

Family and Community Resources

Santa Ana Unified School District is gathering resources that may be of assistance and interest to our families and neighbors at this time and are posting them to our website at www.sausd.us/coronavirus.

New flyers with resources on topics such as mental health resources, food distribution programs and more are added daily as a service to our community.

We thank you for your trust and patience during this time.

Please be sure to visit www.sausd.us/coronavirus and follow us on social media on a regular basis for more updates.
