Board Meeting

TITLE: **Ratification of Change Order No. 1 for Replacement of Roofing System at McFadden Intermediate School**

ITEM: **Action**

SUBMITTED BY: **Joe Dixon, Assistant Superintendent, Facilities & Governmental Relations**

PREPARED BY: **Dennis Ziegler, Director of Building Services**

BACKGROUND INFORMATION:

The purpose of this agenda item is to seek Board ratification of Change Order No. 1 for the replacement of the roofing system at McFadden Intermediate School. Change orders must be processed and approved. Failure to process change order requests in a timely manner can result in delaying the scheduled completion.

RATIONALE:

At its July 26, 2011 Board meeting, the Board awarded a contract for Replacement of Roofing System at McFadden Intermediate School to Best Contracting Services, Inc. The construction is being performed by a single contractor under Measure G/State School Facility Program/Deferred Maintenance. During the course of construction, unforeseen conditions were discovered and repairs were requested by the District. Existing sub roofing on the theatron/auditorium had exposed rebar and wire mesh preventing the installation of the roofing material.

Change Order No.1:	\$ 34,000
Original contract amount:	<u>\$652,755</u>
Revised total contract amount:	\$686,755

The total percentage change to the original contract to date is: 5.2%

FUNDING:

Measure G/State School Facility Program/Modernization/Deferred Maintenance: \$34,000

RECOMMENDATION:

Ratify the Change Order No. 1 for Replacement of Roofing System at McFadden Intermediate School in the amount of \$34,000 for a revised total of \$686,755.

Re: McFadden Intermediate, Auditorium Roof

Mr. Ayala:

As a Sika Sarnafil Representative, I visited the McFadden Intermediate site on August 5, 2011. The purpose of the visit was to inspect the newly uncovered Auditorium substrate. At the preconstruction job walk, these decks were not visible as they were covered with multiple layers of built up roofing and acrylic coating.

The provided specification for the project was written around the Tremco product (or equal), and called for the removal of all asphalt roofing materials. Once removed, the underlying concrete deck proved to be in rough shape. The entire substrate is uneven and contains numerous voids. There are several instances where rebar and thick wire mesh reinforcement are protruding and visible. These issues are detrimental to the installation of the specified roof system which is a water based coating that contours to every nook and cranny of the roof. This type of roof system relies on as close to 100% adhesion as possible to retain not only the waterproofing ability of the coating, but the wind uplift as well.

With the help of Bob Mars and Eli from Best, we prepared and installed test patches of the specified coating system in accordance with the specification. On Monday, August 8, 2011, we again met at the jobsite and performed a peel test of the patches. The peel tests consisted of attempting to peel back an end of polyester reinforcement left loose during installation.

The first test patch was installed according to the specification. After the peel test was done (Photo's attached) the substrate showed an approximate 40% adhesion rate, with little effort required to peel. The second peel test was done with double the specification requirements. This peel test (Photos attached) showed some improvement at 60% adhesion rate and increased effort to peel, but not near enough to create an acceptable system.

In order to protect the building and still provide a viable and warrantable system, a single ply membrane is recommended. The proposed system discussed at the jobsite for the flat areas of the auditorium is 60 mil S327 Felt Back membrane mechanically attached using #15 XP fasteners and 2" membrane discs over the newly uncovered substrate. Any steel protrusions are to be removed. In the steep slope areas, Sarnafelt is to be installed with Stabond adhesive and 60 mil S327 membrane mechanically fastened using #15 XP fasteners and 2" membrane discs over the felt. Any rough ridges or transitions are to receive two layers of felt. Please note that the #15 fasteners require a hole to be predrilled in the concrete deck. The entire perimeter of the building is to receive a Sarnaclad metal edge.

This newly proposed system will not affect the specified warranty.

If you have any additional questions or concerns, feel free to contact me.

Sincerely,

Jeff Parish

Board Meeting

TITLE: Board Policy (BP) 7400 - Parking and Administrative Regulation (AR) 7400 – Parking (New: For Adoption and Implementation)

ITEM: Action

SUBMITTED BY: Joe Dixon, Assistant Superintendent, Facilities & Governmental Relations

PREPARED BY: Jessica Mears, Facilities Planner

BACKGROUND INFORMATION:

The purpose of this agenda item is to seek adoption and implementation of Policy (BP) 7400 – Parking and Administrative Regulation (AR) 7400 – Parking.

