## SUPERINTENDENT'S REPORT

Superintendent Almendarez provided a COVID update. He shared that COVID-19 positivity rates for our district continue at or below the county average across all of our zip codes. The District's numbers have remained consistently low even after the Spring Break. This is a credit to our students, staff, and families who continue to work to keep schools healthy and safe places for learning. He added that this is not a time to let our guard down and encouraged everyone to follow all current safety protocols that include frequent hand washing and staying home if you feel ill or have any symptoms. The District will also continue weekly testing of students and staff at every school site through at least the end of the school year. Mr. Almendarez recognized the 16 inspiring and talented woman from SAUSD honored as 2022 Women of the year by U.S. Congressman Lou Correa on Saturday. This award honors exceptional women in the 46th Congressional District who have made significant contributions to their community. Honorees from across SAUSD include teachers, principals, administrators, family outreach specialists, and other school support staff. To see the full list of award recipients, visit [www.sausd.us](http://www.sausd.us). Superintendent also recognized Dr. Sonia Llamas, SAUSD's Assistant Superintendent of School Performance and Culture, for being honored with the "Catalyst of Hope" award by Project Hope Alliance. Dr. Llamas was recognized for her efforts to help Project Hope Alliance to expand its service into Santa Ana Unified School District. Thanks to the leadership of Dr. Llamas, Project Hope Alliance will be able to provide services and resources to scores of SAUSD children and youth from kindergarten through age 24 so they can have tools they need to learn their way to a better tomorrow.

Mr. Almendarez announced that the California Student Aid Commission last week recognized Segerstrom High School for being one of the top three schools in the state for student financial aid application, or FAFSA completion rates. Segerstrom had 88 percent of all seniors complete a financial aid application last year. By applying for financial aid, college bound seniors made sure they took advantage of all state and federal grants and awards available to them. It's never too early to begin thinking about college, and about paying for college. He congratulated the Segerstrom's counseling team and other staff for helping students on their path to a college education. He also encouraged all high school students to learn more about financial aid at [studentaid.gov](http://studentaid.gov). Superintendent stated that last week, the Santa Ana Public Schools Foundation awarded \$49,000 in scholarships to 42 graduating SAUSD seniors. This award will also help our student recipients realize their dream of attending college with additional financial support. He thanked the Foundation for building this scholarship program to assist our students in their academic careers. He also thanked the foundation for all the other work its members do to support our entire district. In addition, he shared a great accomplishment from our Design Class at McFadden Institute of Technology. The program was recently named winner for the Southwest Region of the Association for Learning Environments. This organization runs an annual competition where students design next generation high schools. The team was recognized for their project Obama High School, an eco-friendly campus designed with solar panels on every school building, wind turbines, large windows for natural light, rooftop gardens, and other features. The McFadden team has been invited to attend the Regional Conference in Las Vegas to present the project next month. Lastly Superintendent announced that tomorrow, April 27, is National Administrative Professionals Day. He thanked all of our amazing administrative professionals in SAUSD, who are often the first point of contact between our schools and district offices and our community members. Their roles and responsibilities can vary considerably from day to day, but their value to our District is immeasurable. He encouraged everyone to take time tomorrow to thank an administrative professional who has supported you or your school.

RESOLUTION NO. 21/22-3453

BOARD OF EDUCATION  
SANTA ANA UNIFIED SCHOOL DISTRICT  
ORANGE COUNTY, CALIFORNIA

**AUTHORIZATION TO INCREASE IN STATUTORY SCHOOL FEES IMPOSED ON RESIDENTIAL AND  
COMMERCIAL/INDUSTRIAL CONSTRUCTION PURSUANT TO EDUCATION CODE SECTION 17620 AND  
GOVERNMENT CODE SECTION 65995**

**WHEREAS**, the Board of Education ("Board") of the Santa Ana Unified School District ("District") provides for the educational needs for Grade K-12 students within the City of Santa Ana, City of Tustin, City of Irvine, City of Costa Mesa, City of Newport Beach ("Cities"), and unincorporated portions of the County of Orange ("County");  
and

**WHEREAS**, on February 23, 2022 the State Allocation Board authorized an adjustment in the statutory school fee amounts for unified school districts pursuant to Government Code Section 65995(b)(3) to Four and 79/100 Dollars (\$4.79) per square foot for assessable space of residential construction ("Residential Statutory School Fees"), Seventy-Eight Cents (\$0.78) per square foot of chargeable covered and enclosed space for the categories of new commercial/industrial construction ("Commercial/Industrial Fees"), collectively "Statutory School Fees", as long as such increases are properly justified by the District pursuant to law;  
and

