

# Gamification

---

Paul Anderson - Classroom Game Design

Our Presentation will begin shortly

# Gamification

---

and Social Media in Small Learning Communities

Monterey 2013

# Introductions

- **Alan Gersten - Project Director, e-Business Academy**
- **Justin Thomas - Academy Social Studies**
- **Nathan Goodrich - Academy English**

**We all teach at the sophomore level in two small learning communities:  
The e-Business academy and the TEACH academy.**

**We share almost all the the same students.**

# Century High School

- Inner city school located in Santa Ana, California (2700+ students)
- Lowest Achieving High School in Orange County
- Federal SIG (School Improvement Grant) School
  - 3rd year of transformation
  - Highest API gains in 2011-2012 school year in our county
  - Moving to academy models across the board

**Our kids struggle in school with language, academics, and have very limited resources to aid in success.**

American Indian or Alaska Native	0.08%
White (not Hispanic)	0.57%
Asian	3.44%
Hispanic or Latino	95.59%
Pacific Islander	0.00%
Multiple or No Response	0.16%
Socioeconomically Disadvantaged	83.00%
English Learners	52.00%
Students with Disabilities	8.00%

# Did you Know?

The average american child has spent 10,000 hrs gaming by the age of 21  
and  
10,080 hrs in school from 5th grade to graduation

# What is Gamification?

**as defined by wikipedia:**

It refers to service design aiming to provide game-like experiences. In practice gamification commonly applies to non-game applications and processes. Gamification's proponents argue that it works by making technology more engaging, by encouraging users to engage in desired behaviors, by showing a path to mastery and autonomy, by helping to solve problems and being more engaging, and by taking advantage of humans' psychological predisposition to engage in gaming.

**Or simply put..using game techniques to make activities more engaging and fun.**

**Our kids are not like us:  
They're natives, we're immigrants**

# Why We Gamified?

as defined by wikipedia:

**It refers to service design aiming to provide game-like experiences. In practice gamification commonly applies to non-game applications and processes. Gamification's proponents argue that it works by making technology more engaging, by encouraging users to engage in desired behaviors, by showing a path to mastery and autonomy, by helping to solve problems and being more engaging, and by taking advantage of humans' psychological predisposition to engage in gaming**

---

**To use a service design for curriculum that provides game-like experiences. That encourages and motivates students to engage while developing mastery, and by taking advantage of humans' psychological predisposition to engage in gaming**

I SELECTED "SPANISH." NOW SEE  
IF YOU CAN FIGURE OUT HOW TO  
WITHDRAW YOUR ALLOWANCE...

MOTIVATING YOUR KID TO  
LEARN A SECOND LANGUAGE

**“Why is motivation such a big problem? because all learning requires effort, and , like crime, people rarely do it without a motive.”**

Marc Prensky, Author, Don't Bother Me Mom - I'm Learning

# What exactly are we doing?

- Collaborate and plan curriculum (horizontal teaming)
- Use social media as a foundation for driving our design
- Providing tasks, achievements, and rewards for mastery
- Trying to motivate and engage students to participate in their own success

# Collaboration & Planning

- Past History
- Current Collaborations
  - Comic Strip - Comic Life
  - Business Letter - Industrial Revolution
  - Green Light Project - Movie Trailer
  - Gamification of our classrooms

"What happened in school today? Read my blog."

# Social Media in the Classroom

- Edmodo
- Google Docs-Google Drive
- Teacher Websites
- Blogger
- Exploring
  - Facebook
  - Twitter

“The most important thing that educators can learn from game designers is *how* to keep a player engaged.”

Marc Prensky, Author, Don't Bother Me Mom - I'm Learning

# Incentives & Rewards

- Achievement Badges
- Leveling
- Titles
- Gold
- Academy Village Shops

JURY OF ENGLISH MAJORS

# What Has Goodrich Done?

- Major Focus Motivation
- All major writing assignments have gold attached if turned-in on-time
- An INSANE amount of gold is offered for 1hr of weekly SSR after school
- Maintains Goodrich's Galaxy of Galactic Goodness where gold can purchase space-themed rewards and challenges

<http://www.sausd.us//Domain/432>

ALL THIS  
"HISTORY"  
STUFF YOU  
TEACH ABOUT  
- IS IT BASED  
ON ACTUAL  
EVENTS?

1776

THOMAS  
EDISON

*Belco*

©2011 BALOOCARTOONS.COM

# What Has Thomas Done?

- Major Focus Motivation/ Engagement
- All major tasks are based on experience points which lead to mastery of the social studies curriculum. This leads to gold and intangible rewards.
- Major assignments lead to gold.
- Maintains Thomas Tools and Treats where gold can purchase hero - based theme rewards and challenges

<http://www.sausd.us//Domain/476>

# What Has Gersten Done?

- Major Focus Mastery/ Engagement
- Instituted the gamification in our program. Level system
- To earn gold, mastery must be attained
- Maintains Gersten's Gadgets & Grub where gold can purchase hero - based theme rewards
- Embraces Web 2.0 technologies and uses them in classroom
- Program banker and controls all transactions

HOW TO MAKE ANGRY BIRDS

# How is it working?

- Student Survey Results

The gamification of the classes is designed to help motivate and engage students. Has the game like "level" system motivated you....

