DEAR PARENT/GUARDIAN:

Welcome to the 2021-2022 school year in the Santa Ana Unified School District. It is a pleasure to serve as your Superintendent. Under the direction and guidance of our Board of Education, I work closely with teachers, administrators, and staff to ensure that our students are receiving the best education possible to achieve at high levels. In order to be successful in this area, I rely heavily on the partnerships and support of our parents and guardians.

Understanding your family’s rights and responsibilities is critical in this process. This handbook covers some of the most important rights and responsibilities and will serve as a guide to you throughout the school year. To verify that you have received this handbook, we thank you for acknowledging receipt (as required by Education Code section 48982). Your acknowledgment indicates that you have received the notice and have been informed of your rights, but it does not indicate that you have consented to participate in or to be withheld from any particular program.

I anticipate a rewarding and successful 2021-22 school year!

Sincerely,

Jerry Almendarez
Superintendent

California Education Code section 48980 requires that, at the beginning of the first semester or quarter of the regular school term, the governing board of each school district must notify parents/guardians of their rights or responsibilities under certain provisions of the Education Code. Other provisions of California and United States law also require notification of parents/guardians. California and United States law requires certain other notices in the event that specific circumstances should arise, affecting your child’s education and attendance at school. If any such circumstances should arise, the Santa Ana Unified School District will provide notice as required by law.

Absence from school, regardless of the reason, limits your child's educational opportunities and can negatively affect his/her grades, academic achievement, promotion, graduation, self-esteem, and future employment. Moreover, you should know that SAUSD no longer receives state funding for students who have excused absences. If your child is well and can attend school, please encourage regular attendance. Please schedule doctor and dentist's appointments outside of the instructional day. If you know in advance that your child will be, absent for **(5) or more consecutive days**, please contact the office of your school no fewer than three (3) days prior to the planned absence. COUNSELING

COUNSELING: Your child has the right to meet with a school counselor for help in choosing courses that will meet college admission requirements, or enrolling in career technical education courses, or both. Please call the school's counseling department if you wish to schedule a meeting with a school counselor.

SEX EQUITY IN CAREER COUNSELING AND COURSE SELECTION (EC §221.5): You have the right to participate in counseling sessions and decisions concerning career counseling and course selection, commencing with course selection for grade 7.

CUSTODY CONCERNS

The courts must handle custody disputes. The school has no legal jurisdiction to refuse a biological parent access to their child and/or school records absent a court order stating otherwise. The school is required to comply with valid restraining orders or custody orders specifically stating visitation limitations. These court orders must be on file in the school office. Any student release situation that leaves the student's welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and requested to intervene. Parents are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

EMPLOYEE CODE OF CONDUCT

The Governing Board expects District employees to maintain the highest ethical standards, exhibit professional behavior, follow District policies and regulations, abide by State and federal laws, and exercise good judgment when interacting with students and other members of the school community. Employee conduct should enhance the integrity of the District, advance the goals of the District's educational programs, and contribute to a positive school climate.

AGE-ELIGIBLE CHILDREN (EC §48000[a]): Districts must admit children at the beginning of the school year (or whenever they move into a district) if they will be five years of age on or before September 1 for the 2021-22 school year and each school year thereafter.

A SUMMARY OF SCHOOL ATTENDANCE ALTERNATIVES IN CALIFORNIA: The law (EC §48980[h]) requires all school boards to inform each pupil's parents/guardians at the beginning of the school year of the various ways in which they may choose schools for their children to attend other than the ones assigned by school districts. Pupils that attend schools other than those assigned by the districts are referred to as "transfer pupils" throughout this notification. There is one process for choosing a school within the district which the parents/guardians live (intra-district transfer), and four separate processes for selecting schools in other districts (inter-district transfer). The general requirements and limitations of each process are described below.

Choosing a School Within the District in Which Parents/Guardians Live

Intra-district Transfer (BP 5116.1): The law (EC §35160.5[b][1]) requires the school board of each district to establish a policy that allows parents/guardians to choose the schools their children will attend, regardless of where the parents/guardians live in the district. The law limits choice within a school district as follows:

- Pupils who live in the attendance area of a school must be given priority to attend that school over pupils who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased," which generally means pupils must be selected through a lottery process rather than on a first-come, first-served basis.
- A district cannot use a pupil's academic or athletic performance as a reason to accept or reject a transfer. Each district must decide the number of openings at each school which can be filled by transfer pupils. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- A district is not required to provide transportation assistance to a pupil that transfers to another school in the district under these provisions. If a transfer is denied, a parent/guardian does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents/guardians to appeal a decision.
- Exception of Fundamental Schools: Parents/Guardians and/or employees must follow district lottery procedures for registration.

Choosing a School Outside the District in Which Parents/Guardians Live

Parents/guardians have four different options for choosing a school outside the district in which they live. The four options are described below:

1. **Inter-district Transfer (BP 5117):** The law (EC §46600 through §46607) allows two or more school boards to enter into an agreement, for a term of up to five years, for the transfer of one or more pupils between districts. The agreement must specify the terms and conditions for granting or denying transfers. The district in which the parent/guardian lives may issue an individual permit under the terms of the agreement, or district policy, for transfer and for the applicable period of time. The permit is valid upon endorsement by the district of proposed attendance. The law on inter-district transfers also provides for the following:
 - A district of proposed enrollment may provisionally admit, for not more than two months, a pupil who resides in another school district, pending a decision by the two school districts, or by the county board.
 - Districts must notify parents in writing of their final decision within 30 calendar days from the date the permit request was received.
 - If either district denies a transfer request, a parent/guardian may appeal that decision to the County Board of Education within 30 calendar days from the date of the final denial.
 - No district is required to provide transportation to a pupil who transfers into the district.
 - The permit is to be renewed annually.
 - CIF eligibility may be impacted by such a transfer.
 - This process applies to students in Transitional Kindergarten as well as K – 12.
2. **Parental Employment Transfer (Handled Through Inter-district Transfer Request):** The law (EC §48204(b)) provides that a school district may deem a pupil as having complied with the residency requirements for school attendance if one or both parents/guardians of a pupil are employed within the boundaries of the district. A school district is not required to accept a pupil requesting a transfer on this basis, but a pupil may not be rejected on the basis of race, ethnicity, sex, parental income, academic achievement, or any other "arbitrary" consideration. Other provisions of the EC §48204(b) include:
 - Either the district in which the parent/guardian lives or the district in which the parent/guardian works may prohibit the transfer if it is determined that there would be a negative impact on the district's court-ordered or voluntary desegregation plan.
 - The district in which the parent/guardian works may reject a transfer if it determines that the additional cost of educating the pupil would be more than the amount of government funds the district would receive for educating the pupil.
 - There are set limits (based on total enrollment) on the net number of pupils that may transfer out of a district in any school year, unless the sending district approves a greater number of transfers.
 - There is no required appeal process for a transfer that is denied. However, the district that declines to admit a pupil is encouraged to identify and communicate in writing to the parent/guardian the specific reasons for denying the transfer.
 - Parents employed within the boundaries of the Santa Ana Unified School District may apply for inter-district transfers pursuant to the school district's Inter-district Attendance Agreements policy.
 - Please note that the Santa Ana Unified School District does not grant parental employment transfers pursuant to Education Code section 48204.
 - Exception of Fundamental Schools: Parents/Guardians and/or employees must follow district lottery procedures for registration.
3. **Districts of Choice (Not an Option in the Santa Ana Unified School District):** The law (EC §48300 through §48318) allows, but does not require, each school district to become a "**district of choice**" -- that is, a district that accepts transfer pupils from outside the district under the terms of a resolution. A school board that decides to become a "**district of choice**" must determine the number of pupils it is willing to accept in this category each year and make sure that the pupils are selected through a "random and unbiased" process, which generally means a lottery process. Pupils may request transfers into a "**district of choice**" by January 1 of the prior school year.
4. **Intradistrict and Interdistrict Transfers:** The parent/guardian of a pupil enrolled in the district may submit an application for the pupil to attend other schools in accordance with the following:
 - The application may request enrollment of the pupil in a specific school or program within the school district.
 - A pupil may enroll in a school in the school district of enrollment in the school year immediately following the approval of the transfer application.
 - A school district of enrollment shall establish a period of time to provide priority enrollment for pupils residing in the school district prior to accepting transfer applications.
 - The school district of residence in which the pupil resides or a school district of enrollment to which a pupil has applied to attend may prohibit the transfer of the pupil or limit the number of pupils who transfer if the governing board of the district determines that the transfer would negatively impact a court-ordered or voluntary desegregation plan, the racial and ethnic balance of the district.
 - A resident pupil who is enrolled in one of the district's schools shall not be required to submit an application in

