DISCUSSION

Santa Ana Unified School District Protocols: Board and Superintendent Operating Procedures

Dr. Ott opened with an acknowledgment to the Board of Education and received expectations from the Board.

Dr. Phillips started the discussion on the purpose of "why" – acting, thinking, and communicating and how it has to transcend to direct instruction for students. She stated that the district has tremendous resources and should make decisions that promote focus on the middle students that don't have the support as the high and low end students; purpose driven – system coherent and connectedness. Building and mending relationships while using resources to connect and listen.

Mr. Hernández arrived at 5:43 p.m.

Superintendent Phillips continued discussion by mentioning upcoming issues; the need for Board approval of an Interim Deputy Superintendent, CBO to organize work and Board approval of an Executive Coach.

Dr. Ott, continued the discussion with Board Protocols - emphasis on: 1) Keep learning and achievement for all students as the primary focus, and 6) Keep confidential matters confidential; uphold the legal requirement for confidentiality on all matters arising from the Board Meeting Executive Sessions; keep all conversations taking place in Closed Session absolutely confidential - with no change in the Closed Session format.

- Superintendent's Confidential Communication to be consolidated with the Bulletin to the Board.
- Board Workshops only if necessary with a clear focus; continue with short, five to seven minute presentations.
- Periodic Evaluation: Dr. Phillips to provide the Board with an instrument tool for evaluation by November 2016, with a trimester progress report.
- Planning: Superintendent Phillips discussed with the Board a more effective way to use Board policies and Administrative Regulations and shared an updated sample template changing format and adding consistency.

After further discussion on what makes a good governance team, Board members indicated that the number one item should be: decisions reflect that students are the priority followed by parent engagement.

Students will identify the structures and functions of the human body to analyze the correlation between health and disease.

Key Assignment 1: Clay Modeling
Students will create a replication of the major structures of the head and neck and a replication of tooth anatomy using clay modeling. They will then present their structure to their peers in an oral presentation. In the presentation, students will analyze the specific morphologic characteristics of each tooth to compare and contrast the dentitions.

Key Assignment 2: Prenatal Care Brochure
Students identify the structures of the oral cavity in detail, beginning with prenatal development. They then will create a written brochure and educational presentation for expectant mothers to address the importance of prenatal care and tooth development. Students will utilize the clay models to represent the tooth structures (anatomy) and
functions (physiology).

Unit 3: Oral Heath and Prevention of Dental Disease

In this unit, the student will be able to communicate the importance of preventive and restorative dentistry to their patients. Topics include the dental caries process, periodontal disease classification, nutrition and oral pathology.

Key Assignment: Oral Health Presentation
Students use a multi-media presentation to address oral hygiene, effects of diet, dental caries, and links between lifestyle choices and the development of common oral pathology. The presentation will be geared to a specific audience and will contain age- appropriate information. The presentation will include an action plan for oral health, with charts/graphs or other visual training aids. Students will have hand-outs and/or flyers to reinforce the importance of oral hygiene and a proper diet. Students offer their presentations to authentic audiences (e.g., children, teens, parents, or classroom)

Unit 4: Infection Prevention in Dentistry (Infection Control)

In this unit, the student will be able to determine the relationship of microorganisms in disease transmission. In correlation with industry partner recommendations, the principles and techniques of disinfection and sterilization will be applied to all surfaces and equipment used.

TITLE: **Adoption of Resolution No. 16/17-3133 – Authorization of District Appropriations Limits for Fiscal Years 2015-16 and 2016-17**

ITEM: **Consent**
SUBMITTED BY: **Tina Douglas, Assistant Superintendent, Business Services**
PREPARED BY: **Swandayani Singgih, Director, Budget**

BACKGROUND INFORMATION:

ITEM SUMMARY:

- Adoption of Resolution No. 16/17-3133 to authorize the District's appropriations limits for fiscal years 2015-16 and 2016-17.
- Required by Education Code 42132.

Proposition 4, "The Gann Initiative," approved by the voters on November 6, 1979, requires appropriations limits for state and local governments. This constitutional amendment became Article XIII B of the California Constitution.

Article XIII B established a formula for adjustment of the appropriations limit based upon change in population (Average Daily Attendance) and change in the Consumer Price Index. Categorical income for federal projects, state projects, and special education is over and above the appropriations limit and is not included in the formula.

Article XIII B of the California Constitution and Education Code Section 42132 requires the Board to establish by resolution an appropriations limit for the current and prior fiscal years on or before September 15 of each year.

RATIONALE:

The purpose of this agenda item is to seek Board adoption of Resolution No. 16/17-3133 for authorization of District's appropriations limits for fiscal years 2015-16 and 2016-17.

The District's appropriations limit for 2015-16 was $330,437,658.94 and the revenue received in 2015-16 subject to the appropriations limit was $330,437,658.94. The District, therefore, is within the appropriations limits for 2015-16. The District's appropriations limit for 2016-17 is estimated to be $336,726,968.12.

LCAP Goal 3.10: Support the enhancement of school climate through smooth operations and processes.

FUNDING:

RECOMMENDATION:

Adopt Resolution No. 16/17-3133 to authorize the District's appropriations limits for fiscal years 2015-16 and 2016-17 at $330,437,658.94 and $336,726,968.12, respectively.

Board Meeting

TITLE: **Authorization to Utilize the California Participating Addendum No. 7-14-99-20.01 with IDSC Holdings LLC dba Snap-On Industrial for the Purchase of Auto Shop Tools**

ITEM: **Consent**
SUBMITTED BY: **Tina Douglas, Assistant Superintendent, Business Services**
PREPARED BY: **Jonathan Geiszler, Director, Purchasing and Stores**

BACKGROUND INFORMATION:

On April 26, 2016, the Board authorized and approved the utilization of a California Multiple Award Schedule (CMAS) Agreement No. 7-14-99-20.01 with IDSC Holdings, Inc., Snap-on Industries to purchase auto shop tools and supplies. District staff inadvertently used an incorrect awarding agency as well as an incorrect vendor name. In addition, there was no review or approval of such agreement by the Orange County Department of Education Legal Services.

ITEM SUMMARY:

- Approve the use of the California Participating Addendum No. 7-14-99-20.01
- California Public Contract Code Section 10298
- Provides for replacement tools for District transportation, maintenance and the ROP automotive program

On July 26, 2016, the Board authorized and approved the utilization of a NASPO Value Point Agreement No. 7-14-99-20.01 with IDSC Holdings, Inc., Snap-on Industries to purchase auto shop tools and supplies, which included incorrect information and further clarification is now necessary. Pursuant to Public Contract Code section 10298, the District can utilize contracts awarded by the California Department of General Services (DGS). District staff has determined that the tools identified in a contract awarded by DGS on July 21, 2014 through the California Participating Addendum No. 7-14-99-20.01 to IDSC Holdings LLC dba Snap-on Industrial meets the needs of the District. The California Participating Addendum No. 7-14-99-20.01 resulted from a Request for Proposals for Hand and Power Tools No. SW10818 issued by the State of Oklahoma in association with the National Association of State Procurement Officials (NASPO), which resulted in a Master Price Agreement No. SW818 to IDSC Holdings LLC dba Snap-on Industrial, effective October 19, 2011 through September 19, 2013, which was extended to September 19, 2017. District staff has reviewed the terms and conditions of the contract, has assessed the prices to be fair, reasonable, and competitive and finds it is in the best interest of the District to utilize the California Participating Addendum No. 7-14-99-20.01 for the purchase of hand and power tools on an as-needed basis. The savings to the District are significant and the use of this contract would expedite delivery of needed tools for transportation, maintenance, and the ROP automotive program.

RATIONALE:

The purpose of this agenda item is to seek Board authorization to utilize the California Participating Addendum No. 7-14-99-20.01 which is a contract between the State of California's Department of General Services and IDSC Holdings LLC dba Snap-on Industrial for the purchase of hand and power tools. This approval applies to purchases made within the term of the agreement and is contingent upon verification of the availability of funds for each purchase.

TITLE: **Approval of Declaration of Need for Fully Qualified Educators for 2016-17 School Year**

ITEM: **Consent**
SUBMITTED BY: **Mark A. McKinney, Associate Superintendent, Human Resources**
PREPARED BY: **Mark A. McKinney, Associate Superintendent, Human Resources**

BACKGROUND INFORMATION:

The purpose of this agenda is to seek Board approval of the Declaration of Need for Fully Qualified Educators. The California Commission on Teacher Credentialing, requires school districts to file with the Commission an annual Declaration of Need for Fully Qualified Educators as a prerequisite to the Commission's issuance of any emergency or limited assignment permit for employees.

ITEM SUMMARY:

- Provides the District the ability to apply for waivers from the California Commission on Teacher Credentialing for difficult to fill credential areas.

RATIONALE:

This approval is necessary in order to authorize the use of Emergency CLAD Permits and Limited Assignment Permits. The use of such permits is minimal and only requested when necessary. To employ teachers in difficult to fill credential areas including, but not limited to, Deaf and Hard of Hearing and ROTC these areas would be issued an Emergency CLAD Permit when necessary. Limited Assignment Permits, would be utilized when the District has an applicant that has extensive experience but lacks the appropriate credential from the California Commission on Teacher Credentialing. Board action is necessary on an annual basis.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Statements

The unaudited financial statements have not yet been audited for compliance with Generally Accepted Accounting Principles (GAAP) or Governmental Accounting Standards Board (GASB) guidelines.

Definitions

Restricted Resources- Are those resources that are specified by the donor for specific uses.

Unrestricted Resourced- Are those resources whose uses are not subject to specific constraints and may be used for any purposes not prohibited by law.

