California Assessment of Student Performance and Progress (CAASPP)

What is the CAASPP system?
The CAASPP system is the new student assessment system for California's schools. It will initially include the following assessments:

- English-language Arts (ELA)
- Mathematics
- Science

How will the CAASPP system benefit California?
It will use a variety of assessment approaches and item types that will allow students to more fully demonstrate what they know and can do. In this way, the CAASPP system will assist teachers, administrators, and students and their parents by promoting high-quality teaching and learning.

What are the Smarter Balanced Tests?
The Smarter Balanced tests are the ELA and Mathematics portions of the CAASPP system. They were developed by the Smarter Balanced Consortium and are aligned to the Common Core State Standards (CCSS).

Why are the results of the 2013-14 Smarter Balanced Tests not reported?
The Smarter Balanced tests were field tested in the spring of 2014. The purpose of the field tests were to assess the actual test questions to ensure that they are fair for all students; therefore, no test results were reported.

Why is the 2014 Growth API not reported on the 2013-14 SQS?
The State Board of Education (SBE) approved not to calculate the 2014 Growth and Base APIs during the transition to CAASPP. The 2013 Growth API using the 2012-13 assessment results are carried over to the 2013-14 School Quality Snapshot.

Where can I find more information on the CAASPP system?
Please visit the following CDE web page for more information about the CAASPP system: http://www.cde.ca.gov/ta/tg/ca/