**WHEREAS**, residential, and commercial/industrial continues to generate additional students for the District's schools and the District is required to provide school facilities ("School Facilities") to accommodate those students; and

**WHEREAS**, overcrowded schools within the District have an impact on the District's ability to provide an adequate quality education and negatively impact the educational opportunities for the District's students; and

**WHEREAS**, the District does not have sufficient funds available for the construction or reconstruction of the School Facilities, including acquisition of sites, construction of permanent School Facilities, and acquisition of interim School Facilities, to accommodate students from residential and commercial/industrial construction; and

**WHEREAS**, the Board has received and considered reports entitled, "Residential Development School Fee Justification Study and Commercial/Industrial Development School Fee Justification Study ("Studies") which include information, documentation, and analysis of the School Facilities needs of the District, including: (a) the purpose of the Statutory School Fees; (b) the use to which the Statutory School Fees are to be put; (c) the nexus (roughly proportional and reasonable relationship) between the residential and commercial/industrial construction and (1) the use for Statutory School Fees, (2) the need for School Facilities, (3) the cost of School Facilities and the amount of Statutory School Fees from residential and commercial/industrial construction; (d) a determination of the impact of the increased number of employees anticipated to result from the commercial/industrial construction (by category) upon the cost of providing School Facilities within the District; (e) an evaluation and projection of the number of students that will be generated by residential construction; (f) the School Facilities that will be required to serve such students; and (g) the cost of such School Facilities; and

59  
60       **WHEREAS**, the Studies pertaining to the Statutory School Fees and to the  
61 capital facilities needs of the District has been available to the public for at  
62 least ten (10) days before the Board considered at a regularly scheduled public  
63 meeting the increase in the Statutory School Fees; and  
64

65       **WHEREAS**, all notices of the proposed increase in the Statutory School Fees  
66 have been given in accordance with applicable law; and  
67

68       **WHEREAS**, a public hearing was duly held at a regularly scheduled meeting of  
69 the Board relating to the proposed increase in the Statutory School Fees on April  
70 26, 2022; and  
71

72       **WHEREAS**, as to the Statutory School Fees, Education Code Section 17621  
73 provides that the adoption, increase or imposition of any fee, charge, dedication,  
74 or other requirement, pursuant to Education Code Section 17620 shall not be subject  
75 to the California Environmental Quality Act, Division 13 (commencing with Section  
76 21000) of the Public Resources Code.  
77

78       **NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF EDUCATION OF THE SANTA ANA**  
79 **UNIFIED SCHOOL DISTRICT AS FOLLOWS:**  
80

81       **Section 1.** That the Board accepts and adopts the Studies.  
82

83       **Section 2.** That the Board finds that the purpose of the Statutory School  
84 Fees imposed upon residential construction are to fund the additional School  
85 Facilities required to serve the students generated by the residential construction  
86 upon which the Statutory School Fees are imposed.  
87

88       **Section 3.** That the Board finds that the Statutory School Fees imposed on  
89 residential construction will be used only to finance those School Facilities  
90 described in the Studies and related documents, and that these School Facilities  
91 are required to serve the students generated by the residential construction within  
92 the District; and that the use of the Statutory School Fees will include  
93 construction or acquisition of additional School Facilities, remodeling existing  
94 School Facilities to add additional classrooms, and technology, and acquiring and  
95 installing additional portable classrooms and related School Facilities, with the  
96 specific location of new schools, remodeling of existing School Facilities, and  
97 additional portables to be determined based on the residence of the students being  
98 generated by such residential construction, as well as any required central  
99 administrative and support facilities, within the District.  
100

101       **Section 4.** That the Board finds that there is a roughly proportional,  
102 reasonable relationship between the use of the Statutory School Fees and the  
103 residential construction within the District because the Statutory School Fees  
104 imposed on residential construction by this Resolution will be used to fund School  
105 Facilities that will be used to serve the students generated by such residential  
106 construction.  
107

