

Santa Ana Unified School District

Stefanie P. Phillips, Ed.D.
Superintendent of Schools

In Santa Ana Unified School District (SAUSD), we have one primary goal – to prepare students with 21st century skills to graduate from high school and to become productive contributors to our society. We take that to heart in SAUSD where all teachers, staff, and administrators have taken a pledge to believe in ALL students and support them to be successful academically, mentally, and social emotionally. We know that when we have high expectations and believe in our students, they excel.

You and your family are invited to attend any and all of the following meetings listed to learn more about the schools and programs that best meet the interest and needs of your student.