**100%**

**Motivated Students**

- Not at all
- Some what
- to complete work you might not have done
- to compete against others in class

# How has the leveling process and the ability to compete against other students effected your performance in class?

# 96%

## Motivated Performance

- Has had little to no effect on my performance
- It has motivated me to make sure I turn work in on time
- it has motivated me to strive to be one of the top students in the class
- it has motivated me to try harder and turn in work that was missing

# How important is for you to see how you rank compared to other students in the class on the leader boards or ranking list

# 77%

## Liked Being Ranked

- I don't like being ranked against others
- I am OK with the rankings as they let me see where I am at
- I like the rankings because it motivates me to improve my rank
- I like the rankings because it motivates me to push myself to reach the top in class

# Has the awarding of badges motivated you ?

# 91%

## Motivated By Badge Awards

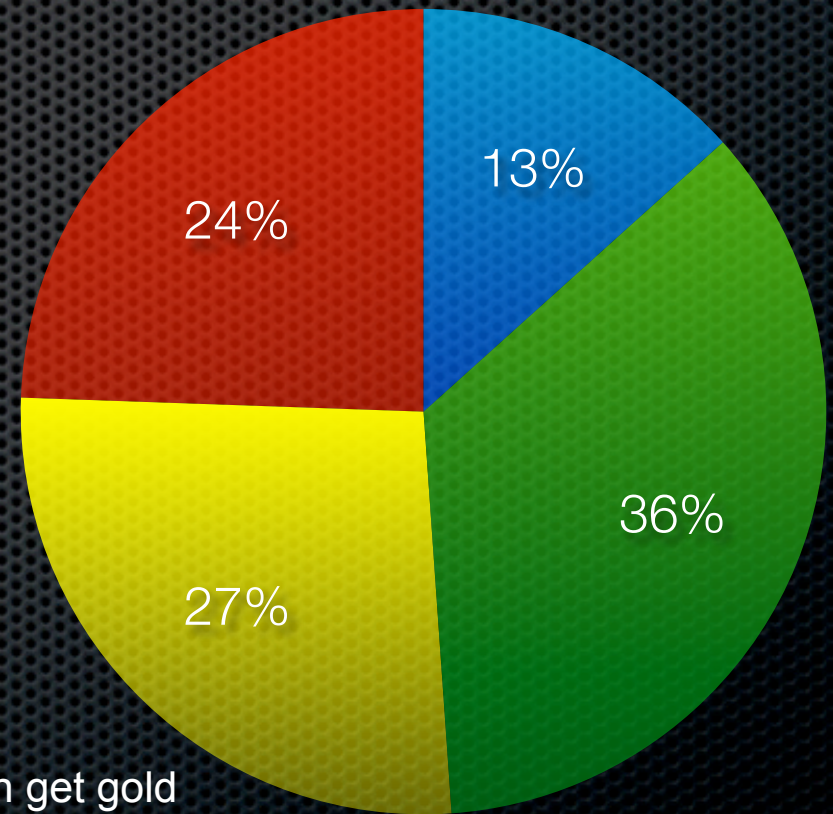

-  It has little or no effect on my motivation
-  It has motivated me to do things I would normally not do
-  It motivates me to do more so that I can have a lot of badges
-  It has motivated me to strive to be one of the top badge earners in class

# Has the Academy Shops and the things they sell motivated you ?

# 87%

## Motivated By Shops

- It has little or no effect on my motivation
- It has motivated me to catch up on missed work so I can get gold
- It motivates me to do more so that I can earn a lot more gold
- It has motivated me to strive to be one of the top gold earners in class

# Student Comments

- We compete because we all want to be the best.
- It does motivate me to do better in school and to succeed-its been really helpful.
- It makes me proud to know that I am able to go against other students.
- I want to be the on the highest rank!
- It has motivated me to try my best and turn in my work on time.
- This makes me finish my work that I have incomplete.
- It has been motivating me to turn in all my work and missing work as well.
- It motivates me not cause of the stores and the board thing but cause I would want to change my grade to a higher grade!!!!
- It shows me what I have to finish to make it to the next level. Also I know what every task is worth which is very motivating to finish it quicker when its worth a lot of points.
- It motivates me because it keeps me on task and on track to finish all my work on time.

**“My teacher isn’t qualified to teach spelling!  
She spells U ‘y-o-u’. She spells BRB ‘r-e-t-u-r-n’.  
She spells BFN ‘g-o-o-d-b-y-e’...”**

# How is it working?

- **Challenges**
  - Coordination & Initial development
  - Time Constraints
  - Financial Commitment
  - Transition to Common Core
  - Balancing Student Workloads
  - The “College Prep” focus

# Where will we be going?

- **Evolution of the Experience**

- **Journey/quest based**

- Leads player to mastery
- Overarching Theme

- **Dynamics**

- Unlocks
- Pacing

- **Aesthetics**

- Emotion drives engagement
- Surprise-Connection-Envy

- **Social Incentives**

- Addressing player needs
- Needs change over time
- Competitive-Cooperation-Self Expression
- Reputation
