How parents can help at home:

- Regularly **check** binders and backpacks to make sure your student is keeping up with organizational strategies on a daily basis (No loose paper, materials needed are present, assignments are in proper order).
- Offer **feedback** for student so that binder “issues” can be remedied before checks.
- Check school **Agenda** for: homework, due dates, tests, long-term assignments and add family events to the calendar to help students with time management of school work and fun activities.
