Students Expectations

Attend the Meeting Times. Students must fill out the **Daily Attendance** everyday at the beginning of the meeting in order to be marked present for their period of Physical Education with Ms. Gipson. Please make sure you type your last name, first name in the chat box when I greet you that day. I expect you to show up on time for your scheduled Meeting. I may update, modify, or change lessons & assignments. The only way you'll know is if you check in!

Ask Questions. Distance Learning requires a lot of independence on your part. If you don't understand something, reach out and ask your teacher. I can be reached at nancy.gipson@sausdlearns.net.

Participate. Whether it's in a Meeting, exercise workout, online discussion, or something new and exciting, your role as a student is to participate.

Pride

Demonstrate Respect. To be respectful in Google Classroom, Meeting or any online tool means to:

Use your **full name, last name and first name**

While in a Meeting:

1. Make sure you are appropriately dressed.
2. Find a safe place to learn (exercise) free from distractions.
3. Keep your video on the entire time unless instructed by the teacher.
4. Remain muted until you're called on.
5. Refrain from eating and/or chewing gum.

Achievement

Track your progress. Check the feedback for each assignment you turn in. Your teacher may have comments on how to improve or whether, or not you need to resubmit your work. Grades should be posted and/or updated weekly in Google Classroom and/or Aeries.

Follow directions. Different classes may use different tools and programs. Ensure that you have a clear understanding of the expectations and requirements for each assignment or lesson.
