

SANTA ANA UNIFIED SCHOOL DISTRICT

FACTS AT A GLANCE

2024-2025

VISION We will work collaboratively and comprehensively with staff, parents, and the community to strengthen a learning environment focused on raising the achievement of all students and preparing them for success in college and career.

MISSION We assure well-rounded learning experiences, which prepare our students for success in college and career. We engage, inspire, and challenge all of our students to become productive citizens, ethical leaders, and positive contributors to our community, country and a global society.

4 Educational Options
Secondary Schools

1 Dependent Charter

1 Child Development Center

2 Early Childhood Education Programs

1 Deaf and Hard of Hearing Regional Program K-6

LCAP Goals & Progress

GOAL #1: STUDENT ACHIEVEMENT

The SAUSD will deliver a high-quality educational program that actualizes our Framework for the Future so that learning is authentic, personalized, competency-based, equitable, and inclusive so that all SAUSD students develop self-efficacy and are empowered to become architects of learning, world-ready scholars, global innovators, collaborative leaders, empathetic communicators, and community builders.

GOAL #2: FAMILY AND COMMUNITY ENGAGEMENT

SAUSD will leverage full, equal, and equitable partnerships among families, educators, and community partners within the SAUSD, to foster children's learning and development from birth through college and career readiness. FACE, viewed as a practice, not a program, will promote an emphasis on building trusting relationships and shared leadership in order to empower every member of our community to actively contribute to the educational journey, and ensure inclusivity and opportunities for all students to thrive.

GOAL #3: WELLNESS

The SAUSD community (staff and community partners) will provide students with resources and multi-tiered support to meet their individual social-emotional, mental health, behavioral, and physical well-being.

GOAL #4: ORGANIZATIONAL EFFICIENCY AND EFFECTIVENESS

The SAUSD will create systems that improve efficiency, and effective internal communication protocols, and implement solutions with a high level of customer service and professionalism, in order to support the educational programs of the district.

GOAL #5: PUBLIC HEALTH

Increase the graduation rate at educational options school sites that receive equity multiplier school funds through intensive tiered supports in the areas of student case management, individualized academic programming, and restorative practices to increase student engagement and attendance. The goal is to get students back on a solid trajectory that will enable them to graduate on time with their grade-level peers. Students who achieve this are able to return to their home school if desired.
