## 2020-2021 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at [www.cde.ca.gov/ta/ac/sa/](http://www.cde.ca.gov/ta/ac/sa/)

For more information about the LCFF or the LCAP, see the CDE LCFF web page at [www.cde.ca.gov/fg/aa/lc/](http://www.cde.ca.gov/fg/aa/lc/)

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at [dq.cde.ca.gov/dataquest/](http://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) [www.caschooldashboard.org/](http://www.caschooldashboard.org/) reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2021-22 School Overview

Wilson Elementary is located in the single-family home neighborhood of Washington Square. The attendance area for Wilson Elementary is located south of 17th Street, north of Civic Center Drive, east of Bristol Street, and west of Broadway Avenue in Santa Ana. Wilson Elementary observes a modified traditional school year calendar. The school strongly supports its PBIS (Positive Behavior Interventions and Supports) motto: "Respectful, Responsible and Safe." Wilson was honored with a Gold Medal award for its PBIS efforts in 2018-19 and recognized in 2019-20 with the We Care Award. Wilson School's instructional focus is on interactive teaching with an emphasis on academic language development and the demonstration of critical thinking skills in all academic areas. The instructional staff at Wilson Elementary is committed to providing clear targets, frequent feedback, and research-based instruction to ensure all students make meaningful academic growth in the core curriculum. Wilson Elementary administration and the instructional leadership team focus strongly on building literacy. Transitional Kindergarten through fifth-grade students are provided with multiple Common Core-aligned strategies for intervention - both at home and at school: ST Math, Lexia Reading, TumbleBooks, and myON Reading, among others. Trimester assessments using NWEA's Measures of Academic Progress (MAP) in ELA and Mathematics, DIBELS fluency, and State testing (ELPAC and SBAC) provide measures of academic progress and growth in English. To assist in remediating lower student performance, 30 additional hours outside of the regular school day was provided for small group intervention in Language Arts and/or Mathematics. In the spring of 2020, Title I funds were set aside to provide additional support for our students performing below the 20th percentile nationally. Unfortunately, the COVID pandemic interrupted this opportunity. We were fortunate that many of these students were able to receive additional support after the close of the school year through an academic-focused summer school session. Enrichment opportunities are also made available to all students. Approximately 155 students are served through the Engage 360 after school program which provides a late afternoon meal, exercise (such as karate and yoga), music, art, STEM, and other enrichment activities. Most importantly, students are provided with valuable time to complete assigned homework and reading. Wilson infuses both in-school and extracurricular periods with additional opportunities for personal self-development through art lessons, music performances, and online activities. Both the school library and computer lab are open extended hours before and after school, four days a week. For the 2021-22 school year, we are pleased to return to in person instruction after having been closed since March 16, 2020 and providing instruction solely online. To support the students return to school and their social and emotional well being, the district has provided additional support by staffing on site counselors.

## 2021-22 School Overview

Preparations and procedures for student safety before, during, and after school is a priority at Wilson Elementary. As such, all visitors to campus must provide valid identification and which is scanned through the RAPTOR system. Monthly fire drills, twice-annual earthquake drills, and a lockdown scenario are conducted each school year. A valet system is supervised before and after school with frequent collaboration with both SAUSD and Santa Ana Police Services. The Wilson Safety Team recently collaborated with the City of Santa Ana on the "Safe Routes to School" grant application. Input as provided by students, parents, and staff on the pedestrian and vehicular pathways to and from our campus. At the close of the school day, all students are released to family members or authorized care providers from inside the school gates. Parents of fourth and fifth-grade students are provided the opportunity to complete a permission form allowing their upper-grade child to walk home independently.

