School Mission:

The primary mission of Santa Anna Community Day School (Community Day) is to ensure equal access to a quality, standards-based curriculum and to provide preparation to meet the assessment requirements all students must attain; as well as to excite, motivate and support the students' quest for education. Our goal is to prepare students for a seamless re-entry into middle or high school as each individual completes an intermediate or high school program that is comparable to any Santa Ana Unified School District student's educational preparation. Individualized learning plans focused on behavior and attendance improvement are the main foci of the Community Day program.

The mission of Community Day Intermediate/High School is to ensure that every student has the opportunity to access an educational program that's content is equal to the coursework offered to all middle and high school students in Santa Ana Unified School District regardless of race, color, creed, language ability, socioeconomic status, physical ability and other challenges experienced by teens in the 21st century. We provide a challenging academic curriculum, social skills and resiliency training and counseling services to high-risk youth referred by the School Attendance Review Board, the Pupil Placement Committee or the Administrative Expulsion Panel.

The students, staff and parents of Community Day work as a team to promote academic and social growth in our students. We believe that every student can learn and should be challenged to achieve his/her potential regardless of his/her previous academic performance, family background or socioeconomic status.

District Profile

Santa Ana Unified School District is the seventh largest district in the state, currently serving over 57,000 students in grades K-12 and residing in the city of Santa Ana. The district operates 36 elementary schools, 9 intermediate schools, 7 high schools, 1 alternative high school, 2 continuation schools and 5 charter schools. The student population is comprised of 88.1% enrolled in the Free or Reduced Price Meal program, 47.8% qualifying for English language learner support, and approximately 11.0% receiving special education services. Our district's schools have received California Distinguished Schools, National Blue Ribbon Schools, California Model School, Title I Academic Achieving Schools and Governor's Higher Expectations awards in honor of their outstanding programs. In addition, 19 schools have received the Golden Bell Award since 1990.

Each of Santa Ana Unified School District's staff members, parents, and community partners have developed and maintained high expectations to ensure every student's intellectual, creative, physical, emotional, and social development needs are met. The district's commitment to excellence is achieved through a team of professionals dedicated to delivering a challenging, high quality educational program. Consistent success in meeting student performance goals is directly attributed to the district's energetic teaching staff and strong parent and community support.

District Mission

We assure well-rounded learning experiences, which prepare our students for success in college and career. We engage, inspire, and challenge all of our students to become productive citizens, ethical leaders, and positive contributors to our community, country and a global society.

District Vision

We will work collaboratively and comprehensively with staff, parents, and the community to strengthen a learning environment focused on raising the achievement of all students and preparing them for success in college and career.

About the SARC

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents and community members should contact the school at (714) 796-9000.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- · Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2014-15)

All textbooks used in the core curriculum throughout Santa Ana Unified School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state's list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards based and approved by the district's Board of Trustees. On October 14, 2014, the Santa Ana Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No 14/15-3027 which certifies as required by Education Code §60119 that for the 2014-2015 school year, the Santa Ana Unified School District has provided sufficient textbooks or instructional materials, or both, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board, to each pupil enrolled in a foreign language or health course, and that sufficient laboratory science equipment applicable to science laboratory courses offered in grades 9-12, inclusive, is available to pupils.

School Facility Conditions and Planned Improvements (Most Recent Year)

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the school's repairs and maintenance projects are performed by the district's highly qualified, professional trade specialists. Emergency situations are immediately resolved either by the school custodian or district maintenance staff, based upon the nature of the situation. Day and evening custodians work closely as a team and with the principal for routine maintenance, daily custodial duties, and special events preparations. The principal and day custodian communicate daily to discuss campus cleaning needs and safety concerns. Every morning before school begins, the custodian, principal, and assistant principal inspect facilities for safety hazards, graffiti, and other conditions that require removal prior to students and staff entering school grounds. School safety and cleanliness are the custodians' highest priority and strongly emphasized as a component of their daily routines. Custodians are trained by M&O's administrators on proper cleaning procedures, use of chemicals, and use of equipment. The day custodians are responsible for following an established set of cleaning standards and prioritization procedures for general campus maintenance. The day custodian checks restrooms twice a day as a proactive measure in keeping facilities well stocked, safe, and sanitary. The evening custodians are responsible for thorough cleaning of classrooms, office areas, and restrooms. Groundskeepers are dispatched by the district office to perform general maintenance of landscaping, gardening, sports fields, and irrigation systems.

