Intentionally left blank

Measure I Overview

On November 6, 2018, the voters of the Santa Ana Unified School District approved Measure I, authorizing General Obligation Bonds (the “Bonds”) with a 70.65% approval rate. Measure I generates \$232 million dollars over the next 10-15 years to improve and build new classrooms and support facilities in the District.

The Facilities Master Plan adopted by the District’s Board of Education in 2018 will serve as the guide to plan projects funded by Measure I. School needs are based on overall condition, educational program requirements, capacity, and available State funding. The Bonds will be used to modernize classrooms and buildings with accessibility improvements and safety upgrades, as well as to repair and upgrade aging school infrastructure, replace portable classrooms with permanent facilities, and keep schools ahead of the demands of 21st Century learning environments.

Committee Members

- ❖ Victor Vasquez – Chair
- ❖ Denise Lynn Reynoso – Vice Chair
- ❖ Elaine Beverly Hoffmann – Member
- ❖ Rob Richardson - Member
- ❖ Lucinda Solorzano – Member
- ❖ Valery Vasquez – Member
- ❖ Bulmaro Vicente - Member

Four Pillars

The Facilities Master Plan was guided by a “Four Pillars” concept to meet the needs of aging schools so that our community keeps pace with rising academic standards and opportunities to compete in the 21st Century.

Projects identified by the Facilities Master Plan generally correspond to one or more of the priorities described below.

Modernization:

The State Modernization Program provides State funds on a 60/40 State and local share basis for improvements that educationally and functionally enhance existing school facilities. Projects eligible under this program include Americans with Disability Act improvements, modifications such as air conditioning, plumbing, lighting, electrical systems, and interior finishes. Bond funds will be used to leverage State dollars and improve age-eligible schools.

Portable to Permanent (P2P):

The replacement of antiquated portables with state-of-the-art classroom learning environments help save on maintenance and energy costs and recapture open space for student play and community use. Combining State Overcrowded Relief Grant (ORG) fund savings and bond funds allow for projects including, but not limited to:

- ❖ Carver Elementary P2P
- ❖ Muir Elementary P2P
- ❖ Jefferson Elementary P2P

Infrastructure:

The replacement or improvement of antiquated building systems such as HVAC, plumbing, electrical, fire alarms, and other critical functions help reduce the District's maintenance burden and thus sustain the District's General Fund for educational programs. A focus of bond funds will be:

- ❖ Enhancing student and staff safety and security
- ❖ Improving services to clients (students, faculty and staff)
- ❖ Reducing interruptions to education delivery

