On behalf of the District and the Board, a plaque and gift certificate were presented for his contributions to Santa Ana Unified School District.

**PRESENTATIONS**

**#1 Presentation - Budget Update**

Mr. Murrey, Associate Superintendent, introduced the item then turned it over to Dr. Wold, Director of Program Quality Analysis.

Dr. Wold briefly recapped the previous Board meeting Budget presentation, stating that the Board of Education adopted a second interim "qualified" budget due to the economic uncertainties. This certification requires a third interim report in May. A public hearing was also held on the utilization of Tier III Categorical Flexibility, and information was received regarding the State's structural budget imbalance. He reiterated that the total District revenue is \$489 million, total expenditures for 2008-09 is \$509 million and there is a shortfall in the amount of \$20 million, with an ending fund balance of \$32 million/64 percentage reserve. Dr. Wold provided a worse case scenario that shows \$51.3 million additional in cuts should the lottery securitization fail and the state is unable to borrow funds. This would mean that cuts might be even larger for the SAUSD if there is a further decline in the State's economy.

He reviewed the legislative analyst's report. It indicated that the State Budget's additional revenue loss impact to the SAUSD could be an additional reduction of revenue which could mean an additional \$36 to \$63 million in cuts. And further decline of the economy could result in \$87.3 million for the current year and the next. He stated that this could mean the potential reduction of educational programs, which means a loss of 20-30 school days, based upon an average operation cost of \$2 million per day, elimination of all District reserves, and a potential negative ending balance in 2009-10.

A special study session has been scheduled for April 9 to review the budget which will include a plan for addressing the June revise shortfall, Tier III categorical flexibility plan, and staffing allocations for 2009-10 and statutory notification requirements.

### **#2 Presentation - Rapid Responder Demonstration**

Ms. Boden, Executive Director of Risk Management, briefly demonstrated the Rapid Responder. The Board received a glimpse of the state-of-the-art Rapid Responder crisis management system to protect its students and staff during emergencies. Police, fire and other first responders along with Emergency Operation Center (EOC) staff will be able to use the online solution to instantly access critical facility information such as floor plans, 360-degree imagery, hazardous materials quantities and locations and evacuation routes. The Rapid Responder is a crisis management system that will provide school security and first responders with campus information allowing them to respond faster, in a more coordinated manner with other agencies. This will enhance situational awareness to better protect both students and staff during emergencies.

### **#3 Presentation - Health Benefit/Medical Providers for 2009-10**

Ms. Boden, Executive Director of Risk Management, introduced the item then called upon Mr. David Durian, with Mercer Health & Benefits, who provided a summary of the marketing results.

After analysis of provider proposals, the SAUSD Benefits Review Committee voted unanimously to change the District's medical insurance company, effective July 1, 2009, from Anthem/Blue Cross to Blue Shield of California. Blue Shield presented the most competitive bid, which still requires an increase of \$3,408,640 for the 2009-10 plan year. Blue Cross' final renewal offer was \$3,440,450 for 2009-10. After negotiations, Blue Cross agreed to forgive the deficit of \$3,440,450. Mr. Durian stated that the reasons the Budget Reduction Committee's decision to change to Blue Shield was due to the expectations of improvements in the following areas:

- Medicare-eligible Retiree benefits administration
- Premium administration efficiencies (time management & payments)
- Account team service from local office
- Blue Shield's offer includes \$75,000 for SAUSD Wellness programs
- Blue Shield's offer includes \$55,000 for transition/implementation expenses

Mr. Durian concluded his presentation by detailing a financial summary that included costs for PPO and HMO actives/Cobra, retirees w/out Medicare, and Retirees w/Medicare.

It was with consensus of the Board to move forward with action item 14.0 at this time.
