School Description

Abraham Lincoln Elementary School (Lincoln Elementary) is located at the corner of South Sullivan Street and West Willits Street in the city of Santa Ana. Lincoln Elementary proudly serves Pre-School through 5th grade students. As we prepare students to be successful 21st century learners, we ensure that students have a variety of opportunities to develop reading foundations, read across the curriculum, and become life-long readers and learners. Our consistent data driven instructional programs support differentiated learning and best first teaching practices. Foundational skills are established early in grades Pre-K through 3rd as students build strong comprehension, word attack skills, and reading fluency. Students in grades 4th-5th continue building and applying literary skills and using technology for collaborative research and presentations. Our goal is to significantly increase literacy for all students, including English Learners, through several strategic instructional and behavioral shifts. All students engage in writing with a variety of genres across all curricular areas, including Science and Social Studies. Technology is used in all grade levels to enhance student learning and engagement. In all grades, reading and mathematics skills are practiced through effective computer based programs. Students have multiple opportunities to access these programs through our three computer labs, classroom desktops, classroom iPads, individual Chrome books, and Chrome book class carts.

Vision Statement

Abraham Lincoln Elementary is a school of diverse 21st Century learners who are mastering challenging academic standards. We pride ourselves in educating scholars who are independent problem solvers and critical thinkers as well as successful in the global community. Lincoln staff will work collaboratively as a team with parents and the community to ensure that students acquire and demonstrate the knowledge, skills and values necessary for becoming exemplary, responsible, and respectful citizens.

Mission Statement

It is the mission of Abraham Lincoln Elementary School to effectively and rigorously provide equitable access to the Common Core State Standards as we prepare our students for college and careers. In order to achieve academic excellence, students will receive a high quality curricular and instructional program, accessible from school and home. Our dedicated Lincoln staff, along with parents and students, will set achievement goals based on assessment data and will continuously monitor academic growth. The Lincoln Community of students, parents and staff, will continue excelling in our three "R" values: Respectful, Responsible and Results Driven, through a healthy, safe and secure environment in which every student will learn.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF webpage at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

School Facility Conditions and Planned Improvements (Most Recent Year)

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the school's repairs and maintenance projects are performed by the district's highly qualified, professional trade specialists. Emergency situations are immediately resolved either by the school custodian or district maintenance staff, based upon the nature of the situation. Day and evening custodians work closely as a team and with the principal for routine maintenance, daily custodial duties, and special events preparations. The principal and day custodian communicate daily to discuss campus cleaning needs and safety concerns. Every morning before school begins, the custodian, principal, and assistant principal inspect facilities for safety hazards, graffiti, and other conditions that require removal prior to students and staff entering school grounds. School safety and cleanliness are the custodians' highest priority and strongly emphasized as a component of their daily routines. Custodians are trained by M&O's administrators on proper cleaning procedures, use of chemicals, and use of equipment. The day custodians are responsible for following an established set of cleaning standards and prioritization procedures for general campus maintenance. The day custodian checks restrooms twice a day as a proactive measure in keeping facilities well stocked, safe, and sanitary. The evening custodians are responsible for thorough cleaning of classrooms, office areas, and restrooms. Groundskeepers are dispatched by the district office to perform general maintenance of landscaping, gardening, sports fields, and irrigation systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The Teacher Induction & Professional Support Program (TIPS) is a state-approved program that offers additional support and assistance to newly credentialed teachers. All new teachers are assigned to a Support Provider (mentor teacher) and provided individualized support over a two-year period. More information about the TIPS Induction Program is available on www.sausd/tips.org.

To support veteran teachers as well as new teachers to the district, Santa Ana Unified School District offers Peer Assistance and Review (PAR) which is easily defined as teachers helping teachers. Experienced and knowledgeable veteran teachers, referred to as Consulting Teachers, provide ongoing assistance to teachers who need to improve their instructional skills, classroom management strategies, subject knowledge, and/or related aspects of their teaching performance.

Staff members are encouraged to attend professional workshops and conferences by visiting GoPD. New teachers, experienced teachers, mentor/teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Orange County Office of Education and courses offered by community colleges and universities. Classified support staff may receive additional job-related training from vendors, department supervisors, and district representatives.