108       **Section 5.** That the Board finds that there is a roughly proportional, reasonable  
109 relationship between the residential construction upon which the Statutory School  
110 Fees are imposed, and the need for additional School Facilities in the District  
111 because new students will be generated from residential construction within the  
112 District and the District does not have student capacity in the existing School  
113 Facilities to accommodate these students.  
114

115 Section 6. That the Board finds that the amount of the Statutory School Fees  
116 imposed on residential construction as set forth in this Resolution is roughly  
117 proportional and reasonably related to, and does not exceed the cost of, providing  
118 the School Facilities required to serve the students generated by such residential  
119 construction within the District.  
120

121 Section 7. That the Board finds that the purpose of the Statutory School  
122 Fees imposed on new commercial/industrial construction is to fund the additional  
123 School Facilities required to serve the students generated by the new  
124 commercial/industrial construction upon which the Commercial/Industrial Fees are  
125 imposed.  
126

127 Section 8. That the Board finds that the Statutory School Fees imposed on  
128 new commercial/industrial construction (by category) will be used only to finance  
129 those School Facilities described in the Studies and related documents and that  
130 these School Facilities are required to serve the students generated by such new  
131 commercial/industrial construction; and that the use of the Statutory School Fees  
132 will include construction or acquisition of additional School Facilities,  
133 remodeling existing School Facilities to add additional classrooms and technology,  
134 and acquiring and installing additional portable classrooms and related facilities,  
135 with the specific location of new schools, remodeling of existing School  
136 Facilities, and additional portables to be determined based on the residence of the  
137 students being generated by such new commercial/ industrial construction, as well  
138 as any required central administrative and support facilities within the District.  
139

140 Section 9. That the Board finds that there is a roughly proportional,  
141 reasonable relationship between the use of the Statutory School Fees and new  
142 commercial/industrial construction by category within the District because the  
143 Statutory School Fees imposed on commercial/industrial construction by this  
144 Resolution will be used to fund School Facilities which will be used to serve the  
145 students generated by such new commercial/industrial construction.  
146

147 Section 10. That the Board finds that there is a roughly proportional,  
148 reasonable relationship between the new commercial/industrial construction by  
149 category, upon which the Statutory School Fees are imposed, and the need for  
150 additional School Facilities in the District because new students will be generated  
151 from new commercial/industrial construction within the District and the District  
152 does not have student capacity in the existing School Facilities to accommodate  
153 these students.  
154

155 Section 11. That the Board finds that the amount of the Statutory School Fees  
156 imposed on new commercial/industrial construction by category as set forth in this  
157 Resolution is roughly proportional and reasonably related to and does not exceed  
158 the cost of providing the School Facilities required to serve the students  
159 generated by such new commercial/industrial construction within the District.  
160

161 Section 12. That the Board finds that a separate fund ("Fund") of the  
162 District and two or more sub-funds ("Sub-Funds") have been created or are  
163 authorized to be established for all monies received by the District for the  
164 deposit of Statutory School Fees and mitigation payments ("Mitigation Payments")  
165 imposed on construction within the District and that said Fund and Sub-Funds at all  
166 times have been separately maintained, except for temporary investments, with other  
167 funds of the District as authorized by law.  
168

169 **Section 13.** That the Board finds that the monies of the separate Fund or the  
170 separate Sub-Funds described in Section 12, consisting of the proceeds of Statutory  
171 School Fees and Mitigation Payments have been imposed for the purposes of  
172 constructing and reconstructing those School Facilities necessitated by residential  
173 and/or commercial/industrial construction, and thus, these monies may be expended  
174 for all those purposes permitted by applicable law. The Statutory School Fees may  
175 also be expended by the District for the costs of performing any study or otherwise  
176 making the findings and determinations required under subdivisions (a), (b), and  
177 (d) of Section 66001 of the Government Code. In addition, the District may also  
178 retain, as appropriate, an amount not to exceed in any fiscal year, three percent

**Section 19.** That the Superintendent is authorized to cause a Certificate of Compliance to be issued for each development project, mobile home and manufactured home for which there is compliance with the requirement for payment of the Statutory School Fees in the amounts specified by this Resolution. In the event a Certificate of Compliance is issued for the payment of Statutory School Fees for a development project, mobile home or manufactured home and it is later determined that the statement or other representation made by an authorized party concerning the development project as to square footage is untrue or in the event the zoning is declared invalid, then such Certificate of Compliance shall automatically terminate, and the appropriate City or County shall be so notified.