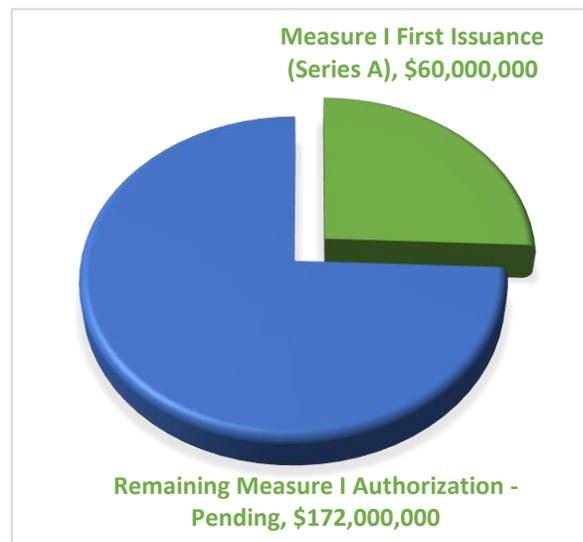

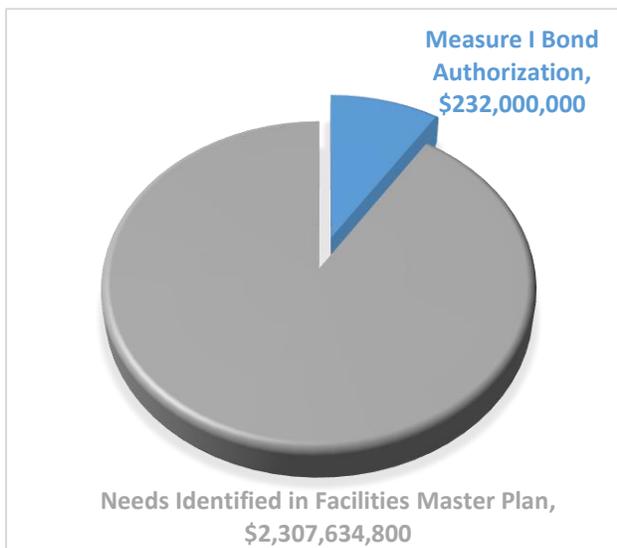

Campus Equity:

Our schools were built over many generations, all with a variety of features and functions that vary by location. Funds will be used to provide facilities which serve all of our District community and correct inequities between campuses to keep them on par with peer schools. Goals include:

- ❖ Safe, effective, and well-maintained learning environments
- ❖ Facilities that maintain and attract enrollment and which support and enhance academic achievement
- ❖ Opportunities for parent involvement and community services

Available Funding

Measure I represents approximately 10% of the District's identified need. Within the \$232 million authorized by Measure I, about 25%, or \$59.5 million, is available for current projects.

Santa Ana High School

520 W. Walnut St. Santa Ana, CA 92701

New Library and CTE Digital Media Arts Lab

Project Description

The District's goal for moving forward with this project was to provide an exemplary Career Technical Education (CTE) environment for our students and staff. The project began on September 24, 2018 and was completed on September 1, 2019. The Digital Media Arts Lab and library are now being used by students and staff.

Architect:	Baker Nowicki Design Studio
DSA Status:	Approved
Project Status:	Complete
Measure I Budget:	\$50,000
Total Budget:	\$5,708,225

Status Summary

After occupancy, it was discovered that the noise levels needed to be addressed in the library. The architect's acoustic engineer addressed the issue by creating a plan to install acoustical panels. Project is currently pending DSA close out.

Single Point of Entry/ Fencing/ Security Cameras

Project Description

In March 2018, Facilities Planning, with input from SAUSD Police, published the District's Safety and Security Report and Plan of Action. The project includes safety upgrades at 21 schools to establish a secure Single Point of Entry, fencing gap closure, and additional security camera and lighting.

Architect:	Morrissey Associates, Inc.
DSA Status:	Pending
Project Status:	Design/Planning
Measure I Budget:	\$3,336,336 (Phase I)
Total Budget:	\$3,714,336 (Phase I) \$11,143,008 (Phases II, III, IV)

Status Summary

Staff and the architect have developed schematic design drawings for Phase I (21 schools). Each plan has been reviewed with campus administration for accuracy and approval. Meetings were held in September and October 2019 to review recommended security camera locations and draft specifications. The architect is preparing drawings for submittal to the Division of State Architect for McFadden in February 2020 and the remaining 20 sites in April 2020.

Valley High School

1801 S. Greenville St. Santa Ana, CA 92704

CTE Culinary Arts Building

Project Description

This project will provide an innovative and agile learning space to increase the capacity of the Culinary Arts & Hospitality Academy (CHA) and construct a modern space for food preparation, instruction and serving.

Architect:	Baker Nowicki (pending Board approval)
Construction Manager:	Tilden Coil (pending Board approval)
DSA Status:	Pending Submittal
Project Status:	Pending Architect Approval
Measure I Budget:	\$3,000,000
Total Budget:	\$6,000,000

