## 2022 School Accountability Report Card

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>

For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2022-23 School Overview

Fremont Elementary is located on the corner of West 10th Street and English Street, just north of West Civic Center Drive. Fremont Elementary is a self-contained, open space building with partitions serving as room dividers. There are 25 classroom spaces, a library, a music room, a computer lab, and a variety of offices. All classrooms have a SMART Board, as well as a ViewSonic® ViewBoard® interactive flat panel (IFP) display. All students - TK/K through 5th grade - have school-issued Chromebooks to provide 1:1 digital access; in addition, Kindergarten classes have access to 60 iPads. Fremont also provides school-wide WiFi access for all staff, students, and visitors; furthermore, parents have access to Chromebooks in the school Parent Wellness Center. Fremont Elementary School is a thriving and exciting place for students to learn. It is the goal of all staff members to provide each child with the academic, social, and emotional tools necessary in becoming competent, capable, and concerned 21st Century citizens. Everyone is committed to providing all students with the best and sound instructional education and are passionate about ensuring academic success for all. The foundation for this success is grounded in the school's partnership with parents and the community.

For this past school year 2021-22, Fremont Elementary had opened its doors to in-person instructional delivery while closely following the state and SAUSD COVID-19 safety protocols, and those families having wished to continue distance learning had done so through the Santa Ana Virtual Academy (SAVA) program established during the past school year by the Santa Ana Unified School District (SAUSD). During this school year 2022-23, the same aforementioned approach is being utilized at Fremont Elementary, with respect to in-person instructional delivery or continuing distance learning via SAVA. Student engagement with in-person instructional delivery happens with teacher-directed live lessons delivered to the whole class and/or small groups; in addition, students are provided independent work. In-person instruction is focusing on best first practices for whole group engagement and - in particular - focusing on small group instruction. Both in-person and SAVA program utilize instructional strategies that engage students in learning activities that help them meet the California Common Core State Standards in both English Language Arts and Mathematics in preparing them for college and career. Through data analysis of student assessments, the instructional staff continues identifying the need for a literacy campaign to increase reading comprehension and fluency. The staff is committed to creating a positive and safe school climate, both at the school-site and during online learning, through Positive Behavior Interventions and Supports (PBIS); as such, during the 2019-20 school year, Fremont was recognized as a Platinum School by the California PBIS Coalition for implementing PBIS with fidelity to the national framework.

## 2022-23 School Overview

Fremont Elementary students are offered a variety of programs that provide them with both enrichment and intervention. All students use technology for personalized learning through Spatial-Temporal Math (ST Math - also known as JiJi), Accelerated Reader (AR), Reflex, Khan Mappers, IXL, Lexia and/or Reading Plus. Throughout the school year, teachers offer students before-or-after school tutoring or enrichment. The school provides a full inclusion Mild-to-Moderate Special Education program in several service models, pull-out and/or push-in, as well as collaboration with a specialist. The Engage 360 after-school program offers academic enrichment, homework support and physical activity to approximately 200 students. During the summer break 2022, students participated in Engage 360, Summer Enrichment, or Extended School Year (ESY). Students are given the opportunity to develop their leadership skills through student council and a variety of school based programs. In addition, students in grades K-5 are provided with music classes; there is a preschool program, as well. Prior to the 2020-21 school year, Fremont Elementary had supported an early literacy Mommy/Daddy-and-Me classes offered on-campus to help prepare young children for kindergarten, as well as incoming kindergarten students having been offered a two (2)-week Kinder Boot Camp experience in order to help the transition into kindergarten and make the beginning of the coming school year a less stressful and more familiar experience. These programs were on-hold - with the exception to the Kinder Boot Camp - due to the current protocols with COVID-19; once the state and SAUSD give approval to allow school sites to continue their respective programs while following established COVID-19 protocols, Fremont Elementary will make plans to implement all the aforementioned activities. Parents are our partners and are always welcome on our school campus as parent leaders, volunteers, or participants in the learning opportunities being offered; however, this has been carefully adapted to online setting or in-person, pursuant to safety pandemic protocols; for example, School Site Council (SSC), English Language Advisory Council (ELAC), and parent meetings have been meeting in-person, following established SAUSD and school safety protocols. Fremont Elementary has a full-time Family And Community Engagement (FACE) liaison, two (2) full-time counselors, and a Turning Point counselor for two (2) days-per-week to assist and help meet the social and emotional needs of our students and their families.

