School Description

Glenn L. Martin Elementary School (Martin Elementary) is located on the corner of West Wilshire Avenue and South Olive Street in central Santa Ana.

In the 2013-14 school year, Martin Elementary's focus is on the use of the instructional techniques to present learning activities that will prepare our students for college and career through the Common Core State Standards, and in creating a positive school climate through positive behavior interventions and supports. This continues a long tradition at Martin Elementary of high academic expectations and a healthy, safe school environment for our students and staff. From analysis of student assessment data we know that we need to push students to read for comprehension and to use academic language in writing and speaking in order to help them be successful in school, and eventually, in college and career.

School Vision:

Our vision is to prepare students for academic success and to become life long learners by guiding them in their construction of knowledge and development of problem solving skills.

School Mission:

The mission of Martin Elementary is to successfully empower our students through high expectations, a commitment to academic standards, an emphasis on building language fluency and providing equal access to a comprehensive educational program. Our students will be prepared to become contributing members of their communities through consistent modeling and participation in community activities that promote the well being of society.

Statement of Behavioral Purpose:

Glenn L. Martin Elementary School is a community of scholars. We are at school to learn, grow and become good citizens.

School Motto:

"Go Forth and Achieve" - Marilyn Powell Berns (former Martin Elementary teacher and sister of Retired General Colin Powell)

Students' parents are a vital element in the education of Martin Elementary students and are welcome on campus as volunteers and life-long learners. Parenting classes are offered, with both day and evening schedules available. We host adult-English classes on campus after school hours for all community members, as well as "Mommy and Me" programs that invite parents to bring their preschool aged children on campus to learn kinder-readiness skills that can be reinforced by parents at home. Parents are always welcome at Martin Elementary as partners in the education of the children in our community.

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents and community members should contact the school at (714) 480-8000.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

All textbooks used in the core curriculum throughout Santa Ana Unified School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state's list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards based and approved by the district's Board of Trustees. On October 14, 2014, the Santa Ana Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No 14/15-3027 which certifies as required by Education Code §60119 that for the 2014-2015 school year, the Santa Ana Unified School District has provided sufficient textbooks or instructional materials, or both, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board, to each pupil enrolled in a foreign language or health course, and that sufficient laboratory science equipment applicable to science laboratory courses offered in grades 9-12, inclusive, is available to pupils.

School Facility Conditions and Planned Improvements (Most Recent Year)

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the school's repairs and maintenance projects are performed by the district's highly qualified, professional trade specialists. Emergency situations are immediately resolved either by the school custodian or district maintenance staff, based upon the nature of the situation. Day and evening custodians work closely as a team and with the principal for routine maintenance, daily custodial duties, and special events preparations. The principal and day custodian communicate daily to discuss campus cleaning needs and safety concerns. Every morning before school begins, the custodian, principal, and assistant principal inspect facilities for safety hazards, graffiti, and other conditions that require removal prior to students and staff entering school grounds. School safety and cleanliness are the custodians' highest priority and strongly emphasized as a component of their daily routines. Custodians are trained by M&O's administrators on proper cleaning procedures, use of chemicals, and use of equipment. The day custodians are responsible for following an established set of cleaning standards and prioritization procedures for general campus maintenance. The day custodian checks restrooms twice a day as a proactive measure in keeping facilities well stocked, safe, and sanitary. The evening custodians are responsible for thorough cleaning of classrooms, office areas, and restrooms. Groundskeepers are dispatched by the district office to perform general maintenance of landscaping, gardening, sports fields, and irrigation systems.

The most recent facilities inspection at Glenn L. Martin Elementary took place on 6/25/2014. Schools are required by state law to report the condition of their facilities; the School Site Inspection table illustrated in this report identifies the state required inspection areas and discloses the operational status in each of those areas.
