DEAR PARENT/GUARDIAN:

Welcome to the 2018-19 school year in the Santa Ana Unified School District. It is a pleasure to serve as your Superintendent. Under the direction and guidance of our Board of Education, I work closely with teachers, administrators, and staff to ensure that our students are receiving the best education possible to achieve at high levels. In order to be successful in this area, I rely heavily on the partnerships and support of our parents and guardians.

Understanding your family's rights and responsibilities is critical in this process. This handbook covers some of the most important rights and responsibilities and will serve as a guide to you throughout the school year. To ensure that you have received this handbook, please sign the notice of acknowledgment located on page 39 (as required by Education Code section 48982), and return it to your child's school. Your signature on this notice is an acknowledgment that you have received the notice and have been informed of your rights, but the signature does not indicate that you have consented to participate in or to be withheld from any particular program.

I anticipate a rewarding and successful 2018-19 school year!

Sincerely

A handwritten signature in black ink, appearing to read "Stefanie P. Phillips".

Stefanie P. Phillips, Ed.D.
Superintendent

California Education Code section 48980 requires that, at the beginning of the first semester or quarter of the regular school term, the governing board of each school district must notify parents/guardians of their rights or responsibilities under certain provisions of the Education Code. Other provisions of California and United States law also require notification of parents/guardians.

California and United States law requires certain other notices in the event that specific circumstances should arise, affecting your child's education and attendance at school. If any such circumstances should arise, the Santa Ana Unified School District will provide notice as required by law.

LOCAL CONTROL ACCOUNTABILITY PLAN (LCAP) FOR STUDENT SUCCESS 2018-19

The Santa Ana Unified School District invited all parents, students, staff, and community stakeholders to attend a series of listening sessions to explain state school funding, and to receive input on how we can collaboratively work to ensure student success. All responses were reviewed, and common themes were identified to create our overarching goals and align them with the Board of Education goals to guide our District.

The 2018-2020 Local Control Accountability Plan (LCAP) provides specific action steps required to support the goals we have for all students. The District's strategic goals maintain the focus of and coherence among the District's educational programs and services. All LCFF supplemental/ concentration fund allocations align with the District's four strategic goals.

The new features of the 2018-20 LCAP are:

The shift from 3 to 4 goals in order to differentiate more clearly between core and supplemental services. The goals have been modified in response to our stakeholder input process so that a greater emphasis can be put on communication and collaboration processes that foster parent and community engagement and establish clearer transparency at all stakeholder levels. Professional development has been included as a separate action for each goal. These changes will allow us to identify the specific goal and action that each expenditure supports.

Four Buckets

For complete list of the key areas that we will be monitoring and using to measure success, District highlights, new District actions, and budget, please visit our SAUSD website and click on **Strategic Plan: LCAP** located at the bottom of the District home page.

ATTENDANCE

Absence from school, regardless of the reason, limits your child's educational opportunities and can negatively affect his/her grades, academic achievement, promotion, graduation, self-esteem, and future employment. Moreover, you should know that SAUSD no longer receives state funding for students who have excused absences. If your child is well and can attend school, please encourage regular attendance. Please schedule doctor and dentist's appointments outside of the instructional day.

If you know in advance that your child will be, absent for **(5) or more consecutive days**, please contact the office of your school no fewer than three (3) days prior to the planned absence. We can provide an opportunity for your child to receive assignments and credit for work completed through an **Extended Vacation Study Agreement**.

EXCUSED ABSENCES (EC §48205, §46010, §46014, §48980): Your child may be excused from school when the absence is for medical or justifiable personal reasons. Your child will be allowed to complete all assignments and tests missed during such an excused absence. **EC §48205** states:

- (a) Notwithstanding Section 48200, a pupil shall be excused from school when the absence is:
 - (1) Due to his or her illness.
 - (2) Due to quarantine under the direction of a county or city health officer.
 - (3) For the purpose of having medical, dental, optometric, or chiropractic services rendered.
 - (4) For the purpose of attending the funeral services of a member of his or her immediate family, so long as the absence is not more than **one** day if the service is conducted in California and not more than **three** days if the service is conducted outside California.
 - (5) For the purpose of jury duty in the manner provided for by law.
 - (6) Due to the illness or medical appointment, during school hours, of a child of whom the pupil is the custodial parent.
 - (7) For justifiable personal reasons, including, but not limited to, an appearance in court, attendance at a funeral service, observance of a holiday or ceremony of his or her religion, attendance at religious retreats, attendance at an employment conference, or attendance at an educational conference on the legislative or judicial process offered by a nonprofit organization when the pupil's absence is requested in writing by the parent or guardian and **approved by the principal or a designated representative** pursuant to uniform standards established by the governing board.
 - (8) For the purpose of serving as a member of a precinct board for an election pursuant to Section 12302 of the Elections Code.
 - (9) For the purpose of spending time with a member of the pupil's immediate family, who is an active duty member of the uniformed services, as defined in **EC §49701**, and has been called to duty for, is on leave from, or has immediately returned from, deployment to a combat zone or combat support position. Absences granted pursuant to this paragraph shall be granted for a period of time to be determined at the discretion of the superintendent of the school district.
- (b) A pupil absent from school under this section shall be allowed to complete all assignments and tests missed during the absence that can be reasonably provided and, upon satisfactory completion within a reasonable period of time, shall be given full credit therefore. The teacher of the class from which a pupil is absent shall determine which tests and assignments shall be reasonably equivalent to, but not necessarily identical to, the tests and assignments that the pupil missed during the absence.
- (c) For purposes of this section, attendance at religious retreats shall not exceed four hours per semester.
- (d) Absences pursuant to this section are deemed to be absences in computing average daily attendance and shall not generate state apportionment payments.
- (e) "Immediate family," as used in this section, has the same meaning as that set forth in **EC §45194**, except that references therein to "employee" shall be deemed to be references to "pupil."

DEFINITION OF A TRUANT (EC §48260): Any pupil subject to compulsory full-time education or to compulsory continuation education, who is absent from school without valid excuse three full days in one school year or tardy or absent for more than a 30-minute period during the school day without a valid excuse on three occasions in one school year or a combination thereof, shall be classified as a truant and shall be reported to the attendance supervisor or to the superintendent of the school district.

PENALTIES AGAINST PARENTS OR GUARDIANS (EC §48260.5, §48293): A parent/guardian or other person having control or charge of any pupil who fails to attend school may be guilty of an infraction and subject to prosecution as well as a fine up to \$1000.

CHRONIC TRUANT (EC §48263.6): Defines chronic truant as a pupil subject to compulsory education (i.e., between the ages of 6 and 18 years) who is absent from school without a valid excuse for 10% or more of the school days in one school year from the time of enrollment to the current date.

PARENT OR GUARDIAN OF CHRONIC TRUANT (PC §270.1): A parent/guardian of a chronic truant may be found guilty of a misdemeanor punishable by a fine not exceeding \$2000 or by imprisonment in a county jail not exceeding one year, or both, for failure to reasonably supervise and encourage school attendance.

GRADE REDUCTION/LOSS OF ACADEMIC CREDIT (EC §48205, §48980): Your child may not have his/her grade reduced or lose academic credit for any absence or absences excused under Education Code section 48205, when missed assignments and tests that can reasonably be provided are satisfactorily completed within a reasonable period of time.

ABSENCES FOR RELIGIOUS PURPOSES (EC §46014, §48980): With your written consent, your child may be excused from school in order to participate in religious exercises or to receive moral and religious instruction at your child's place of worship or at other suitable place or places away from school property designated by the religious group. Your child may not be excused from school for this purpose on more than four days per school month.

EXCUSE TO OBTAIN CONFIDENTIAL MEDICAL SERVICES (EC §46010.1): Pupils in grades 7 to 12 may be excused from school for the purpose of obtaining confidential medical services, without the consent of the pupil's parent/guardian.

