

SOCIAL RECONSTRUCTION

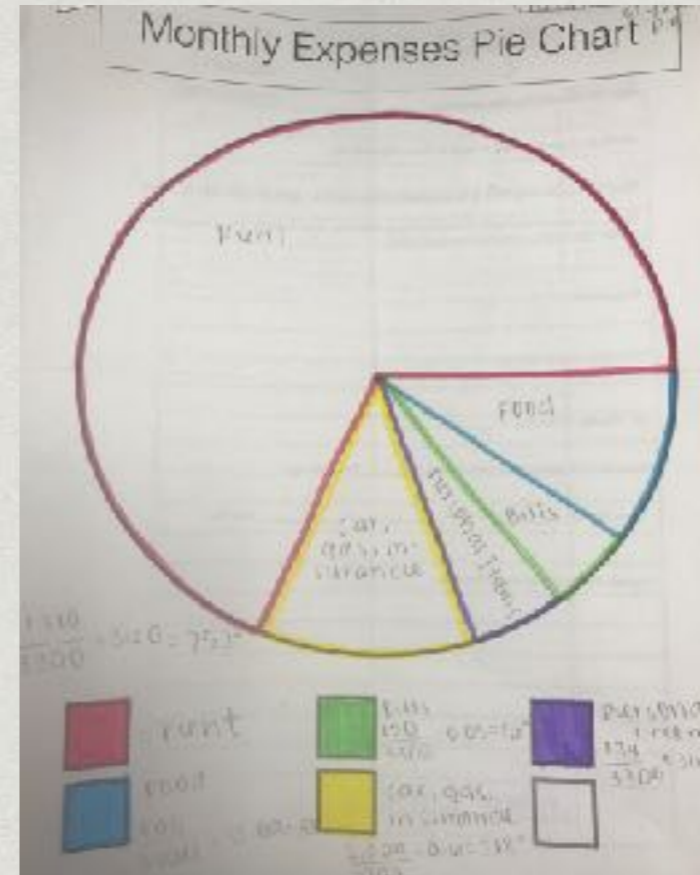

EXAMPLE

Problem: Minimum Wage is not enough to live a comfortable life.

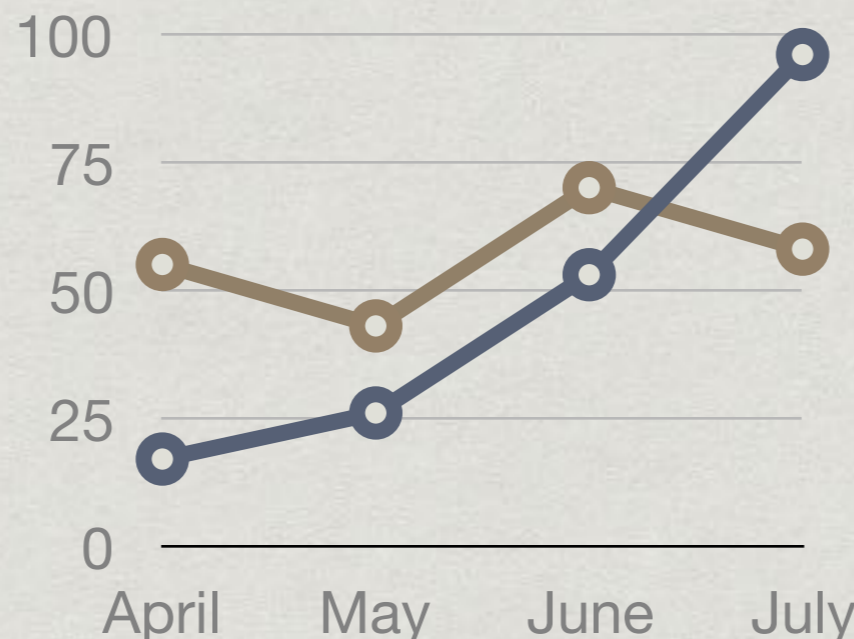

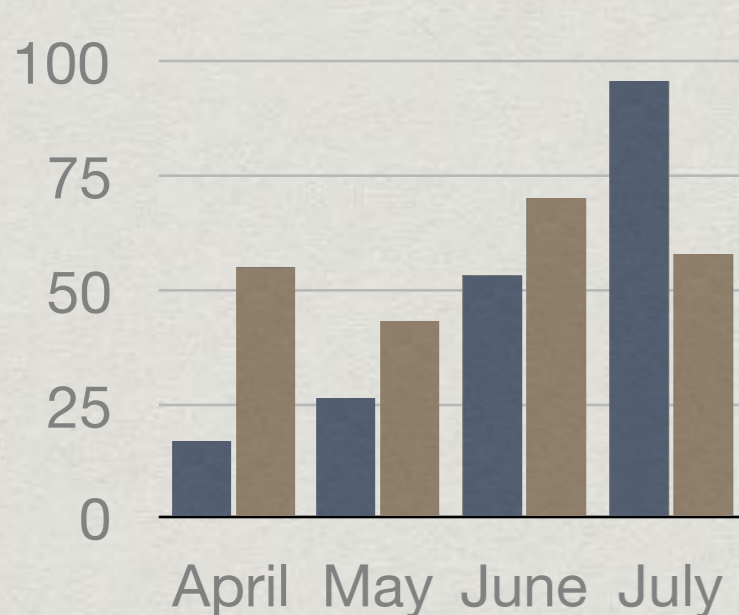

- * Insert article link here
- * Summarize the article (3 - 4 bullet points)
- * Insert images to better visualize the dilemma

Display the Evidence

- * For example we did a pie chart to show where your income goes in monthly expenses
- * Other data might be better represented as a bar graph to show an increase number of a population
- * Get creative with this part

Your data most likely came from a source, save that article if it is different from the 1st

Send link to slides due Thursday