- order to remain enrolled.
- Pupils applying for a transfer shall be assigned priority for approval as follows:
 - a. First priority for the siblings of children who already attend the desired school.
 - b. If the number of pupils who request a particular school exceeds the number of spaces available at that school, a lottery shall be conducted until all available spaces are filled.
- Initial applications for transfer to a school within a school district of enrollment shall not be approved if the transfer would require displacement from the desired school of any other pupil who resides within the attendance area of that school or is currently enrolled in that school.
- A pupil approved for a transfer to a school district of enrollment shall be deemed to have fulfilled the residency requirements for school attendance.
- Exception of Fundamental Schools: Parents/Guardians and/or employees must follow district lottery procedures for registration.

CORONAVIRUS NOTIFICATION

Coronavirus (COVID-19) is a novel (new) virus discovered in Wuhan, China in 2019 that causes a respiratory illness. SAUSD will implement safety practices to prevent the spread of COVID-19 according to local, state, and national agency guidelines. These safety practices may include:

- Symptom screening
- Attendance exclusion for medical reasons
- Face coverings
- Physical distancing
- Stable groups
- Limited movements about campus
- Hand-washing

and any additional guidelines released. SAUSD may modify safety practices as necessary according to updates and modifications to agency guidelines.

HEALTH SCREENING AND EVALUATION SERVICES (H&SC §124085): Within 90 days after your child's entrance into first grade, you must provide a certificate documenting that within the prior 18 months your child has received appropriate health screening and evaluation services, including a physical examination. These services are available from the Orange County Public Health Department. In lieu of the certificate, you may submit a signed waiver indicating that you do not want or are unable to obtain the health screening and evaluation services for your child. If the waiver indicates that you were unable to obtain the services, then the reasons should be included in the waiver.

PHYSICAL EXAMS (EC §49458): Authorizes a physician, surgeon, or physician assistant to perform physical exams required for participation in interscholastic athletic programs.

REFUSAL TO CONSENT TO PHYSICAL EXAMINATION (EC §49451, §48980): You may file an annual written statement with the Principal of your child's school, stating that you will not consent to a physical examination of your child. However, whenever there is good reason to believe that the child is suffering from a recognized contagious or infectious disease, the child shall be sent home and shall not be permitted to return until school authorities are satisfied that any contagious or infectious disease does not exist.

SCREENING (HEARING) (EC §49452): Every pupil shall be given a screening test for hearing in kindergarten or first grade and in the second, fifth, eighth, and tenth grades. Parents may submit a written statement refusing to consent to their child's participation.

SCREENING (SCOLIOSIS) (EC §49452.5): Every female pupil in grade 7 and every male pupil in grade 8 shall be screened for the condition known as scoliosis (spinal curvature). Parents may submit a written statement refusing to consent to their child's screening. No person performing this screening may make recommendation for treatment to any entity in which that person has a financial interest.

SCREENING (VISION) (EC §49455): Every pupil in Kindergarten or upon first enrolling in a California school will have their vision screened and again in second, fifth, and eighth grades or upon referral by a School Nurse or teacher. Screening may be waived, if parents choose, upon submission of a written statement by a physician, surgeon, physician assistant, or optometrist setting out the results of a determination of the child's vision including visual acuity and color vision.

CONTINUED MEDICATION REGIMEN FOR NONEPISODIC CONDITION (EC §49480): If your child is on a continuing medication regimen for a non-episodic condition, you are required to inform the school nurse or other designated certificated school employee f: (1) the medication being taken, (2) the current dosage, and (3) the name of the supervising physician. With your consent, the school nurse may communicate with your child's physician and may counsel with school personnel regarding the possible effects of the drug on your child's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose. If your child is on a continuing medication regimen, please contact the school nurse.

ADMINISTRATION OF IMMUNIZING AGENTS / IMMUNIZATION / VACCINATIONS / CONTROL OF COMMUNICABLE DISEASES (EC §48980, §49403, §48926, H&SC §120365, §120370): California law requires that pupils be immunized against certain diseases before they can be admitted to school. Under a law known as SB 277, beginning January 1, 2016, exemptions based on personal beliefs, including religious beliefs, will no longer be an option for the vaccines that are currently required for entry into childcare or school in California. Most families will not be affected by the new law because their children have received all required vaccinations. Personal beliefs exemptions on file for a child already attending childcare or school will remain valid until the child reaches the next immunization checkpoint at kindergarten (including transitional kindergarten) or 7th grade. Per SB 276 and SB 714, beginning Jan 1, 2021, physicians will be required to submit their medical exemptions for immunizations electronically directly into the California Immunization Registry (CAIR utilizing a standard form accessed via the CAIR-ME website: <https://cair.cdph.ca.gov/exemptions/home>). The physician or parents may provide a copy of the medical exemption form directly to the school, but the information will also be available in the CAIR registry. Students with current medical exemptions will not need to submit new exemptions until the student reaches a new grade span (Kindergarten or 7th grade).

For more information about immunization laws, please visit www.shotsforschool.org. Pupils with incomplete immunizations, or on waiver for immunizations, may be temporarily excluded from school. Free immunization clinics are held throughout the community and are available daily at the Orange County Health Care Agency Children's Clinic, 1725 West 17th Street, Santa Ana. The District

Board of Education may use any funds, property, and personnel of the District, and may permit any person licensed as a physician and surgeon, registered nurse or other healthcare practitioners acting under the direction of a supervising physician and surgeon, to administer an immunizing agent to any pupil whose parents have consented in writing to the administration of such an agent.

ADMINISTRATION OF IMMUNIZING AGENTS (EC §§49403, 48980): The District Governing Board may permit any person licensed as a physician and surgeon, any person licensed as a registered nurse, or other licensed healthcare practitioners acting under the direction of a supervising physician and surgeon, to administer an immunizing agent to a pupil. You have the right to consent in writing to the administration of an immunizing agent to your child.

IMMUNIZATION REQUIREMENT (H&SC §120335): A second dose of the Varicella vaccine is required for entry into Kindergarten, advancement to 7th grade, and for all pupils entering SAUSD for the first time. All students must be vaccinated against pertussis prior to entering 7th grade.

If you wish such assistance, you must provide both a written statement from the physician and surgeon or physician assistant detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken, and your own written statement indicating your desire that the District assist your child in the matters set forth in the physician's statement. Your child may also carry and self-administer prescription auto-injectable epinephrine or asthma medication if the District receives written statements from you and the child's physician, in the form required by law.

PLEDGE NOT TO USE ANABOLIC STEROIDS OR PROHIBITED DIETARY SUPPLEMENTS (EC §49030 et seq.): A pupil is prohibited from participating in interscholastic high school sports, unless the pupil signs a pledge not to use anabolic steroids without a prescription from a licensed health care practitioner, or a dietary supplement listed in the United States Guide to Prohibited Substances and Prohibited Methods of Doping. As a condition of participation, both the pupil-athlete and his/her parent/guardian must sign a notification form regarding these restrictions.