CALENDAR (EC §48980(C))

The District is required to advise all parents/guardians of the schedule of modified days, minimum days and student-free staff development days. A list of modified days, minimum days and student-free staff development days are available at your school site and on the **District website calendar section** and are reflected in the District calendar on Page 4 of this handbook. If any modified, minimum or student-free staff development days are scheduled following the distribution of this notice, the District will notify you as early as possible, but no later than one month before the scheduled modified, minimum or student-free day.

CHILD ABUSE REPORTING (PC §11166)

Staff of the Santa Ana Unified School District is required by law to report cases of known or suspected child abuse and neglect whenever staff has a reasonable suspicion the child has been the victim of child abuse or neglect. Reasonable suspicion does not require certainty that child abuse or neglect has occurred nor does it require a specific medical indication of child abuse or neglect. Staff may not investigate to confirm the suspicion. Both the staff name and the report itself are confidential and cannot be disclosed except to authorized agencies.

COMMUNITY AND PARENT INVOLVEMENT

VISITORS TO SCHOOLS AND CLASSROOMS (BP 1250, available online): The Board encourages parents/guardians and interested members of the community to visit District schools and observe the educational programs. Parents/guardians and community members should be invited to open house activities and other special events. School and classroom volunteers with prior approval from the Principal/designee or teacher are encouraged to give of their time and efforts for the benefit of pupils' educational success and are not constricted by the same time guidelines as classroom visitors/observers. All volunteers must complete the District's volunteer clearance process by completing a Volunteer Clearance Form which will be processed through the Santa Ana Unified School District Police Department.

To ensure minimum interruption of the instructional program, the Superintendent/designee shall establish procedures which facilitate visits during the regular school day. Visits during school hours shall be arranged with the Principal/designee and the teacher a minimum of three days in advance. The purpose of the visit and a declaration of which rooms and teachers are to be visited shall be communicated. Classroom observations/visitations shall be limited to 20 to 30 minutes and no more than two per month. Classroom observations/visitations shall be limited in duration and frequency. If a conference is desired, an appointment should be made with the teacher during non-instructional time. To ensure the safety of pupils and staff and to avoid potential disruptions, all visitors are required to identify themselves to the Principal/designee prior to entering the school grounds. All persons shall register in accordance with state laws and District policy immediately upon entering any school buildings or grounds. All pupils and school personnel will be protected under the Family Rights to Privacy Act.

The Principal/designee may require an identification badge for visitors while on school grounds. Individual Principals may require a school district employee to accompany the visitor. Visitors need to avoid scheduled testing dates. Visitors should not bring preschool children and should remain quietly in the rear of the classroom. No electronic listening or recording device may be used in any classroom, regular or special, without the teacher and Principal/designee's permission. Cell phones should be placed on vibrate or turned off.

PARENT INVOLVEMENT (BP 6020) (available online): The Board of Education recognizes that parents/guardians are their children's first and most influential teachers and that sustained parent involvement in the education of their children contributes greatly to pupil achievement and a positive school environment. The superintendent/designee shall work with staff and parents/guardians to develop meaningful opportunities at all grade levels for parents/guardians to be involved in District and school activities; advisory, decision-making, and advocacy roles; and activities to support learning at home.

Parents/guardians shall be notified of their rights to be informed about and to participate in their children's education and of the opportunities available to them to do so.

The superintendent/designee shall regularly evaluate the effectiveness of the District's parent involvement efforts, including, but not limited to, input from parents/guardians and school staff on the adequacy of parent involvement opportunities and barriers that may inhibit parent/guardian participation.

TITLE I SCHOOLS (20 USC §6318 and EC §11503): Each year, the superintendent/designee shall identify specific objectives of the District's parent involvement program for schools that receive Title I funding. He/she shall ensure parents/guardians are consulted and participate in the planning, design, implementation, and evaluation of the parent involvement program.

The superintendent/designee shall ensure that the District's parent involvement strategies are jointly developed with and agreed upon by parents/guardians of pupils participating in Title I programs. Those strategies shall establish expectations for parent involvement and describe how the District will carry out each activity listed in **20 USC §6318**.

The superintendent/designee shall consult with parents/guardians of participating pupils in the planning and implementation of parent involvement programs, activities, and regulations. He/she also shall involve parents/guardians of participating pupils in decisions regarding how the District's Title I funds will be allotted for parent involvement activities.

The superintendent/designee shall ensure that each school receiving Title I funds, develops a school-level parent involvement policy in accordance with **20 USC §6318**.

NON-TITLE I SCHOOLS (EC §11504): The Superintendent/designee shall develop and implement strategies applicable to each school that does not receive federal Title I funds to encourage the involvement and support of parents/guardians in the education of their children, including, but not limited to, strategies describing how the District and schools will address the purposes and goals described in **EC §11502**.

This includes keeping the identity of the complainant confidential except to the extent necessary to carry out the investigation or proceedings, as determined by the superintendent or designee on a case-by-case basis [**5 CCR §4621**].

CUSTODY CONCERNS

The courts must handle custody disputes. The school has no legal jurisdiction to refuse a biological parent access to their child and/or school records absent a court order stating otherwise. The school is required to comply with valid restraining orders or custody orders specifically stating visitation limitations. These court orders must be on file in the school office. Any student release situation that leaves the student's welfare in question will be handled at the discretion of the site administrator or designee. Should any such situation become a disruption to the school, law enforcement will be contacted and requested to intervene. Parents are asked to make every attempt not to involve school sites in custody matters. The school will make every attempt to reach the custodial parent when a parent or any other person not listed on the emergency card attempts to pick up a child.

EMPLOYEE CODE OF CONDUCT

The Governing Board expects District employees to maintain the highest ethical standards, exhibit professional behavior, follow District policies and regulations, abide by State and federal laws, and exercise good judgment when interacting with students and other members of the school community. Employee conduct should enhance the integrity of the District, advance the goals of the District's educational programs, and contribute to a positive school climate.

AGE-ELIGIBLE CHILDREN (EC §48000(a)): Districts must admit children at the beginning of the school year (or whenever they move into a district) if they will be five years of age on or before September 1 for the 2018-19 school year and each school year thereafter.

STATUTORY ATTENDANCE OPTIONS (EC §48980): The District is required to advise each parent/guardian of all existing statutory attendance options and local attendance options available in the District. These are options for attending schools other than the school designated for the local attendance area in which the parent/guardian resides. The options include intra-district transfer, inter-district transfer, transfer based on parental employment, and district of enrollment pursuant to the Open Enrollment Act, as specified.

A SUMMARY OF SCHOOL ATTENDANCE ALTERNATIVES IN CALIFORNIA: The law (**EC §48980(h)**) requires all school boards to inform each pupil's parents/guardians at the beginning of the school year of the various ways in which they may choose schools for their children to attend other than the ones assigned by school districts. Pupils that attend schools other than those assigned by the districts are referred to as "transfer pupils" throughout this notification. There is one process for choosing a school within the district which the parents/guardians live (intra-district transfer), and four separate processes for selecting schools in other districts (inter-district transfer). The general requirements and limitations of each process are described below.

Choosing a School Within the District in Which Parents/Guardians Live

Intra-district Transfer (BP 5116.1): The law (**EC §35160.5(b) (1)**) requires the school board of each district to establish a policy that allows parents/guardians to choose the schools their children will attend, regardless of where the parents/guardians live in the district. The law limits choice within a school district as follows:

- Pupils who live in the attendance area of a school must be given priority to attend that school over pupils who do not live in the school's attendance area.
- In cases in which there are more requests to attend a school than there are openings, the selection process must be "random and unbiased," which generally means pupils must be selected through a lottery process rather than on a first-come, first-served basis. A district cannot use a pupil's academic or athletic performance as a reason to accept or reject a transfer.
- Each district must decide the number of openings at each school which can be filled by transfer pupils. Each district also has the authority to keep appropriate racial and ethnic balances among its schools, meaning that a district can deny a transfer request if it would upset this balance or would leave the district out of compliance with a court-ordered or voluntary desegregation program.
- A district is not required to provide transportation assistance to a pupil that transfers to another school in the district under these provisions.
- If a transfer is denied, a parent/guardian does not have an automatic right to appeal the decision. A district may, however, voluntarily decide to put in place a process for parents/guardians to appeal a decision.
- Exception of Fundamental Schools: Parents/Guardians and/or employees must follow district lottery procedures for registration.