Fund Balance- In governmental funds, the difference between assets and liabilities is reported as fund balance. Fund balance is divided into reserved and unreserved portions. Reserved fund balance is the portion that is not available for expenditure or that is legally segregated for a specific future use and therefore cannot be appropriated. For example, Stores, Prepaid Expenditures, and Revolving Cash are not available for spending, so the portion of fund balance represented by these items must be reserved.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

A. Salaries and Benefits - Other General Administration and Centralized Data Processing

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 7200-7700, goals 0000 and 9000) — 17,569,580.48
2. Contracted general administrative positions not paid through payroll
   a. Enter the costs, if any, of general administrative positions performing services ON SITE but paid through a contract, rather than through payroll, in functions 7200-7700, goals 0000 and 9000, Object 5800.
   b. If an amount is entered on Line A2a, provide the title, duties, and approximate FTE of each general administrative position paid through a contract. Retain supporting documentation in case of audit.

B. Salaries and Benefits - All Other Activities

1. Salaries and benefits paid through payroll (Funds 01, 09, and 62, objects 1000-3999 except 3701-3702) (Functions 1000-6999, 7100-7180, & 8100-8400; Functions 7200-7700, all goals except 0000 & 9000) — 476,799,673.23

C. Percentage of Plant Services Costs Attributable to General Administration

(Line A1 plus Line A2a, divided by Line B1; zero if negative) (See Part III, Lines A5 and A6) — 3.68%

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool. Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero. — 0.00

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A.	**Indirect costs incurred in the current year (Part III, Line A8)**	41,953,113.38
B.	**Carry-forward adjustment from prior year(s)**	
1.	Carry-forward adjustment from the second prior year	5,538,586.38
2.	Carry-forward adjustment amount deferred from prior year(s), if any	0.00
C.	**Carry-forward adjustment for under- or over-recovery in the current year**	
1.	Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (6.49%) times Part III, Line B18); zero if negative	10,568,926.29
2.	Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (6.49%) times Part III, Line B18) or (the highest rate used to recover costs from any program (6.49%) times Part III, Line B18); zero if positive	0.00
D.	**Preliminary carry-forward adjustment (Line C1 or C2)**	10,568,926.29
E.	**Optional allocation of negative carry-forward adjustment over more than one year**	

Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.

Option 1.	Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	not applicable
Option 2.	Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
Option 3.	Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment is applied to the current year calculation and the remainder is deferred to one or more future years:	not applicable
	LEA request for Option 1, Option 2, or Option 3	1
F.	**Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)**	10,568,926.29

SELPA: Santa Ana Unified (BN)

This form is used to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA. If a member of a SELPA, submit this form together with the 2015-16 Expenditures by LEA (LE-CY) and the 2014-15 Expenditures by LEA (LE-PY) to the SELPA AU. If a single-LEA SELPA, submit the forms to the CDE.

Per the federal Subsequent Years Rule, in order to determine the required level of effort, the LEA must look back to the last fiscal year in which the LEA maintained effort using the same method by which it is currently establishing the compliance standard. To meet the requirement of the Subsequent Years Rule, the LMC-A worksheet has been revised to add Section 3.A.2 and Section 3.B.2. Section 3.A.2 and Section 3.B.2 allow the LEA to compare the 2015-16 expenditures to the most recent fiscal year the LEA met MOE using that method, which is the comparison year. To ensure the LEA is comparing 2015-16 expenditures to the appropriate comparison year, the LEA is required to complete the Subsequent Years Tracking (SYT) worksheet with their LMC-A worksheet. The SYT worksheet tracks the result for each of the four methods back to FY 2011-12, which is the baseline year for LEA MOE calculations established by the Office of Special Education Programs. The SYT worksheet is available at: http://www.cde.ca.gov/sp/se/as/documents/subseqyrtrckwrksht.xls.

There are four methods that the LEA can use to demonstrate the compliance standard. They are (1) combined state and local expenditures; (2) combined state and local expenditures on a per capita basis; (3) local expenditures only; and (4) local expenditures only on a per capita basis.

The LEA is only required to pass one of the tests to meet the MOE requirement. However, the LEA is required to show results for all four methods. These results are necessary both for historical purposes and for the possibility that the LEA may want, or need, to switch methods in future years.

SECTION 1 Exempt Reduction Under 34 CFR Section 300.204

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to combined state and local MOE standard, local only MOE standard, or both. If the LEA meets one of the conditions below, the LEA must complete and include the IDEA MOE Exemption Worksheet available at: http://www.cde.ca.gov/sp/se/as/documents/leamoeexempwrksht.xls

1. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.

2. A decrease in the enrollment of children with disabilities.

3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:

   a. Has left the jurisdiction of the agency;
   b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
   c. No longer needs the program of special education.

4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.

5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

Provide the condition number, if any, to be used in the calculation below:	State and Local	Local Only

SECTION 2 **Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205)**

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act (ESEA) of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

This form is used to check maintenance of effort (MOE) for an LEA, whether the LEA is a member of a SELPA or is a single-LEA SELPA. If a member of a SELPA, submit this form together with the 2016-17 Budget by LEA (LB-B) and the 2015-16 Expenditures by LEA (LE-B) to the SELPA AU. If a single-LEA SELPA, submit the forms to the CDE.

Per the federal Subsequent Years Rule, in order to determine the required level of effort, the LEA must look back to the last fiscal year in which the LEA maintained effort using the same method by which it is currently establishing the eligibility standard. To meet the requirement of the Subsequent Years Rule, the LMC-B worksheet has been revised to add Section 3.A.2 and Section 3.B.2. Section 3.A.2 and Section 3.B.2 allow the LEA to compare the 2016-17 budgeted expenditures to the most recent fiscal year the LEA met MOE using that method, which is the comparison year. To ensure the LEA is comparing 2016-17 budgeted expenditures to the appropriate comparison year, the LEA is required to complete the Subsequent Years Tracking (SYT) worksheet with their LMC-B worksheet. The SYT worksheet tracks the result for each of the four methods back to FY 2011-12, which is the baseline year for LEA MOE calculations established by the Office of Special Education Programs. The SYT worksheet is available at: http://www.cde.ca.gov/sp/se/as/documents/subseqyrtrckwrksht.xls.

There are four methods that the LEA can use to demonstrate the eligibility standard. They are (1) combined state and local expenditures; (2) combined state and local expenditures on a per capita basis; (3) local expenditures only; and (4) local expenditures only on a per capita basis.

The LEA is only required to pass one of the tests to meet the MOE requirement. However, the LEA is required to show results for all four methods. These results are necessary both for historical purposes and for the possibility that the LEA may want, or need, to switch methods in future years.

SECTION 1 Exempt Reduction Under 34 CFR Section 300.204

If your LEA determines that a reduction in expenditures occurred as a result of one or more of the following conditions, you may calculate a reduction to the required MOE standard. Reductions may apply to combined state and local MOE standard, local only MOE standard, or both. If the LEA meets one of the conditions below, the LEA must complete and include the IDEA MOE Exemption Worksheet available at: http://www.cde.ca.gov/sp/se/as/documents/leamoeexempwrksht.xls.

1. Voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
2. A decrease in the enrollment of children with disabilities.
3. The termination of the obligation of the agency to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the SEA, because the child:
   a. Has left the jurisdiction of the agency;
   b. Has reached the age at which the obligation of the agency to provide free appropriate public education (FAPE) to the child has terminated; or
   c. No longer needs the program of special education.
4. The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
5. The assumption of cost by the high cost fund operated by the SEA under 34 CFR Sec. 300.704(c).

Provide the condition number, if any, to be used in the calculation below:	State and Local	Local Only
Total exempt reductions	0.00	0.00

SECTION 2 **Reduction to MOE Requirement Under IDEA, Section 613 (a)(2)(C) (34 CFR Sec. 300.205)**

IMPORTANT NOTE: Only LEAs that have a "meets requirement" compliance determination and that are not found significantly disproportionate for the current year are eligible to use this option to reduce their MOE requirement.

Up to 50% of the increase in IDEA Part B Section 611 funding in current year compared with prior year may be used to reduce the required level of state and local expenditures. This option is available only if the LEA used or will use the freed up funds for activities authorized under the Elementary and Secondary Education Act (ESEA) of 1965. Also, the amount of Part B funds used for early intervening services (34 CFR 300.226(a)) will count toward the maximum amount by which the LEA may reduce its MOE requirement under this exception [P.L. 108-446].

		State and Local	Local Only
Current year funding (IDEA Section 611 Local Assistance Grant Awards - Resources 3310 and 3320)			
Less: Prior year's funding (IDEA Section 611 Local Assistance Grant Awards - Resources 3310 and 3320)			
Increase in funding (if difference is positive)	0.00		
Maximum available for MOE reduction (50% of increase in funding)	0.00 (a)		
Current year funding (IDEA Section 619 - Resource 3315)			
Maximum available for early intervening services (EIS) (15% of current year funding - Resources 3310, 3315, and 3320)	0.00 (b)		
If (b) is greater than (a). Enter portion to set aside for EIS (cannot exceed line (b), Maximum available for EIS)	(c)		
Available for MOE reduction. (line (a) minus line (c), zero if negative)	0.00 (d)		
Enter portion used to reduce MOE requirement (cannot exceed line (d), Available for MOE reduction).			
If (b) is less than (a). Enter portion used to reduce MOE requirement (first column cannot exceed line (a), Maximum available for MOE reduction, second and third columns cannot exceed (e), Portion used to reduce MOE requirement).	(e)		
Available to set aside for EIS (line (b) minus line (e), zero if negative)	0.00 (f)		

Note: If your LEA exercises the authority under 34 CFR 300.205(a) to reduce the MOE requirement, the LEA must list the activities (which are authorized under the ESEA) paid with the freed up funds:

The delegate must also have an Internal Dispute Resolution, developed jointly with its Policy Committee, for resolving internal disputes, including impasse procedures, between the Board of Directors and the Policy Committee. By-Laws are to be submitted to the Grantee upon approval of the Delegate's Board.

8. INSURANCE REQUIREMENTS

In accordance with the requirements of 45 CFR 1301.11, Delegate shall obtain and keep in effect student accident, liability and automobile insurance covering Delegate's performance under this Agreement.

Delegate insurance coverage shall be primary insurance to the Grantee, its governing body, the individuals thereof, and all officers, agents, employees, representatives, and volunteers.

