

# King Elementary

As we transition to the Common Core Standards with an emphasis on College and Career Readiness, we are proud to be an Elementary School with an exciting program that prepares our students NOW to be University bound!

The mission of University Starts Now is to create a culture of higher academic learning among all K-5 students and families, instilling in them an awareness and motivation towards obtaining a four-year university degree. Student goals include learning university vocabulary, visiting a university campus, and wearing USN T-shirts on Monday. The students are reminded daily of their goal with a University corner displayed in each classroom.

Because we recognize the importance and benefits of obtaining a 4-year degree and wish to instill this desire in our students and families, USN began here at King. But we wish for the fire to spread! Please come and join us to find out more about creating a university-bound culture on your campus. Send a staff member or two and they will be given handouts with all you need to begin a program at your school (and it can be put on a flash drive if they bring one with them).

***Where: King Elementary, 1001 S. Graham Ln.***

***When: Wednesday, February 20, 3:00-4:00***

***Please RSVP by Friday, February 15 to***