Status Summary

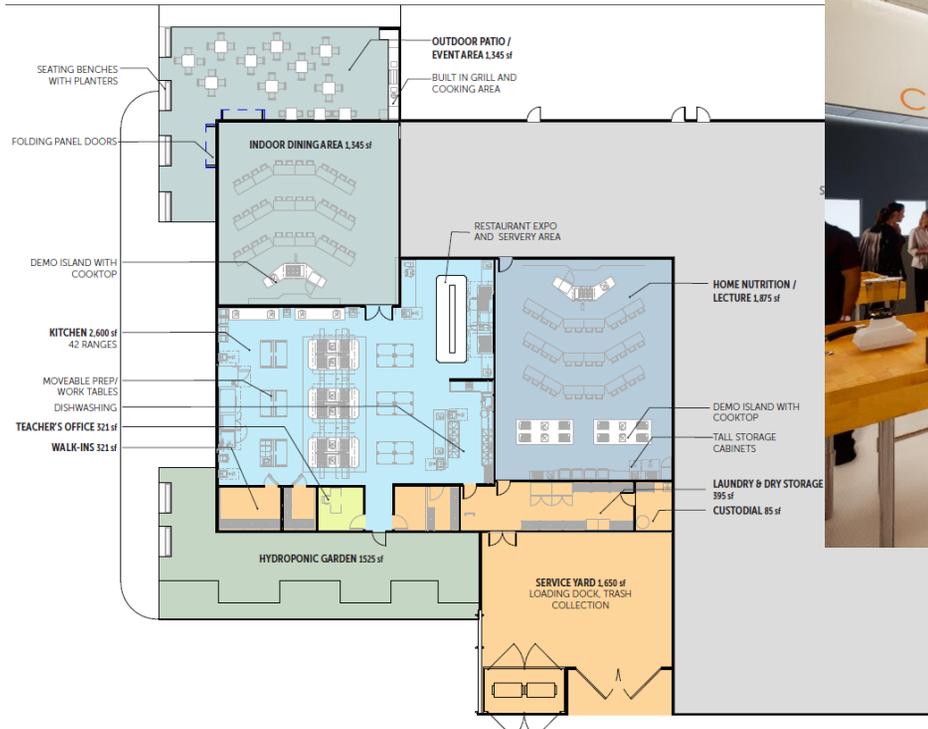

In fall 2018, staff prepared an application for the State's Career Technical Education Facilities Grant Program. The grant received a high score and was ultimately funded by the State in May 2019, which provides a \$3,000,000 State grant to the District. A conceptual master site Planning study was completed in January 2020 and an architectural proposal for design/engineering is pending.

Washington Elementary School

910 W. Anahurst Pl. Santa Ana, CA 92707

Reconstruction/ Renovation

Project Description

Portions of Washington were built 70 years ago in 1949. This project will reorient the campus by centralizing school buildings adjacent to the P2P building by constructing a new Administration, Multipurpose Room, Kindergarten wing, new parking lot/drop-off, expand playfields, and new playgrounds as well as repurpose the original wings for Early Childhood Education (preschool) classrooms and wellness center for community use.

Architect:	LPA
Construction Manager:	Tilden Coil (pending Board approval)
DSA Status:	N/A
Project Status:	Planning/Design
Measure I Budget:	\$13,850,963 (Reconstruction) \$6,216,958 (Renovation of original building – Phase II)
Project Budget:	\$19,042,455 (Reconstruction) \$6,216,958 (Renovation of original building – Phase II) – (Board approved on January 14, 2020)