Delegate is responsible for the settlement of all claims, which may arise out of the delegation of program operations hereunder. In order to protect Delegate from such claims, the following insurance requirements have been determined as adequate by the Grantee.

a. Student Accident Insurance. Delegate must carry a sufficient policy that includes benefits for Delegate Head Start children covering medical, dental, dismemberment, and death benefits for accidents during program hours and the period immediately preceding and following program hours. It shall also cover official activities, such as field trips away from Delegate's premises and at times other than program hours.

b. General Liability. The Delegates policy of insurance shall be primary in all cases and shall include, but not be limited to, comprehensive general liability, professional liability and/or incidental malpractice, with a combined single limit of not less than One Million Dollars ($1,000,000) for each occurrence.

   The Grantee shall be named as an additional insured and Delegate shall provide proof of such coverage concurrent with Delegate's execution of this Agreement.

c. Automobile Insurance. If Delegate owns, leases, rents or operates motor vehicles or school buses as a part of this Agreement, a policy of comprehensive automobile liability insurance shall be procured which shall be primary, with limits of:
   - School buses Five Million Dollars ($5,000,000)
   - Other vehicles One Million Dollars ($1,000,000)

Delegate, owners, and drivers of all vehicles utilized for the provision of transportation service in the Head Start program shall be covered under this policy. The Grantee shall be named as an additional insured on such policy and Delegate shall provide proof of such coverage concurrent with Delegate's execution of this Agreement.

d. Workers' Compensation. During the term of this Agreement, Delegate shall obtain and maintain a policy of insurance as required by the Labor Code of the State of California and Employer's Liability insurance limits of One Million Dollars ($1,000,000) per accident. By signing this Agreement, Delegate hereby certifies that it is aware of the provisions of Section 3700 et seq., of the Labor Code of the State of California that require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and shall comply with such provisions before commencing any work under a contract with the Grantee.

e. Blanket Fidelity Bond. During the term of this Agreement, Delegate shall obtain and maintain a comprehensive crime policy in an amount not less than Five Hundred Thousand Dollars ($500,000) insuring against loss of money, securities or other property referred to hereunder, which may result from: (a) dishonesty or fraudulent acts of agents, officers, employees and volunteers (commercial blanket form) of Delegate; or (b) disappearance, destruction or wrongful abstraction of property, including records, inside or outside Delegate, while in the care, custody or control of Delegate; or (c) sustained through forgery or alteration of checks, drafts, or any order or direction to pay a certain sum of money. The policy shall be primary in all instances and include a loss payable endorsement naming the Grantee as the Grantee's interests may appear. The Grantee shall be named as additional insured on such policy and Delegate shall provide proof of such coverage concurrent with Delegate's execution of this Agreement.

f. Directors and Officers (D&O) Liability Coverage. Coverage for individuals and Delegate in the amount of One Million Dollars ($1,000,000) each claim, and in the annual aggregate with a maximum deductible of Ten Thousand Dollars ($10,000). The policy shall be endorsed to include coverage for employment practices liability and a one-year extended reporting period.

g. Property Coverage. If, under the terms of this Agreement, Delegate shall have possession of, rent, lease, or be loaned any real or personal property, Delegate shall insure such property in the manner and amounts as specified below:
   - Real property - for the full insurable replacement value against the hazards of fire special form coverage; vandalism and malicious mischief; and, other property related loss
   - Personal property - for the replacement cost value against the hazards of fire, burglary, theft, vandalism, and malicious mischief

All insurance as specified herein shall be procured through a carrier satisfactory to the Grantee. The Grantee shall not unreasonably withhold its approval of the Delegate's choice of carrier if all requirements are being met.

Certificates of insurance and endorsements indicating specific hazards shall be on file with the Grantee Finance and Administration Office within thirty (30) days of execution of this Agreement. Delegate shall give the Grantee notice by registered mail at least thirty (30) days in advance of any modification or cancellation of any policy of insurance.

h. Failure to Comply. In the event Delegate fails to perform in accordance with the indemnification and insurance requirements clauses of this Agreement, or otherwise breaches any other clause, the Grantee shall be entitled to recover legal fees, costs, and other expenses incident to securing performance or incurred as a consequence of non-performance.

i. Notification. Delegate shall immediately notify Grantee by phone and in writing of any and all incidents which result in a serious injury or death of a Head Start student, and the time, place, and circumstances thereof, including identification of witnesses, if known. A copy of the Department of Social Services "Unusual Incident/Injury Report (LIC 624)" shall be submitted by Delegate to the Grantee as soon as it is completed or no later than twenty four (24) hours after such incident, except in extraordinary circumstances in which case the report shall be submitted within forty eight (48) hours.

9. HOLD HARMLESS AND INDEMNIFICATION

Delegate agrees to and does hereby indemnify and hold harmless the Grantee, its officers, agents and employees from every claim or demand made, and every liability, loss, damage, or expense of any nature whatsoever, which may be incurred by reason of:

a. Liability for damages for (1) death or bodily injury to persons, (2) injury to, loss or theft of property, (3) any other loss, damage or expense sustained by Delegate or any person, firm or corporation employed by Delegate arising out of or relating to the work called for under this Agreement, except for liability resulting solely from the negligence or willful misconduct of the Grantee, its officers, agents, volunteers, direct employees or independent contractors of the Grantee; and

b. Any injury to, or death of persons, or damage to property caused by any act, negligence, default or omission of Delegate or any person, firm or corporation employed by Delegate, either directly or by independent contract, including all damages due to loss or theft, sustained by any person, firm or corporation, including the Grantee, arising out of, or in any way connected with the work covered by this Agreement, whether such injury or damage occurs either on or off Delegate's premises, if the liability arose from negligent or willful misconduct of an officer, agent, volunteer, employee, or independent contractor, direct or indirect, of the Delegate.

c. Delegate, at its own expense and risk, shall defend any legal proceeding which may be brought against the Grantee, its officers, agents or employees on any such claim or demand as set forth in Paragraphs a. and b. above of this subsection, and pay and satisfy any judgment that may be rendered against the Grantee and Delegate as it pertains to this subsection. The Grantee shall have counsel of its own choice in any such proceeding. Delegate may not use any Head Start or Early Head Start funds to defend itself in any legal proceeding unless prior approval has been received from OCHS and ACF, if applicable.

10. FISCAL MANAGEMENT

Delegate must meet the standards for a sound financial management system as set forth in 45 CFR 74, Subpart C, 45 CFR 1301.10–1301.21, 1301.20(c)(5), 1304.23(b)(1)(i), 1304.50(f), 1304.50(g)(2), 1304.52(d)(8), 1305.9, and other applicable federal and state regulations.

a. Financial Reporting System. Accurate, current and complete disclosure of the results of the Head Start program shall be made in accordance with the provisions of this section. Financial reporting shall comply with commercial auditing standards for Head Start-funded programs and shall be maintained in such a manner as will minimize audit exceptions. In accordance with 45 CFR 1304.51(h)(1) and 1304.51(h)(2), the Delegate shall produce monthly financial reports for the Board and Policy Committee on Head Start activities. These reports shall be submitted to the Accounting Department of the Grantee and as an attachment to the minutes of their respective meetings.

In support of the financial management system, Delegate shall have written accounting procedures, which follow Federal Regulations and provide for consistent reporting of financial transactions.

Delegate is expected to use the funds for the purpose stated in the grant award. Guidance on allowable and non-allowable costs are outlined in 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Super Circular which replaces OMB A-102, A-110, A-89, A-21, A-87, A-122 and A-133) and must be followed for any expenses charged to the Head Start Grant.

b. Fiscal Monitoring and Reporting Program Performance.

- The Grantee and Delegate are responsible for oversight of the operations of the Federal award supported activities. The Delegate must monitor its activities under Federal awards to assure compliance with applicable Federal requirements and performance expectations are being achieved. Monitoring by the Delegate must cover each program, function or activity.

- The Grantee and Delegate must use Grantee standard data elements for collection of performance information.

- The Delegate must submit performance reports at the interval required by the Grantee to best inform improvements in program outcomes and productivity. Intervals must be no less frequent than annually nor more frequent than monthly except in unusual circumstances, for example where more frequent reporting is necessary for the effective monitoring of the Federal award or could significantly affect program outcomes.

- The Delegate must submit performance reports using Grantee approved information collections when providing performance information. As appropriate in accordance with above mentioned information collections, these reports will contain:

    - A comparison of actual accomplishments to the objectives of the Federal award established for the period. Where the accomplishments of the Federal award can be quantified, a computation of the cost (for example, related to units of accomplishment) may be required if that information will be useful. Where performance trend data and analysis would be informative to the Federal awarding agency program, the Federal awarding agency should include this as a performance reporting requirement.

    - The reasons why established goals were not met, if appropriate.

    - Additional pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

The Grantee shall monitor the activities of the Delegate as necessary to ensure that the funding is used for authorized purposes, in compliance with Federal statutes, regulations, and the terms and conditions of the sub award; and that the delegate performance goals are achieved. Grantee monitoring of the delegate will include:

- Reviewing financial and performance reports required by the Grantee, state and federal regulations.

- Following-up and ensuring that the Delegate takes timely and appropriate action on all concerns, non-compliances and deficiencies pertaining to the Federal award provided to the Delegate from the Grantee detected through audits, on-site reviews, and/or any other means.

- Issuing a management decision for audit findings pertaining to the Federal award provided to the Delegate from the Grantee.

The use of Head Start and/or Early Head Start funds may not be used to pay the costs of other programs, whether collocated or partnered, pending the receipt of cash advances or cost reimbursement from State or other funding sources due to economic conditions, failure to approve State budgets, reductions to programs funded by the state, etc.

Payments to Delegate of Head Start funds will be done in accordance with the Delegate's budget for the Program year. It is expected that the budget will reflect the appropriate funding for the Delegate's Head Start program and that funds will be expended for allowable budgeted expenses. The Grantee will, as stated elsewhere in this Contract, review Delegate program costs to insure that funding is adequate and is being utilized as budgeted.

