PLEDGE OF ALLEGIANCE

The meeting was opened with the Pledge of Allegiance led by Dr. Yamagata-Noji.

SUPERINTENDENT'S REPORT

The Superintendent asked those present to observe the student artwork displayed in the Board Room by students from Valley High School and Muir Fundamental Elementary School.

Dr. Mijares introduced Mr. James Beasley, Program Manager, Southern California Edison. Mr. Beasley was asked to step to the podium, he then presented five teachers from three Santa Ana schools the *Edison International New Era Award for Education*. Recipients were:

- Edison Elementary teacher Ana Maria Villalba, \$5,000 for the "*Family Literacy Project*"
- Sierra Intermediate teachers Carrie Kizuka, Mike Merkovsky, and Lex May, \$5,000 for the "*Sierra Discovery Program*"
- Wilson Elementary teacher Vincent Rios, \$4,900 award for the "*Wilson Alternative Power Generation Greenhouse*"

The Superintendent announced that October is *Character Education Month* in schools across the nation. At Carl Harvey Elementary, a character education theme has been integrated into the curriculum for the year. This month, the theme is truthfulness. It is reinforced through a banner in the hallway and

through Character Counts teaching materials. At Sierra Intermediate School, character building is also a yearlong commitment. Every Monday, student agendas offer a character trait to practice. Teachers then reinforce the message and incorporate it into their teaching.

Recently, the District held a groundbreaking ceremony at Segerstrom High where the first new high school will be built in Santa Ana since 1989. A video clip highlighted the event. ASB Presidents from District high schools and school PTA representatives were part of the celebration. SAUSD Trustees and County and City dignitaries were also in attendance.

California Department of Education has approved the second allocation of funds for the Academic Performance Index (API) grant awards. Thanks to the High Achieving/Improving Schools Program, SAUSD schools will receive more than \$819,000 in awards.

The District is proud to present *Above the Mean and Beyond*, a new bi-monthly publication for parents and the community. The publication costs are defrayed by local business partners. The Board and Superintendent commended Mrs. Araujo-Cook for generating the newspaper.

The Superintendent congratulated School Police Services for being recognized recently at the Community-Oriented Policing Awards Breakfast. The School Police Department was recognized as an exemplary agency with a "SSTOP" (Safer Schools Traffic Offender Program) award. Officers Everett Babcock and Richard Aquino were recognized for their work in aiding traffic congestion around schools and increasing student/pedestrian safety.

Representatives from El Sol Science and Arts Academy of Santa Ana will be traveling to Tokyo, Japan, to provide a presentation on charter schools in America. The presentation will be made to Japanese educators, parents, and concerned citizens. Topics are student bullying and truancy. Executive Director Susan Mas and parent leader Gerardo Mouet will represent El Sol Charter.

National Fire Safety Week was both fun and educational at Santa Ana schools. An *Education First* clip featured firefighters visiting classrooms where students learned about fire safety. In other classrooms students were given assignments some describing their homes' escape plan, in others safety contests, and in another classroom a fire safety booklet was created. Students learned valuable lessons on National Fire Safety week.

PRESENTATIONS

Santa Ana Unified Multi-Year Financial Plan

Dr. Mijares and Dr. Bennett presented the District's multi-year financial plan for years 2003 through 2006, in the absence of Dr. Stabler. Dr. Mijares expressed his concern and reminded the community that the State crisis in California created the critical financial conditions occurring in the District. Student enrollment has also had an effect in the schools. He addressed the need to increase revenue and/or decrease expenditures in the amount of approximately \$30 million, for the current fiscal year and next. A summary of expectations was provided which included reductions, AB 1200, criteria for reductions, targeted reductions, restricted and unrestricted budgets, ADA loss, assumptions, and the priorities for restoration. The plan being prepared would satisfy the District and State's mandate. Dr. Mijares stated that reductions are necessary and that the District cannot operate in a deficit. And if the essential cutbacks are not completed, the State will take control of the financial operations of the District to assure solvency.

Overview of Latino Childhood Obesity Prevention Initiative

Mr. Bratcher introduced Ms. Sinforosa Orozco and Mr. Rigo Rodriguez with Latino Health Access (LCOPI). Ms. Orozco provided information on the Latino Childhood Obesity Prevention Initiative, which was established in 2001 through the LCOPI. The LCOPI is a comprehensive, community-school program aimed at improving nutrition and increasing physical activity to reduce obesity among children. There are currently programs established at Roosevelt, Garfield, Madison, and Walker elementary schools and their surrounding neighborhoods. Ms. Orozco spoke about improved nutrition at each school site and the expansion of activities to all 36 elementary schools. A presentation was provided which highlighted various programs currently offered through LCOPI such as Exercise Moms, Nutrition Education Classes, Teacher-Led Physical Education Instruction, and After-School Kids Club. Ms. Orozco said that research shows that the diabetes epidemic is worsening and one in three Americans born in the year 2000 will develop diabetes. People can lessen their risk appreciably through regular exercise and a healthy diet. The Superintendent thanked Ms. Sinforosa, Program Director, Dr. America Bracho, President and CEO of Latino Health Access, and Mr. Rigo Rodriguez, consultant for Latino Health Access for providing the informative presentation.