Choosing a School Outside the District in Which Parents/Guardians Live

Parents/guardians have four different options for choosing a school outside the district in which they live. The four options are described below:

1. **Inter-district Transfer (BP 5117):** The law (**EC §46600 through §46607**) allows two or more school boards to enter into an agreement, for a term of up to five years, for the transfer of one or more pupils between districts. The agreement must specify the terms and conditions for granting or denying transfers. The district in which the parent/guardian lives may issue an individual permit under the terms of the agreement, or district policy, for transfer and for the applicable period of time. The permit is valid upon endorsement by the district of proposed attendance. The law on inter-district transfers also provides for the following:
 - If either district denies a transfer request, a parent/guardian may appeal that decision to the County Board of Education. There are specified timelines in the law for filing an appeal and for the County Board of Education to make a decision.
 - No district is required to provide transportation to a pupil who transfers into the district.
 - The permit is to be renewed annually.
 - CIF eligibility may be impacted by such a transfer.

2. **Parental Employment Transfer: (Handled Through Inter-district Transfer Request)**

The law (**EC §48204(b)**) provides that a school district may deem a pupil as having complied with the residency requirements for school attendance if one or both parents/guardians of a pupil are employed within the boundaries of the district. A school district is not required to accept a pupil requesting a transfer on this basis, but a pupil may not be rejected on the basis of race,

ethnicity, sex, parental income, academic achievement, or any other "arbitrary" consideration. Other provisions of the **EC §48204(b)** includes:

- Either the district in which the parent/guardian lives or the district in which the parent/guardian works may prohibit the transfer if it is determined that there would be a negative impact on the district's court-ordered or voluntary desegregation plan.
- The district in which the parent/guardian works may reject a transfer if it determines that the additional cost of educating the pupil would be more than the amount of government funds the district would receive for educating the pupil.
- There are set limits (based on total enrollment) on the net number of pupils that may transfer out of a district in any school year, unless the sending district approves a greater number of transfers.
- There is no required appeal process for a transfer that is denied. However, the district that declines to admit a pupil is encouraged to identify, and communicate in writing to the parent/guardian the specific reasons for denying the transfer.
- Parents employed within the boundaries of the Santa Ana Unified School District may apply for inter-district transfers pursuant to the school district's Inter-district Attendance Agreements policy.
- Please note that the Santa Ana Unified School District does not grant parental employment transfers pursuant to Education Code section 48204.
- Exception of Fundamental Schools: Parents/Guardians and/or employees must follow district lottery procedures for registration.

3. **Districts of Choice (Not an Option in the Santa Ana Unified School District)**

The law (**EC §48300** through **§48318**) allows, but does not require, each school district to become a "**district of choice**" -- that is, a district that accepts transfer pupils from outside the district under the terms of a resolution. A school board that decides to become a "**district of choice**" must determine the number of pupils it is willing to accept in this category each year and make sure that the pupils are selected through a "random and unbiased" process, which generally means a lottery process. Pupils may request transfers into a "**district of choice**" by January 1 of the prior school year.

4. **Intradistrict and Interdistrict Transfers:**

Parent/guardian of a pupil enrolled in the district may submit an application for the pupil to attend other schools:

- The application may request enrollment of the pupil in a specific school or program within the school district.
- A pupil may enroll in a school in the school district of enrollment in the school year immediately following the approval of the transfer application.
- A school district of enrollment shall establish a period of time to provide priority enrollment for pupils residing in the school district prior to accepting transfer applications.
- The school district of residence in which the pupil resides or a school district of enrollment to which a pupil has applied to attend may prohibit the transfer of the pupil or limit the number of pupils who transfer if the governing board of the district determines that the transfer would negatively impact a court-ordered or voluntary desegregation plan, the racial and ethnic balance of the district.
- A resident pupil who is enrolled in one of the district's schools shall not be required to submit an application in order to remain enrolled.
- Pupils applying for a transfer shall be assigned priority for approval as follows:
 - a. First priority for the siblings of children who already attend the desired school.
 - b. If the number of pupils who request a particular school exceeds the number of spaces available at that school, a lottery shall be conducted until all available spaces are filled.
- Initial applications for transfer to a school within a school district of enrollment shall not be approved if the transfer would require displacement from the desired school of any other pupil who resides within the attendance area of that school or is currently enrolled in that school.
- A pupil approved for a transfer to a school district of enrollment shall be deemed to have fulfilled the residency requirements for school attendance.
- Exception of Fundamental Schools: Parents/Guardians and/or employees must follow district lottery procedures for registration.

HEALTH

HEALTH SCREENING AND EVALUATION SERVICES (H&SC §124085): Within 90 days after your child's entrance into first grade, you must provide a certificate documenting that within the prior 18 months your child has received appropriate health screening and evaluation services, including a physical examination. These services are available from the Orange County Health Care Agency. In lieu of the certificate, you may submit a signed waiver indicating that you do not want or are unable to obtain the health screening and evaluation services for your child. If the waiver indicates that you were unable to obtain the services, then the reasons should be included in the waiver.

PHYSICAL EXAMS (EC §49458): Authorizes a physician, surgeon or physician assistant to perform physical exams required for participation in interscholastic athletic programs.

REFUSAL TO CONSENT TO PHYSICAL EXAMINATION (EC §49451, §48980): You may file an annual written statement with the Principal of your child's school, stating that you will not consent to a physical examination of your child. However, whenever there is good reason to believe that the child is suffering from a recognized contagious or infectious disease, the child shall be sent home and shall not be permitted to return until school authorities are satisfied that any contagious or infectious disease does not exist.

SCREENING (HEARING) (EC §49452): Every pupil shall be given a screening test for hearing in kindergarten or first grade and in the second, fifth, eighth, and tenth grades. Parents may submit a written statement refusing to consent to their child's participation.

SCREENING (SCOLIOSIS) (EC §49452.5): Every female pupil in grade 7 and every male pupil in grade 8 shall be screened for the condition known as scoliosis (spinal curvature). Parents may submit a written statement refusing to consent to their child's screening. No person performing this screening may make recommendation for treatment to any entity in which that person has a

financial interest.

SCREENING (VISION) (EC §49455): Every school child upon first enrolling in a California elementary school and at least every third year thereafter until completion of the eighth grade shall have his/her vision appraised by the school nurse or other authorized person. Evaluation may be waived if the parents so desire, after submission of a written statement by a physician, surgeon, physician assistant or optometrist setting out the results of a determination of the child's vision including visual acuity and color vision.

CONTINUED MEDICATION REGIMEN FOR NONEPISODIC CONDITION (EC §49480): If your child is on a continuing medication regimen for a non-episodic condition, you are required to inform the school nurse or other designated certificated school employee of: (1) the medication being taken, (2) the current dosage, and (3) the name of the supervising physician. With your consent, the school nurse may communicate with your child's physician and may counsel with school personnel regarding the possible effects of the drug on your child's physical, intellectual, and social behavior, as well as possible behavioral signs and symptoms of adverse side effects, omission, or overdose.

