

Santa Ana Unified School District

BOARD POLICY NO: 0440

EFFECTIVE: 04/10/2018

REVIEWED: 03/13/2018

SUBJECT: District Technology Plan

CATEGORY: Philosophy, Goals, Objectives and Comprehensive Plans

RESPONSIBLE OFFICE(S): Business Services Division, Technology Innovation Services Department

SCOPE:

This policy addresses district-wide technology support and resource planning in order to further mission, vision, and strategic direction of the District.

POLICY:

The Governing Board recognizes that technological resources can enhance student achievement by increasing student access to information, supporting teacher effectiveness, and facilitating the administration of student assessments. Effective use of technology can also increase the efficiency of the District's non instructional operations and governance.

The Superintendent or designee shall develop, for Board approval, a comprehensive three-year technology plan based on an assessment of current uses of technology in the District and an identification of future needs. The Superintendent or designee may appoint an advisory committee consisting of a variety of staff and community stakeholders to assist with the development of the technology plan. cf. 9140 – Board Representatives

The plan shall be integrated into the District's vision and goals for student learning and shall contain research-based strategies and methods for the effective use of technology. When required for state or federal grant programs in which the District participates, the plan shall also address all components required for receipt of such grants. cf. 6000 – Concepts and Roles

The Superintendent or designee shall ensure that any use of technological resources in the District protects the private and confidential information of students and employees in accordance with law. cf. 4112.6/4212.6/4312.6 – Personnel Records, cf. 5125 – Student Records

Education Code 51871.5 requires an approved technology plans as a precondition for any technology grant program administered by the California Department of Education (CDE). In developing or revising a plan, districts may use the Technology Plan Builder available on the CDE's web site.

DESIRED OUTCOME:

Through this policy, the District shall make better decisions to meet the needs of learning, teaching, communications, and operational systems.
