

My Monthly Budget

	January	February	March	April	May	June
Hours Worked	\$	\$	\$	\$	\$	\$
Pay Rate	\$10.00	\$10.00	\$10.00	\$10.00	\$10.00	\$10.00
Gross Pay	#	#	#	#	#	#

Expenses	January	February	March	April	May	June
Food/Dine Out	\$	\$	\$	\$	\$	\$
Clothing	\$	\$	\$	\$	\$	\$
Music	\$	\$	\$	\$	\$	\$
Entertainment	\$	\$	\$	\$	\$	\$
Miscellaneous	\$	\$	\$	\$	\$	\$
School Supplies	\$	\$	\$	\$	\$	\$

Total Expenses	#	#	#	#	#	#
-----------------------	---	---	---	---	---	---

Monthly Savings	#	#	#	#	#	#
------------------------	---	---	---	---	---	---

\$ = these cells should have numbers based on the original file.

1. Write a formula that calculates the **Gross Pay** by multiplying **Hours Worked** by Pay rate
2. Use a **SUM** function to find the **Total Expenses** for each month
3. Calculate the monthly saving by writing a formula that take the **Gross Pay** and minus the **Total Expenses** for each month.