### School Mission

Fremont Elementary School promotes high academic achievement through an integrated, California Common Core State Standards based curriculum. To accomplish this, accountability will be consistently monitored through a systematic assessment process. Parent and community partnerships form an integral component that maximizes every child's individual academic, social, and emotional growth.

### School Vision

Fremont Elementary School expects that all students will achieve high academic success, enabling them to prepare for college and career and to develop into socially responsible, contributing members of society, with a life-long commitment to learning.

### Statement of Behavior Purpose

Fremont Elementary is a community of scholars whose goal is to learn and to help each other to be good citizens.

### 2022-23 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum throughout Santa Ana Unified School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state’s list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district’s Board of Trustees. On September 27, 2022, the Santa Ana Unified School District’s Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 22/23-3481, which certifies as required by Education Code §60119 that for the 2022-2023 school year, the Santa Ana Unified School District has provided sufficient textbooks or instructional materials, or both, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board, to each pupil including those enrolled in a foreign language or health course, and that sufficient laboratory science equipment applicable to science laboratory courses offered in grades 9-12, inclusive, is available to pupils.

### School Facility Conditions and Planned Improvements

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the school's repairs and maintenance projects are performed by the district's highly qualified, professional trade specialists. Emergency situations are immediately resolved either by the school custodian or district maintenance staff, based upon the nature of the situation. Day and evening custodians work closely as a team and with the principal for routine maintenance, daily custodial duties, and special events preparations. The principal and day custodian communicate daily to discuss campus cleaning needs and safety concerns. Every morning before school begins, the custodian and principal inspect facilities for safety hazards, graffiti, and other conditions that require removal prior to students and staff entering school grounds. School safety and cleanliness are the custodians' highest priority and strongly emphasized as a component of their daily routines. Custodians are trained by M&O's administrators on proper cleaning procedures, use of chemicals, and use of equipment. The day custodians are responsible for following an established set of cleaning standards and prioritization procedures for general campus maintenance. The day custodian checks restrooms twice a day as a proactive measure in keeping facilities well stocked, safe, and sanitary. The evening custodians are responsible for thorough cleaning of classrooms, office areas, and restrooms. Groundskeepers are dispatched by the district office to perform general maintenance of landscaping, gardening, sports fields, and irrigation systems.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
4. **College and Career Ready**  
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

#### Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2020-21 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-21 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-21 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-21 school year to other school years.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2020-21	School 2021-22	District 2020-21	District 2021-22	State 2020-21	State 2021-22
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	N/A	31	N/A	31	N/A	47
<b>Mathematics</b> (grades 3-8 and 11)	N/A	20	N/A	19	N/A	33

## 2021-22 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2021-22 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2021-22 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. Due to changes to the 2021-22 PFT administration, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2022-23 Opportunities for Parental Involvement

Parents are highly encouraged to get involved in Fremont Elementary School's learning community by volunteering their time, attending school-sponsored events, and/or sharing in the decision-making process; that said, the preceding activities are carefully being monitored and held in-person while implementing the current state and SAUSD COVID-19 safety protocols. The school is welcoming assistance in the classrooms, library, office, and during special school events (chaperone educational field trips and the like) while following and utilizing the state and SAUSD COVID-19 safety protocols. Fremont Elementary School provides a wide range of opportunities for parents to interact with school staff while supporting their child's academic efforts including:

- Monthly Parent Meetings
- Back-to-School Night and Open House
- Friday Morning flag assemblies (parents safely viewing from a distance)
- Student performances
- Fundraisers
- Music and choir performances
- Promotion activities
- Student recognition assemblies
- Parent education classes, trainings, and/or workshops

The following campus organizations provide opportunities for parents to have input on curricular programs, activities, and the design of the School's Plan:

- School Site Council (SSC)
- Local Control and Accountability Plan (LCAP) meeting
- English Learner Advisory Committee
- Parent Teacher Organization (PTO)
- GRIP Greeter Program

Parents seeking more information about becoming an active member in the school community may contact the school office at (714) 972-4300. The school's Parental Involvement Policy (PIP) provides more details about how parents can partner with the

school. A copy is sent home at the beginning of the school year in the student information packet, and copies are always available in the school office.