ADMINISTRATION OF IMMUNIZING AGENTS / IMMUNIZATION / VACCINATIONS / CONTROL OF COMMUNICABLE DISEASES (EC §48980, §49403, §48926, H&SC §120365, §120370): California law requires that pupils be immunized against certain diseases before they can be admitted to school. Under a law known as SB 277, beginning January 1, 2016, exemptions based on personal beliefs, including religious beliefs, will no longer be an option for the vaccines that are currently required for entry into child care or school in California. Most families will not be affected by the new law because their children have received all required vaccinations. Personal beliefs exemptions on file for a child already attending child care or school will remain valid until the child reaches the next immunization checkpoint at kindergarten (including transitional kindergarten) or 7th grade. For more information about SB 277, please see the Frequently Asked Questions available at: <http://www.shotsforschool.org/laws/sb277faq/>. Pupils with incomplete immunizations, or on waiver for immunizations, may be temporarily excluded from school. Free immunization clinics are held throughout the community and are available daily at the Orange County Health Care Agency Children's Clinic, 1725 West 17th Street, Santa Ana. The District Board of Education may use any funds, property, and personnel of the District, and may permit any person licensed as a physician and surgeon, registered nurse or other healthcare practitioners acting under the direction of a supervising physician and surgeon, to administer an immunizing agent to any pupil whose parents have consented in writing to the administration of such an agent.

IMMUNIZATION REQUIREMENT (H&SC §120335): Effective July 1, 2012, full immunization against Hepatitis B shall not be a condition of admission or advancing a pupil to 7th grade; instead, the requirement is that pupils are to be immunized against pertussis prior to admission or advancement to 7th grade.

ADMINISTRATION OF PRESCRIBED MEDICATION (EC §49423, §49423.1, §48980): If your child is required to take prescription medication during the regular school day, you may request assistance for your child by the school nurse or other designated school personnel. If you wish such assistance, you must provide both a written statement from the physician and surgeon or physician assistant detailing the name of the medication, method, amount, and time schedules by which the medication is to be taken, and your own written statement indicating your desire that the District assist your child in the matters set forth in the physician's statement. Your child may also carry and self-administer prescription auto-injectable epinephrine and their asthma inhaler if the District receives written statements from you and the child's physician in the form required by law.

PLEDGE NOT TO USE ANABOLIC STEROIDS OR PROHIBITED DIETARY SUPPLEMENTS (EC §49030 et seq.): A pupil is prohibited from participating in interscholastic high school sports, unless the pupil signs a pledge not to use anabolic steroids without a prescription from a licensed health care practitioner, or a dietary supplement listed in the United States Guide to Prohibited Substances and Prohibited Methods of Doping. As a condition of participation, both the pupil-athlete and his/her parent/guardian must sign a notification form regarding these restrictions.

MEDICAL AND HOSPITAL SERVICES NOT PROVIDED (EC §49471, §48980): The District Board of Education does not provide or make available medical and hospital services for District pupils who are injured while participating in athletic activities.

MEDICAL AND HOSPITAL SERVICES FOR PUPILS (EC §49472, §48980): The District Board of Education may provide or make available medical or hospital services through nonprofit membership corporations, defraying the cost of medical service or hospital service, or through group, blanket or individual policies of accident insurance or through policies of liability insurance, for injuries to District pupils arising out of accidents occurring on District property or while being transported to and from school-sponsored activities. No pupil is required to accept such service without the consent of his/her parent/guardian.

CONCUSSIONS AND HEALTH INJURIES (EC §49475): This law requires districts who elect to offer athletic programs to immediately remove for the remainder of the day an athlete who is suspected of sustaining a concussion or head injury during the activity, and prohibits the return of the athlete to that activity until he/she is evaluated by and receives a written clearance form, completes a graduated return-to-play protocol, or not less than seven days in duration under the supervision of a licensed health care provider, and requires districts to provide annually a concussion and head injury information sheet to be signed and returned by the athlete and his/her parent/guardian before the athlete initiates practice or competition.

INSTRUCTION FOR PUPILS WITH TEMPORARY DISABILITIES (EC §48206.3, §48980): If your child should suffer a temporary disability which makes attendance in regular day classes or an alternative education program in which the child is enrolled impossible or inadvisable, your child shall receive individual instruction provided by the district in which he/she is deemed to reside. Individual instruction includes instruction provided in your home, in a hospital or other residential health facility, excluding state

PUPILS WITH TEMPORARY DISABILITIES (EC §48207, §48980): In the event that your child has a temporary disability and is confined in a hospital or other residential health facility located outside this District, you shall be deemed to have complied with the residency requirements for school attendance in the school district in which the hospital is located. In such circumstances, it is your responsibility to notify the school district in which you are deemed to reside of your child's presence in a qualifying hospital.

TYPE 2 DIABETES INFORMATION: Pursuant to **California Education Code Section 49452.7**, local educational agencies are to provide to parents and guardians of incoming seventh grade students type 2 diabetes information. The California Department of Education developed the following type 2 diabetes information in collaboration with the California Department of Public Health, American Diabetes Association, California School Nurses Organization, and Children's Hospital of Orange County. Translations of this information are available.

Description:

Type 2 diabetes is the most common form of diabetes in adults.

- Until a few years ago, type 2 diabetes was rare in children, but it is becoming more common, especially for overweight teens.
- According to the U.S. Centers for Disease Control and Prevention (CDC), one in three American children born after 2000 will develop type 2 diabetes in his or her lifetime.

Type 2 diabetes affects the way the body is able to use sugar (glucose) for energy.

- The body turns the carbohydrates in food into glucose, the basic fuel for the body's cells.
- The pancreas makes insulin, a hormone that moves glucose from the blood to the cells.
- In type 2 diabetes, the body's cells resist the effects of insulin, and blood glucose levels rise.
- Over time, glucose reaches dangerously high levels in the blood, which is called hyperglycemia. Hyperglycemia can lead to health problems like heart disease, blindness, and kidney failure.

Risk Factors Associated with Type 2 Diabetes:

It is recommended that students displaying or possibly experiencing the risk factors and warning signs associated with type 2 diabetes be screened (tested) for the disease.

Risk Factors: Researchers do not completely understand why some people develop type 2 diabetes and others do not; however, the following risk factors are associated with an increased risk of type 2 diabetes in children:

- **Being overweight.** The single greatest risk factor for type 2 diabetes in children is excess weight. In the U.S., almost one out of every five children is overweight. The chances are more than double that an overweight child will develop diabetes.
- **Family history of diabetes.** Many affected children and youth have at least one parent with diabetes or have a significant family history of the disease.
- **Inactivity.** Being inactive further reduces the body's ability to respond to insulin.
- **Specific racial/ethnic groups.** Native Americans, African Americans, Hispanics/Latinos, or Asian/Pacific Islanders are more prone than other ethnic groups to develop type 2 diabetes.
- **Puberty.** Young people in puberty are more likely to develop type 2 diabetes than younger children, probably because of normal rises in hormone levels that can cause insulin resistance during this stage of rapid growth and physical development.

Warning Signs and Symptoms Associated with Type 2 Diabetes:

Warning signs and symptoms of type 2 diabetes in children develop slowly, and initially there may be no symptoms. However, not everyone with insulin resistance or type 2 diabetes develops these warning signs, and not everyone who has these symptoms necessarily has type 2 diabetes.

- Increased hunger, even after eating
- Unexplained weight loss
- Increased thirst, dry mouth, and frequent urination
- Feeling very tired
- Blurred vision
- Slow healing of sores or cuts
- Dark velvety or ridged patches of skin, especially on the back of the neck or under the arms
- Irregular periods, no periods, and/or excess facial and body hair growth in girls
- High blood pressure or abnormal blood fats levels

Type 2 Diabetes Prevention Methods and Treatments:

Healthy lifestyle choices can help prevent and treat type 2 diabetes. Even with a family history of diabetes, eating healthy foods in the correct amounts and exercising regularly can help children achieve or maintain a normal weight and normal blood glucose levels.

