About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

All textbooks used in the core curriculum throughout Santa Ana Unified School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state's list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards based and approved by the district's Board of Trustees. On October 9, 2018, the Santa Ana Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 18/19-3253 which certifies as required by Education Code §60119 that for the 2018-2019 school year, the Santa Ana Unified School District has provided sufficient textbooks or instructional materials, or both, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board, to each pupil including those enrolled in a foreign language or health course, and that sufficient laboratory science equipment applicable to science laboratory courses offered in grades 9-12, inclusive, is available to pupils.

School Facility Conditions and Planned Improvements (Most Recent Year)

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the school's repairs and maintenance projects are performed by the district's highly qualified, professional trade specialists. Emergency situations are immediately resolved either by the school custodian or district maintenance staff, based upon the nature of the situation. Day and evening custodians work closely as a team and with the principal for routine maintenance, daily custodial duties, and special events preparations. The principal and day custodian communicate daily to discuss campus cleaning needs and safety concerns. Every morning before school begins, the custodian, principal, and assistant principal inspect facilities for safety hazards, graffiti, and other conditions that require removal prior to students and staff entering school grounds. School safety and cleanliness are the custodians' highest priority and strongly emphasized as a component of their daily routines. Custodians are trained by M&O's administrators on proper cleaning procedures, use of chemicals, and use of equipment. The day custodians are responsible for following an established set of cleaning standards and prioritization procedures for general campus maintenance. The day custodian checks restrooms twice a day as a proactive measure in keeping facilities well stocked, safe, and sanitary. The evening custodians are responsible for thorough cleaning of classrooms, office areas, and restrooms. Groundskeepers are dispatched by the district office to perform general maintenance of landscaping, gardening, sports fields, and irrigation systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

• **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

• The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2017-18 CAASPP Results for All Students

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State

ELA	22.0	23.0	31.0	32.0	48.0	50.0
Math	19.0	22.0	25.0	26.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

Professional Development provided for Teachers

All curriculum and instructional improvement activities at Santa Ana Unified School District are aligned to the Common Core State Standards. Staff development concentrations are selected and identified based upon student assessment results, teacher input, state content standards, and professional development surveys. Multiple Teared Systems of Support (MTSS) staff development has been an addition in the last couple of years to assist our students through specific interventions. Professional development has occurred through after-school workshops, workshops attended at universities, district workshops, and individual mentoring (particularly in special education).

All staff development activities at Santa Ana Unified School District are focused on increasing student learning and proficiency. During the 2017-18 school year, our school sponsored two and a half days of staff development. Staff training topics at the school sites have included: Common Core Implementation, Frontloading, Thinking Maps, Guided Language Acquisition Design, effective teaching strategies, data analysis of district benchmarks, intervention implementation per data guided collaboration, effective grading practices, etc. Teachers also attended training in Cognitively Guided Instruction.

Santa Ana Unified School District offers supplemental training and support for new and ongoing program implementation. Training activities take place throughout the school year, after school, and during the summer and generally focus on curriculum, teaching strategies, and methodologies. During the 2018-19 school year, district training opportunities focused on the following:

All new teachers are assigned to a Support Provider (mentor teacher) and provided individualized support over a two-year period. More information about the TIPS Induction Program is available on the SAUSD website.

To support veteran teachers as well as new teachers to the district, Santa Ana Unified School District offers Peer Assistance and Review (PAR) which is easily defined as teachers helping teachers. Experienced and knowledgeable veteran teachers, referred to as Consulting Teachers, provide ongoing assistance to teachers who need to improve their instructional skills, classroom management strategies, subject knowledge, and/or related aspects of their teaching performance.

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
