2020-2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fq/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

REACH Academy is a Community Day School operated by the Santa Ana Unified School District. REACH Academy serves the District's students who have been expelled, referred by a School Attendance Review Board (SARB), referred by a Pupil Placement Committee (PPC) for behavior, attendance and/or performance issues, referred by Orange County Probation, and/or other youth at high risk. REACH Academy is WASC Accredited and offers "A-G" courses. REACH Academy operates a 360-minute instructional day, which is a student-centered approach that supports and embraces the diverse needs of the students by providing an alternative method of teaching, assessment and learning, rigorous and relevant teaching and curriculum, intervention, and prevention, extended learning opportunities, safe and healthy environment, and collaborative partners that are all Student-Centered. REACH Academy stands for Responsible Citizens, Effective Communicators, Active Learners, Critical Thinkers, and Healthy Individuals, which is truly what we want the students to become. REACH Academy has evolved over the past few years to become a Positive and Restorative Culture that offers a small school environment, low student to teacher ratios, more one-on-one student attention, powerful student and staff relationships, and a strong focus on Higher Order Thinking, Blended Learning, and Success Skills, which has created an environment where all students can strive to succeed. REACH Academy also offers a fully separate credit recovery program in the evening to support more students in their educational journey. The Credit Recovery PM Program at REACH Academy is a program to give students a chance at an alternative avenue to succeed in High School. This is an extension of REACH Academy and therefore will follow hand in hand with what we are continuing to do with our regular student population. The Credit Recovery program is assigned to any High School student that is enrolled in our school. All credit recovery classes will continue to be 4 periods and run from 3:30 pm - 8:00 pm with a quarter system schedule. This program is to help those students that are credit deficient that cannot be served at our current alternative educational sites. Per EdCode students that are 16 or older can go to a continuation school however, at REACH we can accept students younger than 16 for credit recovery purposes.

Besides offering the traditional subjects such as English Language Arts, Mathematics, Social Studies, Sciences, Foreign Languages, Physical Education, and Electives, REACH Academy has created what is called the HEART class, which is an orientation class for all new students. Its purpose is to relieve the stresses these students and their families are experiencing, as well as to better prepare them for success. HEART stands for Hope, Engage, Achieve, Restore, and Transition. The HEART class was designed for the students to stay on average for 20 days, and each letter of HEART has a module created in Canvas that includes lessons about each letter of HEART. These lessons integrate technology, reading, writing, reflecting, sharing, restorative circles, cross-curriculum teaching, and career exploration. The HEART class is a collaborative effort with Project Kinship. Project Kinship is one of many community partners at REACH Academy. Project Kinship's Mission is to

2021-22 School Overview

increase community safety, promote hope, health, and well-being among the formerly incarcerated and their families, and help individuals successfully re-enter the community. Project Kinship is providing direct individual support with Case Management to students and families with support linked to community resources, one-to-one paraprofessional counseling, individual gang mediation, crisis-based gang intervention and de-escalation support, one-on-one substance abuse counseling services, and student home visits, providing group support with restorative practice circles, emotional literacy and anger management groups, after school restorative practice group, youth development activities, gang intervention groups, female intervention groups, and substance abuse groups. Other community partners on-site daily are Orange County Probation and Orange County Department of Education – Mental Health, as well as other community partners who help to provide extended learning opportunities. With all of this, we can meet the unique educational, social, physical, and emotional needs of the diverse students we serve and provide them with a second chance at success.

REACH Academy's Mission is to meet the unique educational, social, physical, and emotional needs of our diverse student population in a safe and nurturing environment; and to encourage students to develop an enthusiasm for lifelong learning and a desire to pursue college and career opportunities.

REACH Academy's Vision is a student-centered second chance at success. We do this by having caring staff that builds connections and relationships with students while providing alternative methods of teaching, assessment, and learning. The school offers a rigorous and relevant curriculum, strategies of prevention and intervention for at-risk behavior, and extended learning opportunities, all in a safe and healthy environment. With this approach, in collaboration with our community partners, we are able to meet the unique educational, social, physical, and emotional needs of the diverse students we serve.

REACH Academy's Motto: Soaring to REACH New Heights

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

Total Teaching Positions	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum throughout Santa Ana Unified School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state’s list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district’s Board of Trustees. On September 14, 2021, the Santa Ana Unified School District’s Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 21/22-3421, which certifies as required by Education Code §60119 that for the 2021-2022 school year, the Santa Ana Unified School District has provided sufficient textbooks or instructional materials, or both, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board, to each pupil including those enrolled in a foreign language or health course, and that sufficient laboratory science equipment applicable to science laboratory courses offered in grades 9-12, inclusive, is available to pupils.