- **Eat healthy foods.** Make wise food choices. Eat foods low in fat and calories.
- **Get more physical activity.** Increase physical activity to at least 60 minutes every day.
- **Take medication.** If diet and exercise are not enough to control the disease, it may be necessary to treat type 2 diabetes with medication.
- **The first step in treating type 2 diabetes is to visit a doctor.** A doctor can determine if a child is overweight based on

the child's age, weight, and height. A doctor can also request tests of a child's blood glucose to see if the child has diabetes or pre-diabetes (a condition which may lead to type 2 diabetes).

Types of Diabetes Screening Tests That Are Available:

- **Glycated hemoglobin (A1C) test.** A blood test measures the average blood sugar level over two to three months. An A1C level of 6.5 percent or higher on two separate tests indicates diabetes.
- **Random (non-fasting) blood sugar test.** A blood sample is taken at a random time. A random blood sugar level of 200 milligrams per deciliter (mg/dL) or higher suggests diabetes. This test must be confirmed with a fasting blood glucose test.
- **Fasting blood sugar test.** A blood sample is taken after an overnight fast. A fasting blood sugar level less than 100 mg/dL is normal. A level of 100 to 125 mg/dL is considered pre-diabetes. A level of 126 mg/dL or higher on two separate tests indicates diabetes.
- **Oral glucose tolerance test.** A test measuring the fasting blood sugar level after an overnight fast with periodic testing for the next several hours after drinking a sugary liquid. A reading of more than 200 mg/dL after two hours indicates diabetes.

Type 2 diabetes in children is a preventable/treatable disease and the guidance provided in this information sheet is intended to raise awareness about this disease. Contact your student's school nurse, school administrator, or health care provider if you have questions.

PROOF OF ORAL HEALTH ASSESSMENT (EC §49452.8): Your child must have an oral health assessment (dental checkup) by no later than May 31 of the first year entering kindergarten or first grade. Information regarding oral health assessments is set forth below and is also available on the District's Health Services website and under Frequently Asked Questions (FAQs) for parents.

Oral Health Assessment:

To make sure your child is ready for school, California law, **Education Code Section 49452.8**, requires that your child have an oral health assessment (dental check-up) by May 31 in either kindergarten or first grade, whichever is his or her first year in public school. Assessments/ dental check-ups that have happened within the 12 months before your child enters school also meet this requirement. The law specifies that the assessment/ dental check-up must be done by a licensed dentist or other licensed or registered dental health professional.

You can get copies of the necessary form at your child's school or online from the California Department of Education's website at <http://www.cde.ca.gov/ls/he/hn/>. California law requires schools to maintain the privacy of students' health information. Your child's identity will not be associated with any report produced as a result of this requirement.

The following resources will help you find a dentist and complete this requirement for your child:

1. **Medi-Cal/Denti-Cal's** toll-free number or website can help you to find a dentist who takes Denti-Cal: (800) 322-6384; <http://www.denti-cal.ca.gov>. For help enrolling your child in Medi-Cal/Denti-Cal, contact your school nurse or Santa Ana Unified School District Health Services at (714) 433-3427.
2. For additional resources that may be helpful, contact **SmileLineOC** at (714) 638-7637 at <http://www.healthysmilesoc.org/>.

Remember, your child is not healthy and ready for school if he or she has poor dental health! Here is important information to help your child stay healthy:

- Take your child to the dentist twice a year.
- Choose healthy foods for the entire family. Fresh foods are usually the healthiest foods.
- Brush teeth at least twice a day with toothpaste that contains fluoride.
- Limit candy and sweet drinks, such as punch or soda. Sweet drinks and candy contain a lot of sugar, which causes cavities and replaces important nutrients in your child's diet. Sweet drinks and candy also contribute to weight problems, which may lead to other diseases, such as diabetes. The less candy and sweet drinks, the better.

Baby teeth are very important. They are not just teeth that will fall out. Children need their teeth to eat properly, talk, smile, and feel good about themselves. Children with cavities may have difficulty eating, stop smiling, and have problems paying attention and learning at school. Tooth decay is an infection that does not heal and can be painful if left without treatment. If cavities are not treated, children can become sick enough to require emergency room treatment, and their adult teeth may be permanently damaged.

Many things influence a child's progress and success in school, including health. Children must be healthy to learn, and children with cavities are not healthy. Cavities are preventable, but they affect more children than any other chronic disease. If you have questions about the oral health assessment requirement, please contact the Program Specialist in Health Services at (714) 558-5644.

INSTRUCTIONAL PROGRAMS

COMPREHENSIVE SEXUAL HEALTH EDUCATION/HIV/AIDS PREVENTION EDUCATION (EC §51938, §48980): The District will provide instruction in comprehensive sexual health education and HIV/AIDS prevention education and research on pupil health behaviors and risks for the coming school year. Written and audiovisual educational materials used in this education are available for your inspection at the Principal's office. The education will be taught by school district personnel/outside consultants. A copy of the California Comprehensive Sexual Health and HIV/AIDS Prevention Education Act is available from the Educational Services Department. You have the right to request in writing that your child shall not receive comprehensive sexual health education or HIV/AIDS prevention education. The District may administer anonymous, voluntary and confidential research and evaluation tools

to measure pupils' health behaviors and risks, including tests, questionnaires, and surveys containing age-appropriate questions about pupils' attitudes concerning or practices relating to sex. You will be notified in writing that any such test, questionnaire or survey is to be administered, and you will be given the opportunity to review the test, questionnaire or survey and request in writing that your child not participate.

NOTICE OF ALTERNATIVE SCHOOLS (EC §58501): The following notice must be sent along with the Notification to Parents and Guardians required by **EC §48980**. Further, a copy shall be posted in at least two places normally visible to pupils, teachers, and visiting parents in each attendance unit for the entire month of March in each year.

California state law authorizes all school districts to provide for alternative schools. **Section 58500 of the Education Code** defines alternative school as a school or separate class group within a school which is operated in a manner designed to:

- Maximize the opportunity for pupils to develop the positive values of self-reliance, initiative, kindness, spontaneity, resourcefulness, courage, creativity, responsibility, and joy.

These interests may be conceived by him/her totally and independently or may result in whole or part from a presentation by his/her teachers of choices of learning projects.
- Maximize the opportunity for teachers, parents, and pupils to cooperatively develop the learning process and its subject matter. This opportunity shall be a continuous, permanent process.
- Maximize the opportunity for the pupils, teachers, and parents to continuously react to the changing world, including but not limited to the community in which the school is located.

ALTERNATIVE HIGH SCHOOLS AND INDEPENDENT STUDY (EC §58501, §58502, §51745 et. seq.): The Santa Ana Unified School District operates two separate alternative school programs. Lorin Grisot Academy and Cesar Chavez High School have an alternative-based curriculum where credit deficient pupils have the opportunity to earn credits at an accelerated rate, which may be applied towards high school graduation. A second form of alternative schooling is the District's Independent Study Program (ISP) located at 2802 S. Flower St., Santa Ana, CA 92707. In this program, the ISP pupil works independently and with a certificated teacher who certifies that the pupil completes all required class work.

In the event any parent, pupil, or teacher is interested in further information concerning alternative schools, the county superintendent of schools, the administrative office of this district, and the Principal's office in each attendance unit have copies of the law available for your information. This law particularly authorizes interested persons to request the Board of Education of the district to establish alternative school programs in each district.

MIDDLE COLLEGE HIGH SCHOOL: Middle College High School is a collaborative between Santa Ana Unified School District and Santa Ana College to provide a program that includes high school as well as college level courses. However, this English language requirement may be waived with the prior written informed consent to be provided annually by the child's parent/guardian. Such informed consent requires that the parent/guardian personally visit the school to apply for the waiver. Under such parental waiver conditions, children may be transferred to classes where they are taught English and other subjects through bilingual education techniques or other generally recognized educational methodologies permitted by law. Please see the school Principal for additional information.