DISCUSSIONS

Update on Status of Sale of Surplus Property at 2800 North Farmers Drive (Former Lorin Griset Elementary School Site)

Ms. Brown provided an update on the surplus property at 2800 Farmers Drive. On July 22, 2003, the Board adopted a resolution declaring the former Lorin Griset Elementary School site as surplus property. She provided the following efforts underway:

- Purchased property December 3, 2002, from Stonegate - Santa Ana, L.P. in the amount of \$8 million
- Lot is an 9.166 acre site
- Property borders Morrison/Eldridge Park to the west and Fisher Park to the south
- Appraisal updated on October 8, 2003, currently valued at \$9.7 million
- October 2003 - negotiations with two non-profit organizations ongoing - (Mercy Housing California and O.C. Community Housing)
- October 17, 2003 - completion of informational packages for all potential buyers
- October 28, 2003 - to submit approval of CEQA - Notice of exemption at Board meeting
- If District is not able to receive agreement nor able to come to terms with any of the non-profit organizations by mid November, a Public Auction would begin as follows:
 - November 21, 2003 - Notice one (1) receipt of bids
 - November 28, 2003 - Notice two (2) receipt of bids
 - December 5, 2003 - Notice three (3) receipt of bids
- December 9, 2003 - sealed bid proposals shall be opened, examined and declared
- Call for oral bids at a minimum of 5% above the highest written bid proposal
- Highest oral bid reduced to writing and signed by offeror
- December 9, 2003 - acceptance by Board of highest successful bidder
- The highest successful bidder shall be required to execute the purchase agreement as a requirement for final acceptance

Ms. Brown stated that there are a total of 12 interested parties, two being non-profits and 10 private parties. She said that the two non-profits have been communicating to legal counsel. Orange County Community Housing is interested in very low-income, large residential dwellings and Mercy Housing is interested in low-income rental households with mixed-use components.

Board discussion ensued. It was asked if the SAUSD must consider what the City would approve. Ms. Brown responded that per the purchase and sale agreement, the City only has the number of days which is stated to negotiate. It was also asked if the Board has latitude as to what would be built. Ms. Brown responded in terms and price only. Ms. Brown stated that Administration would return to the Board with the purchase and terms agreement.

Mr. Palacio stated that it is important that the community does not leave tonight with the wrong impression. Zoning is for 36 residential subdivisions, and it is important that the community understands that. He said that land use prerogative is determined by the City of Santa Ana. Mr. Palacio stated that he believes that there would not be low-income housing and does not believe the City Council would approve that.

Ms. Brown responded that the District must respond and negotiate in good faith. In her experience with real estate and although non-profits have access to fund opportunities, it's not likely that they would be one of the bidders, but the District is required by Government codes to negotiate.

Dr. Yamagata-Noji inquired about the process of oral bids opposed to closed bids. Ms. Brown responded that anyone who is interested in oral bidding must be a registered bidder and the organization or person with a closed bid can also execute an open bid.

Revision to Charter Agreement for the Orange County High School of the Arts (OCHSA)

Dr. Bratcher stated that the charter agreement with the Orange County High School of the Arts (OCHSA) is being revised to reflect District and OCHSA agreements regarding provisions related to student services, student expulsions, funding, and audits. He provided suggestions, Board discussion ensued and questions were addressed.

It was the consensus of the Board that the criteria for suspension and expulsion of students shall be consistent with the California Education Codes 48900, 48900.2, 48900.3, 48900.4, 48900.7, and 48915. Also, three school District Administrators selected by OCHSA Administrative staff would be on the panel. Of these three administrators, one administrator will be invited from the student's home District. No school district may have more than one representative on the panel.

Mr. Tinajero stated that an important issue and one that he perceives as a greater issue is the 30% mandated Santa Ana enrollment, which is written in the agreement.

Dr. Noji inquired about the annual report that was also part of the agreement.

Dr. Bratcher stated that the recommendations set forth tonight would be included in the agreement.

Possible Revision of the Santa Ana Unified School District Mission Statement

Dr. Bennett stated that the Board of Education viewed the Mission Statement and the Overarching Vision at the recent Board Retreat. It was by request of a Board member that the item be brought forward for further discussion. It has been suggested that due to two Board members wishing the Mission Statement remain the same and two with minor suggestions that the Board members email or submit their ideas and comments for Administrative review.
