

RESPONDING TO PEER PRESSURE

Cooperation is a good skill, but when someone is trying to get you to do something wrong, that is *not* the time to cooperate. Working together should make you feel good. If you do something you know is wrong, you might feel terrible, get in trouble, hurt someone else's feelings, or lose other people's trust.

Peer Pressure is when someone tries to get you to do something you know is wrong. It can be hard to stand up to peer pressure because you might feel like you should do what a friend says, even if it's wrong.

Directions: Read one of the **Peer Pressure Cards**. Write what you would say to the other person in that situation.
