

PTSA[®]

everychild.one voice.[®]

Hello teachers, we are the new PTSA and we would like to help you. When you have a need for things that will better help educate our students we encourage you to please ask PTSA for help. We do not guarantee to have everything you asked for but if we can get it we will provide it. The new PTSA Committee only asks to please put your request in writing or e-mail so that we may have a file. Our Vice President will be at the parent center from 8:30am-12:30pm. If you have question Isabel Morales can take them but will have an answer as soon as it is brought up to the Committee. The parent room extension is 56576. Thank you for everything you do for our kids.

We the PTSA have the best interest in our child's education and if helping teachers will help our students better their education we are willing to help.
