

2. Student Physicals

- Please see the attached form. Front and back must be completed
- Some doctors will complete the physical using their own form. This form will be accepted
- Upload your physical form to HomeCampus.com or have your child give it to their coaches
- All physicals must be completed and valid. They expire 1 year from the date on form

NOTE: sport physicals are different from your child's annual physical

- A sports physical is different from the annual physical because it focuses on reviewing your child's current health status and medical history to ensure that your child is healthy enough to play his or her sport
- The annual physical will be accepted as well after May 1. Annual physical papers must state: Cleared for Athletics

3. **Locations for Sport Physicals:** these locations do charge a minimal fee for the sports physicals except CornerHealth Urgent Care which offers FREE sports physicals in January and August.