School Facility Conditions and Planned Improvements

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the school's repairs and maintenance projects are performed by the district's highly qualified, professional trade specialists. Emergency situations are immediately resolved either by the school custodian or district maintenance staff, based upon the nature of the situation. Day and evening custodians work closely as a team and with the principal for routine maintenance, daily custodial duties, and special events preparations. The principal and day custodian communicate daily to discuss campus cleaning needs and safety concerns. Every morning before school begins, the custodian, principal, and assistant principal inspect facilities for safety hazards, graffiti, and other conditions that require removal prior to students and staff entering school grounds. School safety and cleanliness are the custodians' highest priority and strongly emphasized as a component of their daily routines. Custodians are trained by M&O's administrators on proper cleaning procedures, use of chemicals, and use of equipment. The day custodians are responsible for following an established set of cleaning standards and prioritization procedures for general campus maintenance. The day custodian checks restrooms twice a day as a proactive measure in keeping facilities well stocked, safe, and sanitary. The evening custodians are responsible for thorough cleaning of classrooms, office areas, and restrooms. Groundskeepers are dispatched by the district office to perform general maintenance of landscaping, gardening, sports fields, and irrigation systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

2020-21 Career Technical Education Programs

The SAUSD Career Technical Education (CTE) program offers innovative and challenging courses with equitable access to prepare all students to be college and career ready through on-site, after-school, and virtual learning. Students take an integrated CTE course sequence called a CTE Pathway that focuses on an industry-specific program of study over a two to four-year period. SAUSD's CTE courses include a wide range of high-wage, high-skill, and high-demand career choices in the areas of science, technology, engineering, arts, and math (STEAM). CTE regional, county, and state competitions build industry skills and leadership through CTE student organizations. We continue to focus on adding pertinent industry recommended certifications and providing students the chance to work with businesses in our community through internships, field trips, and guest speaker opportunities.

CTE courses in Santa Ana combine real-world and work-based relevance with academic rigor and are aligned to meet both academic and California State CTE Standards. CTE courses also meet the rigorous "A-G" entrance requirements for the University of California (UC) and California State University (CSU) systems. In addition, many of our high school CTE courses offer either articulated or dual enrollment credit with local colleges that allow students to earn credit for both high school and college classes.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parents are encouraged to get involved in REACH Academy learning community by volunteering their time, attending school events, or sharing in the decision-making process. Parents are always invited to help plan and attend school-sponsored

2021-22 Opportunities for Parental Involvement

events. We provide a wide range of opportunities for parents to interact with school staff while supporting their child's academic efforts. These include:

- Back to School Night
- Open House
- LCAP/Title One Meetings
- Quarterly Student Success Meeting
- Promotion activities
- Parent education training and/or workshops

Beginning in the 2019-2020 school year, each SAUSD campus has been equipped with a Wellness Center, staffed by a Family and Community Liaison. The Wellness Center is a place where families can connect with the school, receive resources, and attend workshops and classes. All families are welcome!

The following campus organizations provide opportunities for parents to have input on curricular programs, activities, and the design of the School's Plan:

- School Site Council
- English Language Advisory Council

Parents seeking more information about becoming active members of the school community may contact the principal at (714) 431-1800.

School-to-home communication is provided in both English and Spanish. Through routine correspondence and special announcements, parents are kept informed on school news, student activities, schedules, policy changes, and class curriculum updates including the following formats:

- ParentSquare messaging system
- School website
- Public Service Channel 31 or 51
- School and/or Class newsletters
- Flyers
- Letters
- New Student Orientations

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.04	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

CSSPs were waived due to closure during COVID from March 2020 to August 2021

The Comprehensive School Site Safety Plan (CSSP) was developed in collaboration with law enforcement and the District Office to fulfill Senate Bill 187 requirements. The CSSP is managed by the District via Doc-Tracking. The school's most current plan is reviewed and updated to address safety, security and emergency preparedness. Schools are required to review and update their Comprehensive School Safety Plan (CSSP) with their School Site Councils and/or Safety Committees. Each school also meets with Santa Ana Unified School Police annually to discuss egress/ingress, crime data and other factors related to Crime Prevention Through Environmental Design (CPTED).

Professional Development

As a Community Day School, the legislation outlining the procedures for REACH Academy School states that there must be a 6 hour teaching day every day school is in session. This does not allow for modified days or staff development days. Therefore, the teachers at REACH Academy School participate in staff development before school, after school, and during school hours. The subjects covered during the staff development focus on four main areas: 1) Maintaining Positive School Culture; 2) Meeting the social/ emotional needs of our students; 3) Providing our students with rich, accessible academic opportunities; and 4) Skills for necessary for Academic Success so that every student leaving REACH is college and/or career ready. Sub-topics include Trauma-Informed, Therapeutic Web of Success, Restorative Practices, Restorative Practices with Circles, PBIS, Zones of Regulations. Additional professional development topics, supported by our Instructional Coach, focus on blended and hyflex learning with an emphasis on Canvas, Google tools, teacher web page creation.

This table displays the number of school days dedicated to staff development and continuous improvement.