The Grantee reserves the right to reduce Delegates' current and/or future Grant funding if Delegate consistently demonstrates that funding is in excess of what Delegate requires to adequately fund its Head Start program and comply with applicable Performance Standards.

c. Annual Audits. Delegate shall have an annual audit, which conforms to 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Super Circular which replaces OMB A-102, A-110, A-89, A-21, A-87, A-122 and A-133).

If OCHS provides the Delegate Agency more than fifty percent of its funding, the Delegate shall separate Head Start funding from other sources of funding in its Annual Audit. A copy of the organization-wide audit report, with accompanying management letter, shall be provided to the Director of Finance of the Grantee annually, within thirty (30) days after receipt of the Audit Report. Any non-compliance issues must be addressed with a corrective action plan inclusive of a timeline for action, which shall also be provided simultaneously to the Executive Director of the Grantee. The Delegate's Board of Directors must approve the Corrective Action Plan and the appropriate action to ensure all issues are corrected in a timely manner.

d. Payments/Reimbursements. Delegate shall limit payment requests to amounts needed to meet immediate cash requirements, and shall limit excessive amounts in interest bearing accounts to insure that cash assets are insured under FDIC rules, or that funds are collateralized by the financial institution holding the funds for the Delegate. Delegate shall be mindful of and adhere to the limitations in its own rate of withdrawal of funds under the approved program budget and of the requirement to liquidate all obligations within two (2) calendar months (60 calendar days) after expiration of the contract. Delegate is responsible for obtaining all outstanding invoices for goods and services from vendors to ensure obligations are liquidated within this time period. No obligations or payment of liquidations will be allowed after this sixty (60) calendar day period.

Reimbursements by the Grantee to the Delegate shall be made in accordance with the policies, procedures, and standards established by the Grantee. The Grantee shall not unreasonably withhold reimbursements. The Grantee shall make payment under this Agreement only after timely receipt of Delegate's Invoice for Reimbursement, which shall be consistent with the approved budget. Such invoices must be accurate and reflect the financial activity of the period covered by the invoice. All costs shall be supported by properly propagated and executed payrolls, time records, invoices, contracts, vouchers, non-federal share documentation, or other official documentation, which shall be at the sole discretion of the Grantee, evidencing in proper detail the nature and propriety of the charge. The Grantee reserves the right to withhold reimbursement or advance payments if supporting documentation for federal and non-federal share is inadequate or late. Advance payments shall be made at the sole discretion of the Grantee or as mutually agreed upon by Grantee and Delegate, and shall be limited to estimated expenditures for the succeeding thirty (30) day period, less unexpended funds advanced in the previous period. Expenditures that exceed allowable budget flexibility will not be reimbursed, unless prior written approval from the Grantee has been obtained. No funds identified in this Agreement shall, without advance written approval of Grantee, be obligated before the beginning of the term or after the ending of the term.

Monthly fiscal reports are due to the Grantee no later than twenty (20) calendar days following the end of each month.

Delegate will be liable for and will repay to Grantee any amounts expended under this Agreement found not to be in accordance with the Head Start program and the provisions of this Agreement including, but not limited to, disallowed costs. Such repayment will be from sources of funds other than those funds received under this Agreement.

If the Delegate anticipates savings at year end and would like to use those funds for items totaling over Five Thousand Dollars ($5,000) not budgeted in the original grant application, a formal written request with an accompanying budget must be submitted to the Grantee no later than ninety (90) days in advance of year end explaining the reasons for surplus funds, assuring surplus funds are not due to under-enrollment and the proposed reallocation of those funds. If acceptable to the Grantee and necessary, the Delegate's formal request will be forwarded to ACF by the Grantee within forty five (45) days of year-end for approval.

e. Non-Federal Share. Delegate shall contribute a non-federal share to the program, which meets or exceeds twenty five percent (25%) of the federal share as outlined in the approved budget. Delegate shall accumulate and record the non-federal share on a monthly basis and submit the status report on a monthly basis to the Finance and Administration office of the Grantee, as specified in the "Orange Book" and other documents, which are located on the OCHS website.

Delegate shall issue a standard schedule for valuation of volunteer services that is approved by the Policy Committee and its subsequent Finance Committees. Volunteer services reported as a non-federal match for the Head Start program shall conform to the standard schedule based on the approved application for funding. Beginning July 1, 2007, Parent Transportation time and mileage may no longer be used as part of the non-federal match. Beginning July 1, 2011, home visit space and socializations may no longer be used as part of the federal match as well.

f. Allowable Costs. Delegate is responsible for establishing and maintaining a system for determining the reasonable, allowable, allocable and necessary nature of costs in accordance with "Cost Principles for Nonprofit Organizations," 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Super Circular which replaces OMB A-102, A-110, A-89, A-21, A-87, A-122 and A-133).

Delegate shall only expend Head Start funds consistent with the purposes identified in its approved Budget and Cost Allocation Plan and shall not transfer funds between budget categories without prior written approval from the Grantee.

g. Procurement Standards. Delegate may utilize a procurement system, including applicable policies, regulations and procedures, developed by the Delegate providing that procurements are made in accordance with the provisions of 45 CFR 74.40 – 74.48.

h. Cost Allocation Study and Plan. In accordance with 2 CFR Part 230, Delegate is required to execute a formal Cost Allocation Study that identifies the time spent by Delegate Agency staff working in the Head Start program and other Delegate programs (such as State Preschool). The purpose is to confirm the accuracy of the costs of staff allocated to the Head Start program. This study is a major component of the Grantee's funding award and must be completed by Grantee and all Delegates. The Cost Allocation Plan must be completed and submitted to the Grantee by August 31st of each program year. Grantee can and will provide methodology, technical assistance and other support to Delegate in meeting this requirement.

i. Quarterly Financial Projections. Delegate will provide OCHS with quarterly financial projections, beginning with the quarter ending September 30 of each year and for each quarter of the Grant year covered by this contract. This report will show Delegate's actual spending YTD and a projection of the anticipated spending for the remaining months of the Contract year. Delegate will identify specific areas where Grant funds are projected to be spent by the Delegate.

These reports will be forwarded to the Accounting Department of OCHS, to the attention of the Financial Analyst, no later than thirty (30) days following the end of each calendar quarter.

11. LIMITATION OF DEVELOPMENT AND ADMINISTRATIVE COSTS

In accordance with the provisions set forth in 45 CFR 1301.32, the costs of developing and administering a Head Start program shall not exceed fifteen percent (15%) of the total costs of the program. Costs in excess of the fifteen percent (15%) limitation may be disallowed at the discretion of the Grantee.

The total cost of the Head Start program operated hereunder is the total of Delegate's allocation covered by the "Notice of Grant Award" and the non-federal share, including cash value of in-kind contributions, which are included in the approved budget for the current budget year.

12. FINAL REPORT

All obligations incurred in the performance of this Agreement must be reported to the Grantee by August 20th to be binding upon Grantee for reimbursement. Timely reporting of such obligations or debts shall be the sole responsibility of the Delegate. Delegate agrees to cooperate fully with Grantee to ensure that the program authorized in this Agreement is closed-out by August 20th. All unexpended funds shall revert to Grantee.

13. MONITORING

Delegate shall establish and implement procedures for the ongoing oversight and monitoring of their program operations and management systems (including communication, planning, record-keeping, and reporting, monitoring, human resources, ERSEA, and governance) to ensure that Head Start administrative regulations, Performance Standards, and all other applicable regulations are met; facilities comply with all applicable environmental health and safety regulations; the operations of the program work towards meeting program goals and objectives; and continuous delivery of effective, high quality program services.

Delegate will utilize the Grantee's system of ongoing monitoring as defined in the Grantee's Service Area Plans, Policies and Procedures, as adapted to fit the Delegate's organizational structure. Delegate must make data and reports from the Delegate's own monitoring system available to the Grantee for review.

In addition, Delegate will comply with the Grantee's ongoing monitoring of the Delegate program operations and management systems (including communication, planning, record-keeping and reporting, monitoring, human resources, ERSEA and governance) in accordance with the OCHS Monitoring Procedures and as required in 45 CFR 1304.51(i)(2), CFR 74.51, 641A(g)(3) and Act Section 642(c)(E)(VII-VIII).

If the Delegate is determined by the Grantee to have a non-compliance or a deficiency, the Delegate must:

- Within thirty (30) calendar days from the day the Period Monitoring Report (PMR) is received by the Delegate Agency from the Grantee, develop a Corrective Action Plan (CAP), that shall be subject to the approval of the Grantee, that shall specify:
    - the non-compliances or deficiencies to be corrected;

- the actions to be taken to correct such non-compliances or deficiencies;
- the persons responsible for correcting the non-compliances or deficiencies;
- the timetable for accomplishment of the corrective actions specified, and
- include documentation of Board and Policy Committee approval (approvals may be submitted up to forty-five (45) calendar days from the day the PMR was received by the Delegate if additional time is needed).

Not later than thirty (30) calendar days after receiving the CAP from the Delegate, the Grantee shall either approve such proposed plan or specify the reasons why the proposed plan cannot be approved.

Delegate must correct each non-compliance or deficiency identified not later than the date for correction of such deficiency specified in such plan (which shall not be later than six months after the date the Delegate received notice of the determination of the specific non-compliance or deficiency to be corrected in Period 1, or upon completion of Pre-service training of the following program year for non-compliances or deficiencies identified in Period 2). Delegate shall re-submit the CAP to the Grantee indicating validation steps and dates for each non-compliance or deficiency. Grantee may require shorter deadlines for corrective actions depending on the nature or severity of the findings (e.g., health and safety, fiscal issues). On or before this date, the Delegate Board shall send a letter to the Grantee confirming that the non-compliances or deficiencies have been corrected.

Grantee may require that supporting documentation is submitted with the CAP to validate that the corrective actions have taken place.

Failure to correct the non-compliances or deficiencies within the required timeframe may result in the Grantee issuing the Delegate a notice of deficiency, as defined in the Improving Head Start for School Readiness Act of 2007, Section 637(2)(C). See item 37 of this Agreement.

Delegate may request technical assistance from the Grantee to develop appropriate corrective plans for non-compliance items identified during the monitoring process.

