

Email & Google Gmail

What's email and why use it?

- Email is short for Electronic mail - it is a fast, easy, and inexpensive way to communicate with family, friends, and colleagues.
- Email messages are sent from one person to another via a computer or mobile device such as a phone.
- Email is more professional than a text - it is used in business.
- The email message typically contains text, but can also contain files, images, or music

Email Safety Tips

- **Always** log off your email account and close the browser completely when using a public computer.
- **Don't** click on links in email unless you are certain of the url.
- **Don't** open files with the extension **.exe**, **.zip**, or **.scr**
- **Do not** email anyone your bank account, social security number or credit card numbers
- **Remember** not everything is true – hoaxes sent via email are very common.
- **Avoid** Sweepstakes and Surveys.
- **Never** buy from or reply to a Spam email.

Google Account for Gmail

**One account is all you need to access
Google Apps like Gmail**

Select the link below to access the Website to create a Google account for Gmail™ email.

Replying to a Gmail

- Open the email you wish to send a reply.
- Select the “reply” arrow in the top right corner.
- Gmail automatically fills in the person’s email address.
- Type your message and click send.

Composing an Email in Gmail

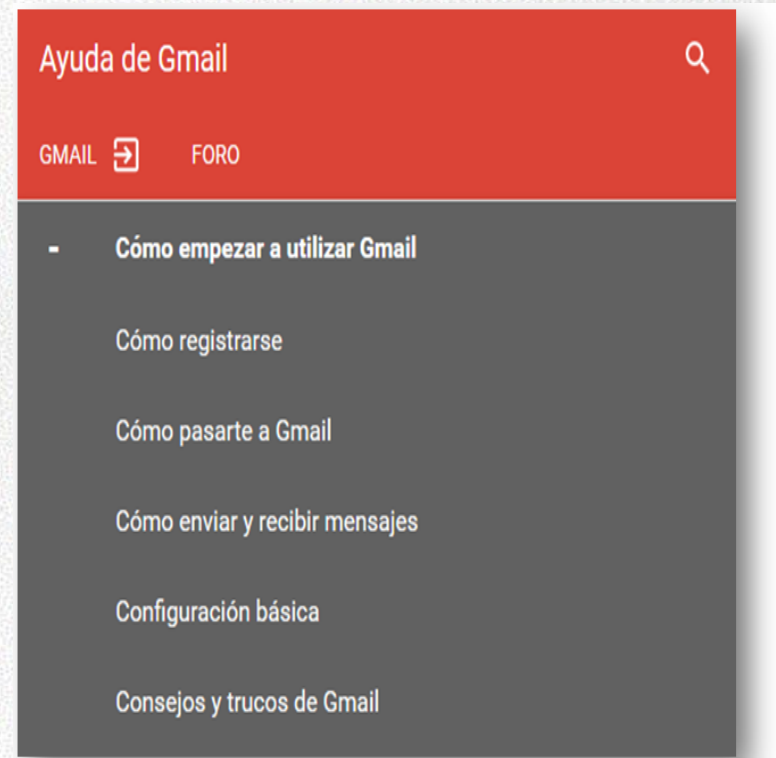

- Think before you send. Like any digital material, emails can easily be forwarded.
- Avoid discussing emotional issues over email.
- Avoid using ALL CAPS. This is interpreted as yelling.