The most recent facilities inspection at Santa Ana Community Day School took place on 9/19/2014. Schools are required by state law to report the condition of their facilities; the School Site Inspection table illustrated in this report identifies the state required inspection areas and discloses the operational status in each of those areas.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parents are encouraged to get involved in Santa Ana Community Day School's learning community by volunteering their time, attending school events, or sharing in the decision-making process. Parents are always invited to help plan and attend school-sponsored events. We provide a wide range of opportunities for parents to interact with school staff while supporting their child's academic efforts. These include:

- Back to School Night
- Open House
- Career Day
- Promotion activities
- · Parent education training and/or workshops

The following campus organizations provide opportunities for parents to have input on curricular programs, activities, and the design of the School's Plan:

- School Site Council
- English Language Advisory Council

Parents seeking more information about becoming an active member in the school community may contact the principal or assistant principal at (714) 796-9000.

School-to-home communication is provided in both English and Spanish. Through routine correspondence and special announcements, parents are kept informed on school news, student activities, schedules, policy changes, and class curriculum updates including the following formats:

- ParentLink Computerized Phone System
- · School web site
- Public Service Channel 31 or 51
- School and/or Class newsletters
- Flyers
- Letters
- New Student Orientations

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

The Comprehensive School Site Safety Plan was developed in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most current safety plan was reviewed and updated to address the safety plan components and individual responsibilities during the 2013-2014 school year. The Santa Ana Unified School District's Board of Trustees reviews the safety plans annually by March 1.

| Suspensions Rate | 5.7 | 5.1 | 4.4 | | | | | |
| Expulsions Rate | 0.1 | 0.1 | 0.1 | | | | | |

The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment x 100.

On March 7, 2014, the U.S. Department of Education approved California's testing waiver for certain statutory and regulatory requirements. Specifically, a one-year waiver was granted that allowed flexibility in making Adequate Yearly Progress (AYP) determinations for schools and LEAs participating in the Smarter Balanced assessment field test. The CDE did not produce a 2014 AYP report for elementary and middle schools and elementary and unified school districts.

Professional Development provided for Teachers at Santa Ana Community Day School

The legislation outlining the procedures for Community Day School states that there must be a 6 hour teaching day everyday school is in session. It does not allow for modified days or staff development days. Therefore, the teachers at Community Day School participated in 18 hours of staff development after school hours. The subjects covered during the staff development days were: student discipline, improving study skills, online/blended learning model and goal setting, English Language Arts instruction, integration of English and Math across the curriculum, assisting students at-risk to manage anger through psychological exercises, lesson plan writing, student engagement strategies, and parent involvement to ensure that a student is successful in school.

Career Technical Education Programs

Today's cutting-edge, rigorous and relevant Career Technical Education (CTE) courses prepare high school students to be both college and career ready. To meet this goal, students now have the opportunity to take an integrated sequence of CTE courses called a Program of Study that is focused on a specific career pathway over three or four years. We have continued to expand our CTE courses to include a wide range of high-wage, high-skill, high-demand careers is the areas of science, technology, engineering and math (STEM) pathways. CTE courses and pathways are available to all high school students in the Santa Ana Unified School District. The goals of the CTE program are aligned with those of the Carl D. Perkins Career and Technical Education Improvement Act which focuses primarily on the improvement of career and technical education programs, the integration and sequencing of courses, and, most importantly, serving special populations.

CTE Programs of Study combine academic rigor and real-world work-based relevance. Courses are aligned to both academic and CTE California State Standards with the main goal of preparing students for the workforce of the 21st century. To prepare students to be both college and career ready, we have updated many of the courses to satisfy the "a-g" entrance requirements for the University of California (UC) and California State University (CSU) systems. Additionally, courses are articulated with colleges to establish a process for achieving dual credit as students attend high school courses and receive college credit at articulated schools. Furthermore, we offer many work-based learning opportunities to students to apply theories and skills learned in the classroom to an actual job situation, further solidifying a real-world experience.

The CTE advisory committee is comprised of all major stakeholders including CTE staff, high school principals, high school counselors and career technicians, parents, students, and industry representatives.