INSTRUCTION FOR PUPILS WITH TEMPORARY DISABILITIES (EC §§48206.3, 48207.3, 48207.5, 48980): If your child should suffer a temporary disability which makes attendance in regular day classes or an alternative education program in which the child is enrolled impossible or inadvisable, your child shall receive individual instruction provided by the district in which he/she is deemed to reside. Individual instruction includes instruction provided in your home, in a hospital or other residential health facility, excluding state hospitals, or under other circumstances prescribed by state law. If your child is well enough to return to school during the school year in which individual instruction began, he/she must be allowed to return to the school that he/she attended prior to receiving individual instruction. Individual instruction in your home must commence no later than five working days after the district determines your child shall receive this instruction.

PUPILS WITH TEMPORARY DISABILITIES (EC §48206-7, §48980): In the event that your child has a temporary disability and is confined in a hospital or other residential health facility located outside this District, you shall be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located. In such circumstances, it is your responsibility to notify the school district in which you are deemed to reside of your child's presence in a qualifying hospital. A pupil who received individual instruction as a result of a temporary disability may return to the last school attended when well enough to return to school.

TYPE 2 DIABETES INFORMATION: Please refer to Attachment #5 for information required to be provided to parents of 7th grade pupils regarding Type 2 Diabetes.

PROOF OF ORAL HEALTH ASSESSMENT (EC §49452.8): Your child must have an oral health assessment (dental checkup) by no later than May 31 of the first year entering kindergarten or first grade. Information regarding oral health assessments is set forth below and is also available on the District's Health Services website and under Frequently Asked Questions (FAQs) for parents.

Oral Health Assessment: To make sure your child is ready for school, California law, **Education Code Section 49452.8**, requires that your child have an oral health assessment (dental check-up) by May 31 in either kindergarten or first grade, whichever is his or her first year in public school. Assessments/ dental check-ups that have happened within the 12 months before your child enters school also meet this requirement. The law specifies that the assessment/ dental check-up must be done by a licensed dentist or other licensed or registered dental health professional.

You can get copies of the necessary form at your child's school or online from the California Department of Education's website at <http://www.cde.ca.gov/ls/he/hn/>. California law requires schools to maintain the privacy of students' health information. Your child's identity will not be associated with any report produced as a result of this requirement.

The following resources will help you find a dentist and complete this requirement for your child:

1. **Medi-Cal/Denti-Cal's** toll-free number or website can help you to find a dentist who takes Denti-Cal: 800-322-6384; <http://www.denti-cal.ca.gov>. For help enrolling your child in Medi-Cal/Denti-Cal, contact your school nurse or Santa Ana Unified School District Health Services at (714) 433-3481.

2. For additional resources that may be helpful, contact **SmileLineOC** at (714) 638-7637 at <http://www.healthysmilesoc.org/>. Remember, your child is not healthy and ready for school if he or she has poor dental health! Here is important information to help your child stay healthy:

- Take your child to the dentist twice a year.
- Choose healthy foods for the entire family. Fresh foods are usually the healthiest foods.
- Brush teeth at least twice a day with toothpaste that contains fluoride.
- Limit candy and sweet drinks, such as punch or soda. Sweet drinks and candy contain a lot of sugar, which causes cavities and replaces important nutrients in your child's diet. Sweet drinks and candy also contribute to weight problems, which may lead to other diseases, such as diabetes. The less candy and sweet drinks, the better.

Baby teeth are very important. They are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school. Tooth decay is an infection that does not heal and can be painful if left without treatment. If cavities are not treated, children can become sick enough to require emergency room treatment, and their adult teeth may be permanently damaged.

Many things influence a child's progress and success in school, including health. Children must be healthy to learn, and children with cavities are not healthy. Cavities are preventable, but they affect more children than any other chronic disease. If you have questions about the oral health assessment requirement, please contact the Program Specialist in Health Services at (714) 433-3481.

MENTAL HEALTH SERVICES (EC §49428, 48980): The Support Services Department offers comprehensive mental health services to SAUSD K-12 students and families. ANNUAL NOTICE TO PARENTS/GUARDIANS Regarding the District's Participation in the LEA Medi-Cal Billing Program

The District, in cooperation with the California Departments of Health Care Services and Education, participates in a program that allows the district to be reimbursed with federal Medicaid dollars for select health services provided to enrolled Medi-Cal students at school. The money received through this program is directly reinvested into expanding and improving health and social services for all students.

In accordance with state and federal rules and guidelines, we are notifying you that some information may be released from your student's records to our reimbursement recovery vendor, Paradigm Healthcare Services, LLC and to the Department of Health Care Services (DHCS) for claiming purposes only (and your child's Medi-Cal benefits may be accessed). This information is only released if we have received your consent to do so. Your consent may have been provided to the district when you registered your student for school, as part of your back-to-school paperwork, or during the IEP/IFSP development and review process (if applicable).

All information that is shared is encrypted and transmitted securely to both our vendor and to DHCS. The education records that may be shared as a result of our participation in this program include:

- Student name, date of birth, and health-related evaluation, intervention, and referral information (for services received at school)
- Practitioners' notes related to these health services and select data from child's IEP/IFSP (if applicable)

You have the right to withdraw your consent to disclose your student's information at any time—feel free to visit your school's front desk to discuss this program. Please note that students will not be denied services they require to attend school, and parents will never be billed by the school district for services provided as a result of your consent, or no consent. Further, while Medi-Cal is reimbursing the district for select health services, your child's Medi-Cal benefits should not be impacted in any way. We participate in this program in an effort to obtain federal funding for the Medi-Cal reimbursable health services already being performed at school, and then use this funding to expand services that are available to all students.

Additional notes:

- Confidentiality & Privacy. The district's reimbursement recovery vendor is bound by a contract that contains specific provisions to keep student records confidential, ensuring information is not used or disclosed inappropriately; further, our vendor is HIPAA compliant. In addition, the district and DHCS are bound by agreements that include specific provisions about the use of the information shared in this program, and governing security protocols.
- Third Party Liability. If your student is enrolled in Medi-Cal and is also covered by a third-party insurer, DHCS may attempt to recover third party liability if they pay a school-based claim submitted by us. This occurs due to the assignment of third-party liability rights that was provided when your application to Medi-Cal was approved.

PARENTAL EXCEPTION WAIVER OPTION-ENGLISH LEARNERS

SAUSD LANGUAGE ACQUISITION PROGRAMS: The Santa Ana Unified School District shall offer research-based language acquisition programs that are designed to ensure English acquisition as rapidly and as effectively as possible and that provide instruction to students on the state-adopted academic content standards, including the English language development standards.

At a minimum, the district shall offer a **Structured English Immersion (SEI)** program which includes designated and integrated English language development. In the structured English immersion program, nearly all of the classroom instruction shall be provided in English, but with the curriculum and presentation designed for students who are learning English. If you choose this option your child will be placed in a classroom that uses mostly English for instruction. For the purpose of determining the amount of instruction to be conducted in English in the structured English immersion program, "nearly all" means that all classroom instruction shall be conducted in English except for clarification, explanation, and support as needed. (Refer to the description of program options and goals below.)

SAUSD also offers a Dual Language Immersion Program that you may choose for your child. If you choose this option, your child will be placed in a classroom that uses English and Spanish for instruction. Students in DLI receive a robust and rigorous program aligned with California State Standards in both English and Spanish. The philosophy of SAUSD is to value, promote, and develop biliteracy and biculturalism through its Dual Language Immersion and World Language Programs in Elementary, Intermediate, and High School. (Refer to the description of program options and goals below.)

REQUESTING A LANGUAGE ACQUISITION PROGRAM: Language acquisition programs are educational programs designed to ensure English acquisition occurs as rapidly and effectively as possible and provides instruction to English learners based on the state-adopted academic content standards, including English language development (ELD) standards. (EC Section 306(c))
The district's language acquisition programs for grades K-3 shall comply with class size requirements specified in Education Code 42238.02.