School-to-home communication is provided in both English, Spanish, and Vietnamese (whenever possible - see list below for details). Through routine correspondence and special announcements, parents are kept informed on school news, student activities, schedules, policy changes, and class curriculum updates, including the following formats:

- Parent Square (Vietnamese included)
- Personal phone calls
- School web site
- Public Service Channel 31 or 51
- School and/or Class newsletters
- Flyers (Vietnamese included)
- Letters
- School Marquee/Banners
- Remind/Class Dojo/Emails/Social Media

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

### Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

## 2022-23 School Safety Plan

Safety Plan Approval Date: 3/10/2022

The Comprehensive School Site Safety Plan (CSSP) was developed in collaboration with law enforcement and the District Office to fulfill Senate Bill 187 requirements. The CSSP is managed by the District via Doc-Tracking. The school's most current plan is reviewed and updated to address safety, security and emergency preparedness. Schools are required to review and update their Comprehensive School Safety Plan (CSSP) with their School Site Councils and/or Safety Committees. Each school also meets with Santa Ana Unified School Police annually to discuss egress/ingress, crime data and other factors related to Crime Prevention Through Environmental Design (CPTED).

## Professional Development

All curriculum and instructional improvement activities at Santa Ana Unified School District (SAUSD) are aligned to equip teachers to provide instruction of the California Common Core State Standards. During state, county, and district mandated school building closures due to the Covid 19 situation, Professional Development is carefully being monitored and offered to all teachers and staff via distance learning or in-person trainings - dependent upon the aforementioned mandates - in order to support and instruct them in all components necessary for the in-person or distance learning model of instruction, and this approach will continue during this school year 2022-23 until further notice. Parent engagement and communication also follows the same routine as stated in the latter in order to deliver information concerning academic progress and social emotional wellness, as well as community resources and support for all family needs. Parent, student, and staff surveys are utilized to help inform decisions by the site and district to better support parents and students.

For the 2020-21 school year, there was extensive staff development prior to the start of school that focused on remote teaching and learning for students; due to the pandemic, the district was able to extend the number of staff development days for teachers to allow for more time to delve into this for teachers, which began with a basic platform on how to prepare a Google classroom for students to access their assignments for both synchronous and asynchronous learning and to understand students' socio-emotional status and how to respond. In addition, during the first 12 weeks of school teachers were given one (1) hour a week to continue with their professional development and to deepen their understanding of distance learning and how to meet the needs of students. As was previously shared, in-person instruction has been provided for last school year 2021-22, with the same being proffered for this current school year 2022-23; those families seeking to continue distance learning have been afforded that request through the SAUSD Santa Ana Virtual Academy (SAVA) program; moreover, those families that wish to return their child(-ren) to in-person instruction can do so. The subsequent programs are proffered to all staff personnel currently attending Fremont Elementary:

- Implementation of adopted Mathematics (Expressions) and English Language Arts (Benchmark Advanced) curriculum
- English Language Development (Learning How English Works {LHEW})
- Response-to-Intervention (RtI)
- Reading Intervention Strategies
- Differentiated Instruction
- Gifted-and-Talented Education (GATE)
- Measure of Academic Progress (MAP) Testing
- Positive Behavior and Intervention Supports (PBIS)
- Special Education
- PBIS training
- Math Expressions training
- Systematic Instruction in Phonological Awareness, Phonics, and Sight Words (SIPPS) trainings (2016 to present)
- Advancement Via Individual Development (AVID) Trainings

New teachers and teachers not yet fully credentialed are supported by peer coaching and extensive staff development. The Teacher Induction and Professional Support (TIPS) Induction Program is a state-approved program that offers additional support and assistance to newly credentialed teachers. All new teachers are assigned to a Support Provider (i.e. mentor teacher) and provided individualized support over a two (2)-year period; more information about the TIPS Induction Program is available on [www.sausdtips.org](http://www.sausdtips.org).

To support veteran teachers - as well as new teachers to the district - SAUSD offers Peer Assistance and Review (PAR), which is easily defined as teachers-helping-teachers. Experienced and knowledgeable veteran teachers - referred to as Consulting Teachers (CTs) - provide ongoing assistance to teachers who need to improve their instructional skills, classroom management strategies, academic subject knowledge, and/or related aspects of their teaching performance.

Staff members are encouraged to attend professional workshops and conferences. New teachers, experienced teachers, mentor/ teacher leaders, administrators, and support staff are encouraged to participate in workshops sponsored by the Orange County Department of Education (OCDE) and courses offered by community colleges and universities. Classified support staff may receive additional job-related training from vendors, department supervisors, and district representatives.