In addition, within thirty (30) calendar days from the day each Corrective Action/Follow-Up Form is received by the Delegate agency, Delegate shall provide the Grantee, electronically, validation of correction and/or completion of individual concerns as detailed in the Corrective Action/Follow-Up Form, including a description of how the Delegate will sustain the correction, along with supporting documentation that substantiates the correction and/or completion of each concern (e.g., staff sign-off sheets, training agendas, corrected documents). Any concerns not validated (i.e., corrected, completed or sufficient follow-up shown based on agency policy) within the designated thirty (30) calendar day period will be considered a non-compliance for the monitoring period reviewed.

For any immediate Health and Safety or children's rights concerns identified, Delegate shall provide the Grantee with a report of all non-compliance issues and corresponding corrective action plan within forty-eight (48) hours from the time the health and safety concern was reported by the Grantee to the Delegate Agency. Grantee may require Delegate to correct the deficiency immediately if the Grantee finds that the deficiency threatens the health or safety of staff or program participants or poses a threat to the integrity of Federal funds.

Delegate shall make data reports available to the Grantee as part of the ongoing monitoring process or anytime as requested.

If ongoing monitoring results in a designation of "deficiency," as defined in The Head Start Act, Section 637(2), the Delegate may be subject to termination of this Agreement, defunding, or any other remedy available to OCHS. See item 37 of this this Agreement.

By the 5th day of each month, Delegate shall submit to the Grantee a Program Information Summary report for the month prior using the Data Collection Worksheet, including required validation documents generated from the Child Plus data management system as listed in Attachment A. Delegate shall conduct an analysis of the monthly Program Information Summary to identify any concerns with the data prior to submitting the report to the Grantee. If any concerns are identified through analysis of the monthly data (e.g., data falling below the benchmark or remarkably greater or less than expected for the month reported), the Delegate shall complete a Corrective Action Plan (CAP) to address the identified concerns, and submit the CAP to the Grantee with the Program Information Summary. The CAP must include appropriate timelines and persons responsible for completion. All incomplete or inaccurate reports will be sent back to the Delegate to correct and re-submit to the Grantee. Inaccurate, late or missing reports may be considered a non-compliance for the monitoring period reviewed.

Delegate shall submit a report of the status of completed sensory, developmental and behavioral screenings for newly enrolled children no later than two (2) weeks after the 45th day of services as calculated from the day designated by the agency as the first day children enter the program for the new program year. Subsequently, for each month following the submission of this report, Delegate must report this information as part of the monthly Program Information Summary submitted to the Grantee. (See Appendix A.)

Delegate must establish and designate timelines for services to children and families in their service area plans, policies and procedures as follows:

- Delegate must initiate the family partnership process with each family within the first thirty (30) calendar days of each child's entry into the program and establish timelines for the goal setting process.
- Delegate must complete the first family partnership agreement with each family by January 15th of each program year.
- Delegate must establish timelines for follow-up with families with outstanding health documentation, or health or nutrition concerns.

Delegate must also allow grantee access to their Child Plus data management system during monitoring reviews, or at any time.

Delegate shall maintain service area plans, policies and procedures for management systems, including ERSEA, Ongoing Monitoring, Self-Assessment, Recordkeeping and Reporting, Communication, Human Resources, Governance and Fiscal services.

Delegate shall enter all required Program Information Report (PIR) data into the Head Start Enterprise System (HSES) annually by July 31st. All incomplete or inaccurate reports will be sent back to the Delegate to correct and re-submit to the Grantee. Supporting Child Plus reports for validation of data must be submitted electronically to the Grantee at the same.

Delegate shall maintain up-to-date and accurate information on the Head Start Enterprise System (HSES) at all times, including the Contacts, Programs, Centers and Facilities sections of the system.

The Delegate must make its governing body, Policy Committee and other parent, staff, records/documents/communications and facilities available for review. Failure to do so may result in OCHS employing any remedies available to it, including termination of the contract.

14. PROGRAM SELF-ASSESSMENT

Delegate shall conduct a comprehensive Self-Assessment annually, inclusive of program services and management systems (including fiscal, communication, planning, record-keeping and reporting, monitoring, human resources, ERSEA and governance). The Self-Assessment shall evaluate the program's progress towards meeting goals and objectives using aggregated child assessment data where applicable, compliance with program Performance Standards throughout the program year, and the effectiveness of the professional development and family engagement systems in promoting school readiness, using classroom, professional development and parent and family engagement data as appropriate. In addition, Delegate shall use the Self-Assessment in the establishment of program goals for improving the school readiness of children participating in the program, including school readiness goals that are aligned with the Head Start Early Learning Outcomes Framework 2015, State early learning standards as appropriate, and requirements and expectations of the schools the children will be attending; and use lessons from the Self-Assessment to identify program needs and develop and implement plans for program improvement.

On or before this date, the Delegate Board shall send a letter to the Grantee confirming that the non-compliances or deficiencies have been corrected.

Failure to correct the non-compliances or deficiencies within the required timeframe may result in the Grantee issuing the Delegate a notice of deficiency, as defined in the Improving Head Start for School Readiness Act of 2007, Section 637(2)(C). See item 37 of this Agreement.

Delegate may request technical assistance from the Grantee to develop appropriate corrective plans for non-compliance items identified during the assessment process.

The outcome of this meeting will be a comprehensive action plan that addresses areas in need of support and improvement, in an effort to guide ongoing monitoring, training and technical Assistance, and the refunding process. The Grantee shall make training and technical assistance available to Delegate staff, Policy Committee members, and governing body to assist them in understanding their roles and responsibilities in shared governance. Some of these sessions may be mandatory.

21. ELIGIBILITY, RECRUITMENT, SELECTION, ENROLLMENT, AND ATTENDANCE PLAN

Delegate must follow the requirements set forth in 45 CFR Parts 1305 for the eligibility, recruitment, selection, enrollment and attendance of program participants. The Grantee assigns each Delegate specific

recruitment areas for delivery of Head Start services to eligible children and their families as defined in the attached amendment. The purpose of recruitment areas is to provide definition of geographical boundaries for each Delegate providing services under a contract with the Grantee.

Recruitment areas facilitate the ability of parents and the community to identify the responsible delegate agency for providing services to eligible children, and place responsibility on Delegate for dedicating efforts and resources within the specific geographical area. The Delegate may not willfully recruit children residing outside of their assigned recruitment area(s). Grantee retains the right to reduce Delegate Agency funding for services to children outside of the Delegate's assigned recruitment area(s). In such cases where a Delegate cannot serve all Head Start eligible children within its recruitment area, the Grantee maintains the rights to serve such children. The Delegate may enroll a maximum of ten percent (10%) children whose family income exceeds one hundred percent (100%) of the Federal Poverty Guidelines. This is a maximum and any child enrolled that exceeds this maximum will be considered an "erroneous payment" and a disallowance. Delegate's Governing Board and Policy Committee must approve or disapprove the agency's ERSEA policy. In order for the Delegate to enroll children under 640(a)(1)(B)(iii)(II), whose families have incomes between one hundred percent (100%) and below one hundred and thirty percent (130%) of the poverty line, Delegate must show that it has established and implemented outreach and enrollment policies and procedures that ensure the agency is meeting the needs of income eligible children prior to meeting the needs of the children eligible in this category.

Full enrollment for the Delegate must be reflected in the ChildPlus report for the Delegate's student enrollment on the first day of their enrollment year, and such report, with waitlist data, must be submitted to the Grantee no later than September 31st. Under no circumstances shall the Delegate practice over-enrollment in any classroom in which actual attendance exceeds the preferred child-adult ratios and class size. In the event the Delegate fails to report one hundred percent (100%) full enrollment in the ChildPlus enrollment reports for the Delegate or fails to maintain one hundred percent (100%) full enrollment of its funded slots for any period beyond thirty (30) consecutive days, the Grantee may in its sole discretion deem the Delegate to be in breach of this Agreement and defund or deobligate the Delegate solely with respect to the class in question so long as said class breach remains. Grantee may also determine the Delegate to be in non-compliance or deficiency status and/or place Delegate on probation, as further referenced in item 37 of this Agreement.

Any child remaining in EHS after age thirty-nine (39) months will need grantee approval as this extends beyond the regular age range for children participating in EHS.

Delegates must currently be in full compliance with the revised ERSEA regulations, part 1305, published on February 10, 2015, including a system for tracking enrolled children in accordance with the Head Start Program Performance Standards which states that an enrolled child has been accepted and attended at least one class, has received at least one home visit, or has received at least one direct service while pending completion of necessary documentation for attendance at a center, based on state and local licensing requirements. For Early Head Start, enrollment includes all pregnant women that have been accepted and received at least one direct service.

22. ACF/DHHS HEAD START GUIDELINES FOR ENROLLMENT OF CHILDREN WITH DISABILITIES

In accordance with the provisions of Head Start Act, 42 U.S.C. § 9837, Section 640(d)(1) , Delegate must ensure that not less than 10 percent (10%) of the total number of children actually enrolled in the Delegate program are children with disabilities. Delegate agencies must document that, from January 30th of each program year through the end of the program year, it maintains an enrollment of children with disabilities that is at least 10 percent (10%) of its total funded enrollment. Children reported as disabled must be diagnosed by an appropriate professional and exhibit one or more of the disabling conditions

described in 45 CFR 1305.2 (a) or 45 CFR 1308.7, and shall require special education and related services. All services provided by Delegate must follow the requirements set forth in 45 CFR 1308, Head Start Program Performance Standards on Services for Children with Disabilities. Failure to comply with these requirements will result in the Delegate being placed on an improvement plan for the non-compliance, and if not corrected within designated time frames, may result in the Grantee issuing the Delegate a notice of deficiency, as defined in the Improving Head Start for School Readiness Act of 2007, Section 637(2). See item 37 of this Agreement.