At the beginning of each school year, or upon a student's enrollment, parents/ guardians shall be provided information on the types of language acquisition programs available to students enrolled in the district, including, but not limited to, a description of each program,

the process to be followed in making a program selection, identification of any language to be taught in addition to English when the program includes instruction in another language, and the process to request the establishment of a language acquisition program.

Whenever a student is identified as an English learner based on the results of the ELPAC, the student's parents/guardians may choose a language acquisition program that best suits their child. To the extent possible, any language acquisition program requested by the parents/guardians of 30 or more students at the school or by the parents/guardians of 20 or more students at any grade level shall be offered by the school.

Although schools have an obligation to serve all EL students, parents or guardians of English learners have a right to decline or opt their children out of a school's EL program or out of particular EL services within an EL program. If parents or guardians opt their children out of a school's EL program or specific EL services, the children retain their status as English learners. The school remains obligated to take the affirmative steps required by Title VI of the Civil Rights Act of 1964 and the appropriate actions required by the Equal Educational Opportunity Act of 1974 to provide EL students access to its educational programs (20 U.S.C. sections 1703[f], 6312[e][3][A][viii]). EL services are specifically designed to help English learners obtain English language proficiency as well as acquire grade-level content. If a parent or guardian still wishes to opt their child out of the EL program or particular EL services, the parent or guardian should visit the school site to request a meeting with the site administration team and complete the *Notification to Opt-Out a Child from EL Services* form.

DESCRIPTION OF PROGRAM OPTIONS AND GOALS FOR ENGLISH LEARNERS: A description of the language acquisition programs provided in the Santa Ana Unified School District are listed below. Please select the program that best suits your child.

Structured English Immersion (SEI) Program: A language acquisition program for English learners in which nearly all classroom instruction is provided in English, but with curriculum and a presentation designed for pupils who are learning English. At a minimum, students are offered ELD and access to grade-level academic subject matter content.

Dual-Language Immersion (DLI) Program: Also referred to as Two-Way Immersion. A language acquisition program that provides language learning and academic instruction for native speakers of English and native speakers of another language, with the goals of high academic achievement, first and second language proficiency, and cross-cultural understanding. This program begins in Transitional Kindergarten/Kindergarten (TK/K) and continues to eighth grade.

Parents/Guardians may choose a language acquisition program that best suits their child. Schools in which the parents or legal guardians of 30 pupils or more per school or the parents or legal guardians of 20 pupils or more in any grade request a language acquisition program that is designed to provide language instruction shall be required to offer such a program to the extent possible. (EC Section 310[a])

Parents may provide input regarding language acquisition programs during the development of the Local Control Accountability Plan. If interested in a different program from those listed above, please contact your school administrator for more information.

Although schools have an obligation to serve all EL students, parents or guardians of English learners have a right to decline or opt their children out of the school district's language acquisition program or opt-out of a particular English learner service(s) within a language acquisition program. (20 U.S.C Section 6318[c][A][vii]) However, LEAs remain obligated to provide the student meaningful instruction (5 CCR Section 11302) until the student is reclassified, inform the parent when progress is not made, and offer the parent programs and services to consider at that time.

PUPIL CONDUCT STANDARDS

PUPIL CODE OF BEHAVIOR: Pupils have the responsibility to exercise self-discipline so that a good learning environment can be maintained, and the rights of all individuals are respected. A copy of this document can be found at your child's school site.

RULES PERTAINING TO PUPIL DISCIPLINE (EC §35291, §48980): The District Board of Education has prescribed rules for the government and discipline of the schools, public and/or private, under the Board's jurisdiction. HOMEWORK: It is the practice of the Santa Ana Unified School District that pupils should not be penalized academically for disciplinary infractions. Thus, for most suspensions and for all expulsion recommendations, pupils have a right to request and complete homework assignments while out of school due to a suspension or pending an expulsion hearing. Parents/guardians should contact the school for additional information.

PUPIL DISCIPLINE GUIDELINES

PROGRESSIVE DISCIPLINE (BP 5144 & 5144.1: EC §48900): The District Board of Education has adopted a progressive discipline program for all pupils of the Santa Ana Unified School District. Under this policy, misconduct will not be tolerated but will be dealt with firmly, consistently, and fairly to the extent necessary to ensure a safe and positive learning environment in the classrooms and the campuses. In order to keep students actively engaged in their instructional program and minimize the loss of instructional time, the District supports the use of interventions and alternatives to suspensions, to address and redirect student behavior issues. Principals and school site administrators may use their discretion to provide alternatives to suspension or expulsion that are age appropriate and designed to address and correct the pupil's specific misbehavior, in accordance with

applicable law and policy. Such interventions will be documented and included in the pupil record. Interventions may not be feasible in instances where the pupil's presence causes a danger to persons or if the pupil engages in a first time offense which violates **EC §48900 (a), (b), (c), (d), or €**.

Interventions to correct the pupil's misbehavior may include the following:

1. A conference between school personnel, the pupil's parent or guardian, and if appropriate, the pupil;
2. Referrals to a school counselor, psychologist, or other school support service personnel for counseling and/or case Management, such as SST or COST team;
3. If appropriate, a referral for a comprehensive psychosocial or psycho-educational assessment, including for purposes of creating an individualized education program, or a plan adopted pursuant to Section 504 of the federal Rehabilitation Act of 1973;
4. Enrollment in a program for teaching pro-social behavior or anger management or class lessons to focus on behavior expectations;
5. Participation in a restorative practice program;
6. Interventions that are part of the school wide discipline plan and positive behavior and intervention supports approach such as Check In and Check Out; Check and Connect;
7. Referrals to after-school programs or services that address specific behavioral issues or expose pupils to positive activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups;
8. Mentoring; and
9. Community service activities.

DISCIPLINE TRANSFERS (EC §48432.5, BP and AR 5144): Serious disciplinary infractions or a continuing pattern of behavioral problems may warrant transferring a pupil to another District school on an involuntary basis. In most cases, the pupil will be referred to the Pupil Placement Committee (PPC) for a hearing to determine whether or not to transfer the pupil. If an involuntary transfer is recommended and a parent was not in attendance of the PPC or similar hearing, the parent(s) must be informed in writing of both the involuntary transfer and their right to appeal.

MANDATORY REFERRALS FOR EXPULSION (EC §48915[c]): Possession of weapons, possession of explosives, brandishing a knife at another person, drug selling, and/or sexual assault and battery are in violation of Board policy and the law and will result in a mandatory referral for expulsion. We encourage parents to hold frank and open discussions with their children about the implications of violating the SAUSD student discipline policy and the reason for its existence: their safety and that of others. Appreciation for different cultures and peaceful ways to resolve conflict will continue to be stressed. We urge parents to reinforce such ideas and strategies during home discussions. The District is committed to the safety of pupils and employees, and believes parents and schools must always stress maintaining a safe, secure, and nurturing school environment.

CIVILITY POLICY (EC §44050): A written copy of the district's section on employee interactions with pupils in its code of conduct is attached to this notice. Please refer to BP 4119.21, 4219.21, and 4319.21.

TYPES OF PUPIL RECORDS: A pupil record is any item of information directly related to an identifiable pupil, other than directory information, which is maintained by the District or required to be maintained by a District employee in the performance of his/her duties, whether recorded by handwriting, print, tapes, film, microfilm or other means. Pupil records include a pupil's health record.

If you wish to review records located at your child's school, please contact the Principal's office, or submit a written request that identifies the record(s) you wish to inspect. If you wish to review records located at the District office, please contact the Records Department at Support Services. The Principal or District office has five (5) business days from the day of the receipt of a request to provide access to the records. Upon satisfactory completion of the rehabilitation assignment of a pupil whose expulsion has been suspended by the District Board of Education, the Board may order the expungement of any or all records of the expulsion proceedings. If the Orange County Board of Education enters an order reversing the decision of the District Board of Education to expel a pupil, the County Board may direct the District Board of Education to expunge the record of the pupil and records of the District of any references to the expulsion action. When you submit a written revocation of consent after the initial provision of Special Education and related services for your child, the District is not required to amend the education records of your child to remove any reference to your child's receipt of Special Education and services.

