Notes:

1. Students are expected to:
   - Log in to the assigned learning platform daily (in order to meet assignments due date).
   - Participate in the discussion board/forum, communicate with teachers and complete assignments daily.
   - Successfully complete the minimum of 60% of the course work to earn a passing grade.
2. **Synchronous** - Synchronous learning is the kind of learning that happens in real time. Teachers interact in a specific virtual place, through a specific online medium, at a specific time. Methods of synchronous online learning include video conferencing, teleconferencing, live chatting, and live-streaming lectures.
3. **Asynchronous** - Teachers provide materials for reading, lectures for viewing, assignments for completing, and exams for evaluation for students. Methods of asynchronous online learning include self-guided lesson modules, streaming video content, virtual libraries, posted lecture notes, and exchanges across discussion boards or social media platforms. How to be successful with Distance Learning

Create an efficient work space:

● A quiet place with your laptop or computer, and notebook

Time Management:

● Prioritize your assignments. Complete assignments before the due date.
● Break big assignments into smaller parts
● Write your work assignments into a calendar

Use Your Resources:

● Work closely with your teachers. Communicate daily.
● Contact the summer school counselor as needed