23. PRIOR APPROVALS REQUIRED

In addition to the items listed below, other changes to the approved work project require forty five (45) day prior written approval from the Grantee, as set forth in the program regulations listed in Section 4 in this Agreement or other terms of this award. i. Items with a unit cost of Five Thousand Dollars ($5,000) or more, not identified in the current approved budget.
ii. Alterations and renovations to facilities exceeding Five Thousand Dollars ($5,000) not identified in the current approved budget, including whole projects as opposed to disaggregating a project into smaller projects.
iii. Any budget revision that is (1) an aggregated excess of Five Thousand Dollars ($5,000) in any one line item, (2) for any costs relating to needed construction, renovation, equipment, and legal fees, not previously approved in the current grant application, and/or (3) the result of a general-purpose increase such as supplemental funding for COLA, Quality, Program Improvement and Program Expansion.

iii. Changes in the location of facilities.
iv. Revision to approved program options, including changes in hours of operation and length of operating year, or an increase or decrease in the numbers of children served in any program option(s).
v. Changes in project scope or objectives. Changes in the scope or objectives that may result in a significant alteration of the approved program activities, change in the direction of the project, the types of services to be delivered, the number of beneficiaries to be served, or training to be provided.
vi. Any request for budget and/or program changes requires evidence of Policy Committee and Governing Board approval in writing.

c. Other Required Approvals

The following items require prior written approval by the Grantee if funds have not been allocated in the approved budget for the current year.

i. Contracts for any legal services, subject to 45 CFR 1303.3.

ii. Any Contracts for which the aggregate expenditure is expected to exceed Twenty-Five Thousand Dollars ($25,000).

The Grantee will review requests and will notify Delegate in writing of approval or non-approval within fifteen (15) working days from the date of receipt of a request. Notification of non-approval shall include the reason the request was denied. If the request is still under consideration, the Grantee will notify Delegate in writing as to when to expect a decision. If ACF approval is required, the Delegate will be notified of ACF's decision when received.

d. Disallowances

Any action taken by Delegate before receiving required prior written approval from either OCHS or ACF, if applicable, is subject to disallowance.

24. REPORTING REQUIREMENTS

Delegate shall submit required reports to the Grantee in a timely manner. Submission of such reports is specified in Attachment A, Required Documents, attached hereto and made a part hereof. Other periodic reports may be required by the Grantee from time to time. These reports shall be submitted in accordance with instructions provided by the Grantee. All reports shall be submitted on forms provided by the Grantee, which are located on the OCHS website, where such forms are applicable, and within the time period specified by the Grantee. The Grantee reserves the right to ask for additional reports, documents, and data at any time. Failure to comply with these requirements will result in the Delegate being placed on an improvement plan for the non-compliance, and if not corrected within designated time frames, may result in the Grantee issuing the Delegate a notice of deficiency. See item 37 of this Agreement.

Delegate shall submit to the Grantee a copy of any Child Care Licensing Visit Reports or Unusual Incident Reports within 24 hours of the Delegate receiving the report.

Delegate shall submit to the Grantee a copy of any USDA review reports within five business days of the Delegate receiving the report.

Delegate must effectively oversee progress towards program goals, and shall submit to the Grantee a quarterly Program Goals and Objectives report documenting progress made towards the program's goals and objectives (see Attachment A).

Failure to submit required reports as indicated by the Delegate Contract and Attachment A by designated timeframes may result in a non-compliance in Recordkeeping and Reporting.

The ChildPlus.net System is required to be used by all delegate agencies for all data collection, reporting, tracking and monitoring of all program services for children and families. Such records shall be maintained in ChildPlus as the primary recordkeeping system and actual paper file records must be consistent with ChildPlus which is kept current at all times. All child and family information must be entered into the system and reconciled at least weekly. Delegate must establish a service area plan, policy and procedure to address Recordkeeping and Reporting which includes staff responsible for entering, maintaining and reporting data.

ChildPlus is to be used to generate information and reports related to Health, Mental Health, Disabilities, Nutrition, Family and Community Engagement, Child Development and Education, ERSEA, and for Program Information Reports. These reports shall inform the Delegate when completing its monthly progress report to the Grantee and must be used to monitor the program for effectiveness and quality of services to children and families. This information shall be retained with the monthly progress report at the Delegate for monitoring purposes. Specific reports shall be submitted to the Grantee monthly as

indicated on Attachment A or anytime upon request. All such records shall be available to Grantee, including Grantee designated accountants, monitors and auditors.

Delegate must follow the Child Plus administrative set-up and reporting requirements as stipulated by the Grantee. If the Delegate is unable to complete the set-up on their own, the Grantee will assign a data analyst to the Delegate to ensure the Grantee is receiving valid reports monthly.

Delegate shall implement a process for using data to identify program strengths and needs, develop and implement plans, and continually evaluate progress towards meeting program goals and complying with program performance standards. This process must ensure data is aggregated, analyzed and compared to assist in identifying risks and informing strategies for continuous improvement in all program service areas.

25. DELINQUENT REPORT SUBMISSION

Delegate shall submit all reports as specified. If Delegate fails to timely comply with the terms and conditions of this Agreement or Grantee reporting requirements, the Grantee may, upon reasonable notice to Delegate, suspend the funds for program operations or take such other actions as may be deemed appropriate by the Grantee (45 CFR Part 74). Further, a history of such unsatisfactory performance may result in designation of "high risk" status for Delegate, jeopardizing potential future funding from the Grantee. See Item 36 for definition of "high risk".

26. CONTRACT PROVISIONS

All contracts awarded by a recipient, including small purchases, shall contain the provisions set forth in 45 CFR Part 74, Appendix A, Contract Provisions, as applicable where the cost of the contract is treated as a direct cost of an award.

27. PROPERTY MANAGEMENT

Delegate shall establish, implement, and maintain a property management system that meets the requirements of 45 CFR 74. 30-37. Disposition or transfer of property purchased with Head Start funds shall be determined by the Grantee when such equipment is no longer needed for Head Start purposes or a program supported by other federal grants or activities not federally assisted that have purposes similar to Head Start. Such determination shall be in accordance with the provisions of 45 CFR 74.34 and must be approved by the Grantee.

Delegate must take a physical inventory at least once every two (2) years. In addition to the asset listing, the inventory report must include (1) the date of the physical inventory, and (2) the name and signatures of employees who performed the inventory. This report shall be maintained by Delegate and used to confirm the Delegate's physical asset listing, which is to be submitted to the Grantee quarterly.

28. FACILITIES

Delegate shall not open a new site, relocate or replace an existing site, or add or delete a class and/or classes, without (1) prior written approval of the Grantee and (2) only within the Delegate's assigned geographic service area. All facilities must be in compliance with 45 CFR 1304.53 and must possess all required licenses and clearances prior to enrolling children. Grantee will not fund a Delegate for an unlicensed facility.

In addition, if it is found that a facility does not comply with 45 CFR 1304.53, or is not covered by current clearances from the local fire, health, and building and safety departments, or is not licensed by the

Department of Social Services, a written notice of non-compliance shall be issued to Delegate and Head Start operations in that building must cease immediately.

The Delegate must immediately begin corrective action to bring the building into compliance and an alternative plan for serving children must be approved by the Grantee. Requests to purchase, construct or implement major renovations to a Head Start facility must be made to the Grantee and follow all requirements set forth in 45 CFR Part 74.31-33 and 45 CPR 1309 – Head Start Facilities Purchase.

Delegate shall comply with the Americans with Disabilities Act of 1990, as amended, which protects qualified applicants and employees with disabilities from discrimination in hiring, promotion, discharge, pay, job training, fringe benefits, classification, referral, and other aspects of employment on the basis of disability. The law also requires that covered entities provide qualified applicants and employees with disabilities with reasonable accommodations that do not impose undue hardship.

h. has not conformed to the terms or conditions of a previous award, or the directives for a pending award; or, is not otherwise responsible, including, but not limited to, creating circumstances which may endanger or compromise the continuation of ACF/DHHS funding to the Grantee or result in a deficiency charged to the Grantee.
i. Special conditions or other available sanctions may be applied if OCHS determines that the Delegate has non-compliance in any area as determined by the Grantee, the Office of Head Start, or any other regulatory agency.

If Delegate is considered to be "high risk" (meeting one or more of the criterion for deficiency or is at risk of one or more of the criterion under 45 CFR 1307.3) special conditions may be included in this award that correspond to the high-risk condition. Those conditions will be listed under a separate section in this Agreement. If any special conditions are imposed by the Grantee, Delegate will be notified in writing why the special conditions were imposed, and corrective actions that must be implemented by Delegate with regard to the special conditions. In this event, the Grantee will notify the ACF, DHHS, that special conditions have been imposed. Failure to comply may result in a reduction of funding, other penalties or termination of this Agreement.

37. NOTIFICATION TO DELEGATE AGENCIES OF DEFICIENCY(IES) AND FOLLOW-UP CORRECTIONS AND SANCTIONS

If it is determined by the Grantee that the Delegate Agency has one or more deficiencies, as defined in the Head Start Act, Sect 637(2), or is at risk of one or more of the criterion under 45 CFR 1307.3, OCHS may place the Delegate Agency on a deficiency status.

As defined in Section 641(A)(d)(3)(A-C) of the Improving Head Start for School Readiness Act of 2007, in the event that the Grantee identifies a deficiency for a Delegate agency, the Grantee agency shall take action, which may include--

(A) initiating procedures to terminate the designation of the agency unless the Delegate agency corrects the deficiency;

(B) conducting monthly monitoring visits to such Delegate agency until all deficiencies are corrected or the Head Start agency decides to defund such Delegate agency; and

(C) releasing funds to such Delegate Agency--

(i) only as reimbursements except that, upon receiving a request from the Delegate Agency accompanied by assurances satisfactory to the Head Start agency that the funds will be appropriately safeguarded, the Head Start agency shall provide to the Delegate Agency a working capital advance in an amount sufficient to cover the estimated expenses involved during an agreed upon disbursing cycle; and

(ii) only if there is continuity of services.