Once parents/guardians have been notified that personally identifiable information is no longer needed, they have the option of requesting access to and/or copies of pupil records prior to destruction, and to request that pupil records be destroyed, unless the District determines that the information could be needed to provide educational services in the future or is needed for auditing purposes. **(34 CFR §300.624, 5 CCR §16026)** Unless classified as permanent records, all other pupil records are destroyed five years after the information is no longer needed to provide educational services. **(5 CCR §16027)**

The names and addresses of pupils enrolled in grade 12 or who have terminated enrollment prior to graduation may be provided to a private school or college. No directory information regarding your child may be released if you notify the District that the information shall not be released. Please submit a written notice to the Principal of your child's school if you wish to deny access to directory information concerning your child. Release of directory information of a homeless child or youth is prohibited unless a parent or eligible pupil has given written consent that such information may be released. Upon written request of a parent, minutes of a school board meeting shall not include directory or personal information of a pupil or a parent. Directory information does not include citizenship status, immigration status, place of birth, or any other information indicating national origin (except where the Santa Ana Unified School District receives consent as required under state law). However, you have the right to request that your child's name, address, and telephone listing shall not be released without your prior written consent. Please submit a written notice to your child's school Principal if you wish to deny access to this information.

SECTION 504

SECTION 504 OF THE REHABILITATION ACT OF 1973: Section 504 prohibits discrimination on the basis of disability. Under Section 504, the district must provide a free appropriate public education for pupils who need or are believed to be in need of Special Education or related services because of a potential disabling condition. The district is required to provide regular education, Special Education services, related educational accommodations, and/or other services designed to meet those pupils' individual educational needs. Upon identification of potential Section 504 eligibility by the parents, guardians, school staff, as a result of a Student Success Team (SST) or by other means, the district will evaluate each pupil so identified and convene an Individualized Education Plan (IEP) (if eligible for Special Education services) or other multidisciplinary team to ensure appropriate educational

programs and/or services. The Santa Ana Unified School District has established a system of procedural safeguards under Section 504 with respect to the identification, evaluation, and educational placement of persons, who, because of their disability, needs or are believed to need Special Education or related services. This system of procedural safeguards includes notice, an opportunity to examine relevant records, an impartial hearing with opportunity for participation by the pupil's parents or guardian and representation by counsel, and a review procedure. The coordinator of this policy is the Director of Special Education at the District Office, 1601 E. Chestnut Avenue, Santa Ana, CA 92701, (714) 558-5551.

SECTION 504 HEARING: Whenever a parent or guardian of a disabled child who is not in Special Education but who, because of his or her disability, needs or is believed to need Special Education or related services, wishes to challenge District action taken with respect to the identification, evaluation, or educational placement of a pupil, the parent or guardian may file a complaint. For filing complaints pursuant to this policy by parents or guardians, the complaint must be in writing and must be signed by the parent or guardian.

The Director of Special Education (the District 504 Coordinator) or designee will promptly attempt to resolve the matter among the affected parties by meeting informally with the parent or guardian within 10 days of the filing of the complaint. A request for a Section 504 hearing must be filed within 60 calendar days of the date on which the action being appealed occurred. The request shall be made in writing to the District 504 Coordinator, Director of Special Education and shall include:

- The specific nature of the decision(s) made by the District of which the appellant disagrees.
- The specific relief the appellant is seeking through the appeal procedures.

For more information regarding parent's rights when they have a child with a disability, contact the Special Education Department at the District Office (714) 558-5551.

SECTION 504 COMPLAINT PROCEDURES: In accordance with **EC §56502**, any individual, public agency, or organization may file a complaint if they believe the school district is not complying with federal or state laws or regulations pertaining Special Education, and/or other related services for a child. A review of the complaint will be made in a timely fashion. A complaint must be in writing and all relevant facts specified. A complaint should be mailed to:

Sacramento, CA 95814

Office of Civil Rights, Region IX
U.S. Department of Education
50 Beale Street, Suite 7200
San Francisco, CA 94105

Also, under Section 504 of the Rehabilitation Act of 1973, disabled children are entitled to the same variety of programs and services that children without disabilities enjoy. If parents, pupils, or any adult on behalf of pupils feel discrimination has occurred based upon physical or mental disability, but is not directly related to identification, evaluation, and/or programs developed for a pupil, they may file a discrimination complaint under the District's discrimination complaint procedure or with the Office for Civil Rights, U.S. Department of Education.

SPECIAL EDUCATION

CHILD FIND (EC §56300, §56301): The District has a duty to identify, locate and assess children with disabilities who need Special Education and related services. If you believe that your child needs Special Education and related services, you may initiate a referral for assessment by contacting your child's school and/or the Special Education Department at (714) 558-5551.

SPECIAL EDUCATION (EC §56000 et seq., 20 USC §1401 et seq.): Both California and United States law require that a free appropriate public education (FAPE) in the least restrictive environment (LRE) be offered to qualified pupils with disabilities. Information on pupil eligibility, procedural safeguards, and additional matters is available from the Special Education Department.

The parent and the District shall have the right to electronically record the proceedings of individualized education program meetings on an audio tape recorder. The parent and the District shall notify the members of the individualized education program team of their intent to record a meeting at least 24 hours prior to the meeting. If the District initiates the notice of intent to audiotape record a meeting and the parent objects or refuses to attend the meeting because it will be tape recorded, then the meeting shall not be recorded on an audio tape recorder. Limited exceptions to the above guidelines may be made for special needs situations with prior approval of the Principal/designee.

RIGHTS OF DISABLED PUPILS AND THEIR PARENTS (EC §56031, §56329): Under the Individuals with Disabilities Education Act (IDEA) which was formerly known as Public Law 94-142, disabled children between the ages of birth to 21 are entitled to a free and appropriate education, offering the same variety of programs and services that children without disabilities enjoy, including placement in the least restrictive environment. Parents are entitled to receive a full explanation of procedural safeguards and a description of any proposed action regarding their children and the basis for such action. They are also entitled to give voluntary consent for educational assessment and placement and to participate in the annual instructional planning meeting for their children. Parents are entitled to copies of their child's assessment documents and may request an independent educational assessment. Also, under Education Code 56380, parents are entitled to request reviews of individualized education program (IEP) documents. Special Education classes should help the pupil progress and have as much contact with general education pupils as possible. If the programs are unable to do this or if appropriate programs are unavailable in the district, the parent may appeal the placement, have a private diagnosis, or request services in a private nonsectarian school.

INFORMED PARENTAL CONSENT (EC §56346): Santa Ana Unified School District will provide in writing parental consent prior to the initial provision of services and consent for placement, as well as information on due process hearings and mediation

conferences.

INITIAL REFERRAL FOR ASSESSMENT (EC §56500.4): The district will provide prior written notice for other reasons than just initial referral for assessment.

DISCIPLINE (EC §48915.5): Disciplinary procedures for Special Education pupils or pupils with disabilities who need or are believed to be in need of Special Education or related services which involve an expulsion recommendation or 10 cumulative days of suspension require an Individualized Education Program (IEP) team meeting to determine whether or not the pupil's behavior was impacted by his/her disability. When such a pupil is recommended for expulsion, the parents must have a 48-hour written notice prior to the pre-expulsion assessment IEP. The total number of consecutive days for which the pupil may be suspended from school may exceed 10 cumulative school days in any school year only in extraordinary circumstances, with the agreement of the parent through an Individualized Education Program meeting or with a court order. Also, a series of suspensions of less than 10 days which create a pattern of behavior may also constitute a change of placement for the pupil. Such changes in placement may only take place with: (a) parental consent; (b) court order; or (c) the following procedure: When suspension results in a change in placement, the District will review relevant information regarding the pupil to determine whether the pupil's misconduct is a manifestation or his/her disabling condition. The local educational agency, the parent, and relevant members of the IEP Team shall review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine: (a) if the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or (b) if the conduct in question was the direct result of the local educational agency's failure to implement the IEP.

