## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

At Century High, we build on promising programs and integrate a vision for school improvement to prepare our students for college and career readiness. Our active Parent Groups, School Site Council, and English Learner Advisory Committee play an important role in our school. We are proud of the high level of parent involvement and support that Century's students and staff receive. The Century High School community accepts our responsibility to embrace new instructional practices and technology to raise student achievement. Parents and community partners are encouraged to visit our school, observe students and teachers interacting in the classroom, join us at school-sponsored events and find ways to support our students. Century High offers students opportunities to participate in four established career-themed core academies. There are two California Partnership Academies: the E-Business Academy and the TEACH Academy. The E-Business Academy provides relevant project-based activities with rigorous academics through an integrated core and business/technology structured curriculum. Students in this academy develop virtual businesses, earn MOS certification, and compete in business and technology competitions. The TEACH Academy develops a strong foundation for college bound students who are interested in becoming educators and role models in their community. In this academy, students serve in our community as tutors, readers for children, and can complete up to three concurrent college courses. Century High also offers the Academy of Engineering and Design, a Certified-level National Academy Foundation program that integrates the development of engineering skills and design concepts through the use of the Project Lead the Way curriculum. Students in this academy contribute to our Race Team, earn Solidworks certification, and utilize 3-D modeling programs and printers. The Academy of Digital and Media Arts is designed for students who have an interest in art, digital design and computers. Students develop an array of industry-level skills including Adobe certification, the use of collaborative software, and participation in competitions and community displays. Furthermore, three additional pathways have been added in recent years: a trades pre-apprenticeship pathway, a game design pathway, and an Early College pathway.

**Mission Statement:** The mission of Century High School is to provide for all students a safe, supportive, and rigorous learning environment with high expectations and high academic standards.

**Vision Statement:** Century High School provides a learning environment, emphasizing both college and career readiness and student achievement through a rigorous Common Core standards-based curriculum, along with the support necessary for success in the 21st century.

## A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22

Misassignments	5.50	6.10
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	5.50	6.20

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	0.80	0.90
<b>Total Out-of-Field Teachers</b>	0.80	0.90

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	7.6	6
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	0.2	0.2

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

All textbooks used in the core curriculum throughout Santa Ana Unified School District are aligned to the California Content Standards and Frameworks. Instructional materials for grades K-8 are selected from the state’s list of standards-based materials and adopted by the State Board of Education. Instructional materials for grades 9-12 are standards-based and approved by the district’s Board of Trustees. On September 26, 2023, the Santa Ana Unified School District’s Board of Trustees held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Trustees adopted Resolution No. 23/24-3534, which certifies as required by Education Code §60119 that for the 2023-2024 school year, the Santa Ana Unified School District has provided sufficient textbooks or instructional materials, or both, that are consistent with the content and cycles of the curriculum frameworks adopted by the State Board, to each pupil including those enrolled in a foreign language or health course, and that sufficient laboratory science equipment applicable to science laboratory courses offered in grades 9-12, inclusive, is available to pupils.

## School Facility Conditions and Planned Improvements

School custodial staff and the district's maintenance department work together to ensure classrooms and campus grounds are well-maintained and kept safe and functioning for students, staff, and visitors. Maintenance and Operations (M&O) employs an electronic work order system enabling school staff to communicate unscheduled maintenance needs, urgent repairs, or special projects. Most of the school's repairs and maintenance projects are performed by the district's highly qualified, professional trade specialists. Emergency situations are immediately resolved either by the school custodian or district maintenance staff, based upon the nature of the situation. Day and evening custodians work closely as a team and with the principal for routine maintenance, daily custodial duties, and special events preparations. The principal and day custodian communicate daily to discuss campus cleaning needs and safety concerns. Every morning before school begins, the custodian, principal, and assistant principal inspect facilities for safety hazards, graffiti, and other conditions that require removal prior to students and staff entering school grounds. School safety and cleanliness are the custodians' highest priority and strongly emphasized as a component of their daily routines. Custodians are trained by M&O's administrators on proper cleaning procedures, use of chemicals, and use of equipment. The day custodians are responsible for following an established set of cleaning standards and prioritization procedures for general campus maintenance. The day custodian checks restrooms twice a day as a proactive measure in keeping facilities well stocked, safe, and sanitary. The evening custodians are responsible for thorough cleaning of classrooms, office areas, and restrooms. Groundskeepers are dispatched by the district office to perform general maintenance of landscaping, gardening, sports fields, and irrigation systems.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
English Language Arts/Literacy (grades 3-8 and 11)	26	27	31	32	47	46
Mathematics (grades 3-8 and 11)	10	8	19	20	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## 2022-23 Career Technical Education Programs

The SAUSD Career Technical Education (CTE) program offers innovative and challenging courses with equitable access to prepare all students for college and career readiness. Students participate in courses within the regular instructional day, during after-school expanded learning programs, and through virtual learning programs. CTE classes are vertically aligned from TK-12 starting with career awareness in TK-5th grades, career exploration in 6th-8th grades, while culminating with work-based learning experiences in high school.