The Grantee will notify the Delegate Agency in writing by certified letter of its decision to place the Delegate on deficiency status. Once the Delegate Agency is placed on non-compliant status, a Quality Improvement Plan (QIP) must be submitted to the Grantee within thirty (30) calendar days with proper Board and Policy Committee approvals. Deficiencies will require a QIP be completed within fifteen (15) calendar days of the deficiency. The Grantee will review the QIP and make a determination within fifteen (15) calendar days of whether or not the QIP is acceptable in addressing the deficiency(ies), non-compliances or areas of risk.

The Grantee may conduct additional monitoring visits to Delegate Agency until all deficiencies are corrected or the Grantee decides to either, reject the application, terminate its agreement with the Delegate Agency, or pursue any other remedy available to the Grantee.

The deficiency(ies) cited must be corrected within the timeframe prescribed, but in no case will the deficiency(ies) be allowed to remain uncorrected beyond one hundred twenty (120) days from the date of notification of the deficiency(ies). Training and Technical Assistance (T&TA) will be made available, and may be required, by the Grantee to assist the Delegate upon written request from the Delegate to OCHS

If the Delegate Agency has corrected the identified deficiency(ies), a letter to the Grantee certifying full compliance is required. The certification must describe the deficiency, explain actions taken, clearly state that the problems have been remedied, specify the date of such correction, and be signed by the Delegate's Board and Policy Committee Chairpersons. The Grantee will verify that correction of the deficiency(ies) is complete prior to releasing the Delegate from deficiency status. If the Delegate Agency continues to have uncorrected deficiencies beyond the specified time frame, the Grantee may issue a letter, upon approval of the OCHS Board of Directors, stating the Grantee's intent to either terminate the Delegate's contract, reject the Delegate Agency's application, or pursue any other remedies available to the Grantee. OCHS will advise the Delegate of procedures for appealing the Grantee's decision.

38. SPECIAL GRANT OR CONTRACT CONDITIONS

Reasons for Special Grant or Contract Conditions: The reasons for imposition of Special Conditions upon the Delegate Agency are listed in Section 36 of this Contract ("Deficiency Designation and Definition"), Notification of Imposition of Special Conditions and Process for Removal

1. If special conditions are imposed by OCHS, the Delegate will be notified in writing and the notification will include the following items:
   a. The nature of the special conditions/restrictions,
   b. The reasons for imposing them,
   c. The corrective actions which must be implemented by the Delegate with regard to these special conditions before they will be removed,
   d. The consequences for non-compliance with the special conditions,
   e. The time period for correction of non-compliance items and/or deficiencies, and
   f. Technical assistance that will be provided for, by the Grantee.
2. In the event that special conditions are attached to this Contract, Grantee will notify ACF that special conditions have been imposed on the Delegate Agency.

Identification of Special Conditions and/or Restrictions: Any or all of the following actions may be imposed in the event that Special Conditions are attached to the Contract.

1. Payment to Delegate Agency on a reimbursement basis;
2. Requiring additional, more detailed financial and/or program reports;
3. Additional project monitoring performed by OCHS staff;
4. Requiring that the Delegate Agency obtain technical or management assistance;
5. Establishing additional prior approval procedures and timelines;
6. Temporarily withholding cash payments pending correction of the non-compliance or deficiency by the Delegate Agency;
7. Disallowing (defined in this case as denying both use of funds and any applicable matching credit for) all or part of the cost of the activity or action not in compliance;
8. Suspending wholly or partially, or terminating, the current award;
9. Withholding further awards for the project or program;
10. Taking any other remedies that may be legally available; and

11. Placing the Delegate Agency on Interim Administrative Program and/or Fiscal Management;
12. Any other appropriate actions that are consistent with applicable sections of 45 CFR Parts 74, 92, and 1301-1310, and the Head Start Act of 2007.

39. INTERIM ADMINISTRATIVE MANAGEMENT

Interim Administrative Management is in response to the lack of sufficient program, administrative, or fiscal compliance that results in a deficiency in the Agency's operations related to one or more items identified in Section 36. A Special Condition will be placed on the Delegate Agency's Contract and written notification to the Delegate's Board of Directors (or Board of Education) will be provided indicating the commencement of Interim Administrative Management and the conditions required for the removal of the Special Condition.

Grantee will assign an OCHS employee and/or an independent consultant contracted by OCHS to oversee the aspects of the Delegate's operations that are identified as the basis for implementing Interim Administrative Management. All programmatic, fiscal, and/or administrative systems decisions must be reviewed and approved by the assigned employee or consultant prior to action being taken by the Delegate Agency. The on-site monitor will provide written reports to the Delegate Board of Directors/Education and the Delegate's Head Start Director identifying issues that must be corrected and/or reasons for disapproval of anticipated Delegate Agency action(s). The Delegate will be advised of the actions that must be taken and the time frame for compliance in order for the Interim Administrative Management to be removed.

OCHS will determine whether the Delegate Agency is in compliance with all programmatic, fiscal, and/or administrative systems requirements and will provide the Delegate Agency written notice of the removal of Interim Administrative Management.

40. TERMINATION, SUSPENSION OR DISALLOWANCE OF PAYMENTS

The Grantee may (by giving reasonable written notice and specifying the effective date) suspend, disallow payment, or terminate this Agreement in whole or in part for cause, which shall include: (1) material failure for any reason of Delegate to fulfill, in a timely and proper manner, its obligations under this Agreement including compliance with the approved program and applicable laws, regulations, policies and procedures (2) any misrepresentation on Delegate's part of any nature with respect to any information or data furnished to Grantee in connection with this Agreement; (3) submission by Delegate to the Grantee of reports that are materially incorrect or incomplete in any material respect; (4) if Delegate incurs any cost that Grantee or its auditors determines to be questioned or disallowed; (5) improper use of Head Start funds provided under this Agreement; (6) if Delegate maintains a pattern of discrimination; (7) defaulting on any of the provisions of this Agreement or violation of any of the covenants, assurances, stipulations or conditions of this Agreement; (8) reduction, suspension or termination by ACF/DHHS of the grant, or a portion thereof, to the Grantee under which this Agreement is made; (9) the failure to comply with lawful directives from DHHS, ACF, or the Grantee, whether communicated directly or indirectly to Delegate from DHHS, ACF, or directly by the Grantee on behalf of itself, DHHS, or ACF; (10) creating circumstances which may endanger or compromise the continuation of ACF/DHHS funding to the Grantee, result in a finding of a deficiency, or fall under any one of the criterion in 1307.3; or (11) if Delegate dissolves, becomes insolvent, has an assignment for the benefit of creditors, commences a bankruptcy or insolvency proceeding, or has a receiver appointed for its property.

It is intended that the Delegate program be administered effectively and responsibly. The Head Start Designation Renewal System has been established to determine whether Head Start and Early Head Start programs deliver high-quality services to meet the educational, health, nutritional, and social needs of the children and families they serve; and meet the program and financial requirements and standards described in section 641A(a)(1) of the Head Start Act.

A Delegate agency may lose or be required to re-compete for it's funding if the Grantee or a responsible HHS official determines that one or more of the following seven conditions existed during the contract period that would put the Grantee in jeopardy of losing its funding:

a. The Delegate has been determined by the Grantee or responsible HHS official to have one or more deficiencies on a single review;

b. The Delegate has been determined not to have:

   i. established program goals for improving the school readiness of children participating in its program in accordance with the requirements of section 641A(g)(2) of the Act and demonstrated that such goals:

      - appropriately reflect the ages of children, birth to five, participating in the program;
      - align with the Head Start Child Development and Early Learning Framework, State early learning guidelines, and the requirements and expectations of the schools, to the extent that they apply to the ages of children, birth to five, participating in the program and at a minimum address the domains of language and literacy development, cognition and general knowledge, approaches toward learning, physical well-being and motor development, and social and emotional development;
      - were established in consultation with the parents of children participating in the program.

   ii. taken steps to achieve the school readiness goals demonstrated by:

      - aggregating and analyzing aggregate child-level assessment data at least three times per year, including for sub-groups, such as dual language learners and children with disabilities, as appropriate, and using that data in combination with other program data to determine Delegates' progress toward meeting its goals, to inform parents and the community of results, and to direct continuous improvement related to curriculum choice and implementation, instruction, professional development, program design and other program decisions; and
      - analyzing individual ongoing, child-level assessment data for all children birth to age five participating in the program and using that data in combination with input from parents and families to determine each child's status and progress with regard to, at a minimum, language and literacy development, cognition and general knowledge, approaches toward learning, physical well-being and motor development, and social and emotional development and to individualize the experiences, instructional strategies, and services to best support each child.
      - implement strategies for achieving their goals and ensuring compliance, and revise those strategies over time to reflect their progress and shifting priorities.

c. The Delegate has been determined during the contract period:

   i. to have an average score across all classrooms observed below the following minimum thresholds on any of the three CLASS: Pre-K domains from the most recent CLASS: Pre-K observation:

- for the Emotional Support domain the minimum threshold is 6;
- for the Classroom Organization domain, the minimum threshold is 6;
- for the Instructional Support domain, the minimum threshold is 3, with constant improvements being made until a 6 is achieved.

ii. to have an average score across all classrooms observed that is in the lowest 10 percent on any of the three CLASS: Pre-K domains from the most recent CLASS: Pre-K observation among those currently being reviewed unless the average score across all classrooms observed for that CLASS: Pre-K domain is equal to or above the standard of excellence that demonstrates that the classroom interactions are above an exceptional level of quality. For all three domains, the "standard of excellence" is a 6.

d. The Delegate is at risk of or has had a revocation of its license to operate a Head Start or Early Head Start center or program by a State or local licensing agency during the contract period and the revocation has not been overturned or withdrawn before the next contract period. A pending challenge to the license revocation or restoration of the license after correction of the violation shall not affect application of this requirement.

e. The Delegate has been suspended from the Head Start or Early Head Start program by the Grantee during the contract period and the suspension has not been overturned or withdrawn. If there is a pending appeal and the Delegate did not have an opportunity to show cause as to why the suspension should not have been imposed or why the suspension should have been lifted if it had already been imposed, the Delegate will not be required to compete based on this condition. If a Delegate has received an opportunity to show cause, the condition will be implemented regardless of appeal status.

f. The Delegate is at risk of or has been debarred from receiving Federal or State funds from any Federal or State department or agency or has been disqualified from the Child and Adult Care Food Program (CACFP) any time during the contract period.

g. The Delegate is at risk of or has been determined within the twelve months (12) proceeding to be at risk of failing to continue functioning as a going concern. The final determination is made by a review of the findings and opinions of an audit conducted in accordance with section 647 of the Act; an audit, review or investigation by a State agency; a review by the National External Audit Review (NEAR) Center; or an audit, investigation or inspection by the Department of Health and Human Services Office of Inspector General.

