

Dear Parents & Guardians,

Thanks for taking a few minutes to read this letter. You've received this letter because your child may be eligible to participate in the Sprint Foundation's 1Million Project through their high school. The 1Million Project is a bold mission to provide 1 million devices and internet access to 1 million high school students across America who do not have internet access at home.

We hope you will consent to your child's participation in the 1Million Project while they are enrolled in the participating high school, or up to four years, whichever occurs first.

Students in the 1Million Project will receive a free wireless device (depending on availability) and up to 3GB per month of free internet connectivity during the time they are in high school.

All we need from you is your approval (see the attached consent form). There are absolutely no required costs to your family and we will not capture any personal identifiable information about your family or your child while participating in the program. Our purpose in providing this support is to help ensure your child is able to complete their schoolwork from home.

We know you care deeply about your children and are working hard to help them achieve a promising future. We get it. Most of us here at Sprint and at the 1Million Project are parents too, and, like you, we think day and night about how best to prepare our children for what's ahead.

Also like you, we believe in hard work and in potential. We believe all students, like yours, are curious, want a brighter future and are willing to work hard to earn it. We also believe students deserve access to the right tools to achieve success. We believe potential is everywhere, but opportunity is not.

These beliefs are why we're working with your high school to offer the 1Million Project. **Your child's future will be brighter if they have the tools and access they need to succeed.** And we're here to help. We promise not to be pushy about Sprint's products – that's not our aim here. When your kids win, you win, your school wins and we all win.

We hope you provide consent for your child to participate in this program. Please feel free to call us at 866-414-3225 with any questions or concerns.

Warm regards,

John Branam
Executive Director
Sprint 1Million Program