Status Summary

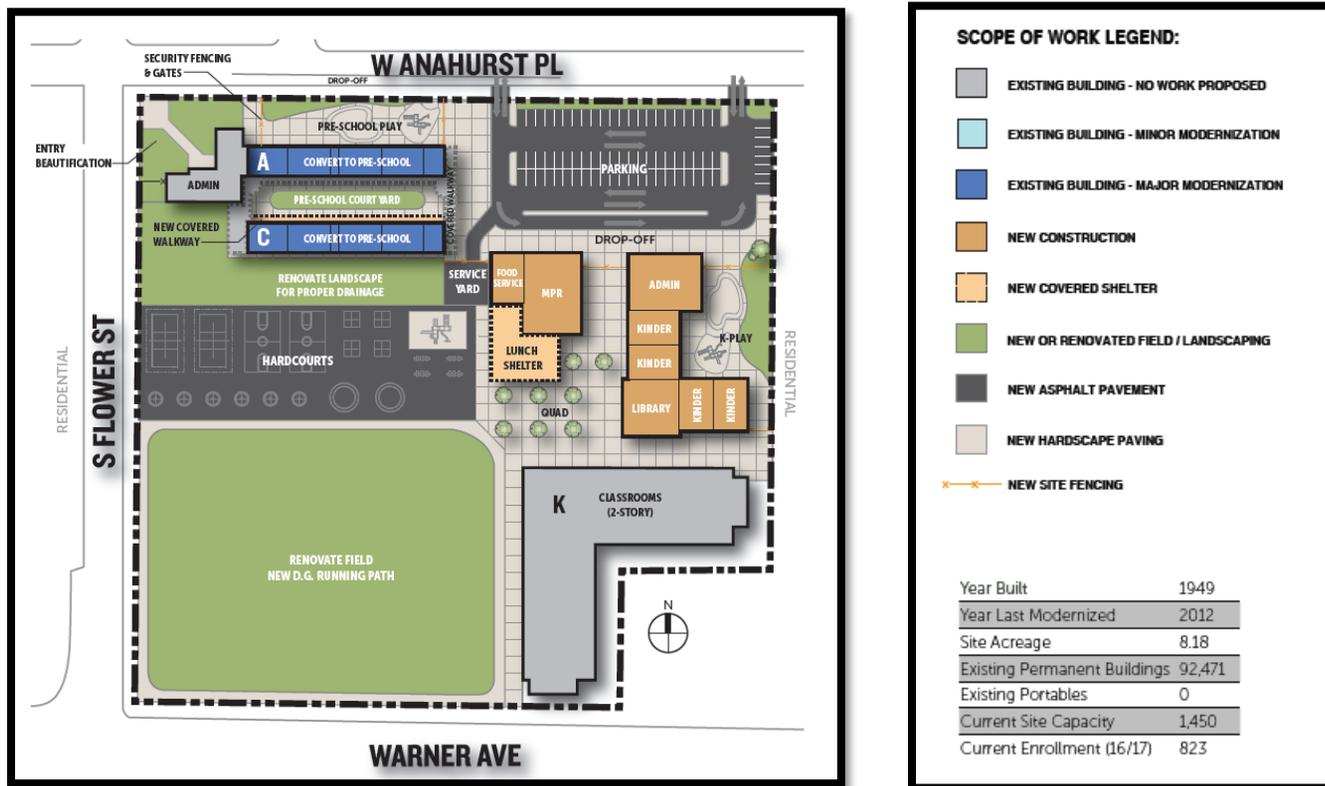

A modernization plan is complete. An architectural proposal for reconstruction was approved by the Board on November 19, 2019. Programming meetings with site representatives are being held to discuss conceptual design of campus improvements. If Proposition 13 is approved by California voters in March 2020, the project may become eligible for a significant increase in State funding toward replacement of 70-year-old facilities.

Saddleback High School

2802 S. Flower St. Santa Ana, CA 92707

Sports Complex

Project Description

Saddleback High school was built in 1966 without sports facilities equitable to other comprehensive high schools. This project establishes a stadium and support buildings for school and community use.

Architect:	(assignment pending)
Construction Manager:	(pending)
DSA Status:	Pending Architect Approval
Project Status:	Planning
Measure I Budget:	\$13,311,053
Project Budget:	\$14,311,053

Status Summary

In 2019, District and site staff began planning based on the 2018 Facilities Master Plan. On September 21, 2019, an informational meeting was held with parents and community members to gather feedback on the proposed approach. On December 12, 2019, parents and staff from Saddleback toured a comparable facility at University High School in Irvine. An architect assignment is pending.

Valley High School

1801 S. Greenville St. Santa Ana, CA 92704

Auditorium Renovation

Project Description

The auditorium at Valley High School was built in 1959 and has had minimal improvement since that time. This project will provide modern interiors and attractive exteriors such as restroom replacement, rigging system and stage floor replacement, Americans with Disabilities Act (ADA) compliance, technology replacement, LED stage lighting, HVAC upgrade, seat replacement, Greenroom renovation, and site work and landscaping improvements. The completed project will provide a modern school and community resource for the performing arts.