PUPIL DISCIPLINE GUIDELINES

PROGRESSIVE DISCIPLINE (BP 5144 & 5144.1: EC §48900): The District Board of Education has adopted a progressive discipline program for all pupils of the Santa Ana Unified School District. Under this policy, misconduct will not be tolerated but will be dealt with firmly, consistently, and fairly to the extent necessary to ensure a safe and positive learning environment in the classrooms and the campuses. In order to keep students actively engaged in their instructional program and minimize the loss of instructional time, the District supports the use of interventions and alternatives to suspensions, to address and redirect student behavior issues. Principals and school site administrators may use their discretion to provide alternatives to suspension or expulsion that are age appropriate and designed to address and correct the pupil's specific misbehavior, in accordance with applicable law and policy. Such interventions will be documented and included in the pupil record. Interventions may not be feasible in instances where the pupil's presence causes a danger to persons or if the pupil engages in a first time offense which violates **EC §48900 (a), (b), (c), (d), or (e)**.

Interventions to correct the pupil's misbehavior may include the following:

1. A conference between school personnel, the pupil's parent or guardian, and if appropriate, the pupil;
2. Referrals to a school counselor, psychologist, or other school support service personnel for counseling and/or case management;
3. SST or COST team;
4. If appropriate, a referral for a comprehensive psychosocial or psycho-educational assessment, including for purposes of creating an individualized education program, or a plan adopted pursuant to Section 504 of the federal Rehabilitation Act of 1973;
5. Enrollment in a program for teaching pro-social behavior or anger management or class lessons to focus on behavior expectations;
6. Participation in a restorative practice program;
7. Interventions that are part of the school wide discipline plan and positive behavior and intervention supports approach such as Check In and Check Out; Check and Connect;
8. Referrals to after-school programs or services that address specific behavioral issues or expose pupils to positive

- activities and behaviors, including, but not limited to, those operated in collaboration with local parent and community groups;
9. Mentoring; and
 10. Community service activities.

DISCIPLINE TRANSFERS (EC §48432.5, BP and AR 5144): Serious disciplinary infractions or a continuing pattern of behavioral problems may warrant transferring a pupil to another District school on an involuntary basis. In most cases, the pupil will be referred to the Pupil Placement Committee (PPC) for a hearing to determine whether or not to transfer the pupil. If an involuntary transfer is recommended and a parent was not in attendance of the PPC or similar hearing, the parent(s) must be informed in writing of both the involuntary transfer and their right to appeal.

- (w) It is the intent of the Legislature that alternatives to suspension or expulsion be imposed against a pupil who is truant, tardy, or otherwise absent from school activities.

In addition to the reasons specified in Section 48900, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has committed sexual harassment as defined in EC 212.5 (Grades 4-12 only)

In addition to the reasons set forth in Sections 48900 and 48900.2, a pupil in any of grades 4-12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has caused, attempted to cause, threatened to cause, or participated in an act of hate violence, as defined in subdivision (e) of EC 233. In addition to the reasons set forth in Sections 48900 and 48900.2, a pupil in any of grades 4-12, inclusive, may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has intentionally engaged in harassment, threats, or intimidation, directed against school district personnel or pupils, that is sufficiently severe or pervasive to have the actual and reasonably expected effect of materially disrupting classwork, creating a substantial disorder and invading the rights of either school personnel or pupils by creating an intimidating or hostile educational environment. (Grades 4-12 only) 48900.7) In addition to the reasons specified in Sections 48900, 48900.2, 48900.3 and 48900.4, a pupil may be suspended from school or recommended for expulsion if the superintendent or the principal of the school in which the pupil is enrolled determines that the pupil has made terroristic threats against school officials, school property or both.

MANDATORY REFERRALS FOR EXPULSION (EC §48915(c)): Possession of weapons, possession of explosives, brandishing a knife at another person, drug selling, and/or sexual assault and battery are in violation of Board policy and the law and will result in a mandatory referral for expulsion. We encourage parents to hold frank and open discussions with their children about the implications of violating the SAUSD student discipline policy and the reason for its existence: their safety and that of others.

Appreciation for different cultures and peaceful ways to resolve conflict will continue to be stressed. We urge parents to reinforce such ideas and strategies during home discussions. The District is committed to the safety of pupils and employees, and believes parents and schools must always stress maintaining a safe, secure, and nurturing school environment.

PUPIL RECORDS

(EC §49063, §49069 & §49073, 20 USC §1232 (g) & §7908, 5 CCR §431(e), 34 CFR §99.7)

TRANSFER OF PUPIL ACADEMIC RECORDS: The law requires the transfer (or a copy) of a pupil's permanent record within 10 school days to the school in which a pupil intends to enroll.

TYPES OF PUPIL RECORDS: A pupil record is any item of information directly related to an identifiable pupil, other than directory information, which is maintained by the District or required to be maintained by a District employee in the performance of his/her duties, whether recorded by handwriting, print, tapes, film, microfilm or other means. Pupil records include a pupil's health record.

RESPONSIBLE OFFICIALS: Your child's Principal is responsible for the maintenance of pupil records located at your child's school. For pupil records maintained at the District office, the responsible official is the Executive Director of Pupil Support Services at (714) 433-3481.

LOCATION OF LOG/RECORD: The law requires that a log or record be maintained for each pupil's record that lists all persons, agencies, or organizations requesting or receiving information from the record and the legitimate interests therefore. For records

maintained at your child's school, the log is located in the Principal's office. For records maintained at the District office, the log is located at 1629 S. Center Street in the Pupil Support Services office.

SCHOOL OFFICIALS AND EMPLOYEES/LEGITIMATE EDUCATIONAL INTERESTS: School officials and employees who are authorized to review pupil records are school officials with legitimate educational interests. A school official is a person employed by the District as an administrator, supervisor, certificated employee, or support staff member (including, but not limited to, para-educator, health or medical staff and school law enforcement personnel); a person serving on the District Board of Education; members of a school attendance review board, a person or company with whom the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, educational consultant or therapist); an agency caseworker of a state or local child welfare agency that has legal responsibility for the care and protection of a pupil, other public agencies providing services to pupils as well as employees of other public schools or school systems where educational programs leading to high school graduation are provided or where a District pupil intends to or is directed to enroll; a minor's counsel of record. Access to pupil records is permitted only for records that are relevant to the legitimate educational interests of the requester. Upon request, the District discloses educational records, without consent, to officials of another school district in which the pupil seeks or intends to enroll. Legitimate educational interests are described in **California Education Code section 49076 and in District Board Policy 5125.1.**

RIGHT OF ACCESS AND REVIEW/EXPUNGEMENT: You have an absolute right to access any and all pupil records related to your child, which are maintained by the District. A homeless child or youth or an unaccompanied youth who is 14 years of age or older may access his/her pupil records. If you wish to review records located at your child's school, please contact the Principal's office, or submit a written request that identifies the record(s) you wish to inspect. If you wish to review records located at the District office, please contact the Executive Director of Pupil Support Services. The Principal or District office has five (5) business days from the day of the receipt of a request to provide access to the records. Upon satisfactory completion of the rehabilitation assignment of a pupil whose expulsion has been suspended by the District Board of Education, the Board may order the expungement of any or all records of the expulsion proceedings. If the Orange County Board of Education enters an order reversing the decision of the District Board of Education to expel a pupil, the County Board may direct the District Board of Education to expunge the record of the pupil and records of the District of any references to the expulsion action. When you submit a written revocation of consent after the initial provision of special education and related services for your child, the District is not required to amend the education records of your child to remove any reference to your child's receipt of special education and services.

CHALLENGING THE CONTENT OF RECORDS: You have the right to challenge the content of any pupil record by filing a written request with the District Superintendent to correct or remove any information recorded in the written records concerning your child which you allege to be any of the following: (1) inaccurate, (2) an unsubstantiated personal conclusion or inference, (3) a conclusion or inference outside the observer's area of competence, (4) not based on the personal observation of a named person with the time and place of the observation noted, (5) misleading, or (6) in violation of the privacy or other rights of the pupil.