**Section 20.** That no statement or provision set forth in this Resolution, or referred to therein shall be construed to repeal any preexisting fee or mitigation amount previously imposed by the District on any residential or nonresidential construction. Notwithstanding the preceding, if the District adopts alternative school facilities fees for residential construction pursuant to Government Code Sections 65995.5, 65995.6 and/or 65995.7 ("Alternative School Facilities Fees"), the District is hereby authorized to collect the Alternative School Facilities Fees in lieu of the Statutory School Fee with respect to residential construction. If the Alternative School Facilities Fees should lapse or be terminated, then the Statutory School Fees shall be collected for residential construction at the amount set forth in this Resolution.

**Section 21.** That if any portion or provision hereof is held invalid, the remainder hereof is intended to be and shall remain valid.

**Section 22.** That the increase in the District's Statutory School Fees will become effective sixty (60) days from the date of this Resolution unless a separate resolution increasing the fees immediately on an urgency basis is adopted by the Board.

1 RESOLUTION NO. 21/22-3450

2 BOARD OF EDUCATION

3 SANTA ANA UNIFIED SCHOOL DISTRICT

4 ORANGE COUNTY, CALIFORNIA

5 A Resolution Denouncing Hate Crimes and Bigotry Targeting Asian Americans and Pacific  
6 Islanders

7  
8 WHEREAS, The Asian Pacific Policy and Planning Council and Chinese for  
9 Affirmative Action launched a hate incident-reporting internet website, titled "Stop  
10 AAPI Hate," at the beginning of the COVID-19 outbreak in March of 2020, which  
11 documented over 2,800 hate incidents against Asian-American Pacific Islanders (AAPI)  
12 in 2020; and

13 WHEREAS, On January 30, 2021, 84-year-old Vicha Ratanapakdee, a nearly-blind  
14 and gentle elderly Thai man, died from injuries resulting from an attack while he was  
15 walking in the City of San Francisco, in what is deemed as a hate crime; and

16 WHEREAS, On March 16, 2021, 8 people (6 being Asian, 2 white, all but one being  
17 women) were gunned down by a white man in Atlanta, Georgia;

18 WHEREAS, These reports depict a disturbing reality, especially for Asian women,  
19 who experienced violence nearly 2.5 times more than their male counterparts. However,  
20 the numbers do not tell the full story: They don't include many of the unreported and  
21 increasingly normalized incidents of violence; and

22 WHEREAS, Racism and anti-AAPI sentiments has been exacerbated by the COVID-19  
23 pandemic and politically charged and culturally insensitive rhetoric referring to  
24 COVID-19 as the "Chinese virus" or "kung flu" further encourages racism, prejudice,  
25 and hate crimes against AAPIs; and

26 WHEREAS, Racism toward AAPIs has always existed ever since AAPIs began  
27 immigrating to the United States, such as the 19th-century scapegoating of AAPIs,  
28 also known as the "Yellow Peril," as well as the 21st-century scapegoating of AAPIs

for the COVID-19 pandemic. These examples are painful, but they are also part of a larger, and often dismissed, history of violence. In addition to the Chinese Exclusion Act of 1882, the assaults against Filipino farmworkers in the 1930s by white mobs, and the Japanese internment camps of the 1940s, there's a longstanding history of racialized colonial wars that have shaped AAPI communities' histories before AAPIs even arrived to the United States; and

WHEREAS, The recent rise of violence against Asian Americans is part of a larger history of violence against communities of color, we must work together to create community centered solutions that stop the violence in all communities; and

WHEREAS, The model minority myth continues to divide communities of color, feed into racism, and contributes to the false notion that the AAPI community does not experience racial oppression or is impacted by white supremacy, which ignores the AAPI community's experience with islamophobia, anti-Arab racism, and anti-South Asian violence, especially post 9/11; and;

WHEREAS, The model minority myth also creates the stereotype that the AAPI community is a monolithic group, a stereotype that invisibilizes the economic, academic and social struggles of our diverse communities (i.e. Native Hawaiians, Pacific Islanders, Southeast Asians, Arab-Americans, mixed-race Asians/Hapas, undocumented Asians, Hmong students, etc.), which is why this resolution also forcefully condemns the ideology of the model minority myth and dispels it due to its role in hindering solidarity amongst communities of color; and

