SUPERINTENDENT'S REPORT

Superintendent Almendarez acknowledged the community's concern regarding the reopening and return to play plan. He announced that there would be two presentations tonight regarding both of those concerns. He added that COVID-19 rates are declining, and that the District is in the 8.5-9% rate. He stated that if trends continue, we would be that much closer to reopening in some sort of hybrid model. Superintendent shared that the Governor has allowed for cohorts of students that meet certain criteria to be present. Staff is currently working out all the details to ensure a safe environment for students and staff. Superintendent thanked the community, families, and students for their patience during these challenging times. He shared that he has attended community meetings where parents have expressed

their concerns regarding connectivity issues. The District did pilot buses with Wi-Fi connectivity in certain spots with some success in and is excited to expand those services to other areas of the District. Superintendent Almendarez encouraged families to keep calling the hotline for assistance and help. Staff is available whether it is for a hot spot device, a Chromebook, or iPad. He also thanked teachers as they also have faced challenges. Teachers are coming in and working remotely. There is a Learning Continuity Plan which we are required to comply with at the state level and requires for assessments to be taken. Families and students have been very frustrated with the platform as well as teachers. Superintendent stated that staff is working closely with the agency that provides this platform to work out all the bugs. Mr. Almendarez also stated that grades are coming up and that we have to take into consideration all the issues we have been challenged with as a community and as a household. The Board and Superintendent's expectation is that we be compassionate and reasonable when administering grades. He encouraged parents, students, and teachers to do the best they can do with regard to grades. Superintendent also stated that we are getting closer to stage 2 but many of the surrounding districts are already in that phase right now. We are preparing as much as we can to provide safe spaces for students to return, for parents to feel comfortable, and ensuring we are providing a safe working environment for staff as well. He added that the District will do stage 2 mindfully with the intent to start slow and to gradually work its way up making sure the opportunities are there for the safety and cleanliness of our district. Superintendent announced the administrative appointment of Brandon Peterson, Coordinator of Special Education Services.

There were two members of the public that called in for public comments related to the aquatics program at Godinez Fundamental High School.