The manifestation determination meeting is a meeting of the relevant members of the IEP team to determine whether a student with a disability may be expelled or have his placement changed for more than 10 cumulative school days for misconduct. It is to be held within 10 days of the school's decision to expel the student or change his/her placement. At the meeting, the IEP team reviews the relevant information from the student's file, including the IEP and any information from teachers and the parents and then decides two things: (1) was the behavior caused by, or did it have "a direct and substantial relationship" to, the student's disability; and (2) was the behavior the direct result of the district's failure to implement the IEP? [34 CFR §300.530€].

SPECIAL EDUCATION DUE PROCESS HEARING PROCEDURE: In accordance with Education Code Sections 50501-50507 and 56506, written notice will be provided to parents in English and their native language, if necessary, of specified due process rights. Parents may request a Due Process Hearing if there is a disagreement with the school district in regard to initiating or changing the identification, assessment, educational placement, or the provision of a free, appropriate education for the child. A copy of the request for a Due Process Hearing should also be sent by the parent to the District's Director of Special Education. Requests for Due Process Hearings should be sent in writing to: **Office of Administrative Hearing, Special Education Division, 2349 Gateway Oaks Drive, Suite 200, Sacramento, CA 95833-4231.**

DISTRICT POLICY ON BULLYING

The Board of Education recognizes the harmful effects of bullying on student well-being, student learning and school attendance and desires to provide a safe school environment that protects students from physical and emotional harm.

Bullying is an aggressive behavior that involves a real or perceived imbalance of power between individuals with the intent to cause emotional or physical harm. Bullying can be physical, verbal, or social/relational and may involve a single severe act or repetition or potential repetition of a deliberate act. Bullying includes, but is not limited to, any act described in Education Code 48900(r).

Cyberbullying includes the electronic creation or transmission of harassing communications, direct threats, or other harmful texts, sounds, or images. Cyberbullying also includes breaking into another person's electronic account or assuming that person's online identity in order to damage that person's reputation.

Examples of the types of conduct that may constitute bullying and are prohibited by the district include, but are not limited to:

1. **Physical bullying:** An act that inflicts harm upon a person's body or possessions, such as hitting, kicking, pinching, spitting, tripping, pushing, taking or breaking someone's possessions, or making cruel or rude hand gestures.
2. **Verbal bullying:** An act that includes saying or writing hurtful things, such as teasing, name-calling, inappropriate sexual comments, taunting, or threats to cause harm.
3. **Social/relational bullying:** An act that harms a person's reputation or relationships, such as leaving a person out of an activity on purpose, influencing others not to be friends with someone, spreading rumors, or embarrassing someone in public.
4. **Cyberbullying:** An act such as sending demeaning or hateful text messages or emails, spreading rumors by email or by posting on social networking sites, or posting or sharing embarrassing photos, videos, web site, or fake profiles.

Measures to Prevent Bullying

The Superintendent or designee shall implement measures to prevent bullying in district schools, including, but not limited to, the following:

1. Ensuring that each school establishes clear rules for student conduct and implements strategies to promote a positive, collaborative school climate.
2. Providing information to students, through student handbooks, district and school web sites and social media, and other age-appropriate means, about district and school rules related to bullying, mechanisms available for reporting incidents or threats, and the consequences for engaging in bullying.
3. Encouraging students to notify school staff when they are being bullied or when they suspect that another student is being bullied, and providing means by which students may report threats or incidents confidentially and anonymously.
4. Conducting an assessment of bullying incidents at each school and, if necessary, increasing supervision and security in areas where bullying most often occurs, such as playgrounds, hallways, restrooms, and cafeterias.
5. Annually notifying district employees that, pursuant to Education Code 234.1, any school staff who witnesses an act of bullying against a student has a responsibility to immediately intervene to stop the incident when it is safe to do so.

Information and Resources

The Superintendent or designee shall post on the district's web site, in a prominent location and in a manner that is easily accessible to students and parents/guardians, information on bullying and harassment prevention which includes the following: (Education Code 234.6)

1. The district's policy on student suicide prevention, including a reference to the policy's age appropriateness for students in grades K-6.
2. The definition of sex discrimination and harassment as described in Education Code 230, including the rights set forth in Education Code 221.8.
3. Title IX information included on the district's web site pursuant to Education Code 221.61, and a link to the Title IX information included on CDE's web site pursuant to Education Code 221.6.
4. District policies on student sexual harassment, prevention and response to hate violence, discrimination, harassment, intimidation, bullying, and cyberbullying.
5. A section on social media bullying that includes all of the references described in Education Code 234.6 as possible forums for social media.
6. A link to statewide resources, including community-based organizations, compiled by CDE pursuant to Education Code 234.5.
7. Any additional information the Superintendent or designee deems important for preventing bullying and harassment.

Student Instruction

As appropriate, the district shall provide students with instruction, in the classroom or other educational settings, that promotes social-emotional learning, effective communication and conflict resolution skills, character development, respect for cultural and individual differences, self-esteem development, assertiveness skills, and appropriate online behavior.

The district shall also educate students about the negative impact of bullying, discrimination, intimidation, and harassment based on actual or perceived immigration status, religious beliefs and customs, or any other individual bias or prejudice.

Students should be taught the difference between appropriate and inappropriate behaviors, how to advocate for themselves, how to help another student who is being bullied, and when to seek assistance from a trusted adult. As role models for students, staff shall be expected to demonstrate effective problem-solving and anger management skills.

To discourage cyberbullying, teachers may advise students to be cautious about sharing passwords, personal data, or private photos online and to consider the consequences of making negative comments about others online.

Reporting and Filing of Complaints

Any student, parent/guardian, or other individual who believes that a student has been subjected to bullying or who has witnessed bullying may report the incident to a teacher, the principal, a compliance officer, or any other available school employee.

When a report of bullying is submitted, the principal or a district compliance officer shall inform the student or parent/guardian of the right to file a formal written complaint in accordance with AR 1312.3 - Uniform Complaint Procedures. The student who is the alleged victim of the bullying shall be given an opportunity to describe the incident, identify witnesses who may have relevant information, and provide other evidence of bullying.

Within one business day of receiving such a report, a staff member shall notify the principal of the report, whether or not a uniform complaint is filed. In addition, any school employee who observes an incident of bullying involving a student shall, within one business day, report such observation to the principal or a district compliance officer, whether or not the alleged victim files a complaint.

Within two business days of receiving a report of bullying, the principal shall notify the district compliance officer identified in AR 1312.3.

When the circumstances involve cyberbullying, individuals with information about the activity shall be encouraged to save and print any electronic or digital messages that they feel constitute cyberbullying and to notify a teacher, the principal, or other employee so that the matter may be investigated. When a student uses a social networking site or service to bully or harass another student, the Superintendent or designee may file a request with the networking site or service to suspend the privileges of the student and to have the material removed.

Discipline/Corrective Actions

Corrective actions for a student who commits an act of bullying of any type may include counseling, behavioral intervention and education, and, if the behavior is severe or pervasive as defined in Education Code 48900, may include suspension or expulsion in accordance with district policies and regulations. When appropriate based on the severity or pervasiveness of the bullying, the Superintendent or designee shall notify the parents/guardians of victims and perpetrators and may contact law enforcement.

Support Services

The Superintendent, principal, or principal's designee may refer a victim, witness, perpetrator, or other student affected by an act of bullying to a school counselor, school psychologist, social worker, child welfare attendance personnel, school nurse, or other school support service personnel for case management, counseling, and/or participation in a restorative justice program as appropriate. (Education Code 48900.9) If any student involved in bullying exhibits warning signs of suicidal thought or intention or of intent to harm another person, the Superintendent or designee shall, as appropriate, implement district intervention protocols which may include, but are not limited to, referral to district or community mental health services, other health professionals, and/or law enforcement.