COPYING COSTS: You may receive copies of your child's pupil records at a cost of \$0.25 per page.

COMPLAINTS (20 USC §1232g): You have the right to file a complaint with the United States Department of Education, concerning an alleged failure by the District to comply with the provisions of the United States Family Educational Rights and Privacy Act.

STATEMENT OR RESPONSE TO DISCIPLINARY ACTIONS: Whenever information is included in a pupil record concerning any disciplinary action taken in connection with your child, you have the right to include a written statement or response concerning the disciplinary action in your child's pupil record.

DESTRUCTION OF PUPIL RECORDS: The Board of Education of the District is required to retain indefinitely the original or an exact copy of mandatory permanent pupil records (Class 1 - Permanent Records) which schools have been directed to compile by California regulations; maintain for stipulated periods of time mandatory interim pupil records (Class 2 - Optional Records) until the information is no longer needed to provide educational services to a child and are retained until reclassified as Class 3 – Disposable Records, and then destroyed as per California regulations. **(5 CCR §432)** Prior to destroying pupil records of a child who has received special education services, the IDEA requires parental notification when the District decides that personally identifiable information is no longer needed to provide educational services to a child. Once parents/guardians have been notified that personally identifiable information is no longer needed, they have the option of requesting access to and/or copies of pupil records prior to destruction, and to request that pupil records be destroyed, unless the District determines that the information could be needed to provide educational services in the future or is needed for auditing purposes. **(34 CFR §300.624, 5 CCR §16026)** Unless classified as permanent records, all other pupil records are destroyed five years after the information is no longer needed to provide educational services. **(5 CCR §16027)**

RELEASE OF DIRECTORY INFORMATION (EC §49073): "Directory Information" means one or more of the following items: pupil's name, address, telephone number, date of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public or private school attended by the pupil. The District has determined that the following individuals, officials, or organizations may receive directory information: PTO/PTA, Coordinating Council, School Site Council, and any law enforcement agency to aid in crime investigation. Directory information may also be disclosed to outside organizations without your prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks; a playbill, showing your pupil's role in a drama production; Honor roll or other recognition lists; graduation programs and sports activity sheets. However, no information may be released to a private profit making entity other than employers, prospective employers and representatives of the news media, including, but not limited to, newspapers, magazines, and radio and television

stations. The names and addresses of pupils enrolled in grade 12 or who have terminated enrollment prior to graduation may be provided to a private school or college. No directory information regarding your child may be released if you notify the District that the information shall not be released. Please submit a written notice to the Principal of your child's school if you wish to deny access to directory information concerning your child. Release of directory information of a homeless child or youth is prohibited unless a parent or eligible pupil has given written consent that such information may be released.

STATEWIDE LONGITUDINAL EDUCATION DATA (EC §49079.5): Authorizes Legislature and researchers to access state longitudinal pupil data for purposes of improving education and evaluating effectiveness of instructional materials in a manner that complies with FERPA and state privacy laws of pupil records.

CALPADS (EC §49079.6): Authorizes California Department of Education (CDE) to act on behalf of school districts under the Family Educational Rights and Privacy Act (FERPA) in authorizing the release of pupil data to researchers in accordance with established procedures.

RELEASE OF INFORMATION TO MILITARY RECRUITERS (20 USC§7908): Federal law requires school districts to provide, on a request made by military recruiters or an institution of higher education, access to secondary school pupils' names, addresses and telephone listings. However, you have the right to request that your child's name, address, and telephone listing shall not be released without your prior written consent. Please submit a written notice to your child's school Principal if you wish to deny access to this information.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT ("FERPA," 20 USC §1232g): United States law set forth in FERPA grants parents certain rights with respect to their pupil's records. For a summary of your rights under FERPA please review the notification below.

NOTIFICATION OF RIGHTS UNDER FERPA: The Family Educational Rights and Privacy Act (FERPA) and California law affords parents and pupils over 18 years of age ("eligible pupils") certain rights with respect to the pupil's education records. These rights are:

1. The right to inspect and review the pupil's education records maintained by the school. These rights transfer to the eligible student when he/she reaches the age of 18 or attends a school beyond the high school level.

Parents or eligible pupils should submit to the school Principal [or appropriate school official] a written request that identifies the record(s) they wish to inspect. The school official will make arrangements for access and notify the parent or eligible pupil of the time and place where the records may be inspected. Schools are not required to provide copies of records unless, for reasons such as great distance, it is impossible for parents or eligible students to review the records. Schools may charge a fee for copies.

2. The right to request that a school correct the pupil's education records that the parent or eligible pupil believes are inaccurate, misleading, or otherwise in violation of the pupil's privacy rights under FERPA.

Parents or eligible pupils who wish to ask the school to correct a record should write the school Principal [or appropriate school official], clearly identify the part of the record they want corrected, and specify why it should be corrected. If the school decides not to amend the record as requested by the parent or eligible pupil, the school will notify the parent or eligible pupil of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible pupil when notified of the right to a hearing. After the hearing, if the school still decides not to amend the records, the parent or eligible student has the right to place a statement with the records setting forth his/her view about the contested information.

3. Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education records. However, FERPA permits schools to disclose those records, without consent, to the following parties or under the following conditions: School officials with legitimate education interest; Other schools to which a student is transferring; Specified officials for audit or evaluation purposes; Appropriate parties in connection with financial aid to a student; Organizations conducting certain studies for or on behalf of the school; Accrediting organizations; To comply with a judicial order or lawfully issued subpoena; Appropriate officials in cases of health and safety emergencies; and State and local authorities, within a juvenile justice system, pursuant to specific State law. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

Schools may disclose, without consent, "directory" information such as a student's name, address, telephone number, date of birth, email address, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous public private school attended by the student. However, schools must inform parents and eligible students about directory information and allow parents and eligible students a reasonable amount of time to request that the school not disclose directory information about them. School official must notify parents and eligible students annually of their rights under FERPA. The actual means of notification is left to the discretion of each school.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the school to comply with the requirements of FERPA. The name and address of the office that administers FERPA are: **Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-5901.**

RESTROOMS

All schools with grades 6 to 12 will stock 50% of restrooms with feminine hygiene products free of charge.

SECTION 504

SECTION 504 OF THE REHABILITATION ACT OF 1973: Section 504 prohibits discrimination on the basis of disability. Under Section 504, the district must provide a free appropriate public education for pupils who need or are believed to be in need of special education or related services because of a potential disabling condition. The district is required to provide regular education, special education services, related educational accommodations, and/or other services designed to meet those pupils' individual educational needs. Upon identification of potential Section 504 eligibility by the parents, guardians, school staff, as a result of a Student Success Team (SST) or by other means, the district will evaluate each pupil so identified and convene an Individualized Education Plan (IEP) (if eligible for special education services) or other multidisciplinary team to ensure appropriate educational programs and/or services. The Santa Ana Unified School District has established a system of procedural safeguards under Section 504 with respect to the identification, evaluation, and educational placement of persons, who, because of their disability, needs or are believed to need special education or related services. This system of procedural safeguards includes notice, an opportunity to examine relevant records, an impartial hearing with opportunity for participation by the pupil's parents or guardian and representation by counsel, and a review procedure. The coordinator of this policy is the Director of Special Education at the District Office, 1601 E. Chestnut Avenue, Santa Ana, CA 92701, (714) 558-5551.

SECTION 504 HEARING: Whenever a parent or guardian of a disabled child who is not in special education but who, because of his or her disability, needs or is believed to need special education or related services, wishes to challenge District action taken with respect to the identification, evaluation, or educational placement of a pupil, the parent or guardian may file a complaint. The procedure for filing complaints pursuant to this policy by parents or guardians is as follows:

- The complaint must be in writing and must be signed by the parent or guardian

The Director of Special Education (the District 504 Coordinator) or designee will promptly attempt to resolve the matter among the affected parties by meeting informally with the parent or guardian within 10 days of the filing of the complaint.

