

## The Firefighter Song

*(Sung to the tune of: If You're Happy and You Know It)*

A firefighter helps when we're in need,  
He drives a big red truck with some speed  
The fires he puts out,  
He saves lives without a doubt,  
A firefighter helps when we're in need.

If your house catches fire, call him up  
He'll get there in a hurry call him up.  
He'll extinguish all the flames,  
Never ask who's to blame,  
If your house catches fire, call him up.

She'll be wearing all her gear when she shows up,  
A helmet, mask and boots when she shows up,  
A yellow jacket she will wear,  
And a breathing tank for air,  
She'll be wearing all her gear when she shows up.

A firefighter helps when we're in need,  
She drives a big red truck with some speed  
The fires she puts out,  
She saves lives without a doubt,  
A firefighter helps when we're in need.