Our mission at Wilson Elementary is to provide equitable student access to a safe, respectful, supportive, rigorous, and Common Core standards-based learning environment through which all students develop a growth mindset in their preparation for College and Career readiness. Students, parents, staff, and community members effectively collaborate to promote achievement and foster the necessary skills and values that empower all students to contribute as members of a diverse society.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

### 2019-20 Teacher Preparation and Placement

Authorization/Assignment	2019-20
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	
Intern Credential Holders Properly Assigned	
Teachers Without Credentials and Misassignments (“ineffective” under ESSA)	
Credentialed Teachers Assigned Out-of-Field (“out-of-field” under ESSA)

<b>Total Teaching Positions</b>	

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum throughout Santa Ana Unified School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state's list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district's Board of Trustees. On September 14, 2021, the Santa Ana Unified School District's Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 21/22-3421, which certifies as required by Education Code §60119 that for the 2021-2022 school year, the Santa Ana Unified School District has provided sufficient textbooks or instructional materials, or both, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board, to each pupil including those enrolled in a foreign language or health course, and that sufficient laboratory science equipment applicable to science laboratory courses offered in grades 9-12, inclusive, is available to pupils.

## School Facility Conditions and Planned Improvements

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the school's repairs and maintenance projects are performed by the district's highly qualified, professional trade specialists. Emergency situations are immediately resolved either by the school custodian or district maintenance staff, based upon the nature of the situation. Day and evening custodians work closely as a team and with the principal for routine maintenance, daily custodial duties, and special events preparations. The principal and day custodian communicate daily to discuss campus cleaning needs and safety concerns. Every morning before school begins, the custodian and principal inspect facilities for safety hazards, graffiti, and other conditions that require removal prior to students and staff entering school grounds. School safety and cleanliness are the custodians' highest priority and strongly emphasized as a component of their daily routines. Custodians are trained by M&O's administrators on proper cleaning procedures, use of chemicals, and use of equipment. The day custodians are responsible for following an established set of cleaning standards and prioritization procedures for general campus maintenance. The day custodian checks restrooms twice a day as a proactive measure in keeping facilities well stocked, safe, and sanitary. The evening custodians are responsible for thorough cleaning of classrooms, office areas, and restrooms. Groundskeepers are dispatched by the district office to perform general maintenance of landscaping, gardening, sports fields, and irrigation systems.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2020-21 California Physical Fitness Test Results

Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020-2021 school year and therefore no data are reported and each cell in this table is populated with "N/A."

Grade 5	N/A	N/A	N/A
Grade 7	N/A	N/A	N/A
Grade 9	N/A	N/A	N/A

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2021-22 Opportunities for Parental Involvement

Parents and guardians are encouraged to involve themselves in Wilson Elementary School's learning community through volunteering their time, attending school events, and sharing in the decision-making processes. The school welcomes assistance in the classroom, library/media center, playground sports events, and numerous other schoolwide activities and events. To promote a cohesive school community, Wilson Elementary offers a wide variety of leadership roles for parents and membership on the English Language Advisory Council, DAC/DELAC representatives, School Site Council or Safety Team, membership and/or leadership on the Parent Teacher Organization. The school's Parent Wellness Center has become a hub for parent training, resources, and referrals to specialized services. A part-time Family and Community Engagement Worker ensures that Wilson's Wellness Center also hosts parenting classes and collaborates with outside agencies. Wilson Elementary also provides funding for a half-time Family Outreach Liaison who assists with attendance concerns and providing resources that promote children's general welfare. Most of the parent training and/or meetings will be held online due district mandated protocols as well as social distancing restrictions. Wilson will continue to monitor and adhere to the district wide safety guidelines in order to provide a safe and healthy campus.

Aside from leadership or advisory roles on school committees, there are plentiful opportunities for parents to collaborate with school staff while supporting their child's academic efforts

- Back to School Night
- Open House
- Weekly parent meetings
- Student performances
- Parent access to Library before and after school
- Computer lab access before and after school
- Fundraisers
- Music and choir
- Sporting events
- Field trip chaperones
- Promotion activities

## 2021-22 Opportunities for Parental Involvement

- Student recognition assemblies (Perfect Attendance, Reclassification to English Proficiency, Superior Academic Performance, Improvement in Academics, PBIS Awards)
- Parent education training and/or workshops in the Wellness Center (ESL, parent classes, assistance with accessing government resources, etc.)
- Parent morning and afternoon volunteers

The following campus organizations offer opportunities for parents to provide input on curricular programs, activities, and the design of the School's Plan. Elections for ELAC, SSC, and DAC/DELAC members/representatives are held annually in accordance with Wilson Elementary by-laws:

- School Site Council
- English Language Advisory Council

## C. Engagement

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.04	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

