# Parachute Rx<sup>SM</sup>

Extraordinary prescription savings for extraordinary times

If you're uninsured,  
Parachute Rx helps  
make many prescription  
medications more  
affordable

The COVID-19 pandemic is creating uncertainty for all, particularly for those who lose their health benefits, including prescription drug coverage. To help you and your loved ones stay healthy during these times, we're offering Express Scripts Parachute Rx<sup>SM</sup>, a temporary program that provides deep discounts on generic and brand-name drugs.

## Available for convenient delivery or pickup

Delivered to your door with free standard shipping from Express Scripts Pharmacy<sup>®</sup>

Available near you at one of 50,000+ participating retail pharmacies

## Two easy ways to start saving

There's nothing to join, **no enrollment fee** and no commitment. Just two simple ways to get discounts now.

1. Go to [express-scripts.com/parachuterx](https://www.express-scripts.com/parachuterx) to check medication prices, choose home delivery and find participating pharmacies near you.
2. Ask your local pharmacist if Parachute Rx discounts are available for your prescription.

Still have questions? Call toll-free **877.644.0212**. Customer service representatives are available 7 days a week, 8 am-9 pm ET.

## This is not insurance.

<sup>1</sup> You are responsible for the full price of the cost of your medication, including any sales tax that may apply. Sales tax is not included in the displayed or advertised price on this website. Sales tax may vary by state and may cause your prescription to cost more than \$75 per month for brands and \$25 per month for generics.

Inside Rx and Parachute Rx discounts are not insurance and are administered by Inside Rx, LLC, which operates independently from Express Scripts Pharmacy. Discounts on brand medication are not available for persons covered by state or federal-funded programs such as Medicare, Medicaid or TRICARE, even if processed outside the benefit as an uninsured (self-paying) patient. See [full terms](#) for Inside Rx and Parachute Rx.
