient laboratory science equipment applicable to science laboratory courses offered in grades 9-12, inclusive, is available to pupils.

### School Facility Conditions and Planned Improvements (Most Recent Year)

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the school's repairs and maintenance projects are performed by the district's highly qualified, professional trade specialists. Emergency situations are immediately resolved either by the school custodian or district maintenance staff, based upon the nature of the situation. Day and evening custodians work closely as a team and with the principal for routine maintenance, daily custodial duties, and special events preparations. The principal and day custodian communicate daily to discuss campus cleaning needs and safety concerns. Every morning before school begins, the custodian, principal, and assistant principal inspect facilities for safety hazards, graffiti, and other conditions that require removal prior to students and staff entering school grounds. School safety and cleanliness are the custodians' highest priority and strongly emphasized as a component of their daily routines. Custodians are trained by M&O's administrators on proper cleaning procedures, use of chemicals, and use of equipment. The day custodians are responsible for following an established set of cleaning standards and prioritization procedures for general campus maintenance. The day custodian checks restrooms twice a day as a proactive measure in keeping facilities well stocked, safe, and sanitary. The evening custodians are responsible for thorough cleaning of classrooms, office areas, and restrooms. Groundskeepers are dispatched by the district office to perform general maintenance of landscaping, gardening, sports fields, and irrigation systems.

The most recent facilities inspection at Esqueda Elementary School took place on 6/27/2014. Schools are required by state law to report the condition of their facilities; the School Site Inspection table illustrated in this report identifies the state required inspection areas and discloses the operational status in each of those areas.
