SUPERINTENDENT'S REPORT

Superintendent Almendarez provided an update on COVID case rates. In Santa Ana, the testing positivity rates are now between 3% and 8% in every zip code. This is a dramatic drop from just a couple of months ago when zip codes were within 30% range. Today, Orange County is still in the Purple Tier, but if the numbers continue to decline, Orange County will most likely fall to the Red Tier by next Tuesday, March 16. This means several restrictions including gatherings, outdoor dining, and traveling will start to ease. He cautioned everyone that three of the six SAUSD zip codes remain within the Purple Tier case range and asked everyone to follow all safety measures. Superintendent also addressed the CIF's guidelines for Return to Play. The District has been trying to get as many sports running as possible. A few of them have been practicing like football. There was news released today about loosened restrictions for other athletic programs. He also addressed questions by parents and community members about allowing spectators at these events. This afternoon the new county numbers came in below the 7% threshold. If that remains the same until March 16, the entire county will move into the red tier which will allow the District to reconsider some of the restrictions that have been implemented across the District. The District has been trying it's best to follow the CIF and County Health Department guidelines. Initially, the Superintendent sent out a letter indicating that no spectators would be allowed at sporting events. As a result of the numbers going below the threshold, the District will now reconsider allowing each athlete to have 2 spectators. He also shared that he had the opportunity to meet with Santa Ana High School's football team and coaches today and answered a few of their questions.

Superintendent Almendarez also addressed questions about the reopening plan. He stated that the Governor issued a new ruling on SB 86 Funding for Return to School Incentive Grant and asked the Board for permission to bring back the SB 86 back to the Board. SB 86 is funding from the state that is designed to encourage return to in person instruction. Learning labs are taking place at the school sites. The next phase would be for students to return to supervised campus with small learning cohorts and small learning groups. The plan is to get to a cohort model for in person instruction. The timing is based upon COVID rates and information on student's willingness to return to campus or to remain in distance learning. Superintendent would like to present the reopening plan and SB 86 and what that means to the District. Dr. Alvarez asked that the data be really clear as it relates to Santa Ana. Ms. Amezcua asked that the information be brought back in buckets, first with elementary and then work their way up. She also asked Superintendent to include how the needs of special education students will be addressed. Ms. Torres asked for compelling and thorough information. Dr. Rodriguez asked that the information be brought back to the March 23, 2021 Board meeting and also asked the Superintendent to engage with the Board members individually before that time. Mr. Palacio asked that staff meet with the bargaining units and to survey employees and families on where they stand on this issue.

Mr. Almendarez gave a report on the vaccines. He gave a shout out to Ms. Amezcua for her work behind the scenes with community leaders to get vaccines to employees. The District has secured and offered 4,700 vaccines for SAUSD staff. Vaccines have also been offered to 3,000 SAUSD family members ages 65 and above through community PODs. This is in addition to all the SAUSD community members and staff who have received vaccines through the countywide and regional PODs and clinics. Superintendent encouraged everyone who is eligible to take advantage of these growing opportunities and to be mindful that when scheduling an appointment, a vaccine is being set aside specifically for the appointment. Every appointment that's not kept is a vaccine that could have gone to someone else. He acknowledged that this week is National School Social Worker Week and March is Social Work Month. He thanked all SAUSD social workers and social workers within the community who play a vital role in connecting schools with community and for supporting the social emotional wellbeing of families, students, and staff. School Social Workers have worked with families and schools throughout the pandemic to ensure students reach their full academic and personal potential. He also announced that this week is also National School Breakfast Week. He thanked the Nutrition Services staff, who recently distributed 5 million meals since the beginning of school. In addition to Ms. Amezcua, other Board members have also been active in making those comments behind the scenes to ensure our community members are vaccinated. Lastly, Superintendent shared that he was contacted by the City Manager with a desire to reinstate the joint Board meetings with city council. He asked Board members if they wanted to participate. Dr. Rodriguez asked for it to be added to the next Board agenda to formally take action.

PUBLIC PRESENTATIONS

Dr. Rodriguez asked Ms. Quiroz if there was anyone wishing to address the Board. Public speakers addressed Read Across America, distance learning vs. in person instruction, reopening of schools, teaching students with moderate to severe to profound disabilities, summer school, and joint meetings with city of Santa Ana.
