2020-2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

Julia C. Lathrop Intermediate School (Lathrop Intermediate School) is located at the corner of South Broadway and West McFadden Ave in the city of Santa Ana. It serves approximately 699 students in grades 6-8. Lathrop Intermediate School students participate in a six period day. All students have one period of Mathematics, English language arts (ELA), science, social science, and physical education. English Language Learners who are newcomers to the United States (two years or less) take one period of English Language Development using the iLit-ELL Program as their core ELA curriculum. In addition, all Lathrop Intermediate School students have one period of an elective. The elective program consists of STEM, Project Lead the Way, Art, Spanish, AVID, Band, Orchestra, Mariachi, Math Support, and Language Arts Support (including Achieve3000, and iLit-45). Additionally, everyday, Lathrop Intermediate School students participate in a College Preparation "Seminar" period lasting 18 minutes, which emphasizes study skills, character building, and high school, college, and career planning to support continued academic success. Students are assigned to the same College Prep teacher for the three years they attend Lathrop Intermediate School. Outside of the normal school day, Lathrop Intermediate School offers additional support for students through extended hours of access to Lathrop's Learning Center, after-school tutoring, Saturday and Intersession Intervention Programs, the WIN program, Extra Support Provided Now program, and the Engage 360° After-School Program.

Lathrop Intermediate School is now in its sixth year implementing the STEM Program; the continued goal is to support the Project Lead the Way Program, which allows students to take courses such as Medical Detectives, Robotics, video production, flight and space, and Introduction to Computer Science to prepare them for participation in the STEM program, not only at Lathrop, but in preparation for high school STEM Pathways. Parental involvement and parent education is focused on the development of awareness and understanding of the educational processes. All parent activities are designed to establish transparent and credible processes for community and stakeholder involvement. School Site Council (SSC) and the English Learners Advisory Committee (ELAC) provide parents information that supports and emphasizes parent decision-making at the site and district level. Lathrop Intermediate School is well-represented at the DAC/DELAC, LCAP District meetings, and the annual district-wide parent conference.

School Mission:

Lathrop Intermediate School is dedicated to educational excellence. Through a rigorous and standards-based curriculum, students are able to construct the academic and 21st Century Skills necessary for success in high school, college, and career.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum throughout Santa Ana Unified School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state's list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district's Board of Trustees. On September 14, 2021, the Santa Ana Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 21/22-3421, which certifies as required by Education Code §60119 that for the 2021-2022 school year, the Santa Ana Unified School District has provided sufficient textbooks or instructional materials, or both, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board, to each pupil including those enrolled in a foreign language or health course, and that sufficient laboratory science equipment applicable to science laboratory courses offered in grades 9-12, inclusive, is available to pupils.

School Facility Conditions and Planned Improvements

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the school's repairs and maintenance projects are performed by the district's highly qualified, professional trade specialists. Emergency situations are immediately resolved either by the school custodian or district maintenance staff, based upon the nature of the situation. Day and evening custodians work closely as a team and with the principal for routine maintenance, daily custodial duties, and special events preparations. The principal and day custodian communicate daily to discuss campus cleaning needs and safety concerns. Every morning before school begins, the custodian and principal inspect facilities for safety hazards, graffiti, and other conditions that require removal prior to students and staff entering school grounds. School safety and cleanliness are the custodians' highest priority and strongly emphasized as a component of their daily routines. Custodians are trained by M&O's administrators on proper cleaning procedures, use of chemicals, and use of equipment. The day custodians are responsible for following an established set of cleaning standards and prioritization procedures for general campus maintenance. The day custodian checks restrooms twice a day as a proactive measure in keeping facilities well stocked, safe, and sanitary. The evening custodians are responsible for thorough cleaning of classrooms, office areas, and restrooms. Groundskeepers are dispatched by the district office to perform general maintenance of landscaping, gardening, sports fields, and irrigation systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are encouraged to get involved in Lathrop Intermediate School's learning community by volunteering their time, attending school events and sharing in the decision-making process. The school welcomes assistance in the classroom, Lathrop Wellness Center, and Learning Center. Parents are always invited to help chaperone field trips, dances, and any other school events.

Lathrop Intermediate School provides a wide range of opportunities for parents to interact with school staff while supporting their child's academic efforts. These may include:

- Program Verification
- Back to School Night/Open House
- Coffee with the Principal
- Monthly parent meetings
- School Choice Fair
- Classroom visits
- Parent Teacher Conferences
- Student performances
- Music/choir and/or theater performances
- Science fairs
- Sporting events
- Volunteer opportunities
- Parent education training and/or workshops
- Promotion activities
- Student recognition assemblies
- Parent training and workshops
- Parent computer literacy classes
- Parent leadership academy
- Aeries Parent Portal Access workshops
- Parent meetings

2021-22 Opportunities for Parental Involvement

- LCAP meetings

The following campus organizations provide opportunities for parents to have input on curricular programs, activities, and the design of the School's Plan:

- School Site Council
- English Learners Advisory Committee

Parents seeking more information about becoming an active member in the school community may contact the Principal or Family Community Liaison at (714) 567-3300.