Jefferson Elementary School

1522 W. Adams St. Santa Ana, CA 92704

Portable to Permanent (P2P)

Project Description

Jefferson Elementary was built in 1965 and contains 12 portable classrooms that have been added over the years to address capacity needs. The project replaces portables with a permanent 2-story building, improves learning space for Pre-K/Kindergarten classrooms and play areas, improves parking and circulation efficiency, and adds a multipurpose room (MPR) for the school and community use.

Advanced Learning Academy/ Edward B. Cole

335 E. Walnut St., Santa Ana, CA 92701

Single Point of Entry and New Kitchen Building

Project Description

The Advanced Learning Academy does not have an office with access from outside the school grounds, currently requiring visitors to enter the campus before reaching the front office. To solve this challenge and improve site safety, a new office facility will be established at the Maple Street entrance. Additionally, to improve service to students of both sites, a new kitchen building will be constructed with shared access.

Architect:	Ghataode Bannon Architects
Construction Manager:	(pending)
DSA Status:	Approved
Project Status:	Pending Bidding
Measure I Budget:	\$2,716,000
Total Budget:	\$2,861,340

Status Summary

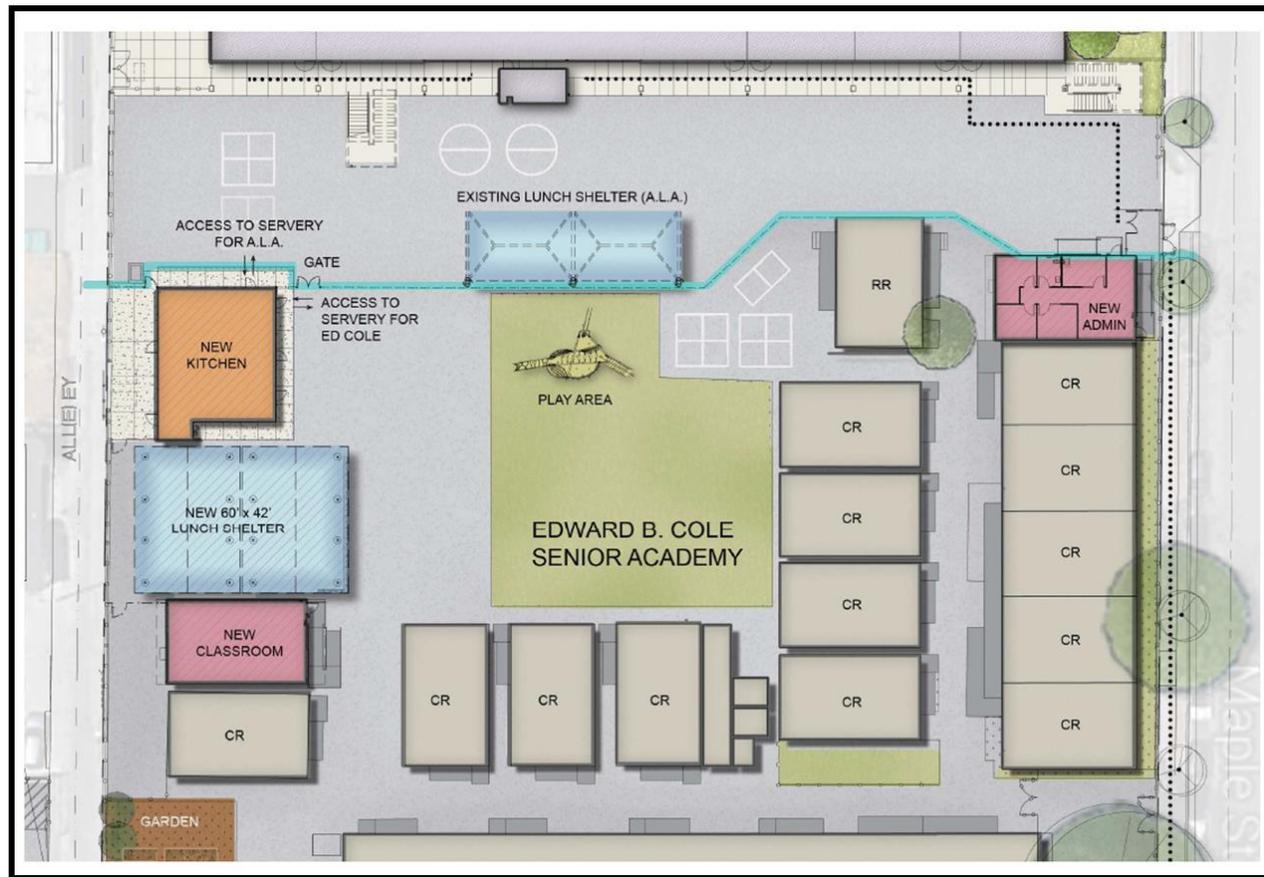

The project was State approved in spring of 2019. During the summer of 2019, the site was extensively mapped by an underground survey company to identify all existing utility locations in preparation for construction. The survey provides a set of utility drawings for bidding purposes. Bidding will proceed pending receipt of State reimbursement funds on other District projects.

Walker Elementary School

811 E. Bishop Ave. Santa Ana, CA 92707

Modernization

Project Description