Students complete an integrated CTE sequence of courses referred to as a career pathway that focuses on an industry-specific program of study over a two to four-year period. SAUSD's CTE courses include a wide range of high-wage, high-skill, and high-demand career choices in the areas of science, technology, engineering, arts, and math (STEAM). CTE regional, county, and state competitions help students build industry skills and leadership skills through participation in career technical student organizations (CTSO). SAUSD CTE continues to focus on expanding relevant industry recommended certifications and with providing students work-based learning opportunities at partner businesses within our community through internships, field trips, and guest speakers.

SAUSD CTE courses combine real-world relevance with academic rigor and are aligned to meet both academic and California State CTE Standards. CTE courses also meet "A-G" entrance requirements for the University of California (UC) and California State University (CSU) systems. In addition, many of our high school CTE courses offer either articulated or dual enrollment credit with local colleges that allow students to earn credit for both high school and college classes.

## 2022-23 Career Technical Education (CTE) Participation

Measure	CTE Program Participation
Number of Pupils Participating in CTE	808

2021-22 Graduates Who Completed All Courses Required for UC/CSU Admission	28.45

## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

#### 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Parents are encouraged and provided various opportunities to be engaged at Century High School by participating in various stakeholder groups, volunteering their time, attending school events, or sharing in the decision-making process. The school welcomes assistance in the classroom, library and/or media center on special days. Parents are always invited to help chaperone field trips.

Century High School provides a wide range of opportunities for parents to interact with school staff while supporting their child's academic efforts; these may include:

- The Parent/Community Center aka Wellness Center
- Monthly Parent Meetings
- Back to School Night
- Open House
- Student performances
- Fundraisers
- Sports events
- Promotion activities
- Student recognition assemblies
- Parent education training and/or workshops
- Coffee with the Principal meetings
- Parent Leadership Team Meetings
- School Site Council
- English Language Advisory Council
- Other Wellness Center events

## 2023-24 Opportunities for Parental Involvement

School-to-home communication is provided in both English and Spanish. Through routine correspondence and special announcements, parents are kept informed on school news, student activities, schedules, policy changes, and class curriculum updates including the following formats:

- District and/or School website
- Public Service Channel 31 or 51
- School and/or Class newsletters
- Social media including Facebook, Instagram, and Twitter
- Flyers and Letters
- School Marquee/Banners
- Parent Square Automated Phone Messaging System including text messaging and e-mail communication
- New Student Orientations

Parents seeking more information about becoming an active member in the school community may contact our community resource representative at (714) 568-7011

## 2023-24 School Safety Plan

Safety Plan Approval Date: Jan. 18, 2023

The Comprehensive School Site Safety Plan (CSSP) was developed in collaboration with law enforcement and the District Office to fulfill Senate Bill 187 requirements. The CSSP is managed by the District via Doc-Tracking. The school's most current plan is reviewed and updated to address safety, security and emergency preparedness. Schools are required to review and update their Comprehensive School Safety Plan (CSSP) with their School Site Councils and/or Safety Committees. Each school also meets with Santa Ana Unified School Police annually to discuss egress/ingress, crime data and other factors related to Crime Prevention Through Environmental Design (CPTED).

## Professional Development

The professional development days at Century High School are a combination of conferences (both on and off-site), site-based staff development, and district-driven staff development. The purpose of the professional development will be focused on choice and our Western Association of Schools and Colleges (WASC) goals of EL Strategies, grouping and student agency, and Social and Emotional Learning (SEL).

Century High School continuously works on preparing teachers on the following WASC goals: posting language and standard objectives, knowing student demographics in the classroom, and continuous use and learning of technology in the classroom. PD planning is centered on the needs of students and the goals mentioned in the latest SPSA/WASC.

This table displays the number of school days dedicated to staff development and continuous improvement.