School-to-home communication is provided in both English and Spanish. Through routine correspondence and special announcements, parents are kept informed of school news, student activities, schedules, policy changes, and class curriculum updates including the following formats:

- ParentSquare
- School website
- Flyers
- Letters
- School Marquee/Banners
- Social Media (Facebook, Instagram, Twitter)

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

CSSPs were waived due to closure during COVID from March 2020 to August 2021

The Comprehensive School Site Safety Plan (CSSP) was developed in collaboration with law enforcement and the District Office to fulfill Senate Bill 187 requirements. The CSSP is managed by the District via Doc-Tracking. The school's most current plan is reviewed and updated to address safety, security and emergency preparedness. Schools are required to review and update their Comprehensive School Safety Plan (CSSP) with their School Site Councils and/or Safety Committees. Each school also meets with Santa Ana Unified School Police annually to discuss egress/ingress, crime data and other factors related to Crime Prevention Through Environmental Design (CPTED).

Professional Development

All curriculum and instructional improvement activities at Santa Ana Unified School District are aligned to the California Common Core State Standards (CCSS). Areas of focus for staff development are selected based upon student achievement data, LCAP goals, teacher input, CCSS, and professional development surveys. In addition to district-wide opportunities, after-school workshops, conference attendance and pull-out training sessions have been implemented at the school site, in conjunction with in-class coaching, teacher-principal meetings, and student data report analysis to support ongoing professional development at the school site.

All staff development activities provided by Santa Ana Unified School District are focused on increasing student learning and proficiency. Staff development topics have been selected by a combination of student achievement data, as well as a teacher needs inventory. Topics include: MAP data analysis, Aeries data analysis, GATE and AVID instruction methods, Positive Behavior Interventions Support, utilizing technology to extend learning (teacher website, Canvas, Google Classroom), DBQ (Document-Based Question) training for Social Science teachers, Project-Based Learning (PBL), Breakout Boxes, classroom management, writing instruction, reading interventions, and effective teaching strategies.

Santa Ana Unified School District offers supplemental training and support for new and ongoing program implementation. Training activities take place throughout the school year, after school, and during the summer and generally focus on curriculum, teaching strategies, educational technology, and methodologies. District training opportunities focused on the following:

- Technology in the classrooms with Learning Innovation with Technology Department
- AVID Training (Advancement Via Individual Determination)
- GATE Training (Gifted And Talented Education)
- Special Education
- Data Analysis and Using Data to Drive Instruction
- PBIS Training

Professional Development

Math teachers are implementing the fourth year of SAUSD’s adopted math curriculum, College Preparatory Math (CPM). To help support the implementation of the curriculum, math teachers will receive five days of pullout training, during which they will become familiar with the pedagogy and main pillars, collaborate on the structures in the classroom necessary for upcoming lessons, look at current student data and trends, and support each other in the shifts in classroom instruction. To help support the implementation of the curriculum, ELA teachers will receive five days of pullout training, during which they will become familiar with the pedagogy and main pillars, collaborate on the structures in the classroom necessary for upcoming lessons, look at current student data and trends, and support each other in the shifts in classroom instruction. To help support the implementation of the curriculum, Social studies and Science teachers will receive three days of pullout training, during which they will become familiar with the pedagogy and main pillars, collaborate on the structures in the classroom necessary for upcoming lessons, look at current student data and trends, and support each other in the shifts in classroom instruction. Teachers implementing iLit-45, iLit-ELL, and Achieve3000, as part of English language arts support classes, receive training and support to effectively deliver the specific curriculum. Elective Programs: AVID Coordinators and administrator(s) receive training during the AVID conference and will provide AVID strategies to the staff; school-wide implementation of AVID strategies are presented and reinforced in core classes. Implementation of Project Lead the Way Program is in place to support the STEM program. STEM teachers and administrator(s) have received training and implementation strategies through the PLTW conference.

New teachers and teachers not yet fully credentialed are supported by peer coaching and extensive staff development. The TIPS Induction Program (Teacher Induction and Professional Support) is a state-approved program that offers additional support and assistance to newly credentialed teachers. All new teachers are assigned to a Support Provider (mentor teacher) and provided individualized support over a two-year period. More information about the TIPS Induction Program is available on www.sausdtips.org. To support tenured teachers as well as new teachers to the district, Santa Ana Unified School District offers Peer Assistance and Review (PAR) which is easily defined as teachers helping teachers. Experienced and knowledgeable veteran teachers, referred to as Consulting Teachers, provide ongoing assistance to teachers who need to improve their instructional skills, classroom management strategies, subject knowledge, and/or related aspects of their teaching performance.

Staff members are encouraged to attend professional workshops and conferences. New teachers, experienced teachers, mentor/ teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Orange County Office of Education and courses offered by community colleges and universities. Classified support staff may receive additional job-related training from vendors, department supervisors, and district representatives. Counselors participate in professional development in order to keep up to date in areas such as Crisis Management, Restorative Practices, High School Readiness and College-Going Culture.