Walker Elementary School was originally built in 1993. The site has 23 classrooms. Modernization will address dated infrastructure and Americans with Disabilities Act (ADA) accessibility.

Architect:	SVA Architects
DSA Status:	Approved
Project Status:	Pending State Bond Funds
Measure I Budget:	\$1,172,190
Total Budget:	\$3,740,956

Status Summary

The project was State approved in early 2019 and is currently pending State matching funds which are anticipated in 2020 or thereafter. Once funds are allocated by the State Allocation Board, the District will begin bidding and preparation for construction.

Villa Fundamental Intermediate School

1441 E. Chestnut Ave. Santa Ana, CA 92701

Modernization

Project Description

Villa Fundamental Intermediate School was built in 1998. Modernization will provide new science labs, a new front entry and office, expanded shelter, new HVAC system, Americans with Disabilities Act (ADA) access improvements, and infrastructure upgrades.

Architect:	Baker Nowicki
DSA Status:	Approved
Project Status:	DSA Review
Measure I Budget:	\$8,487,610
Total Budget:	\$16,399,600

Status Summary

The project was State approved in early July 2019 and is currently pending State matching funds which are anticipated in 2020 or thereafter. Once funds are allocated by the State Allocation Board, the District will begin bidding and preparation for construction.

Godinez Fundamental High School

3002 Centennial Rd. Santa Ana, CA 92704

Aquatic Facility

Project Description

Godinez was originally built in 2003 without aquatic facilities equitable to other comprehensive high schools. This project will provide a competition style aquatic center for school and community use.

Architect:	Pending
DSA Status:	Pending Submittal
Project Status:	Pending Board Approval of Architect
Measure I Budget:	\$7,000,000
Total Budget:	\$7,000,000

