

Weekly Update From Supt. Jerry Almendarez

May 23, 2022

SAUSD

The Future Begins Here

Dear SAUSD community,

On Friday, May 20, the Centers for Disease Control, FCA, and other health agencies approved the use of a single booster dose of the Pfizer-BioNTech COVID-19 vaccines for children ages 5-11 at least 5 months after completing their primary series. SAUSD encourages all eligible populations to receive vaccines and boosters authorized to ensure our community remains protected during this ongoing pandemic.

SAUSD continues to work with community partners to hold weekly vaccination clinics across the District. Please visit www.sausd.us for information on the latest clinics, or follow our District on social media. Boosters for children ages 5 to 11 will be provided at our SAUSD sponsored clinics.

SAUSD is working with our COVID-19 testing partner MEDLAB2020 to provide four testing hub locations this summer for students, staff, and the community. More information on these testing sites will be provided soon.