WHEREAS, the Santa Ana Unified School District Board of Education remains committed to an Ethnic Studies program that highlights AAPI histories (along with Black, Latinx/Chicanx and Native/Indigenous histories) so as to combat the anti-AAPI racism being experienced by many AAPIs in our state and county; and

WHEREAS, the Santa Ana Unified School District Board of Education stands with the Asian-American and Pacific Islander community and wishes to affirm its commitment to the safety and wellbeing of Asian American students, staff and community members

and ensure they know they are not alone and that they can speak out to help stop the spread of bigotry; and

NOW, THEREFORE BE IT RESOLVED, that the Santa Ana Unified School District Board of Education calls on all residents and leaders to join us in condemning racist attacks against Asian Americans in all forms, and renewing our commitment to speak out against such attacks, defend and protect those targeted, and seek justice and accountability against those who commit hate crimes against AAPI members of our community; and

BE IT FURTHER RESOLVED that the Santa Ana Unified School District Board of Education denounces hate crimes, hateful rhetoric, and hateful acts against Asian Americans and Pacific Islanders, and works to ensure that AAPI students feel safe and welcome, both during this COVID-19 pandemic and beyond.

RESOLUTION NO. 21/22-3459

BOARD OF EDUCATION

SANTA ANA UNIFIED SCHOOL DISTRICT

ORANGE COUNTY, CALIFORNIA

SUPPLEMENTING THE AUTHORIZATION TO ISSUE AND SELL GENERAL OBLIGATION REFUNDING  
BONDS OF THE DISTRICT AND RELATED ACTIONS

WHEREAS, on March 22, 2022, this Board of Education (the "Board") of the Santa Ana Unified School District (the "District") adopted Resolution No. 21/22-3449 (the "Original Resolution") providing for the issuance and sale of its 2022 General Obligation Refunding Bonds (the "Bonds") in order to refund those certain outstanding 2012 General Obligation Refunding Bonds of the District (the "Prior Bonds") to lower the payments on the Prior Bonds made by taxpayers within the District;

WHEREAS, the Original Resolution authorizes the sale of the Bonds to an underwriter via a public sale;

WHEREAS, recent volatility in the financial markets has caused interest rates on municipal bonds to increase resulting in a lack of sufficient savings to taxpayers to proceed with the refunding of the Prior Bonds through a public sale;

WHEREAS, under current market conditions, the private sale of the bonds to a lender may be accomplished upon more favorable terms for the District than a public sale such that a sufficient level of savings may be achieved through the issuance and sale of the Bonds on a private basis in order to refund the Prior Bonds and the District now desires to proceed with a private sale;

NOW, THEREFORE, be it resolved by the Board of Education of the Santa Ana Unified School District as follows:

Section 1. Recitals. The Board hereby finds and determines that the foregoing recitals are true and correct.

Section 2. Approval of Private Sale. As an alternative to the method of sale provided in the Original Resolution, the Board hereby approves of the sale of the Bonds through a private placement to a lender to be selected by the District (the "Lender"). The Bonds may be sold at a private sale upon the direction of an Authorized Officer pursuant to the terms and conditions set forth in the Agreement previously approved by this Board in the Original Resolution, with such changes, insertions, revisions, corrections, or amendments as shall be approved by the officer or officers executing the Agreement for the District in order to provide the terms of the private placement with the Lender.

Section 3. Valid Obligation. The Board hereby determines that all acts and conditions necessary to be performed by the District or to have been met precedent to and in issuing of the Bond in order to make it the valid and binding general obligation of the District have been performed and have been met, or will at the time of delivery of the Bonds have been performed and have been met, in regular and due form as required by law; that the full faith and credit of the District are hereby pledged for the timely payment of the principal of and interest on the

Bonds; and that no statutory or constitutional limitation of indebtedness or taxation will have been exceeded in the issuance of the Bonds.

Section 4. Authorization of Officers. The Board hereby authorizes and directs its officers and the officials and staff of the District, and each of them individually, to do any and all things and to execute and deliver any and all documents that they may deem necessary or advisable in order to complete the sale, issuance, and delivery of the Bonds and otherwise to carry out, give effect to, and comply with the terms and intent of this Resolution. All actions heretofore taken by such officers, officials and staff that are in conformity with the purposes and intent of this Resolution are hereby ratified, confirmed, and approved in all respects, including the terms and provisions of the Original Resolution.

Section 5. Effective Date. This resolution shall take effect immediately upon its passage.
