

Constitution Test

“Alex, I thought that Global Warming was supposed to be kicking in???”.....

You should have your own textbook now.

Mr. Kiser has computers for specific projects and PowerPoints.

The **Constitution Test** is very very important and **MUST** be passed. It will be given just before Christmas break. Everything will be done to help students pass, but much effort must also be extended by students.

The Heritage Club

Mr. Kiser loves US history. He has spent half of his life outside the US and has learned the history and cultures of many different lands. He sees the US as the first modern day democracy to show the way for all other democratic nations. Students will have the opportunity to spend Spring Break on a tour of major historical sites along the east coast. Not only will history be brought to life, but a lot of fun will be part of the itinerary (Major League baseball games included). See Mr. Kiser for details.