The Delegate must report in writing to the Grantee within ten (10) working days of occurrence any of the following events:

a. The Delegate has had a revocation of a license to operate a center by a State or local licensing entity.

b. The Delegate has filed for bankruptcy or agreed to a reorganization plan as part of a bankruptcy settlement.

c. The Delegate has been debarred from receiving Federal or State funds from any Federal or State department or agency or has been disqualified from the Child and Adult Care Food Program (CACFP).

d. The Delegate has received an audit, audit review, investigation or inspection report from the agency's auditor, a State agency, or the cognizant Federal audit agency containing a determination that the Delegate is at risk for ceasing to be a going concern.

The Grantee may assign and transfer this Agreement when required by ACF/DHHS without the consent of Delegate.

If Delegate is unable or unwilling to comply with such additional conditions as may be lawfully applied by ACF/DHHS to the grant and to the Grantee, Delegate shall terminate this Agreement by giving ninety (90) days written notice to the Grantee signifying the effective date thereof. In this event, the Grantee will take measures as necessary to ensure that adequate arrangements are made for the transfer of the delegated activities to another Delegate or to the Grantee. If Delegate does not provide timely notice of such termination, the Grantee may unilaterally effect the termination.

In the event of any termination, all property and finished or unfinished documents, data, studies and reports purchased or prepared by the Delegate under this Agreement shall be disposed of according to ACF/DHHS and Grantee written directives. Delegate shall be entitled to compensation for any un-reimbursed expenses reasonably and necessarily incurred in satisfactory performance of this Agreement.

Notwithstanding the above, Delegate shall not be relieved of liability to the Grantee for damages sustained by the Grantee by virtue of any breach of the Agreement by Delegate, and the Grantee may withhold any reimbursement to the Delegate for the purpose of expense off-set until such time as the exact amount of damages due to the Grantee from Delegate is agreed upon or otherwise determined.

Delegate may use Head Start or Early Head Start funds for legal purposes in accordance with 45 CFR 1303.3.

41. APPEALS OF TERMINATION, SUSPENSION AND DENIAL OF REFUNDING

Delegate may appeal a decision to suspend, terminate or deny refunding of Head Start operations by the Grantee in accordance with the provisions of 45 CFR Part 1303.21, Procedures of Appeals by Current Delegate Agencies and Grantee SAPPP MS-14 - Delegate Agency Appeal Process.

42. NON-APPROPRIATION OF FUNDS

The Grantee's financial obligation with respect to this Agreement is contingent upon receipt of funds for the operation of the Head Start program from the Administration for Children and Families, Department of Health and Human Services. If such funds are not granted or continued to the Grantee, this Agreement may be terminated by the Grantee, in whole or in part. The Grantee shall notify Delegate of any such non-appropriation or non-continuance of funds at the earliest possible date.

43. SEVERABILITY

If any part, term, or provision of this Agreement is in conflict with any law of a federal, state, or local government having jurisdiction over this Agreement, the validity of the remaining portions or provisions shall not be affected thereby.

44. ENTIRE AGREEMENT

This Agreement constitutes the entire agreement between the parties and supersedes any prior or contemporaneous oral or written understanding or agreement.

ITEM: **Action**
SUBMITTED BY: **Lucinda N. Pueblos, Assistant Superintendent, K-12 School Performance and Culture**
PREPARED BY: **Terri Verhaegen, Program Specialist, AP/AVID**

BACKGROUND INFORMATION:

The purpose of this agenda item is to seek Board approval for payment of the Advanced Placement (AP) test fees to the CollegeBoard for the 2016-17 school year. Federal funds assist economically disadvantaged students with the costs of these exams. In addition, CollegeBoard provides a fee reduction per exam for students with financial need.

ITEM SUMMARY:

Advanced Placement test fees estimate
$648,954
CollegeBoard Discount
$279,120
CDE Reimbursement
$286,098
Total Cost to District
$83,736

RATIONALE:

High schools will be administering approximately 6,978 AP tests in May 2017. The standard fee for each exam is $93, with the school retaining a $9 rebate per exam. For income eligible students (185% of poverty level, foster, homeless, or receiving Food Stamps), CollegeBoard provides a $31 fee reduction and the school foregoes its $9 rebate, resulting in a cost of $53 per exam. For these same income eligible students, the state of California may reimburse up to an estimated $41 per AP exam depending on availability of Title IV funds (rebated to the District in the next fiscal year). Once AP testing has occurred, the District will submit to the State for the total of all fee rebates. The remaining cost per test of $10 would be covered by the District for income eligible students and $83 per exam for non-income eligible students.

In order to provide equity of access to the students of the Santa Ana Unified School District, the District will establish an AP fee payment account in the amount of $648,954. The District will then pay for all AP fees and will submit a request for fee rebates from CollegeBoard and CDE will replace funds taken from the AP Test Fee Program. The anticipated reimbursement from the State to the District will be $286,098. The expected College Board discount will be $279,120. The District's contribution is estimated to be approximately $83,736. In the event that additional students complete assessments, the cost may increase or decline commeasurable to student numbers.

LCAP goal 1.1 "Provide equitable student access to a rigorous, standards-based, instructional program" and LCAP goal and 1.6 "Provide equity of access to Advanced Placement course option,

AP training for teachers, and AP summer boot camp, and implement an International Baccalaureate program."

FUNDING:

Educational Services Discretionary Funds: $648,954

RECOMMENDATION:

Approve the payment of the Advanced Placement test fees to the CollegeBoard for the 2016-17 school year.

Board Meeting

TITLE: **Approval of Agreement with Buck Institute of Education for 2016-17 School Year**

ITEM: **Action**
SUBMITTED BY: **David Haglund, Ed.D., Deputy Superintendent, CAO, Educational Services**
PREPARED BY: **David Haglund, Ed.D., Deputy Superintendent, CAO, Educational Services**

BACKGROUND INFORMATION:

The purpose of this agenda item is to seek Board approval of the agreement with Buck Institute of Education (BIE) for the 2016-17 school year to provide a systemic implementation of Project Based Learning (PBL).

ITEM SUMMARY:

- BIE will provide attendees with the skills and knowledge needed to design, assess and manage a rigorous, relevant, and standards-based project
- This will support approximately 120 teachers and 15 schools

RATIONALE:

Due to high teacher demand and a successful first year of implementation, Santa Ana will be increasing the number of teachers and school using project based learning. As a strategic partner with Buck Institute for Education, SAUSD receives customized support in the form of three areas: 1) PBL 101 workshops, 2) Sustained Support Visits and 3) PBL Leadership Development Workshops.

The BIE will provide services at Adams, Advanced Learning Academy, Davis, Harvey, Jefferson, Lowell, Pio Pico, Santiago, Thorpe Fundamental, Washington, Wilson elementary schools and Spurgeon, Sierra intermediate schools.

Teachers will be provided PBL 101 which is BIE's foundational PBL workshop. It provides attendees with the skills and knowledge needed to design, assess and manage a rigorous, relevant, and standards-based project. The workshop, facilitated by one of BIE's expert National Faculty, is a balanced blend of direct instruction, video analysis, hands-on work, resource sharing, and peer collaboration and feedback. Participants in our 101 workshops are actively engaged in project design, with the expectation that every teacher or teaching team will generate a completed project planning form that receives formative feedback from both participants and BIE National Faculty. After the initial training, each site will receive Sustained Support visits throughout the year. During these visits, the sites receive onsite instructional coaching tailored to each sites' specific needs. To ensure successful implementations, each site also engages in the PBL Development Workshop Series. During these workshops, the sites develop a three-year implementation plan that includes key protocols, analysis of student work and instructional walk-throughs.

LCAP Goal 2.1: Ensure Access to the CORE instructional program by providing highly qualified teachers at each site and ongoing professional development for all staff.

TITLE: **Adoption of Resolution No. 16/17-3126 – Intent to Grant Easement to the Orange County Water District for Construction of a Groundwater Monitoring Well**

ITEM: **Action**
SUBMITTED BY: **Orin Williams, Assistant Superintendent, Facilities and Governmental Relations**
PREPARED BY: **Jessica Mears, Senior Facilities Planner**

BACKGROUND INFORMATION:

The purpose of this agenda item is for the Board of Education to declare its intent to grant an easement to the Orange County Water District (OCWD) for the purpose of constructing a groundwater monitoring well on the District's Heritage Museum of Orange County (HMOC) site.

ITEM SUMMARY:
• Declare intent to grant an easement to the OCWD for compensation.
• The easement will allow OCWD to construct a groundwater monitoring well (4" pipe).
• Easement term: 31 years

RATIONALE:

The OCWD is constructing four underground injection wells at Centennial Park as part of their Groundwater Replenishment System. The OCWD is proposing a groundwater monitoring well at SAUSD's HMOC site in order to monitor the water quality in the area. In order to provide access to the monitoring well on the SAUSD property, an easement would be granted to the OCWD via a resolution adopted by the Board of Education. Water sampling is anticipated to occur bi-weekly initially, and quarterly after the well has been in operation for three years.

The term of the easement would be for 31 years in exchange for 1) $25,200, 2) installation of 13,500 square feet of decomposed granite in the HMOC's parking lot area, 3) installation of 900 feet of irrigation system to feed the HMOC's farm, and 4) installation of two educational panels for HMOC with information about the Orange County groundwater basin, native habitat, water conservation, and/or other education issues of interest. The $25,200 could be used for educational purposes, including funding field trips for more students to experience the HMOC.