Status Summary

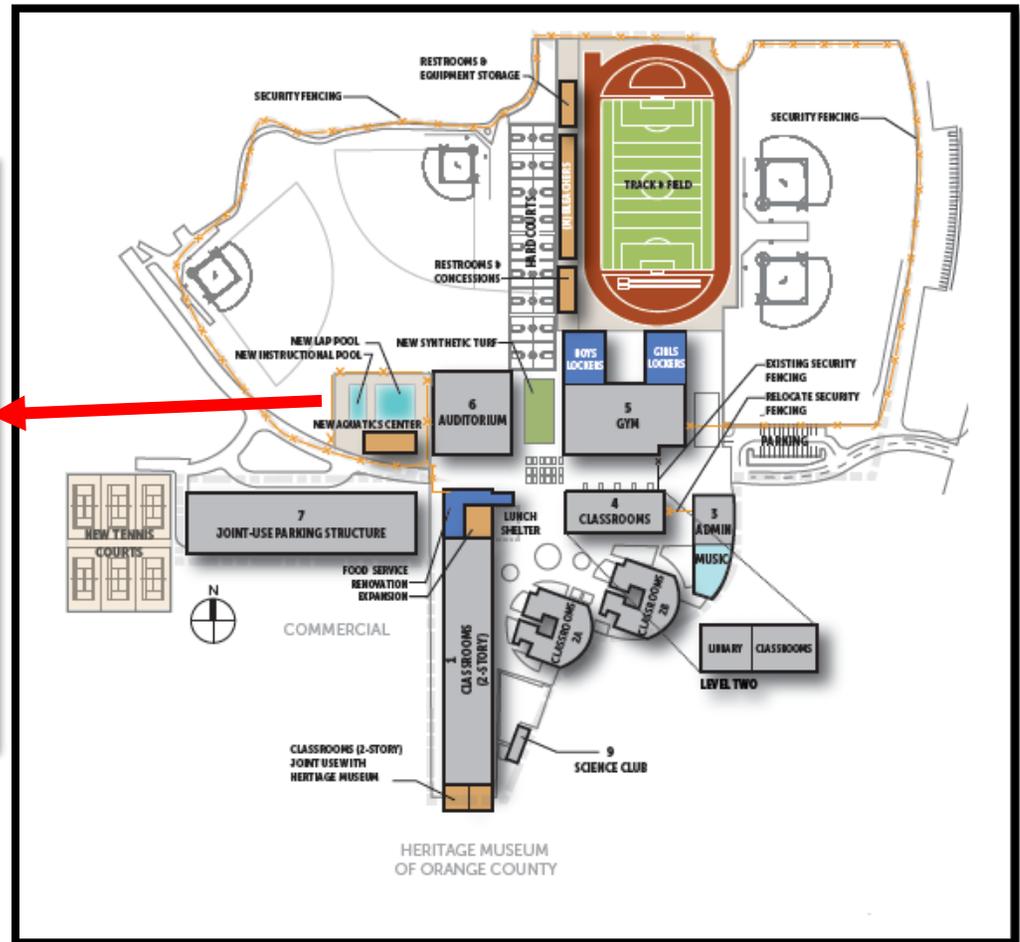

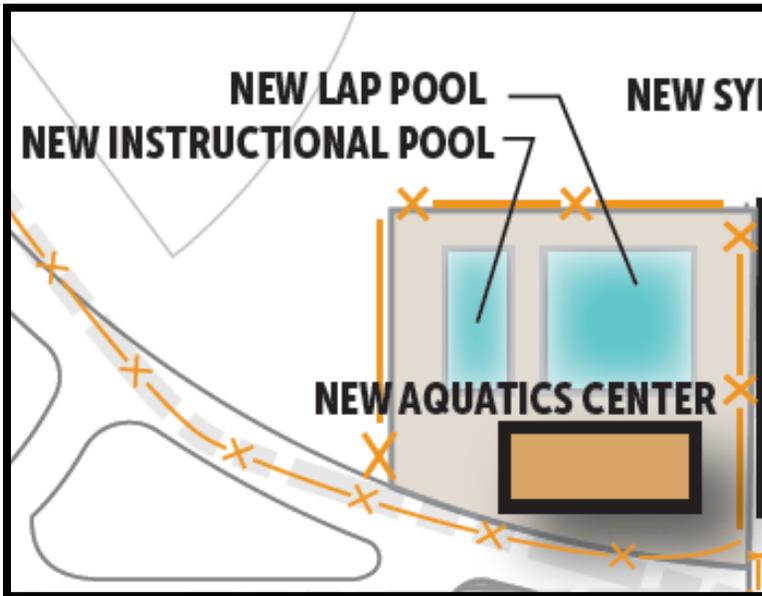

Budget requirements suggest that sufficient Measure I funds are available to complete design and State approval, with construction funded from the second series of Measure I funds. Project design is projected to begin in late 2019.
