SUPERINTENDENT'S REPORT

Superintendent Almendarez announced that beginning this weekend, SAUSD, in coordination with the Orange County Health Care Agency, will host three vaccine clinics at our school sites for Santa Ana community members and staff ages 65 and older. These vaccination clinics will start on a small scale initially, with about 750 vaccines total. Principals and their teams have been reaching out to families who have eligible family members to schedule appointments. Eventually, the plan is to ramp up these efforts as more vaccines become available for individuals in other age groups, as well as a wider range of education workers. More information will be shared with the community as efforts scale up. Mr. Almendarez shared that Learning Labs are at 33 schools, serving more than 1,200 students across the District. Another 12 learning labs are expected to open at campuses next week. Those who follow SAUSD schools on social media are seeing a lot of happy children finally getting a chance to see some of their classmates and school staff again. Superintendent stated that the District believes that the Labs are among the safest places for children in our community. He also announced that the District has also approved a plan to allow student athletes to return to conditioning programs and even to compete in sports allowed by the most current guidelines from CIF and health care experts. Under guidance from CIF and California Department of Public Health, the District is allowing athletes to again participate in outdoor, socially-distant conditioning, practice, and skill building within designated small pods. Competition in cross-country could be resuming soon at schools that offer the sport. He added that competition in baseball and softball could begin if the community positivity rates decrease and the region falls under a less restrictive tier.

RESPONSIBLE OFFICE(S): Educational Services, Support Services

SCOPE:

The Board of Education desires to provide a safe school environment that allows all students equal access to and opportunities in the District's academic, extracurricular, and other educational support programs, services, and activities. The Board prohibits, at any District school or school activity, unlawful discrimination, including discriminatory harassment, intimidation, and bullying, targeted at any student by anyone, based on the student's actual or perceived race, color, ancestry, nationality, national origin, immigration status, ethnic group identification, ethnicity, age, religion, marital status, pregnancy, parental status, physical or mental disability, medical condition, sex, sexual orientation, gender, gender identity, gender expression or genetic information, or association with a person or group with one or more of these actual or perceived characteristics.

POLICY:

This policy shall apply to all acts constituting unlawful discrimination or harassment related to district school activity or to school attendance occurring within a District school, and to acts which occur off campus or outside of school-related or school-sponsored activities but which may have an impact or create a hostile environment at school.

Unlawful discrimination, including discriminatory harassment, intimidation, or bullying, may result from physical, verbal, nonverbal, or written conduct based on any of the categories listed above. Unlawful discrimination also occurs when prohibited conduct is so severe, persistent, or pervasive that it affects a student's ability to participate in or benefit from an educational program or activity; creates an intimidating, threatening, hostile, or offensive educational environment; has the effect of substantially or unreasonably interfering with a student's academic performance; or otherwise adversely affects a student's educational opportunities.

Unlawful discrimination also includes disparate treatment of students based on one of the categories above with respect to the provision of opportunities to participate in school programs or activities or the provision or receipt of educational benefits or services.

The Board also prohibits any form of retaliation against any individual who reports or participates in the reporting of unlawful discrimination, files or participates in the filing of a complaint, or investigates or participates in the investigation of a complaint or report alleging unlawful discrimination. Retaliation complaints shall be investigated and resolved in the same manner as a discrimination complaint.

DESIRED OUTCOME:

The Superintendent or designee shall facilitate students' access to the educational program by publicizing the District's nondiscrimination policy and related complaint procedures to students, parents/guardians, and employees. In addition, the Superintendent or designee shall post the District's policies prohibiting discrimination, harassment, intimidation, and bullying and other required information on the District's

The Superintendent or designee shall provide training and/or information on the scope and use of the policy and complaint procedures and take other measures designed to increase the school community's understanding of the requirements of law related to discrimination. The Superintendent or designee shall regularly review the implementation of the district's nondiscrimination policies and practices and, as necessary, shall take action to remove any identified barrier to student access to or participation in the district's educational program. The Superintendent or designee shall report the findings and recommendations to the Board after each review.

Regardless of whether a complainant complies with the writing, timeline, and/or other formal filing requirements, all complaints alleging unlawful discrimination, including discriminatory harassment, intimidation, or bullying, shall be investigated and prompt action taken to stop the discrimination, prevent recurrence, and address any continuing effect on students.

Students who engage in unlawful discrimination, including discriminatory harassment, intimidation, or bullying, in violation of law, Board policy, or administrative regulation shall be subject to appropriate consequence or discipline, which may include suspension or expulsion when the behavior is severe or pervasive as defined in Education Code 48900.4. Any employee who permits or engages in prohibited discrimination, including discriminatory harassment, intimidation, retaliation, or bullying, shall be subject to disciplinary action, up to and including dismissal.