- A request for a Section 504 hearing must be filed within 60 calendar days of the date on which the action being appealed occurred. The request shall be made in writing to the District 504 Coordinator, Director of Special Education and shall include:
 - Specific nature of the decision (s) made by the District of which the appellant disagrees.
 - The specific relief the appellant is seeking through the appeal procedures.

For more information regarding parent's rights when they have a child with a disability, contact the Special Education Department at the District Office (714) 558-5551.

SECTION 504 COMPLAINT PROCEDURES: In accordance with **EC §56502**, any individual, public agency, or organization may file a complaint if they believe the school district is not complying with federal or state laws or regulations pertaining Special Education, and/or other related services for a child. A review of the complaint will be made in a timely fashion. A complaint must be in writing and all relevant facts specified. A complaint should be mailed to:

California Department of Education
Procedural Safeguards Referral Service
1430 North Street, Suite 2401
Sacramento, CA 95814

Office of Civil Rights, Region IX
U.S. Department of Education
50 Beale Street, Suite 7200
San Francisco, CA 94105

Also, under Section 504 of the Rehabilitation Act of 1973, disabled children are entitled to the same variety of programs and services that children without disabilities enjoy. If parents, pupils, or any adult on behalf of pupils feel discrimination has occurred based upon physical or mental disability, but is not directly related to identification, evaluation, and/or programs developed for a pupil, they may file a discrimination complaint under the District's discrimination complaint procedure or with the Office for Civil Rights, U.S. Department of Education.

SPECIAL EDUCATION

CHILD FIND (EC §56300, §56301): The District has a duty to identify, locate and assess children with disabilities who are in need of special education and related services. If you believe that your child is in need of special education and related services, you may initiate a referral for assessment by contacting the Special Education Department at (714) 558-5551.

SPECIAL EDUCATION (EC §56000 et seq., 20 USC §1401 et seq.): Both California and United States law require that a free appropriate public education (FAPE) in the least restrictive environment (LRE) be offered to qualified pupils with disabilities. Information on pupil eligibility, procedural safeguards, and additional matters is available from the Special Education Department.

The parent and the District shall have the right to electronically record the proceedings of individualized education program meetings on an audio tape recorder. The parent and the District shall notify the members of the individualized education program team of their intent to record a meeting at least 24 hours prior to the meeting. If the District initiates the notice of intent to audiotape record a meeting and the parent objects or refuses to attend the meeting because it will be tape recorded, then the meeting shall not be recorded on an audio tape recorder. Limited exceptions to the above guidelines may be made for special needs situations with prior approval of the Principal/designee.

RIGHTS OF DISABLED PUPILS AND THEIR PARENTS (EC §56031, §56329): Under the Individuals with Disabilities Education Act (IDEA) which was formerly known as Public Law 94-142, disabled children between the ages of birth to 21 are entitled to a free and appropriate education, offering the same variety of programs and services that children without disabilities enjoy, including

placement in the least restrictive environment. Parents are entitled to receive a full explanation of procedural safeguards and a description of any proposed action regarding their children and the basis for such action. They are also entitled to give voluntary consent for educational assessment and placement and to participate in the annual instructional planning meeting for their children. Parents are entitled to copies of their child's assessment documents and may request an independent educational assessment. Also, under Education Code 56380, parents are entitled to request reviews of individualized education program (IEP) documents. Special Education classes should help the pupil progress and have as much contact with general education pupils as possible. If the programs are unable to do this or if appropriate programs are unavailable in the district, the parent may appeal the placement, have a private diagnosis, or request services in a private nonsectarian school.

INFORMED PARENTAL CONSENT (EC §56346): Santa Ana Unified School District will provide in writing parental consent prior to the initial provision of services and consent for placement, as well as information on due process hearings and mediation conferences.

INITIAL REFERRAL FOR ASSESSMENT (EC §56500.4): The district will provide prior written notice for other reasons than just initial referral for assessment.

DISCIPLINE (EC §48915.5): Disciplinary procedures for Special Education pupils or pupils with disabilities who need or are believed to be in need of special education or related services which involve an expulsion recommendation or 10 consecutive days of suspension require an Individualized Education Program (IEP) team meeting to determine whether or not the pupil's behavior was impacted by his/her disability. When such a pupil is recommended for expulsion, the parents must have a 48 hour written notice prior to the pre-expulsion assessment IEP. The total number of consecutive days for which the pupil may be suspended from school may exceed 10 consecutive school days in any school year only in extraordinary circumstances, with the agreement of the parent through an Individualized Education Program meeting or with a court order. Also, a series of suspensions of less than 10 days which create a pattern of behavior may also constitute a change of placement for the pupil. Such changes in placement may only take place with: (a) parental consent; (b) court order; or (c) the following procedure: When suspension results in a change in placement, the District will review relevant information regarding the pupil to determine whether the pupil's misconduct is a manifestation or his/her disabling condition. The local educational agency, the parent, and relevant members of the IEP Team shall review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine: (a) if the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or (b) if the conduct in question was the direct result of the local educational agency's failure to implement the IEP.

The manifestation determination meeting is a meeting of the relevant members of the IEP team to determine whether a student with a disability may be expelled or have his placement changed for more than 10 consecutive school days for misconduct. It is to be held within 10 days of the school's decision to expel the student or change his/her placement. At the meeting, the IEP team reviews the relevant information from the student's file, including the IEP and any information from teachers and the parents and then decides two things: (1) was the behavior caused by, or did it have "a direct and substantial relationship" to, the student's disability; and (2) was the behavior the direct result of the district's failure to implement the IEP? **[34 CFR §300.530(e)]**

SPECIAL EDUCATION DUE PROCESS HEARING PROCEDURE: In accordance with Education Code Sections 50501-50507 and 56506, written notice will be provided to parents in English and their native language, if necessary, of specified due process rights. Know Your Educational Rights

Your Child Has the Right to a Free Public Education

- All children in the United States have a Constitutional right to equal access to free public education, regardless of immigration status and regardless of the immigration status of the students' parents or guardians.
- In California:
 - All children have the right to a free public education.
 - All children ages 6 to 18 years must be enrolled in school.
 - All students and staff have the right to attend safe, secure, and peaceful schools.
 - All students have a right to be in a public school learning environment free from discrimination, harassment, bullying, violence, and intimidation.
 - All students have equal opportunity to participate in any program or activity offered by the school, and cannot be discriminated against based on their race, nationality, gender, religion, or immigration status, among other characteristics.

Information Required for School Enrollment

- When enrolling a child, schools must accept a variety of documents from the student's parent or guardian to demonstrate proof of child's age or residency.
- You never have to provide information about citizenship/immigration status to have your child enrolled in school. Also, you never have to provide a Social Security number to have your child enrolled in school.

Confidentiality of Personal Information

- Federal and state laws protect student education records and personal information. These laws generally require that schools get written consent from parents or guardians before releasing student information, unless the release of information is for educational purposes, is already public, or is in response to a court order or subpoena.
- Some schools collect and provide publicly basic student "directory information." If they do, then each year, your child's school district must provide parents/guardians with written notice of the school's directory information policy, and let you know of your option to refuse release of your child's information in the directory.

Family Safety Plans if You Are Detained or Deported

- You have the option to provide your child's school with emergency contact information, including the information of secondary contacts, to identify a trusted adult guardian who can care for your child in the event you are detained or deported. You have the option to complete a Caregiver's Authorization Affidavit or a Petition for Appointment of Temporary Guardian of the Person, which may enable a trusted adult the authority to make educational and medical decisions for your child.

Right to File a Complaint

- Your child has the right to report a hate crime or file a complaint to the school district if he or she is discriminated against, harassed, intimidated, or bullied on the basis of his or her actual or perceived nationality, ethnicity, or immigration status.