Model Notification of Rights for Elementary and Secondary Schools

The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records maintained by the school. These rights transfer to the eligible student when he/she reaches the age of 18 or attends a school beyond the high school level.

Parents or eligible students should submit to the School principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The School official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

2. The right to request that a school correct the student's education records that the parent or eligible student believes are inaccurate or misleading.

Parents or eligible students who wish to ask the School to correct a record should write the School principal [or appropriate school official], clearly identify the part of the record they want corrected, and specify why it should be corrected. If the School decides not to amend the record as requested by the parent or eligible student, the School will notify the parent or eligible student of the decision and advise them of their right to a hearing. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. After the hearing, if the school still decides not to amend the records, the parent or eligible student has the right to place a statement with the records setting forth his/her view about the contested information.

3. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education records. However, FERPA permits schools to disclose those records, without consent, to the following parties or under the following conditions,:

- School officials with legitimate education interest;
- Other schools to which a student is transferring;
- Specified officials for audit or evaluation purposes;
- Appropriate parties in connection with financial aid to a student;
- Organizations conducting certain studies for or on behalf of the school;
- Accrediting organizations;
- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific State law.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the

school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date of birth, email address, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public private school attended by the student. However, schools must inform parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. School official must notify parents and eligible students annually of their rights under FERPA. The actual means of notification is left to the discretion of each school.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW

CHOOSING YOUR CHILD'S SCHOOL

A Summary of School Attendance Alternatives in California

California law [EC § 48980(h)] requires all school boards to inform each pupil's parents/guardians at the beginning of the school year of the various ways in which they may choose schools for their children to attend other than the ones assigned by school districts. Pupils that attend schools other than those assigned by the districts are referred to as "transfer pupils" throughout this notification. There is one process for choosing a school within the district which the parents/guardians live (intradistrict transfer), and three separate processes for selecting schools in other districts (interdistrict transfer). The general requirements and limitations of each process are described below.

Choosing a School Within the District in Which Parents/Guardians Live

The law (EC § 35160.5(b) (1) requires the school board of each district to establish a policy that allows parents/guardians to choose the schools their children will attend, regardless of where the parents/guardians live in the district. The law limits choice within a school district as follows:

- Pupils who live in the attendance area of a school must be given priority to attend that school over pupils who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased," which generally means pupils must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a pupil's academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer pupils. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- A district is not required to provide transportation assistance to a pupil that transfers to another school in the district under these provisions.
- If a transfer is denied, a parent/guardian does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents/guardians to appeal a decision.

Choosing a School Outside the District in Which Parents/Guardians Live

Parents/guardians have the following options for choosing a school outside the district in which they live. The options are described below:

(b) Interdistrict Transfers

The law (EC §§46600 through 46607) allows two or more school boards to enter into an agreement, for a term of up to five years, for the transfer of one or more pupils between districts. The agreement must specify the terms and conditions for granting or denying transfers. The district in which the parent/guardian lives may issue an individual permit under the terms of the agreement, or district policy, for transfer and for the applicable period of time. The permit is valid upon endorsement by the district of proposed attendance. The law on interdistrict transfers also provides for the following:

- If either district denies a transfer request, a parent/guardian may appeal that decision to the county board of education. There are specified timelines in the law for filing an appeal and for the county board of education to make a decision.
- No district is required to provide transportation to a pupil who transfers into the district.

(c) Parental Employment Transfers (Discretionary)

The law (EC §48204(b)) provides that a school district may deem a pupil as having complied with the residency requirements for school attendance if one or both parents/guardians of a pupil are physically employed within the boundaries of the district for a minimum of 10 hours during a school week, or if a pupil lives at their parent/legal guardian's placement of employment outside of the boundaries of their school district of residence for a minimum of 3 days during the school week. A school district is not required to accept a pupil requesting a transfer on this basis, but a pupil may not be rejected on the basis of race, ethnicity, sex, parental income, academic achievement, or any other "arbitrary" consideration. Other provisions of the EC § 48204(b) includes:

- Either the district in which the parent/guardian lives or the district in which the parent/guardian works may prohibit the transfer if it is determined that there would be a negative impact on the district's court-ordered or voluntary desegregation plan.
- The district in which the parent/guardian works may reject a transfer if it determines that the additional cost of educating the pupil would be more than the amount of government funds the district would receive for educating the pupil.
- There are set limits (based on total enrollment) on the net number of pupils that may transfer out of a district in any school year, unless the sending district approves a greater number of transfers.
- There is no required appeal process for a transfer that is denied. However, the district that declines to admit a pupil is encouraged to identify, and communicate in writing to the parent/guardian the specific reasons for denying the transfer.

- Once a pupil is deemed to have complied with the residency requirements for school attendance based on one or both parents or guardians being employed within the boundaries of the district and the pupil is enrolled in a school in a school district whose boundaries include the location where one or both parents of the pupil is employed, the pupil does not have to reapply in the next school year to attend a school within that school district and the district shall allow the pupil to attend school through the 12th grade in that district if one or both of the pupil’s parents or guardians continues to be employed within the attendance boundaries of the school district, subject to certain conditions.

(d) Districts of Choice (Discretionary)

The law (EC §§48300 through 48318) allows each school district to become a “*district of choice*” –that is, a district that accepts transfer pupils from outside the district under the terms of a resolution. A school board that decides to become a “*district of choice*” must determine the number of pupils it is willing to accept in this category each year and make sure that the pupils are selected through a “random and unbiased” process, which generally means a lottery process. Pupils may request transfers into a “*district of choice*” by January 1 of the prior school year.. Other provisions include:

- Either the district of choice or the district of residence may deny a transfer if it will negatively affect the racial and ethnic balance of the district, or a court-ordered or voluntary desegregation plan. The district of residency may also limit the total number of pupils transferring out of the district each year to a specified percentage of its total enrollment, depending on the size of the district.
- The district of choice may not prohibit a transfer based on the additional cost of educating the pupil but may prohibit a transfer if it would require the district to create a new program, except that a school district of choice shall not reject the transfer of a special needs pupil and an English learner.
- No pupil who currently attends a school or lives within the attendance area of a school can be forced out of that school to make room for a pupil transferring under these provisions.
- Siblings of pupils already attending school in the “*district of choice*” must be given transfer priority. Children of military personnel may also be given priority.
- A parent/guardian may request transportation assistance within the boundaries of the “*district of choice.*” The district may provide transportation only to the extent it already does so.

The above summary of the attendance alternatives available to parents/guardians and their children is intended to provide them with an overview of the laws applying to each alternative. Any parents/guardians, who are interested in securing more information about these options, districts’ policies or procedures, and timelines for applying for transfers, should contact their own school district, or the district they may be thinking about transferring into.

(e) Open Enrollment

The law (EC §48350 et seq.) authorizes the parent/guardian of a pupil enrolled in a low-achieving school, as defined, to submit an application for the pupil to attend a school in a school district of enrollment, as defined. Other provisions include:

- An application requesting a transfer must be submitted by the parent of a pupil to the school district of enrollment prior to January 1 of the school year preceding the school year for which the pupil is requesting a transfer. The application deadline does not apply to a request for transfer if the parent is enlisted in the military and was relocated by the military within 90 days prior to submitting the transfer application.
- The application may request enrollment of the pupil in a specific school or program within the school district.
- A pupil may enroll in a school in the school district of enrollment in the school year immediately following the approval of the transfer application.
- A school district of enrollment shall establish a period of time to provide priority enrollment for pupils residing in the school district prior to accepting transfer applications.
- The school district of residence in which the pupil resides or a school district of enrollment to which a pupil has applied to attend may prohibit the transfer of the pupil or limit the number of pupils who transfer if the governing board of the district determines that the transfer would negatively impact a court-ordered or voluntary desegregation plan, the racial and ethnic balance of the district.
- A resident pupil who is enrolled in one of the district's schools shall not be required to submit an application in order to remain enrolled.
- Pupil applying for a transfer shall be assigned priority for approval as follows:
 - a. First priority for the siblings of children who already attend the desired school.
 - b. Second priority for pupils transferring from a program improvement school ranked in decile 1.
 - c. If the number of pupils who request a particular school exceeds the number of spaces available at that school, a lottery shall be conducted in the group priority order identified in (a) and (b), above, until all available spaces are filled.
- Initial applications for transfer to a school within a school district of enrollment shall not be approved if the transfer would require displacement from the desired school of any other pupil who resides within the attendance area of that school or is currently enrolled in that school.
- A pupil approved for a transfer to a school district of enrollment shall be deemed to have fulfilled the residency requirements for school attendance.