RATIONALE:

To ensure that SAUSD provides a safe environment for students and staff, the new Board Policy (BP) 7400 Parking and Administrative Regulation (AR) 7400 – Parking is being presented.

At the previous Board meeting, additional AR language was requested and is incorporated in the AR.

RECOMMENDATION:

Adopt and implement Board Policy (BP) 7400 Parking and Administrative Regulation (AR) 7400-Parking.

Facilities

Parking

The Superintendent or designee shall develop and maintain supplemental standards to those required by Federal or State law as to school parking facilities and drop-off procedures to ensure the safety of the students, staff, and the public. District schools are required to employ the district standards, where practicable and adequate site area exists. District parking and student drop-off regulations shall apply to all staff, student, and visitor motor vehicles and bicycles on District property.

Designated Parking

Parking spaces will be marked for handicapped, principal, and visitors. Reservation of parking spaces for additional purposes, including other school officials, will be reviewed by the Superintendent or designee for approval. Approval will be based on the amount of available parking and path of travel considerations from the parking lot to the main entrance of the school.

Facilities

Parking

District parking and student drop-off regulations apply to all staff, student, and visitor motor vehicles and bicycles on district property.

Parking Regulations

Provisions of the California Vehicle Code apply at all times.

The parking stalls especially marked for handicapped use are not to be used by unauthorized personnel or unauthorized students. Those who park their vehicle in a handicap parking stall must have a special identification license plate issued (Vehicle Code 5007; Vehicle Code 22507.8(a)) or a distinguishing placard issued (Vehicle Code 22511.55 or 22511.59). The placard must be in their possession and must be clearly posted inside the vehicle. (Vehicle Code 22507.8(A)).

Improperly parked vehicles that block the flow of traffic or emergency vehicles are subject to being cited and/or towed away at the owner's expense at no responsibility to the district.

Parking Permits

Vehicles parked on school campuses during school hours ~~and after hours~~ must display SAUSD issued parking permit. Failing to properly display SAUSD parking permit will result in a parking citation (Vehicle Code 21113(A)).

Vehicles illegally parked or abandoned on district property for more than 72 hours without prior district permission may be cited and/or removed at the owner's expense. (Vehicle Code 22651 & 22669)

Bicycles must be parked in the provided bicycle racks. Illegally parked bikes shall be cited and/or removed by school police personnel.

Prohibited Areas

Vehicles may not be parked or driven on ~~turf or~~ landscaped areas. At no time will vehicles be allowed to drive on turf areas, natural or artificial, nor all-weather track surfaces without prior written approval from the Superintendent or designee. Vehicles are not permitted on inner campus walkways and roadways, except for vehicles delivering supplies and vehicles belonging to the district while in performance of maintenance, deliveries, etc.

Liability

Parking of motor vehicles and bicycles on district property is done at the risk of the vehicle owner. The district does not assume any liability for damage or theft of vehicles, or their contents, that occurs on district property.

SANTA ANA UNIFIED SCHOOL DISTRICT

AR 7400(b)

Speed Limits

The speed limit within all district-wide campus parking lots shall be no greater than is reasonable or prudent, having due regard for weather, visibility, and traffic (Vehicle Code 22350) and shall not exceed 15 m.p.h.

Violators of Regulations and/or California Vehicle Code

Persons who violate these regulations shall receive a warning, police citation, and/or may be subject to their vehicle being towed away at the owner's expense. Continuous violations may result in revocation of permission to drive or park on campus.

Board Meeting

TITLE: Approval to Reopen Santa Ana Unified School District's Initial Bargaining Proposal for 2011-12 School Year to California School Employees Association, Chapter 41

ITEM: Action

SUBMITTED BY: Juan M. Lopez, Associate Superintendent, Human Resources

BACKGROUND INFORMATION:

The purpose of this agenda item is to seek Board approval to reopen the Santa Ana Unified School District's (SAUSD) Initial Bargaining Proposal for the 2011-12 school year to the California School Employees Association, Chapter 41 (CSEA) in accordance with Government Code 3547 and Board Policy 2000.

RATIONALE:

Under provision of the Government Code and Board Policy referenced above, the proposal must be "sunshined" to the public with the opportunity for public comment and to approve the reopening of the bargaining proposal.

FUNDING:

Not Applicable

RECOMMENDATION:

Approve to reopen Santa Ana Unified School District's (SAUSD) Initial Bargaining Proposal for the 2011-12 school year to the California School Employees Association, Chapter 41 (CSEA).
