BOARD OF EDUCATION

January 15, 2025

Hector Bustos, Board President Santa Ana Unified School District 1601 E. Chestnut Ave. Santa Ana. CA 92701-6322

Jerry Almendarez, District Superintendent Santa Ana Unified School District 1601 E. Chestnut Ave. Santa Ana, CA 92701-6322

Re: 2024-25 First Interim Report

Dear Mr. Bustos and Mr. Almendarez:

Thank you for the timely submission of the 2024-25 First Interim Report. We have completed our review and analysis of the First Interim Report and the accompanying certification of financial solvency. We agree with your assessment that the Santa Ana Unified School District will be able to meet its financial obligations for the current and subsequent two fiscal years and that a positive certification is appropriate.

The District is projecting 2024-25 student enrollment of 35,705, representing a decrease of 1,958 students from prior year enrollment. For the two subsequent years, the District is projecting 34,121, a decline of 1,584 students, and 32,487, a decline of an additional 1,634 students. Historically, over the past three years, the District has seen an average decline in enrollment of approximately 5.0% (see chart below). We encourage the District to closely monitor district and charter school enrollment trends and prepare for appropriate budget adjustments should enrollment projections fluctuate adversely.

The District is projecting the unrestricted general fund to decrease by \$123.2 million in 2024-25, decrease by \$33.0 million in 2025-26, and decrease by \$18.5 million in 2026-27 (see chart below). It is important to note that labor negotiations for all collective bargaining units were not settled at the time of the First Interim Report preparation.

As presented in the First Interim Report, the District's unrestricted general fund reserves are projected to be 6.8% in the current year, 4.3% in 2025-26, and 2.1% in 2026-27 (see chart below). We recommend that the Board continue to maintain reserves higher than the State recommended minimum, which better prepares the District to deal with declining enrollment deficit spending, local emergencies, and state funding uncertainties.

Valerie Amezcua, Board President Santa Ana Unified School District 1601 East Chestnut Avenue Santa Ana, CA 92701

Stefanie P. Phillips, Ed.D., District Superintendent Santa Ana Unified School District 1601 East Chestnut Avenue Santa Ana, CA 92701

Re: 2017-18 First Interim Report

Dear Ms. Amezcua and Dr. Phillips:

Thank you for the timely submission of the 2017-18 First Interim Report. We have completed our review and analysis of the First Interim Report and the accompanying certification of financial solvency. We agree with your assessment that the Santa Ana Unified School District will be able to meet its financial obligations for the current and subsequent two fiscal years, and that a positive certification is appropriate.

The District is projecting current year student enrollment of 48,326 representing a decrease of 1,465 students from prior year enrollment. For the two subsequent years, the District is projecting enrollment to decline by 1,300 students in 2018-19 and by an additional 1,300 students in 2019-20 (see chart below). We encourage the District to closely monitor district and charter school enrollment trends and prepare for appropriate budget adjustments should enrollment projections fluctuate adversely.

ORANGE COUNTY

The District is projecting the unrestricted general fund to decrease by \$10.5 million in 2017-18, increase by \$7.3 million in 2018-19, and decrease by \$7.2 million in 2019-20 (see chart below). It is important to note that the First Interim report includes \$7.1 million in one-time unrestricted mandate reimbursement funds in 2017-18.

As presented in the Criteria and Standards, the District's unrestricted general fund reserves are projected to be 3.9% in the current year, 5.7% in 2018-19, and 4.5% in 2019-20 (see charbelow). We recommend that the Board continue to maintain reserves higher than the State recommended minimum, which better prepares the District to deal with declining enrollment, deficit spending, local emergencies, and state funding uncertainties.