NOTICE OF ALTERNATIVE SCHOOLS

California Education Code Section 58501

The following notice must be sent along with the Notification to Parents and Guardians required by EC § 48980. Further, a copy shall be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

California state law authorizes all school districts to provide for alternative schools. Section 58500 of the Education Code defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- (k) Maximize the opportunity for students to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.
- (b) Recognize that the best learning takes place when the student learns because of his/her desire to learn.
- € Maintain a learning situation maximizing student self-motivation and encouraging the student in his/her own time to follow his/her own interests. These interests may be conceived by him/her totally and independently or may result in whole or part from a presentation by his/her teachers of choices of learning projects.
- (d) Maximize the opportunity for teachers, parents, and students to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- (l) €Maximize the opportunity for the students, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the governing board of the district to establish alternative school programs in each district.

Type 2 Diabetes Information

Pursuant to California *Education Code* Section 49452.7, this type 2 diabetes information is for local educational agencies to provide to parents and guardians of incoming seventh grade students beginning July 1, 2010.

The California Department of Education developed this type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County. Also see available translations of this information.

Description

Type 2 diabetes is the most common form of diabetes in adults.

Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.

According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.

The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.

In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.

Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia.

Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors

Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

Being overweight. The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.

Family history of diabetes. Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.

Inactivity. Being inactive further reduces the body's ability to respond to insulin.

Specific racial/ethnic groups. Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.

Puberty. Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

Increased hunger, even after eating

Unexplained weight loss

Increased thirst, dry mouth, and frequent urination

Feeling very tired

Blurred vision

Slow healing of sores or cuts

Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms

Irregular periods, no periods, and/or excess facial and body hair growth in girls

High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

Eat healthy foods. Make wise food choices. Eat foods low in fat and calories.

Get more physical activity. Increase physical activity to at least 60 minutes every day.

Take medication. If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.

The first step in treating type 2 diabetes is to visit a doctor. A doctor can determine if a child is overweight based on the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available

Glycated hemoglobin (A1C) test. A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.

Random (non-fasting) blood sugar test. A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.

Fasting blood sugar test. A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.

Oral glucose tolerance test. A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

PRESCRIPTION OPIOIDS: WHAT YOU NEED TO KNOW

Prescription opioids can be used to help relieve moderate-to-severe pain and are often prescribed following a surgery or injury, or for certain health conditions. These medications can be an important part of treatment but also come with serious risks. It is important to work with your health care provider to make sure you are getting the safest, most effective care.

WHAT ARE THE RISKS AND SIDE EFFECTS OF OPIOID USE?

Prescription opioids carry serious risks of addiction and overdose, especially with prolonged use. An opioid overdose, often marked by slowed breathing, can cause sudden death. The use of prescription opioids can have a number of side effects as well, even when taken as directed:

- Tolerance—meaning you might need to take more of a medication for the same pain relief
- Physical dependence—meaning you have symptoms of withdrawal when a medication is stopped
- Increased sensitivity to pain
- Constipation
- Nausea, vomiting, and dry mouth
- Sleepiness and dizziness
- Confusion
- Depression
- Low levels of testosterone that can result in lower sex drive, energy, and strength
- Itching and sweating

* Findings from one study

RISKS ARE GREATER WITH:

- History of drug misuse, substance use disorder, or overdose
- Mental health conditions (such as depression or anxiety)
- Sleep apnea
- Older age (65 years or older)
- Pregnancy

Avoid alcohol while taking prescription opioids. Also, unless specifically advised by your health care provider, medications to avoid include:

- Benzodiazepines (such as Xanax or Valium)
- Muscle relaxants (such as Soma or Flexeril)
- Hypnotics (such as Ambien or Lunesta)
- Other prescription opioids

KNOW YOUR OPTIONS

Talk to your health care provider about ways to manage your pain that don't involve prescription opioids. Some of these options **may actually work better** and have fewer risks and side effects. Options may include:

- Pain relievers such as acetaminophen, ibuprofen, and naproxen
- Some medications that are also used for depression or seizures
- Physical therapy and exercise
- Cognitive behavioral therapy, a psychological, goal-directed approach, in which patients learn how to modify physical, behavioral, and emotional triggers of pain and stress.

Be Informed! ←

Make sure you know the name of your medication, how much and how often to take it, and its potential risks & side effects.

IF YOU ARE PRESCRIBED OPIOIDS FOR PAIN:

- Never take opioids in greater amounts or more often than prescribed.
- Follow up with your primary health care provider within ___ days.
 - Work together to create a plan on how to manage your pain.
 - Talk about ways to help manage your pain that don't involve prescription opioids.
 - Talk about any and all concerns and side effects.
- Help prevent misuse and abuse.
 - Never sell or share prescription opioids.
 - Never use another person's prescription opioids.
- Store prescription opioids in a secure place and out of reach of others (this may include visitors, children, friends, and family).
- Safely dispose of unused prescription opioids: Find your community drug take-back program or your pharmacy mail-back program, or flush them down the toilet, following guidance from the Food and Drug Administration (www.fda.gov/Drugs/ResourcesForYou).
- Visit www.cdc.gov/drugoverdose to learn about the risks of opioid abuse and overdose.
- If you believe you may be struggling with addiction, tell your health care provider and ask for guidance or call SAMHSA's National Helpline at 1-800-662-HELP.

Know Your Educational Rights

Your Child has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.
- In California:
- All children have the right to a free public education.
- All children ages 6 to 18 years must be enrolled in school.
- All students and staff have the right to attend safe, secure, and peaceful schools.
- All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
- All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student "directory information." If they do, then each year, your child's school district must provide parents/guardians with written notice of the school's directory information policy, and let you know of your option to refuse release of your child's information in the directory.

Family Safety Plans if You Are Detained or Deported

- You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported. You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

- Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.

Annual Pesticide Parent Notification and Registration Information

In an attempt to reduce the use of pesticides in and around schools, Santa Ana Unified School District has implemented an Integrated Pest Management, (IPM), plan that can be viewed on the Building Services website by clicking on the link <http://ipm.sausd.us/>

As part of the IPM plan, The Healthy Schools Act of 2000 requires all California School Districts to notify parents and guardians of pesticides expected to be applied during the school year. The approved IPM program pesticides products list is also available on the Building Services website. Only pesticides on the authorized list are applied. Further information is available at <http://www.cdpr.ca.gov> regarding these pesticides and pesticide use reduction.

Please note that any parent or guardian of pupils enrolled at a school site has the right to receive pesticide application notifications 72 hours prior to the scheduled application. To receive this notification they must register on the District's IPM plan website located at <http://ipm.sausd.us/>. By clicking *Register* and filling out the notification form, pesticide application notifications are sent automatically via e-mail 72 hours prior to pesticide application and only for the site or sites in which they have registered.

Please note that California Education Code Sec. 17612 states that, "*parents and guardians of pupils enrolled at a school site that they may view a copy of the integrated pest management plan in the school site office.*" The plan is also available on the Building Services website at <http://ipm.sausd.us/> and can either be printed out for the requesting parent or viewed electronically in the office.