## 2021-22 School Safety Plan

CSSPs were waived due to closure during COVID from March 2020 to August 2021

The Comprehensive School Site Safety Plan (CSSP) was developed in collaboration with law enforcement and the District Office to fulfill Senate Bill 187 requirements. The CSSP is managed by the District via Doc-Tracking. The school's most current plan is reviewed and updated to address safety, security and emergency preparedness. Schools are required to review and update their Comprehensive School Safety Plan (CSSP) with their School Site Councils and/or Safety Committees. Each school also meets with Santa Ana Unified School Police annually to discuss egress/ingress, crime data and other factors related to Crime Prevention Through Environmental Design (CPTED).

## Professional Development

2019-20 data was not available due to the COVID-19 and the spring school closure. Teachers participated in professional conversations with the principal regarding mathematical progress. They collaborated in two, one-hour sessions to analyze students/class math data, determine progress, and plan differentiated instruction, based on student needs (4 partial days). At the beginning of the year teachers in grades K- 3 attended DIBELS 8th Edition training. DIBELS 8th Edition is used districtwide to assess and monitor students' progress in reading (K - 3) (2 partial days). As indicated in the 2019-20 School Plan for Student Achievement (SPSA), teachers in grades 4 and 5 completed AVID Essentials training to support students with research-based strategies to develop 21st Century skills and prepare them for college and careers (4 full days). They also participated in a half-hour training on GATE identification. Additionally, teachers at these upper-grade levels trained in the implementation of the Everfi online education to ensure that their students completed the modules required for student Internet Safety training.

2020-21 saw the school year open virtually. The opening was delayed to provide teaching staff with a full week of training in Google Classroom, digital use of standards-based online curriculum, and a variety of apps for instructional delivery. Teachers were able to complete this initial professional development which provided them with the tools to begin the year's instruction remotely. An additional 12 hours (3 days) of professional development is scheduled throughout the school year. This wide variety of course offerings allow the teaching staff to focus on instructional areas specific to their learning needs. The professional development topics range from enhancing students' learning experiences in the ELA, Math, Science, ELD, and Social Science curriculum to the use of apps and strategies designed to facilitate distance learning.

For 2021-22, the classroom staff identified two academic areas for specific intervention - reading remediation (primarily phonics) and math facts. These are foundational learning concerns that will be strongly addressed this school year. Certificated staff have or will be provided staff development or training in the following areas during 2021-22 during school hours: ELPAC (TOSA - 9 hours), SBAC (TOSA - 8 hours), other trainings relating to English Learners (TOSA - 12.5 hours), Counseling Skills (Counselor - 75 hours). Classified staff will also receive training during the hours that students are in school: Engage 360 (six members and site lead x 32 sessions x 1 hour = 192 hours), Librarian (10 meetings x 2 hours = 20 hours), Office Manager and Site Clerks (10 meetings x 2 hours = 20 hours), Computer Instructional Assistant (10 meetings x 2 hours = 20 hours). The total number of hours of certificated training is: 104.5. The total number of hours for classified training is 252. Classroom teachers and other staff members are afforded significant additional hours both after school in staff meetings or on duty days for professional development in academic areas, safety, technology skills, etc. Funding to compensate instructional staff for professional development was planned and approved through Title I. Funding for activity supervisors is provided through the general fund; however, training in safety and best practices in the playground is provided by the school site.

Though Santa Ana Unified's K-12 Teaching and Learning Department has provided hundreds of opportunities for learning growth, teachers looking to expand their skill set are also encouraged to seek outside sources for training. Wilson staff are always welcomed to expand their professional knowledge. Staff collaboration is taking place at unprecedented rates - in-house, throughout the District, and via online forums. In many ways, distance learning has pushed educators to reflect strongly on their instructional practices, resulting in a renaissance of innovative teaching strategies.

Staff is provided encouragement and feedback for their efforts through participation in a variety of school associations - Instructional Leadership Team, Positive Behavior Interventions and Supports Team, Coordination of Services Team, and others. Wilson's principal also takes time to meet online with teachers during class sessions, at bi-weekly staff meetings, and through individual appointments.

This table displays the number of school days dedicated to staff development and continuous improvement.
