# SAUSD

The Future Begins Here

Dear SAUSD community,

Santa Ana Unified School District will continue to provide weekly COVID-19 testing clinics at every school site and at the District Office through the end of the school year on June 1. This will allow the District to ensure we maintain a safe and nurturing environment for learning even as our COVID-19 positivity rates remain low.

No decision has been made on testing at school sites beyond the end of the school year. But the goal is to have testing available in some form as long as it is needed. Additionally, we will continue to offer testing for community members for the upcoming month. Please see the times and dates below.

In the meantime, we continue to ask our community to continue following all safety protocols, including frequent hand washing, and staying home when sick or experiencing symptoms.
