Setting Venn Diagram

Compare the setting in the story to where you live. In the outside circles, write what makes each of these places different or unique. In the middle section discuss how the setting of the story and where you live are similar.

Story Time Line

Make a timeline of the important events in the book. Add a dash to the line where you would like to add the event, then explain above what happens at that point.

COMIC CREATOR

Draw a comic strip for an important event in your reading. Using speech bubbles, or writing the text underneath, explain what is happening in the scene! On the back of the page, you should write a detailed explanation for why you chose this scene and why it is so significant to the story.
