RESOLUTION NO. 19/20-3349

**RESOLUTION OF THE BOARD OF EDUCATION
OF THE SANTA ANA UNIFIED SCHOOL DISTRICT
ORANGE COUNTY, CALIFORNIA**

**DESIGNATING PUBLIC WORKS PROJECT(S) AS ESSENTIAL
GOVERNMENTAL FUNCTIONS**

WHEREAS, on March 4, 2020, the State of California (“State”) issued Order N-33-20 (“Order”), directing all individuals living in the State to continue sheltering at their place of residence, except as provided in the Order;

WHEREAS, the Order states that the intent of the Order is “to ensure that the maximum number of people shelter in their places of residence to the maximum extent feasible to slow the spread of COVID-19 and mitigate the impact on delivery of critical healthcare services to those in need;”

WHEREAS, the Order contains an exemption for Essential Governmental Functions, which provides, among other things, that “nothing in this Order shall prohibit any individual from performing or accessing ‘Essential Governmental Functions,’ as determined by the governmental entity performing those functions in the County”;

WHEREAS, the Order exempts “Essential Businesses,” which includes, among other things, specific types of construction, including “[p]ublic works projects if specifically designated as an Essential Governmental Function by the lead governmental agency;”

WHEREAS, the Order also defines “Essential Businesses,” to include “Education institutions – including public and private K-12 schools,... – for purposes of facilitating distance learning or performing essential functions;”

WHEREAS, the Order acknowledges that educational institutions, including public k-12 schools, colleges, and universities perform “essential functions” (Order, section 13.f.xv.);

WHEREAS, Santa Ana Unified School District (“District”) is in the process of implementing the public works projects designated on **Exhibit A** (hereinafter the "Projects.")

WHEREAS, among other day-to-day and instructional Essential Governmental Functions performed by the District, the above-listed Projects are Essential Governmental Functions for the following reasons:

- (a) Education, including public education, is essential to the preservation of the rights and liberties of the people, and the District is authorized provide the essential function of public education (Cal. Const. Art IX, §§ 1, 5, 6, 14, Education Code §§ 35010 *et seq.*);
- (b) Stopping work on the Projects would cause delays in their completion, and it is unclear when sufficient labor and materials would become available to complete them. Stopping work on

the Projects would likely increase their cost, and without project staffing, would jeopardize materials and work completed to date;

(c) As discussed in **Exhibit A**, the Projects concern providing a safe, secure, and functional learning environment for District students and staff. Delaying implementation of the Projects for an indefinite time period would harm the District's ability to coordinate the completion of various components of integrated projects, and would compromise the District's ability to resume normal operations and classroom instruction when it becomes possible for school to re-open. Thus, continued work and timely completion of these projects is necessary to ensure that the District's educational mission can be implemented;

WHEREAS, as Essential Governmental Functions, the Projects may continue in compliance with the Order including, without limitation, compliance with Social Distancing Requirements to the greatest extent feasible.

NOW, THEREFORE, the Board hereby finds, determines, declares, orders, and resolves as follows:

Section 1. The foregoing recitals are true.

Section 2. The Board finds that educational services and related operations are an “Essential Business” function for purposes of the Order, and that its employees and contractors engaged in such efforts should continue providing and carrying out work as an Essential Governmental Function.

Section 3. The Governing Board designates the Projects as Essential Governmental Functions, and finds that the individuals and businesses engaged in work on the Projects should continue providing and carrying out work on the Projects while complying with Social Distancing requirements.

Section 4. The District’s Superintendent, or designee, is authorized to take all steps and perform all actions necessary to carry out, give effect to, and comply with the terms and intent of this Resolution.

Section 5. To the extent actions in Section 3 have been undertaken, the Governing Board hereby ratifies such actions as an Essential Governmental Function.

The foregoing resolution was considered, passed, and adopted by this Board at its regular meeting of the 12th day of May 2020.

Upon motion of Member Amezcu and duly seconded, the foregoing Resolution was adopted by the following vote:
